LOGGER GRIDDERS LOSE FIGHT TO PACIFIC BADGERS

Hard luck in the first two quarters on the parts of the Loggers gave the Pacific University bunch a 13 point lead, and in the second half our team did not have the necessary punch to get over a touch down, and the game ended 13 to 0 in the Pacific team's favor.

Three low passes from center to McDonald when he was standing ready to punt gave the Oregonians an advantage that resulted in a crossing of our goal line. A punt that went straight up and not very far down the field gave the opponents another chance for a touch down that they took advantage of. Our warriors of the grid came back in the last half and held the Pacific crew even, but the Loggers could not quite get across a score.

Much of Pacific energy was used in watching Allerdice, and at no time during the game was he able to get away on one of his mad dashes down field. Though Pacific is rated as one of the greatest forward passing teams that our Loggers have met this season, they were only able to complete one out of three tries.

End runs and off tackle bucks were the greatest ground gainers for the Beavers. Their team work was being used to advantage on these plays, most of their yardage was made by them. Allerdice, Melvin Olene and Wellman were doing most of the ground gaining for the Loggers, and Stone was on the receiving end of some nice passes.

We, of the College of Puget Sound, wish to thank the people of Tacoma for the splendid way by which they have helped us "put over" our football schedule this season.

Among those we wish to thank especially the Lincoln High School student body, The Rotary Club, the Lions Club and other organizations that have turned out and backed us at our games. We appreciate the wonderful spirit that you have shown, and it is our wish that in future years the College of Puget Sound will be able to bring greater and greater athletic attractions to the city.

If that support is given us in the future the College will be in such a position that it will be able for us to make you prouder of your Tacoma college. Our athletic contests will be greater, and dramatics and debate will grow in proportion.

The line-up:

C. P. S.	Pacific
Stone	R.E. Blackman
Swartz	R.T. G. Rennaw
Wasson	R.G. Garygus
Stevens	C. E. Rennaw
Amende	R.G. I. Tucker
Blevins	L.T. Schneider
McDonald	L.E. Weber
Parker	Q. Jesse
Wellman	R.H. Adams
Allerdice	L.H. Emerson
M. Olene	F. G. Tucker

Substitutes: C. P. S.—McArthur for Wasson, Brady for McArthur, Wasson for Stevens; Pacific—Hallaway for Jesse, Jesse for Emerson.

Good Grid Season Ended for Loggers

Football is no more for this year at the College of Puget Sound. Now we are turning our thoughts to basketball. Coach McNeal gave us a team to be proud of, and we can thank those men who turned out and did all they could to make that team.

Every man on the team is earning his own way through college. Playing football, working and carrying a full college course is no easy matter, and we thank those men more when we realize just how much they have given up to play football for the College of Puget Sound.

The record of the year on the grid is pleasing. U. S. S. Mississippi 0-Loggers 34, U. S. S. Philadelphia 0-Loggers 21, Bellingham 7-Loggers 7, Ellensburg 0-Loggers 13, University of Washington 24-Loggers 0, Willamette 6-Loggers 14, Pacific 13-Loggers 0. Four victories, one tie and two defeats is a record that we can be proud of. We ran up a total score of 89 to our opponents 50.

Next year's prospects for a stronger team look better than ever, and if we boost athletics we can assure the College of Puget Sound a team that will be better than any that has ever been at our "little old college."

Professor Kelley was unable to meet his classes last week on account of an operation on his nose the previous Friday. We are glad to have him back with us again.

C. P. S. ROOTERS VIEW P. U. GAME

One of the finest demonstrations of school spirit shown on the campus this year was the support the students gave the team at Pacific University game at Forest Grove, Saturday afternoon.

The team was at lunch in Forest Grove Saturday noon, seated at a large table in a big window overlooking the main street. Suddenly, out of the quietness of the village street, a yell of "Yo, Loggers" brought the team to their feet. Following up their battle cry, a party of C.P.S. students drove up the main street, maroon and white streamers flying, and pennants streaming out behind the car, announcing the arrival of a Tacoma delegation. By the time the carload of rooters caught sight of the team in the window each member of the squad wore a grin a yard wide. To say that the team was pleasantly surprised would be putting it mildly.

