## FROSH DEBATERS VICTORIOUS AGAIN

### C. P. S. Team Defeats Badger Club Men In Fast Word Battle

C. P. S. Freshmen debaters were given a unanimous decision over the Badger Club team from the University of Washington, in a snappy debate held in the C. P. S. chapel Friday, January 19. The subject debated on was the allied debt question.

The local champions, upholding the negative for C. P. S., were Howard Roben, Allison Wetmore and Harold Nelson. The University team consisting of William Courtwright, Harry Hinke and Mr. Ross, debated for the affirmative.

Three very able men were fortunately obtained to judge the debate. They were Judge Ernest M. Card, Judge W. O. Chapman and Attorney Grant Dentler.

The Frosh teams have so far been undefeated. Last week they won from two teams of the Stevens club of the U. of W., gaining a decision of 3 to 0 in both cases.

## FOOTBALL MEN GIVEN BANQUET

Last Friday evening 45 football men, faculty members, coaches and business men attended the annual banquet held in the Home Economic Rooms in honor of the football team.

Tom Swayze acted as toastmaster. Dean Henry expressed the appreciation of the College to the football team. In his talk he showed how the greed of outside interests ruin college sports and that it was time for the College administrations to take control of the athletics.

Dick Wasson compared athletics at C. P. S. to a "big baby that will grow into a big man if treated right." Coach McNeal quoted a motto, "To strive to find and not to yield." He went on to say that it is the team that stands up under discouragement that counts. That was the one point of praise he used for last season's team. They did not give up at any time. Athletic Manager Harold Fretz said that three conference games were scheduled for next season, with U. of Washington, Pacific U. and Willamette U. offers for games have been made by the U. of Montana and the Montana State College.

The Alumni Association was represented by Paul Granland. He urged for the city to support the local College in their athletic events. I. L. Muffley of the U. M. A. wanted a C. P. S. booster club organized.

Ted Faulk and the high school coaches all gave short talks concerning football and its support.

The banquet was prepared and served by the girls of the Lambda Sigma Chi Sorority. It was declared by many to be one of the best banquets served in the College.

## LIFE SCHOLARSHIPS GIVEN AT PORT ARTHUR COLLEGE

Port Arthur College announces in its bi-monthly bulletin, life scholarships in the various courses taught in the department of business administration.

A life scholarship entitles the holder to tuition for the entire time necessary to complete a course. The holder of this scholarship may take as little time as possible or as much as he likes without making any changes in his tuition charges. He may start in school and stop if necessary before completing his course and return later to finish his studies. Or he may at any time after graduation come back and review any subjects of his course without additional charge.

## GIRLS' BASKETBALL GAMES SCHEDULED

Manager Heleu Brix announced that a basket ball game has been scheduled with the Fife High School Girls at Fife, on February 20 and 3d.

The girls have been turning out for a long time and they are rounding up in good shape. Those that have been turning out are as follows: Dorothy Floberg, Eva Meyers, Helen Saddoris, Evelyn Ahnquist, Edith Thomas, Lillian Verhardsen, Inez Micki, Juliette Palmer, Helen Brix, Berneice Olson and Margaret Lemmon.

## C. P. S. IS ONE OF 44 METHODIST COLLEGES IN U. S.

Priam, king of Troy, may have had fifty sons and fifty daughters, but the College of Puget Sound can boast that she, also, is a member of a large family, for according to the Educational Directory, issued by the Board of Education of the Methodist Episcopal church, there are, in the United States, 44 Methodist Colleges and Universities, and 37 Professional Schools, besides 8 colleges and 3 Professional Schools for negroes.

Of the 44 colleges and universities, 4 publish dailies, 2 semi-weeklies, 22 weeklies, 8 bi-weeklies, 9 monthlies, and of these 9, 6 also publish a daily or weekly. Only four put out no student publication.

## SOPHOMORE NOTES

Election of Sophomore officers for the coming semester took place this noon at a meeting of the class in the Chapel Annex. The following were elected:

President ..... Theodore Upton  
Vice-President .. Margaret Parkin  
Secretary ..... Dorothy Wallace  
Treasurer ..... Margaret Lemon  
Sargent at Arms .. Harry Enochs  
Student Representative ..  
..... Harley Notter  
Trail Reporter ... Mary Donahue

## NOTICE

There will be no Trail published on January 31 owing to the preceding examinations and the Olympia trip.

## STUDENTS WILL GO TO STATE CAPITAL

### Excursion to Olympia Planned for Monday, January 29

On Monday morning, Jan. 29th at 8 o'clock students and faculty members of the College will leave from the Municipal Dock on a boat for an excursion to Olympia where they will visit the legislature.

Tickets are on sale at \$1.00 for the round trip. If 100 tickets are sold by Friday noon the trip will be made. If this number of tickets are not sold the excursion will be called off.

