NUMBER 17

PRES. TODD PRESENTS PLANS FOR NEW CAMPUS AT CHAPEL

Size of Site Has Been Increased By Recent Purchase of Strip of Adjoining Property

The plan for the new campus for the College of Puget Sound was presented by Dr. Todd, in chapel, Wednesday morning.

Including a recent purchase of four and one-half acres on the northwest corner of the campus comprises something over forty acres.

It is probable that the project for incorporating Union Avenue in a state highway from Camp Lewis to Bremerton will go through. In case it does the new campus must meet the city on three sides.

Beginning development on the east front, a nine quadrangle plan is to be followed with three buildings on the east, three in the center and three on the west. The buildings in the center will comprise an academic building to the west, chapel to the north, and a library to the south with cloisters connecting the buildings and serving as a protection against the weather.

A particularly pleasing feature will be a driveway taking a winding course among the buildings and beautiful gardens.

MANY RESPOND TO TRACK CALL

Ted Upton Appointed Track Manager

Coach McNeal issued a track call and as a result many men responded.

Those who indicated they wanted to form a track team made good records in their high schools. There is no reason why C. P. S. cannot be represented at the meet to be held at the U. of Washington in the spring.

The men turning out are as follows:

Wellman, Upton, Wiesel, Osborne, Warner, Hoyer, Wetmore, Carli, Brown, Cruver, Wade, Mathis and Blevins.

FROSH WIN OVER BURTON TEAM

Score Is 42 to 17 In Favor of C. P. S. Hoopsters

On January 26 at Burton, the Freshmen basket ball team won a victory over Burton High School by a 42 to 17 score. This is the first time a Freshman team has ever won from the Burton quintet.

The high school made all their points in the first 10 minutes of the game. After that the Frosh held the Burton team so they could not make any more baskets.

Those that made the trip to Burton were: Coach McNeal, Williams, Van DeVanter, McArthur, Guest, Wellman and Guntel.

MATHIS OUT FOR BASKETBALL

Jesse Mathis, basket ball letter man of considerable ability, is turning out for basket ball. He is showing his old time stuff and is certainly encouraging to see him go.

Now that the city league games are over, Harry Enocks, who has been playing a whirlwind of a game for the Majestics, will start turning out. If Stone fails to show up Enocks will stand a good chance to get his position.

SCIENCE CLUB HOLDS BANQUET AT TACOMA HOTEL

Notable each year is the annual banquet of the Scientists and Science club. This year the banquet was held in the stone room at the Tacoma Hotel, Friday evening, Jan. 26.

The room was especially attractive in spring flowers, daffodils and pussy willows. Daffodils and maiden hair ferns formed the beautiful centerpiece.

Miss Ruth Wheeler acted as toastmistress. Interesting speeches on the different parts of the radio were given. Those who responded to the toasts were Miss Mary Anderson, Newell Stone, Dean Henry and Dr. Harvey. Those present were: Mrs. Harvey, Miss Balcke, Ruth Wheeler, Mary Anderson, Norma Lawrence, Ermine Warren, Thelma Bestler, Helen Pangborn, Helen King, Frances Clinton, Elva Murland, Ethel Beckman, Bernice Olson, Ardis Fox, and Florence Meader.

Dr. Harvey, Dean Henry, Charles Brady, Percy James, Everett Buckley, Frank Williston, Harold Fretz, Chadwick Christine, Mr. Miles, Douglas Bowman, Frank Brooks, Matt Thompson, Newell Stone, Ed. Amende, and Max Vaughn.