By the time the team was ready to go to the field at 2:30, another car had arrived, swelling the number of C.P.S. rooters to thirteen. At the end of the first half another car arrived bringing with it Yell King Van Devanter. From that minute to the end of the game the C.P.S. rooters were on their feet every minute of the time giving the team their loudest support and showing Pacific not a few principles about rooting at a football game.

There will be a coast conference football game in the Stadium Saturday, and it will be worth the time of any College of Puget Sound student to see it.

Many of our students of last year are at Washington State College and some of those students will probably make the trip to Tacoma to see their team play the Oregon Agricultural College's team.

We will be given the first chance to see a conference game in Tacoma. These two colleges are old rivals on the football field, and they assure us that they will put up a good game. Both of the teams are about the same in strength and fight. Tacoma has turned out to our games and now we will show them that we can support a game that the People of Tacoma are putting over. This will be the last time that we will be able to see a college game in this city.

ROOTERS CHEER LOGGER ELEVEN AS TRAIN GOES

When the old team left Tacoma for its game in Forest Grove last Thursday they were given the most rousing send-off that they have ever been given. Yells and songs rang out down at the Union Station until all of the Logger "leather lunged" rooters were hoarse.

After the train left the station the crowd went up to the point where the tracks cross Pacific Avenue, and there they gave their final yells. The players and Coaches McNeal and Wright were all smiles. No wonder, because this was the first time since the Washington game that any spirit has been shown around this campus.

Before the Logger's football artists left the campus, there was a student assembly turned over to the team, boosting the team. Coach McNeal gave a short speech and then called upon Captain Blevins. "Horse" told us that the team was going down to fight.

Did classes bother those rooters who went down to the station to bid farewell to those football warriors Thursday? We guess not. Classes or not they went. It would be hard to say what percent of the student body took cuts that morning, but there were plenty. Maybe that wasn't the proper thing, but at the same time it shows what college spirit really is.

POINT SYSTEM SHOULD BE ADOPTED

It seems apparent that the Student Body should adopt at the present time some system, which will regulate the number of activities any one student may carry at one time. Some sort of system should be adopted for two reasons.

1. It will be a benefit to the different organizations and activities. It will insure to the organization that its leader will be able to give more of his time to its work, and not neglect it because of many other duties. It will mean better progress for the organization.

2. It will be the greater benefit to the student himself. It will keep the student from having too many irons in the fire, so to speak, at the expense of his class work, which can't help but be neglected when too many activities are engaged in. It will also protect the student from being overloaded by others who do not seem to realize the fact that he is already doing his share, and that there are others that could do it just as well. Under a system of this kind there will be a more equal division of activities in the student body.

I recommend the following point system for consideration.

Following are the number of points any man or woman can carry at one time, according to his classification.

HOUSE-PARTY ENJOYED

Enthusiasm ran high Friday among the girls of the Delta Alpha Gamma sorority since Dr. and Mrs. W. W. Mattson had put at the disposal of the girls their attractive Vashon Island summer home for the week-end. Mrs. Lynette Hovious, faculty advisor, accompanied the party as chaperon, the others in the party being Misses Muriel Vye, Alice Young, Hazel Olson, with the following alumnae: Agnes Scott, Helen Miller, and active members: Misses Sue Mitchell, Mildred Harper, Helen Small, Ruth and Willabelle Hoage, Frances Clinton, Violet Cliff, Barbara Shanks, Rose Adams, Laura Mae Josephs, Marjorie Hoyt, Vera Landers, Ardis Fox, Florence Davis, Beatrice Wahlgren and Dorothy Duboisson.

The party went over late Friday afternoon and returned to Tacoma Sunday evening.

HAVE HOUSE-PARTY

Among the many parties planned for the week-end by College of Puget Sound folk was a house-party for members of the Kappa Sigma Theta sorority at the Blue Triangle Lodge at Indian Point. The girls were chaperoned by Miss Ann Crapper, faculty advisor for the sorority. Much time was spent in hiking and on the water. Members of the sorority who enjoyed the outing were Misses Florence Todd, Evelyn Ahnquist, Rome Schmid, Lorene Bonds, Joyce Hazelton, Joyce Glasgow, Maude Wetmore, Gertrude Mackey, Constance Clark, Wilhelmina van den Steen, Elizabeth Anderson and Erma Eagan.