So get busy and buy your ticket before it is too late.

Don't forget that the trip home will be made in the moonlight.

## IN OTHER COLLEGES

We see in "The Whitworthian" that the Whitworth eleven has won the conference championship in football.

The Men's Glee Club at Willamette, will begin its extensive tour on January 25. The itinerary, which will last three weeks, includes Portland, Vancouver, The Dalles, Pendleton, Walla Walla, Spokane, Wenatchee, Bremerton, Seattle, Olympia, Centralia, and other stops.

A new organization tentatively known as the Willamette Knights, has been organized at the Willamette U. Its purpose is to entertain visiting teams, put on stunts at games, advertise athletic events, do police duty at the games, foster school spirit and uphold traditions in general.

The students' court at the University of Alberta, is a really active body. A student accused of cheating in an exam, was recently tried, found guilty and sentenced to exclusion from all student functions for the rest of the year.

Ellensburg Normal has 86 new students for this semester, which brings the enrollment past 500.

## STOP! LOOK! LISTEN

If we learn no other thing in college, I believe our time has not been wasted if we learn to get a clear vision of the perspective and thereby acquire a spirit of tolerance.

In our Student Body activities, for example, let us try to realize that Debate may, after all, be as important as Football; that a Glee Club tour may advertise the school almost as well as Basket Ball; that Dramatics might possibly draw students to C. P. S. and that a few students might be interested even in the Trail.

In other words, we grant the importance of Athletics, but we cannot give Athletics recognition of its full importance and at the same time have a wholesome consciousness of the existence of other Student Activities.

## "PROVE IT, PROF." SAY STUDENTS

Professor Richard J. Bostrum, who has charge of the Department of Commerce and Business Administration at Gooding College believes that a teacher should be able to set a pace for his pupils and suggests that the instructor of short hand, typewriting and other practical subjects should have an occasional contest to show each other as well as their pupils that they have a practical as well as a theoretical knowledge of the subjects they teach.

At Gooding College this thought is more than a suggestion. Four young women, Blanche Wylie, Evelyn Ean, Mrs. V. V. Cree and Vivian Turner have won prizes offered by typewriter companies, but not one of them has been able to come within fifteen words per minute of the record that their teacher has already established.

## SIXTH ENGINEERS HERE JAN. 31ST

A basket ball game has been scheduled with the Sixth Engineers of Camp Lewis to be played in the College Gym on Jan. 31st. A returned game has also been scheduled for Feb. 6th at the Camp.

The basketball team has been showing splendid form in the last two weeks. In view of the fact that part of the schedule had to be cut, the turn out has been very encouraging. There is no question but what the team will give the best of teams a good run.

## NORTHWESTERN AIDS WOMEN VOTERS

To aid women voters of Illinois to vote intelligently, Northwestern University, at the instigation of the Illinois League of Women Voters, has inaugurated a school of citizenship. Classes will open on January 29 under the chairmanship of Prof. Norman Dwight Harris, head of the Department of Political Science at Northwestern. All sessions will be open to the public.

The topics to be discussed include international questions, election and ballot laws, women in American democracy, efficiency in public schools and others.

This is the first citizenship school to be offered the women of Illinois by one of its Universities. Yale University held such a school for the women of Connecticut last April and the University of Wisconsin conducts a correspondence course in the science of government. The University of Chicago offers a similar course to be held later in the year.

## U. OF O. ADOPTS TWO SEMESTER PLAN

After much debating, the University of Oregon faculty voted to change the policy of the University from the three-term plan to the two-semester plan.

There was much opposition to the change, especially among the students. The faculty vote was a close one, 29 to 25.

## "HORSE" BLEAVENS FOOTBALL CAPTAIN

### Big Oregonian Has Made Good Record This Season

At the annual banquet held Friday evening in the Home Economics Room, Bruce Bleavens was elected captain of the 1923 football team. "Horse" as he is called by his team mates, was one of the mainstays of the football team this year and he could always be counted upon to open a hole for the back field men.

Bleavens who comes from Albany College in Oregon is a Sophomore this year, and is a member of the Sigma Zeta Epsilon Fraternity.

## STUDENTS ATTENTION!

Get busy, everybody, and let's put over our Ford contest. If we don't scurry and scramble for every vote in Tacoma, we will be beaten. The Seniors of Lincoln High are organizing to get that Ford and they have just as much perseverance and pep as we have and it means we've got to "get till it hurts." Everyone work.

## "LOGGERS" LATEST NAME SUGGESTED

This is to suggest that the Athletic teams of the College of Puget Sound should be known by the name "Loggers."