JUAN JULACO HOST TO PARTY IN OLYMPIA

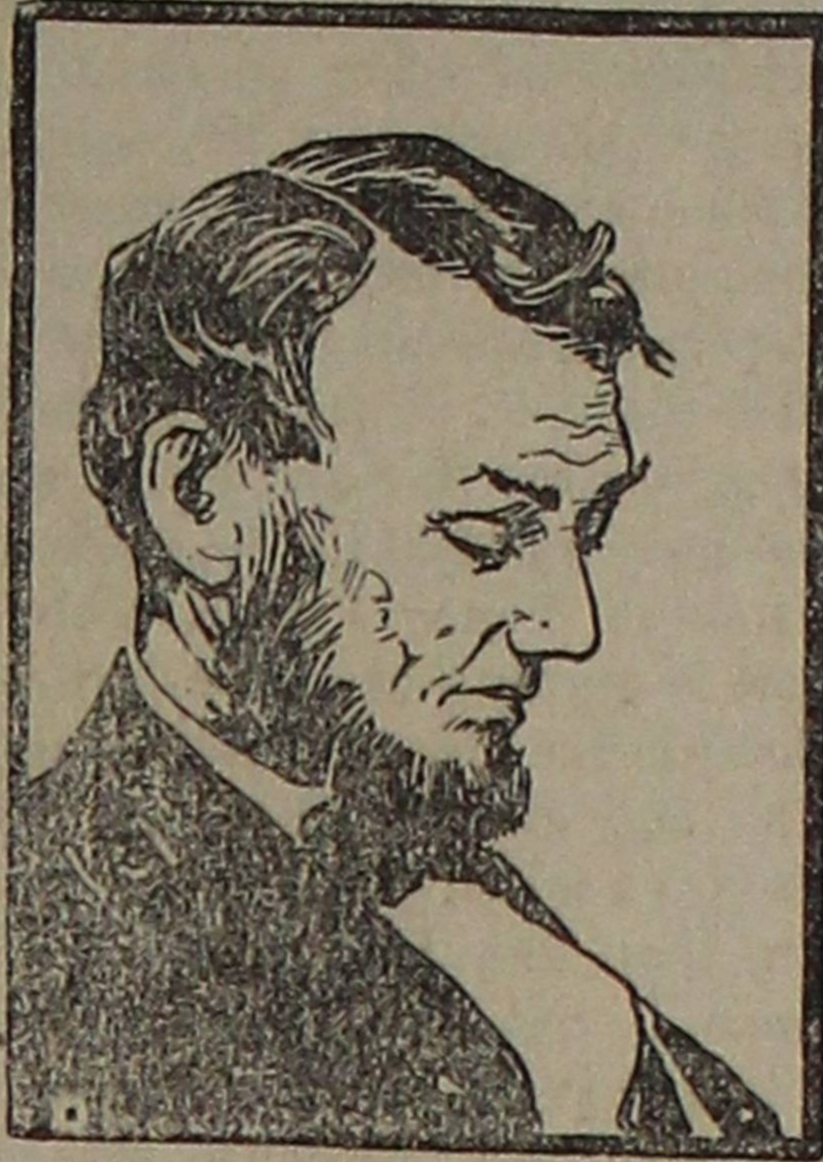

One of the enjoyable events of the visit to the legislature was a luncheon at the Olympian Hotel at which Mr. Julaco was host to fourteen members of the faculty and student body. A basket of carnations formed the centerpiece, with ferns reaching down to the boxes of candy at each end.

The guests were: Prof. and Mrs. Slater, Prof. Hanawalt, Miss Budd, the Misses Ruth Bitnay, Beatrice Wahlgren, Carolyn Sommers, Carol Hovious, and the Messrs. Kenneth Warner, Maralas, Virgil, Dugovan and the host.

Y. W. C. A. GIVES COZY

The first cozy of the new semester was given at the girls' dormitory February 6th. Thelma Bestler and Florence Todd were hostesses and everyone had a delightful time. This cozy was given so that the new girls might have an opportunity to meet Miss Gulick.

AMPHICS HAVE JOLLY PARTY AT INDIAN POINT

Students Leave Examination Cares Behind and Enjoy Three Days in the Great Outdoors

The Blue Triangle Camp at Indian Point on Vashon Island was the scene of much merriment for over forty young people of the Amphictyon Literary Society, during three days beginning January 29. Mr. and Mrs. B. J. Bestler chaperoned the jolly crowd.

As soon as the last examinations were written Friday afternoon, the Amphics left for camp, and in spite of the snow and bad weather which was a feature of their stay, the house party was a great success.

Hiking, canoeing, serenading, and snow balling were the most popular outdoor sports. The most prominent indoor features were boxing, card playing, fortune telling, toasting marshmallows, popping corn, a little sleeping and much eating.

"How did we ever get along on our last house party without Mr. Brooks?" the Amphics are asking. One cause of the success of the party was Mr. Brooks' generous donation of apples, pears, candy and chickens.