ATTEND GAME IN OREGON

To attend the College of Puget Sound-Pacific University football game at Forest Grove, Oregon, Saturday, several parties of C. P. S. students drove down to Portland Friday evening and returned Sunday

afternoon. Mrs. F. W. Somers drove a party of girls down Friday afternoon and drove out to Forest Grove the next morning. Girls in the party were Nan Tuell, Ruth Wheeler, Jane Little, Jean Van Zante and Carolyn Somers. They returned to Portland Saturday evening for dinner, bringing with them Miss Margaret Russell, a Tacoma girl and a member of the faculty at Pacific University. While in Portland the party stayed at Campbell Court.

Mr. and Mrs. Frank C. Hart chaperoned a party of students who left Tacoma early Saturday morning and who arrived in Forest Grove in time for the game in the afternoon. Other members of the party were Ella Purkey, Carolyn Wellman and Marie Petersen, Clinton Hart and Allison Wetmore. Donald Wellman returned in the car with the party when they returned to Tacoma Sunday evening. The party stayed in Portland Saturday evening.

Leaving Tacoma early Saturday morning another party of students drove to Forest Grove to attend the game. Members of the party included Prof. Wesley Topping, Everett Buckley, Bob Weisel, Aaron Van Dervanter and Wendell Brown. The party picked up Vilva Corey and Mary Lou Bechaud at Chehalis. President Todd was able to attend the game Saturday, going down on the midnight train Friday and returning to Tacoma Saturday evening.

Bruce Blevins and Charlie Brady spent the week-end in Albany, Oregon, visiting at Bruce's home. They returned to Tacoma Monday evening.

At practice Tuesday night, the Men's Glee Club elected Ed Amende president for the year. Melvin Olene was chosen vice-president; Clinton Hart, business manager and Gardner Shuler, secretary-treasurer.

Ralph Brown is now back in school after several weeks' absence due to an injury received in the Ellensburg game. Ralph came near losing his eyesight but the doctor reports that the eye will recover in time.

This year has seen a great improvement in the programs for student body assemblies and last Thursday was no exception. The Girls' Glee Club made their debut at this time, giving "Croon, Croon, Underneath the Moon," and "Mon Petit Brave Soldat." Joyce Glasgow gave a reading entitled "Teaching a Girl Football" which was enthusiastically received.

The meeting was in the form of a rally for the team which was leaving for Forest Grove at noon. Short addresses were heard from Coach McNeal and Captain Blevins.

The British Debating Team, composed of three sons of Oxford, went down in defeat before Syracuse University's team on October 12 in one of the most evenly fought debates in many seasons. The question was, "Is America justified in remaining out of the League of Nations?" with the visiting team taking the negative and the Americans the affirmative. Following the English custom in forensics, the audience was asked to make the decision. After a spirited rebuttal a vote was taken. 659 favored Syracuse and 467 the Oxford team. The audience was generously responsive and was quick to applaud the visitors. C. H. O. Scaife, Gerald Gardner and A. G. Bagnall spoke in the order named for the British team and Daniel J. E. Flood, Achilles Catsonis and C. Everett Shults stood up for the Methodists.

Following a debating skirmish with Cornell University, Toronto University and McGill University, the Oxfordians will sail for home.

GIRLS' BASKETBALL STARTS

Tuesday afternoon at 3 o'clock a large turnout of girls, emphasized the fact that basketball is going to be THE game of the year. There is an over abundance of enthusiasm among the Freshman and Sophomore girls and there is a great deal of excellent material. Muriel Vye, according to several reliable witnesses was the star of the Dieringer team last year. Only three girls from last year's Varsity team are back. Margery Davison, Gladys Anderson and Helen Brix.

Miss Constance Clark has been working faithfully to stir up enthusiasm.

This year, R. W. McNeal will again coach the girls' team.

The class games will be scheduled before Christmas vacation. Several teams have been written to, to secure games later on for the Varsity team.

Oh, yes, and best of all the athletic council decided that the girls will have some classy suits this year, maroon bloomers and white waists trimmed in maroon. The sewing class is making them. The boys will have to step lively for it is rumored that they are trying to beat the girls for looks in their new basketball suits.

Come on, girls, let's go! We want just a better season than last year, that is more games. The girls showed what they could do last year by winning all five games in which they played. This year we want to play at least seven or eight games.

Let's show this school that the girls have some pep and have as fine sportsmanship as the best athletes in—school!