It is a name that implies strength, fearlessness, conquest, and rough, whole-hearted friendship. In any sort of athletic game it may be said that "the Loggers felled the hopes" of the opponents. Any stars who lead the spirit of the game may be said to be "hitching" the line to victory. Or, "The Loggers of C. P. S. rolled back the line of the opponents and swamped the path to a victory." Symbols may be chosen such as the two-bitted ax, the peevie, or the crosscut saw; or any two of these.

Then it may be known that the Loggers took their axes (or tomahawks may be used if it sounds appropriate) and scalped the warriors from Pacific. Loggers would be very easy to use in cartoons. True to their nature, they will do big things in a big way. Who ever heard of a bear overcoming a Logger, or anything being too husky for them?

We look forward for our city of Tacoma to be known as the lumber capitol of the west. Dearer and nearer to the hearts of the students of C. P. S. is the hope for the realization of their college becoming the "Center College of the West". May we suggest that when both are attained the universe shall simultaneously hear of the Loggers of the Lumber Capital of the West.

Meanwhile, let our school paper be a real Trail, blazed by advertisement down which our Loggers shall stride to glory.

## NEW ATTITUDE SOLUTION OF CRISES

Speaking of the crisis which are confronting every part of the world, in a talk given to the college students, Monday morning, Dr. Schilpp expressed his opinion that the only solution is a new spirit, a new attitude.

Various solutions have been attempted but all have failed; diplomacy has failed, science has failed, the League of Nations has failed, and the church has failed, but Christianity has not failed. The reason for these failures is a lack of the proper attitude.

The attitude which should be adopted is that which Christ used in his life and teachings, that of brotherhood and love. There is no hope for a person to benefit mankind who thinks the world is going to the bad nor for the one who insists upon forcing his creed upon the other person. Neither will an approach of superiority accomplish anything. He must use the approach of love.

Every student is facing a crisis in the coming examinations. The thing that is going to count will be the attitude and spirit in which he goes into them. It would be better for him to fail honestly than to hurt his own character by cheating. The question each student must decide is whether he will meet this crisis with a Christ-like spirit.

## DR. SCHILPP ANNOUNCES COURSE TO BE GIVEN SECOND SEMESTER

The attention of the students is called to the course scheduled as Religious Education 2 and being offered by Prof. Schilpp on Monday, Wednesday and Friday, first period, during the second semester. The course itself is entitled "Methods in Teaching Religion" and should be of interest not merely to prospective ministers and missionaries, but to a large number of students, who either are now actively engaged in Sunday school work, or who have been Sunday school teachers in their home church before coming to C. P. S. In view of the rapid growth of week-day schools of Religious Education throughout America, many of the Normal students may also

## BALLOON JUICE

Welcome back Mr. Brooks! We are glad to have a regular student in our midst again.

The Honor system shows slight signs of recovery after so long a relapse.

Our best sympathies and heartfelt congratulations, George. We didn't expect it quite so soon, though.

We've often heard of the modest violet half hidden from the eye, to waste its fragrance on the desert air, etc., etc., but who would have suspected that our worthy Public Speaking Prof. was a Yodelist?

Engraved invitations will be issued for student assemblies in the future. Those desiring to attend are asked to hand in their R. S. V. P. to the President.

At last!! We have a sure sign of Springs' approach, Carol Hovious has deliberately taken off her fur coat and hat!

After exams—"Have you a little funk in your house?"

## INFORMATION RELATIVE TO INCOME MATTERS

Tacoma: The following forms are available at the office of the Collector of Internal Revenue, Tacoma, Washington, and the following branch offices Seattle, Wash., and Spokane, Wash., according to Burns Poe, Collector on Internal Revenue of the District of Washington:

Form 1040A for reporting individual return of income for the taxable year 1922 of less than 5,000.00.

Form 1040 for reporting individual return of income for the taxable year 1923 to be used by resident and non-resident aliens as to the United States.

Form 1040 F, Schedule of Farm Income and Expenses for the year 1922. This form is to be used in connection with Forms 1040 and 1040 A.

Form 1001 C, Exemption Certificate—Non-resident Alien for calendar year 1922.

Form 115, Claim by non-resident Alien Individual for benefit of Personal Exemption of \$1,000.00 for calendar year 1922.

Form 1126, Certificate of Inventory for calendar year 1922.

One of T. R.'s standing favorites concerned some cowboys who, after catching a supposed horse-thief, discovered to their dismay that they had caught and executed the wrong man. One among them who had a reputation for tact was elected to break the news to the victim's wife. "Are you the wife of Jack Smith?" the impromptu diplomat began. "Yes," the woman replied. "No, ye ain't neither; you're his widow," proceeded the tactful one. "I have his body out yonder in the wagon. We hung him for hoss lifting. But there's no need to feel bad about it. We found out that he wuz not the guy we wuz lookin' for. 'he joke is on us,"

## LEACOCK HAD OTHER PLANS

Distinct Reason Why in Death He Could Not Lie Beside Lord Strathcona.