Only 8 Days More to Go

We have only 8 more days in which to get our votes toward the winning of the Ford. The committee in charge of the FORD CONTEST has put up a reward to be given to the members of the team turning in the highest number of votes. To each member of the team turning in the highest number of votes, there will be given a dollar box of chocolates if the Ford is won. LET'S GET BUSY—SHOW SOME PEP!—February 15 is the last day.

135 VISIT LEGISLATIVE HALLS AT STATE CAPITAL JAN. 29th

Rough Weather Is Encountered By the Virginia III On Trip to Olympia Carrying C. P. S. Sightseers

Last Monday morning at eight o'clock, 135 C. P. S. students left the Municipal dock on the Virginia III for Olympia where they visited the legislature and other places of interest.

The trip on the start was very rough. After reaching Point Defiance the boat entered quieter waters. A check up was made and all reported that they still had their breakfast with them.

The party arrived at Olympia at 11:30 o'clock. The first sight seeing that was done was that inside of the restaurants.

The party was broken up in different groups and the time was spent visiting the many places of interest. Practically everyone visited the Senate where Senator Davis was seen. Among other places visited was the Temple of Justice where the Supreme Court

was hearing a case. In the House of Representatives the students received the thrill of hearing the Speaker announce the presence of the party from C. P. S.

Soon after three o'clock every one gathered at the Insurance Building where the office of the Governor is located, for the purpose of meeting the honored gentleman. As the Governor had an important meeting in another part of the city, it was impossible to see him. The group went through his office where they saw a portrait of George Washington that was valued at \$20,000. The frame around the picture was of solid gold and its value is \$15,000, making a total value of \$35,000.

At five o'clock the party left Olympia for Tacoma. The main features of the trip back was the moonlight.

STATE COLLEGE URGES SIMPLICITY IN DRESS

"Simplicity, economy and suitability" is the motto of the Woman's League at the State College of Washington, which they have used to head a schedule of "Standards of Dress" to be suggested to prospective women students.

Sport suits, woolen dresses and skirts and "middies" are considered the most suitable for college wear. With the style of dress, low-heeled shoes or oxfords worn. High-heeled shoes or pumps are not considered good taste when worn on the campus.

"Young women who come to College should recognize the value of a good impression," say the league girls. "An exaggerated hair dress, overabundant jewelry (earrings, beads, etc.) and the excessive use of powder, lip stick, rouge or perfume, does not give the desired impression on the campus."

Evening dresses are not elaborate or expensive and have some form of sleeves. One dress is sufficient. —The Washington Industrialist.

OHIO NORTHERN UNIVERSITY TO HAVE TWO NEW BUILDINGS

Two new buildings, one a girls' dormitory to accommodate 300 girls and the other headquarters for the college of law, at Ohio Northern University will be built this year at a cost of \$250,000. This sum was voted on at a special meeting of the board of trustees, at which President Albert E. Smith, of the University, presided.

The law building will be equipped with a modern court room, law library and class room for the 150 students enrolled in this department.

CAMERA LOST ON OLYMPIA TRIP

A Brownie No. 2 camera was lost on the boat on the Olympia trip. Will the finder kindly return it to the officer.

GIRLS' TEAM VICTOR OVER FIFE

Saturday night the girls' Varsity Basketball team played the girls of the Fife school at Fife. The final score was 34 to 11 in favor of C. P. S. Dorothy Floberg and Eva Myers played with exceptionally good team work.

C. P. S. 34	Fife 11
Floberg (26)	F Thomson (8)
Myers (8)	F G Harback (3)
Brix	C A. Harback
King	SC Sicade
Davison	G Johnson
Vernhardson	G O. Harback
Subs:	
Fife: Helen Ehnat for Alice Harback.	
C. P. S.: Inez Micki for Marjory Davison.	

FROSH DEFEATED BY KAPOW-SIN

Saturday night the Frosh met defeat by the fast high school team at Kapowsin. The score was 30 to 20.

The game was played on a floor used for dancing and not being used to playing on such a floor the boys were doing everything from the "highland fling" to the "nose tango."

Wellman and Van De Vanter were the stars for the C. P. S. and Murphy for Kawposin.

ANNE MCKENZIE AND HAZEL BURGER ENTERTAIN

Anne McKenzie and Hazel Burger entertained a number of girls recently at a delightful party at the home of Dr. and Mrs. Price at 1419 N. Anderson.