Every picture must have a background and how important it is that it should be a good one; and so this fall the dramatic department has kept itself in the background, leaving the foreground to our football boys of whom we are justly proud.

The interests of us have been with the athletic department. We have put across a wonderful football program. Never has such true spirit been shown on the campus of C. P. S. We cannot let this spirit fade and die, only to bloom in our football season next year. We must show the same spirit, enthusiasm and loyalty to each student body department thruout the year.

The Forensic department has done big things, and stands very high

We'll tell the world that the Frosh aren't slow when it comes to giving speeches on "College Life." Last Monday evening, Nov. 12th, our noble "Pat Henries" made the upper classmen sit up and take notice as to what was real college life.

Don't we look rather excited and joyful this week? Well, we have a perfect right to be, for we're going on our first house-party of the year, this week-end, November 16-18. Where? At Indian Point! All of the committees are working hard to make this affair a big success.

We've a secret to tell you, too. Shhh! listen! Our Frosh boys willingly (???) pledged their services as dish-washers, and my! we're proud of them. So folks, if by chance you see Ronald Graham, or Kenny Falconer, Mart Johnson, Wendell Brown, or Ernie Miller with real clean hands next week, just remember that they will have renewed their acquaintances with the "Miss Dishpan and Soapsuds," at Indian Point this week-end.

To be continued in the next issue or the "Trail."

KNIGHTS OF THE LOG

There has been quite a little criticism against this fraternity in regard to our request for a representative on Central Board. After talking it over the fraternity decided that as long as we were not wanted on Central Board, we would withdraw our request, and go ahead with our program, and put it across without the full backing of Central Board. We further decided to publish part of our Constitution. The article of membership and our purpose.

Our purpose is:
 "It is the purpose of this fraternity to further all campus activities, to uphold all campus traditions and do all in our power to see that all other students do the same."

Membership:
 "Membership in this fraternity shall consist of Sophomores and Freshmen. When the members who at present are Sophomores become Juniors they shall become Honorary Members and compose the Advisory Board. A man shall be judged on his qualities of character, leadership and loyalty. It shall require an unanimous vote of all active members to elect a candidate." We are abiding by fraternity ruling in regard to initiation and pledging.

Students, this is an organization that is working for the betterment of the school spirit and not for any glory for ourselves. Think twice before criticising us too severely. Thank you!

Y. W. C. A.

At the regular meeting Tuesday morning the devotions were led by Erma Eagan. Miss Ewing, the county secretary of the Y.W.C.A. was the speaker. She spoke of world work in the Y. W. C. A. telling especially about the student association in India, China, Japan and Latin America. She also said the Y.W.C.A. work had been started in Mexico.

It was decided to cooperate in the Luncheon to raise funds for the delegates to the Conference in Indianapolis, to which Ellena Hart is a representative.

with other schools. But this department too must have the support and co-operation of the entire student body, if it is to maintain his standard. "1200 a Year" and "Come Out of the Kitchen" proved to Tacoma that C. P. S. can stage, and stage well, plays of a high quality. The play reading committee is busy and perhaps the auditorium on the new campus will be ready so that the play may be presented in it.

Won't your by your loyalty and spirit help us put on a play that will be worthy the honor of being the first play presented on the new campus? May this mighty awakening of spirit in C. P. S. back every department thruout the entire year.

DELTA KAPPA PHI

Friday evening the active fraternity brothers gathered together with the alumni and faculty members for the first social gathering of the year. We met at the Y.M.C.A. dining room where we enjoyed supper together.

At this meeting elaborate and extensive plans were laid for the year's work and we feel confident of a successful year.

We are glad to hear from Brother Ted Upton that he is planning on returning to C.P.S. next semester. All the alumni were present with the exception of Brother Cleo Osborne who is attending the University at Berkeley, California.

Every college student is invited to our programs. We are always glad to welcome visitors. Next Monday evening our Philos are going to give the annual "Baby Philo" program.

KAPPA SIGMA THETA

Our program last week was on "Happiness." Evelyn Ahnquist discussed "The Philosophy of Happiness"; Mabel Swanson told us "Why Men Seek It," and a piano solo by Jean Van Zante added a touch of music. Carolyn Wellman then gave us her views of "Happiness from a College Student's Standpoint" and Lorene Bonds developed a lot of her sweet personality in her paper on "How to Disperse Happiness".