G. B. Burgin, in his recently published "Memoirs," relates the following anecdote: A short time ago Stephen Leacock was the guest of a literary club to which I belong, and when I was called on to speak I explained how that morning I had been walking in Highgate cemetery and paused by the tomb of Lord Strathcona. One of the cemetery custodians joined me, and said, regretfully, "Lord Strathcona's the only distinguished Canadian we have here." Then he brightened up a little. "But there's a vacant lot beside his lordship." Whereupon I explained to him curiously enough that I was going to meet another distinguished Canadian that evening, and would try to induce him to make the necessary arrangements for occupying the vacant space by Lord Strathcona. Leacock listened to this with strained attention. On rising to reply, he disregarded the points made by the other speakers, and said: "Whilst I am deeply grateful to Mr. Burgin for his thoughtful arrangements regarding my obsequies, I regret to inform him that they will have to be canceled, as I have already decided to be buried in Westminster abbey."

## FIGHT MINE FIRES WITH MUD

Experience Has Shown That Is as Practical a Method as Any Known.

Fighting fires in mines is a slow, tedious job and since the dawning of mining has been considered almost a hopeless undertaking. Rich mines in many parts of the world have been burning for generations. Underground fires no longer are considered unquenchable. In the Butte district a process of fire fighting has been developed by a mining company which is salvaging an ore body of tremendous extent. Fires that have been burning for 15 years in three connecting mines are being smothered under 1,000,000 tons of mud.

At the end of 1922 2,000,000 tons of metalliferous ore, containing, according to expert estimates, at least 80,000 tons of copper, once more will be accessible.

Sand, decomposed rock and other materials which came originally from the stopes and were discarded as tailings in the process of copper extraction, simply have been turned back into the fire area. Water, which in many cases has proved its uselessness as an extinguisher of underground fires, is used for transportation. It conveys the tailings down to the fire regions, 1,200 to 2,200 feet underground, where the supple slime fills the abandoned drifts, cross-cuts and stopes and literally smothers the fire.

## Interesting to Archeologists.

A Roman-British grave has just been discovered on Ham hill, Somerset, England. On the east side of the Roman encampment was unearthed the complete skeleton of a young adult, probably a male. The grave was about two feet in depth, lying due north and south, the head and shoulders being inclosed by slabs of Ham stone. On the right of the head lay a shallow dish of Roman-British black pottery. This was broken in three places, probably by the super-encumbent earth, but with the exception of a small portion of the rim it was possible to restore it. Near the head lay a crude and barbarous copy of a Third or Fourth century A. D. Roman brass coin. This had probably been placed in the mouth to enable the dead man to pay his fare to Charon, the ferryman, for taking him across the Styx. Near the right hand of the skeleton lay an oval hammer stone or pounder.

## Easy to Prevent Goiter.

"Simple goiter is the easiest of all diseases to prevent," wrote Doctor Marine, the great specialist in this disease, some time ago. Iodine is known to be necessary to the normal function of the thyroid gland. Goiter is an expression of deficiency of iodine in the thyroid, and the elaborate experiments made recently by Dr. O. P. Kimball on the school children of Akron, Ohio, furnish conclusive evidence that administering a minute quantity of iodine every day acts as a preventive in such regions where goiter prevails.

**SIGMA ZETA EPSILON**

On the last Monday before examinations the fraternity did not hold a meeting, so that the members may be better prepared for the troubles ahead. In order that other members may know how some studied Monday, a list of events will be given here:

Rip claimed he stayed home last Monday. Frank Scobey says that either Rip is a liar or he needs a pair of glasses.

Dick Wasson attempted to study until a rooster ran away with his

flivver. Had a difficult time rescuing his chariot, he claims.

Buckley, who gave up his paper route during examinations, did not need to sleep so he tried to work.

Allison Wetmore engaged in a debate with his father, on the subject: Resolved: That all Freshmen should stay out until 10 p. m.

Daniels refused to comment. We don't dare.

Vas Olene was kicked out of a show because he laughed too much.

Tom paid his daily visit to— He also claims he studied.

Chief Dymont refuses to publish what Bruce Blevens and Russel Anderson did.

**Y. W. C. A.**

The Y. W. C. A. room is being rejuvenated. Some of the Freshman girls with Iona Dilley in charge, are at work now and we know that when they have finished, it will be a pleasure to use the room.

By the first of the semester it is hoped that a Y. W. candy booth will be established. Another Freshman girl, Carol Hovious, is chairman of the committee. Just candy bars will be sold at first, but if the students want other things such as peanuts and sandwiches they will be added later.