The guests included the Misses Anne Crasper, Hilda Skreen, Ethel Schuster, Dorothy Newell, Gladys Harding, Phoebe Nicholson, Elizabeth Crockett, Lucile McWilliams, Erminie Stanton and Mrs. Hestert.

THE ORATORICAL CONTEST

The students are reminded that the time is drawing near when the orations are due for the Oratorical Contest. They are likewise urged to participate in this battle of words, for besides being in itself worthwhile, there is a substantial money award for the victor.

No doubt we all appreciate in a general way the gift of this prize to our college but our pride should be deep enough to make us take a personal interest in this contest.

ATTENTION!! NEW STUDENTS!! TAMANAWAS URGES PROMPT ACTION.

Each year the Junior Class publishes an all-college annual called the Tamanawas. A copy of last year's may be seen by inquiring at the librarian's desk. Many improvements to be made in the book this year will add to its appearance and value.

The Subscription price is \$3.50. One dollar is to be paid at the time of subscribing, the balance on delivery of book.

FEBRUARY 16 is the LAST DAY on which subscriptions will be received from either new or old students. SUBSCRIBE NOW. Hand in your subscription to one of the following: Ruth Wheeler, Helen Pangborn, Harold Fretz, or Guy McWilliams.

Please have your picture taken as soon as possible at Rhodes Brothers' Studio, sixth floor. The charges are fifty cents. Return your proofs promptly.

Thank you,
TAMANAWAS.

NEW METHOD FOR SELECTION OF "COLLEGIAN" OFFICERS

A new plan for the election of staff members of "The Collegian" the student publication of the Upper Iowa University has been adopted by the students. A nominating committee composed of the four class presidents and one member of the class, chosen either by the class as a body, or by the class president, will meet each year three weeks before the end of the semester. At least two candidates will be chosen by them for the position of editor and business manager. The chairman of the Student Publications Committee will preside at these meetings. The candidates chosen will be announced on the third Saturday before the end of the semester. On the following Tuesday the student body will elect the Editor-in-Chief and Business Manager from the nominees submitted by the nominating committee. These elections will be by ballot and a simple majority of votes will elect. The circulation manager and assistant editor will be appointed by the Editor-in-Chief.

Public Sales

We have purchased 122,000 pair of U. S. Army Munson last shoes, sizes 5½ to 12, which was the entire surplus stock of one of the largest U. S. Government shoe contractors.

This shoe is guaranteed 100 percent solid leather, color, dark tan, bellows tongue, dirt and water proof. The actual value of this shoe is \$6.00. Owing to this tremendous buy we can offer same to the public at \$2.95.

Send correct size. Pay postman on delivery or send money order. If shoes are not as represented we will cheerfully refund your money promptly upon request.

MICHIGAN LEADS IN PARKS

Michigan now has 23 state parks, which is more than any other state. New York and Pennsylvania excepted. New York has the greatest number. The total area of these 23 parks is greater than the area of the parks of other states exclusive of several western states where there are national parks like the Yellowstone, and save the area of the parks of the Empire state and the Keystone state. The largest Michigan state park, 320 acres, is on Burt lake, near Indian river, Cheboygan county.

SHE DIDN'T KNOW

A well-known conductor was condemning a musical critic.

"When I read his criticisms," said he, "it makes me think of a young woman for whom I once played 'The Moonlight Sonata' on the piano.

"I like that," she said when I had finished. 'It's new, isn't it?'

"Why," I said, 'it's Beethoven. Surely you knew Beethoven was dead!'

"No," said the young woman. 'I didn't even know he was ill.'"

GHOSTS MADE OF CHIFFON

Ghostly materializations of a Danish medium aroused such widespread interest that scientists of Stockholm, Sweden, decided to verify the performances, says Popular Mechanics Magazine. During a seance, when a "soul" was projected outside of a body, a photograph showed that the filmy emanation was nothing but a piece of chiffon.

TANG OF REAL ADVENTURE

Daring Ocean's Perils in Tiny Craft Will Appeal to All With Romance in Their Blood.

Small craft that dare the perils of the Atlantic are always interesting, remarks the Chicago Daily News. The yacht Diabliesse, which has just arrived at Bermuda after a four weeks' sail from Cowes via Madeira, is only 52 feet over all. With the trade winds behind her she averaged 180 knots a day until the Sargasso sea compelled drifting in the heat for a week. The ship's company of five persons then amused themselves with fishing.