The stunt entitled "The Eternal Quest of Happiness" was a parody on Materlinck's "Blue Bird" remodeled to suit a co-ed's life. Those taking part were Joyce Hazelton, Mae Schenk and Joyce Glasgow.

LAMBDA SIGMA CHI

Wednesday's program consisted of three numbers. A clever stunt was given by the pledges, Eleanor Kenrick, rendered two delightful piano solos and a talk on Armistice Day was given by Irene Owens. After the program a novelty was introduced in the serving of hot roast beef sandwiches by Ruth Bitney and Norma Huseby, hostesses for the day.

ANNOUNCEMENT

In justice to ourselves and our friends, we wish to emphatically deny the persistent rumor that has come to our attention, to the effect that we are a branch of one of the down town stores.

We absolutely are not connected financially or other wise with any Store, Company, or Corporation in or outside of Tacoma. Every cent of money invested in the Sixth Avenue Furniture Co., is our own.

We believe in the future of Sixth Avenue as a trading center, and have shown our faith by investing our money and giving to Tacoma another complete home furnishing store.

We will appreciate any business you may give us, not only in the immediate territory surrounding our store, but from anywhere in Tacoma.

A visit to our store will convince you of the lower prices which we are able to maintain on account of our saving in overhead expense. We are open until 9:00 P. M. on Saturdays.

sugar contains no harmful properties and can be produced in large quantities at a moderate price.

This new sugar is not a cure for diabetes. Professor McKee, head of the chemical engineering department of Columbia University has been quoted as saying that there are only two treatments by which this disease can be remedied. One is by injecting insulin, taken from the

pancreas of cattle, into the blood of the patient and the other by administering intarvin. Intarvin provides a food which does not need the pancreatic fluid to digest it. Professor McKee has succeeded in reducing the cost of intarvin from \$100 to \$9 a pound. An average patient requires one pound every one to three weeks, so the costs ranges from \$3 to \$9 weekly.

That Mother of Mine

By Dr. Geo. S. Innis My mother, God bless her, I wonder if she knows how much I love her! The old world is a good deal tougher than I had thought and the cosiest place on earth is my mother's arms.

I will always remember that last evening at her bedside when I was about to leave home. She put her hand on my head and gave me a mother's blessing, the richest gift on earth.

While kneeling at her bedside, as she was recovering from that long spell of sickness, I felt that I was having my last boy's cry. After that I must be a man. Carelessness and indifference must be put away, and I must have a man's bearing and a man's purpose in life.

I like to think of that incident of Mary anointing the feet of Jesus and the odor of the ointment filling the house. It seems so like my mother's prayers as she placed her hands on my head and gave me her blessing.

When I was on the southern Pacific during the three days' storm and the captain was on the bridge sixty hours with only short snatches of rest, I could see at times amid the mirage of a wonderful city with gorgeous palaces inviting us to enter, my mother's face inset and beckoning us to a harbor of safety.

A man needs to be loved by some one he honors to maintain his self-respect, and he needs to love some one to keep him human. The well-springs of his heart must not dry up, and nothing can keep them from flowing like affection for and from his mother.

From my mother's lips I heard the songs, proverbs and bits of wisdom that have lingered and enriched my soul. Her voice, low and sweet, in tune with the evening calm, made her a delightful reciter of stories, a chanter of the sweetest melodies.

Then the gustatory faculties enrich the bigger part of a boy's life. My mother's pies, whew! I used to wish I was covered over with a ton of them and had to eat my way out.

How well I remember the day when I came home dirty, grimy, feeling bum and ready to pick a fuss with my best girl. But I took a warm bath, got on some clean clothes and one of my mother's

delectable dinners inside me, and I went down the street whistling; I would not have quarreled with my neighbor's dog.

Talk about the avenging furies, a mother's prayers are more persistent, twice over. A boy may roam the world over, climb the highest mountain or hide in the deepest cave, lose himself in the big city or hurl himself into the sea, but that mother's prayer holds him with links of steel.

It was when I had the typhoid fever that I learned to appreciate my mother. The nurse we had wouldn't give me enough to eat to feed a canary, and she couldn't cook fit for a sick dog.

Mother's also want something new, some experience to stir their soul, and their sons must furnish it. The mother's instinct is right that trusts in her son to express herself, her hopes and dreams, her spirit and ambition.

A mother's sweet face is never dislodged from a boy's heart, and enriched by her tenderness and moral vision the mother's spirit makes him a hero. All honor to the gallant soldiers that fought in their brave deeds belongs in large part to their American mothers.

Let me see, when did I write my mother last? Three days, a week, why it has been almost a month. I have half a dozen other things to do tonight but first of all I am going to send my mother a letter full of tender affection.

IN THE PAST

'Tis over two long months ago As memory now recalls, That one saw many a greenish cap Go bobbing down the halls.

Then, College life to us was strange, And everything was new. And we'll admit it took some time To learn just what to do.

But now we all have found our step, Our green caps we have shed, And as we're full fledged Freshmen now Just watch us go! Nuf sed. —Marie Rafn.

CHAPEL NOTES

Mr. Gale Seaman, a prominent Y.M.C.A. worker on the Pacific Coast, was the interesting chapel speaker on Wednesday, November 7. His subject was, "Some Regrets and Some Satisfaction of My College Days."

First, Mr. Seaman spoke of his regrets. They were: 1. He was sorry he didn't work harder during his college days.

2. He was sorry he didn't take advantage of the opportunity to know his professor better, of cultivating their friendship more.

3. He was sorry he didn't take his church connection to his college town.

4. He was sorry the faculty didn't get him into athletics.

5. In his college career, they dwelt too much on the things of the past and not enough on the things of the present and the immediate future.

Then there were the things about which he was happy.

1. He thought of himself as a citizen of the town where he went to college.

2. He was glad he got into a lot of college activities.

3. He was glad he was taken into the Y.M.C.A. right away.

4. He came away with at least a germ of service motive for life, which he did not have when he went there.

Professor Seward spoke on the "Moral and Spiritual in Football" on November 9. The four things which he emphasized were Work, Sportsmanship, Loyalty, and Service.

Monday, November 12, the Chapel period was extended and Attorney Dix H. Rowland spoke in commemoration of Armistice Day. His subject was on the World Court and the best way, in fact the only way of bringing about universal peace.

Professor Hiram M. Perkins, ninety-year old donor of Ohio Wesleyan's new observatory and its sixty-one inch reflecting telescope, and emeritus professor of astronomy and mathematics at the University was elected to membership in the American Astronomical Society at its recent meeting in Pasadena, California.

General Alabama Institute, which suffered the loss of its main building during a severe electrical storm on August 22, has been closed for the remainder of the year. Immediately after the fire a special meeting of the executive committee of the trustees was called to consider the future of the institution.

Every freshman has his day, and Preston Wright of the College of Puget Sound has had his. Wright entered the college last year and departed himself with the modesty demanded of freshmen and managed to make himself duly unnoticed and unobserved until one day when he was asked to write a theme on narcotics for his English class.

THE NEW STUDENT

"Arousing students to think"—a task which the perhaps not impossible is pretty difficult. How are students or anyone else to be aroused to think? Put obstacles in their way and they walk neatly around them or convince themselves that they never did care to travel along that road.

But customary as it is to lump the American student into a generalization and say he is pretty much of a numbskull, that too is no way toward a more satisfactory way of educating ourselves.

Undoubtedly there are students who "think" or are trying to. They are seeking to understand many questions which a chaotic world has placed before them: Why are we in college; how is it helping us to make our lives finer and truer? Are we being filled with a dry intellectualism, or reacting to it in the form of a hot-air radicalism, or are we working out a sane idea of our own life and its relation to others?

But often the search of such people may end in mere baffled perplexity because of a lack of stimulation or contact with others who too, are questioning and wondering. For them "The New Student" exists.

It is published every two weeks and has readers in 300 colleges. We want it to be, more than ever, a forum for American students, a clearing house of ideas where young thinkers bring their thoughts to light and try to evaluate them. Student opinion must not remain inarticulate; if it is worth hearing, we want to hear it. If you have anything to say, write it to The New Student, 2929 Broadway, New York.

To handle the rapidly increasing number of students of Lawrence College twenty new faculty members have been added this year, the largest number of additions in the history of the institution. Some of the new teachers succeed those who have resigned and other will head newly established departments.