Such an adventure, so much more romantic than crossing the sea in a steel giant, appeals to everybody who likes the smell of brine. If the news of it gets to other and better worlds we fancy a nod of approval from the Vincente Yanez Pinzon, who may now be rocking back and forth on a cloud in the Mount Olympus Marine club and singing the praises of a little vessel which probably was no bigger than the Diabliesse but which made a more sensational crossing just 430 years ago this summer.

Young Mr. Pinzon's voyage in the Nina was not entirely a matter of sport. He had an eighth interest in the adventure of Columbus. Where is that eighth interest now?

COLD COMFORT FOR ACTOR

Super's Expressed Willingness to Carry Out His Part of Contract Didn't Help Bruises.

W. C. Laidlaw of the Kansas Farmers' union said during the agricultural conference in Washington:

"When people try to tell me that the middleman helps the farmer, I tell them in return the story of the fat actor.

"A fat actor had to jump from a 12-foot cliff to a piece of ground that was hidden behind the scenes, so he gave a brawny super a quarter to be there to catch him as he landed.

"Well, the time came for the fat actor to leap, and, looking and seeing that the super was on the spot, he sprang carelessly into the void, as if the 12 feet were no more to him than 12 inches.

"Down he sailed swiftly through the air and—crash! he struck the hard floor with terrible impact. For the super, stepping back, had failed him.

"Why didn't you catch me?" he moaned, when he could speak.

"I wanted to," said the super, "but you didn't bounce."

Campaign Terrors.

There was a wild and frenzied sentiment. Men, white-faced and starling-eyed, fled as if pursued by a pestilence. They dropped whatever they had in hand and stood not upon the order of their going, but departed like frightened roebucks, hitting only the high places as they went.

"Why are the people fleeing?" we asked. "A candidate who calls himself 'the friend of the people' has just come to town," replied an innocent bystander who had no vote.—Kansas City Star.

Seeking History of Tibet.

The "Forbidden City" is to be visited by a British mission in the hope of obtaining real information on the history of Tibet. Every member of the party is a British Buddhist, and they believe through religious affiliation they can obtain what other travelers and explorers have sought in vain. Foreigners who have entered the "Forbidden City" are far and few between, and no one heretofore has been afforded the opportunity to study the religion, literature and history of this sealed country.

SIGMA ZETA EPSILON

In line with its policy of having programs of universal and timely interest the fraternity listened to an interesting discussion of Henry Ford's phenomenal machine by Mr. V. R. Dudley at the regular meeting Monday night. Mr. Dudley is a salesman with the Manley-Woodworth Company, local Ford Agents, and one of the best known authorities of the small car in Tacoma. Mr. Dudley dwelt particularly on the manufacturing and selling policies that have made the Ford the most popular automobile in the world. He explained in detail how the Ford policy protects the buyer through a system of contract prices for all shop work and parts needed in repair. This, he said, is perhaps the most important reason for the high value that a used Ford commands.

The hours I spend with thee, dear book,
Are an infernal joy to me.
I count them over; hug thee to my heart,

Each hour's a day, each day's a year.
I've toiled with thee, equation rare.
I've read each chapter to the end and find
I've known it not.

Oh, memory, for thee I yearn
Come guide me, else some chilly morn
Will come to find me in

Still faithfully clutching

SOMETHING NEW UNDER THE SUN

U. of Washington, Seattle, Jan. 20: There is very little about modern or ancient personages, places or characters that Washington's Freshmen do not know, as revealed by answers to a questionnaire recently given the English composition class by W. R. Gundlach.

"Who was William George?" Why, he is "Lloyd George's Little brother", ran one of the answers. Equally startling is the fact that Mustapha Kemal Pasha is head of the Japanese navy; "Oliver Twist" is a kind of tobacco and Mozart a brand of cigars.

Other samples of Freshman intelligence are: "Iago, "Japanese rice;" Sir Roger DeCoverly, "an old-fashioned square dance"; Becky Sharp, "a music writer"; Heifitz, "name of a cow"; Demosthenes, "Russian writer"; Dardanelles, "the name of a song"; and Ronald Amundson, "painter."

MUST LEARN TO PRAY

In preparation for the "Day of Prayer" for Colleges, Mr. Rarey, pastor of the Trinity M. E. church, spoke in chapel Monday on the subject of prayer.