Two instructors come from abroad. Miss Sophie Ann Bachofen, Zurich, Switzerland, will teach German and Spanish. She has taught both in Austria and Switzerland and at Randolph-Macn College, Virginia.

Dr. Harold Richards, Princeton University, is the new head of the department of physics. He is a graduate of the University of Cincinnati and has held the National Research Fellowship, one of the highest honors of its kind.

Dr. James L. Murrell of Lake Erie College, Ohio, is the new professor of education. Dr. Joseph W. Griffiths of Cornell University comes to take charge of the recently established chair of psychology.

The new director of athletics is Arthur C. Denney of La Crosse. In Mr. Denney's four years as coach in Appleton, Wisconsin, and in Neenah, Wis., high schools he has developed two teams which have entered the state championship basketball tournaments. He will be assisted by Howard Buck, former Wisconsin varsity star and Bill Smith, a Lawrence man who distinguished himself on the last three championship teams put out by the College.

A fifteen thousand dollar sustentation from churches in the Southern Illinois Conference was voted for McKendree College at the seventy-second session just convened in Benton, Illinois. At the meeting President Cameron Harmon reported a 100% increase in the student body this fall, including the largest freshman class in the history of the school. The freshmen number 97 this year and are in a favorable position to make and exact commands from their traditional rivals, the sophomores.

Mistaken Identity

Lightning knocked over three men who were sitting on boxes in front of Sawyer's store yesterday. One of them was knocked senseless, the other two exclaimed: "Leggo! I'm comin' right home."

The new administration building at Murphy Collegiate Institute was formally dedicated by Bishop Frank M. Bristol of Chattanooga on October 12 before an audience that packed the auditorium to overflowing. Greetings were brought to the school from the University of Chattanooga by President Arlo Ayres Brown; from the Methodist press by Dr. James M. Melear, editor of the Methodist Advocate Journal. Dr. B. M. Martin represented the centenary movement which had a share in making the erection of the building possible. Others present were Dr. E. M. Conover, of Philadelphia representing the Board of Home Missions; Dr. William S. Bovard, of the Board of Sunday Schools of the Methodist Episcopal Church and Dr. John L. Seaton, college secretary of the Board of Education of the the Methodist Episcopal Church.

A plan to bring about the closer coordination between the various branches of the religious activities at Wesleyan University was consummated in the appointment of Everett R. Clinchy of Claremont, New Jersey, as director of undergraduate religious work.

Mr. Clinchy entered Wesleyan as a member of the class of 1920. His education was interrupted by his entry in the Army, but on his discharge he re-enrolled at Lafayette College and received the degree of Bachelor of Science. He also holds the degree of Master of Arts from Columbia University and has studied in Union Theological Seminary and Yale University School of Religion.

Three buildings, Wallace Hall, Crary Hall and Kenwood Refectory form the latest construction unit at Morristown Normal and Industrial College. Wallace Hall is already finished, Crary Hall will be ready in November.

The income from tuition and fees at the University of Chattanooga has increased 200% in the last three years and not 20% as reported earlier.

The prize offered by Carl Laemmle, head of the Universal Film Company for the best scenario written by a college student was won by a student at the University of Southern California writing under the name of William E. Onions. His story, "The Throw-Back" was awarded the \$1,000 prize, and an additional \$1,000 given to the University for its scholarship fund. The second prize was won by Cleo Woods of the University of Denver and the third by Charlotte K. Kunzig of Temple University. Over 300 colleges were represented in the contest.

WHY NOT DEVOTE A LITTLE STUDY TO MODERN MER- CHANDISING METHODS?

The modern department store has much to give the college student besides the service it gives in supplying your daily needs.

If you care to go behind the counters with us you will find that much can be learned that will not only prove of interest, but a real aid to one who plans to go into the world with a well rounded education.

You need not be a student of economics to find much of interest here.

If you wish to broaden your knowledge of the world—of the great trade routes—of commerce—of history—if you wish to find the romances of the modern world you seek no further than the nearest department store.

For the construction of the shoes you wear, every continent and many of the islands of the seas contribute a part and practically everything you see displayed in a modern store has its bit of history, its romance—something of real interest—something that will serve to broaden the world of any student.

You are invited to use the RHODES STORE as a part of your study course. You are welcome here at any time and if we can you any information that will be of service, feel free to make such inquiries as may seem to lead to the end in view.