Mr. Rarey says we often take too much for granted. People expect the power of prayer to come to them as an inspiration. They think prayer is composed of well constructed sentences and a loud noise. Or they have the idea that prayer is a "begging machine". If a person has nothing to ask for he cannot pray.

There are mistaken ideas that play is instinctive to all people, yet many have to be taught to play. Churches are waking up to a realization of this and giving attention to the play life.

In a similar manner a feeling for God is instinctive, but people need to be taught to pray. The church needs to give more attention to prayer.

The one prayer which was given by the Lord as a pattern presupposes a right relationship between the individual, his fellow men and God. To learn to pray right will mean that a person's life is right. Nothing more essential or beneficial could be learned in college than how to pray.

How the government does reward its faithful servants!

Old, wrinkled and black, he had been in the government service for 20 years at \$720 a year without a raise. He had been born in slavery, he thought. He didn't know how old he really was. And the chief had called the old man in on the green carpet.

"Don't you think you are too old to work?" asked the chief.

The old man gulped.
"No suh. I've been a messenger for 20 years, but when I get too old to do my work right I'll come and tell you, boss."

The boss growled: "After all these years don't you think you deserve to be fired instead of getting a raise?"

"No, suhr."

"Are you married?"

"Yes, suhr! Got a wife and a daughter. She lost her job last week and I was just thinkin' I would ask you to help get her another job. We're payin' for a home."

"I think you ought to be fired, don't you?"

At this the old man nearly broke into tears. "No, suhr," he said simply, "there ain't never been no complaint about my work."

"Well," growled the boss, "I just called you in to say I've recommended you for a ten-dollar-a-month raise."—Washington Star.

LINFIELD VOTES ON HONOR RULE

Linfield College, Oregon, was to vote on a proposed honor system Jan. 25.

The Linfield "Review", which favors the plan, says of it: "If we are to have an Honor Rule, and make a success of it, we must get the Honor Rule spirit. Not only this, but think 'Honor' and then it will be unnecessary to have an Honor Rule. It would be superfluous."

IN OTHER COLLEGES

H. E. Parson of the University of British Columbia, has won first prize of \$50.00 offered by the publishers of "Radio". The contest was open to any amateur in the United States or Canada, for the best technical essay on "Radio Frequency Amplifier; Its Design and Construction."

The Spokane College Basket ball team defeated the Whitworth five by a score of 23 to 12. The game was played on the Spokane College floor.

A campaign has been planned wherein Dr. W. T. McElveen and Rev. C. H. Harrison are heading a combined committee which is going forward to raise \$459,000 for Pacific University and \$10,000 for a Congregational church in Eugene, Ore.

The University of British Columbia is making progress with its new buildings on the Point Grey site. The buildings will be of a temporary nature constructed on permanent foundations.

Emerson College News, Jan. 1923: "It has been suggested that a 'Loyal Sons and Daughters' Club' be organized among the graduates and former students to endow the College with the rich legacy of a second generation of students. In other words, it would foster among graduates and former students the loyal spirit of sending their sons and daughters to the old Emerson as students."

U. of Colorado, Jan. 22.—At the University of Colorado the Order of Commons has declared war on fraternities and is attempting to enlist the aid of all non-fraternity students in stamping out the organizations.

EFFORT TO SECURE 500 STUDENTS AT EVANSVILLE

FIVE HUNDRED full time students for next fall is the goal of Evansville College in a "Go to College" campaign to be launched soon. A special meeting of the Board of Trustees has been called by the Executive Committee for the last week in January to arrange the details of the campaign.

Evansville College hopes to make it possible for any high school graduate in Evansville or vicinity who wants to go to College to do so regardless of his financial condition. Loans and other means of assistance will be offered those applying for entrance. President Alfred F. Hughes is using every means at his command to bring about a closer relationship between the residents of Evansville and the college officials. One firm which employs about 1,500 men in Indiana and 150 in Evansville has asked for this and last year's graduates, and will offer every male graduate a position.

BIBLE FORETELLS FUTURE

That the Bible foretells future history is the opinion of Dr. Mitchell, assistant pastor of the First Presbyterian church, who spoke in chapel Friday morning. Dr. Mitchell thinks that each person should spend some time each day studying the Bible and finding out God's plans for the present age.

He says that men have made progress in every profession except that of knowing God, which is the greatest need of the world today. There is room in any profession for every person who will stand out for God.
