LINCOLN

A broken thought, a broken heart. A broken home had ruled the land, When like a spark from out the dark There came a leading man.

A strength was his, a force was his, And yet the humble kind, To sooth the cause with human laws That only love can bind.

There was no West that he loved best, But all his country's realm; A God-sent man, his dextrous hand Was quickly at the helm.

With awkward grace he freed a race, Altho the price was war; Again the stars, and not the bars, Were flying as before.

To still the strife, he gave his life-A martyr laid to rest; The judgment slate has marked him great-A man who met the test.

However the memory, 'twill always be honored: A modern stone statue or angel-touched bower; A leader of men, a shrine for us all-Abraham Lincoln—the man of the hour. -Eldon G. Chuinard.

## WILL CHOOSE OFFICERS FOR COMING YEAR

Many Names on Ticket; Presi-dential Candidates Announce Platforms

The outstanding event of the present week is the general student body election, which will take place at noon today. Nominations have been coming in very slowly. As only one nomination was in the bands of the secretary before last Friday, the time was extended, and there are now two or more candidates for nearly every office. As a whole, the pre-election period has been much more quiet than has been usual in the past. The "campaigning" which has often marked elections in previous years has been almost entirely absent. It is to be hoped that this does not indicate a general lack of interest.

Three men are in the race for the office of President of A. S. C. P. S. Clinton Hart, Eldon Chuinard, and Bob Weisel are the three candidates who have been nominated by popular petition. The platforms of all three are interesting as they represent the views of the students as a whole on the various phases of student activities and government. Each man is interested in some changes which he believes

would be beneficial to the school. Bob Weisel believes that we need more all-college functions. He likes some phases of the honor system. but is not favorable to all of the conditions. One of his strong points is an attack on overorganization in the school. He believes that organizations are becoming so numerous that they interfere with college activities, and that school affairs should be given first place.

The following is Mr. Hart's statement of his pitform:

"The new constitution, as adopted last semester, is the best constitution ever adopted by the student body and with the absolute support of the student body officers and associated students there is no reason why it can not be made the ruling factor of the college.

"With the entrance of the college into a sub-division of the Northwest Conference I believe that athletics in the college can be put on a sound financial as well as scholastic standing. This last year has been a very successful year in all departments of the college and with a little more "school spirit" shown on the part of the student body as a whole, the coming year can be made one (Continued on page 4)

Silcox Island was the scene of a successful Amphictyon houseparty during the week-end of Feb. 8. The first group arrived Friday morning. Further members appeared until the climax was reached Sunday noon, when fifty Amphictyons were present.

Canoeing and swimming, hiking and eating were enjoyed by many, while ukelele players reigned supreme in the cabin. The chaperones, Prof. and Mrs. Regester and Prof. and Mrs. McMillin, joined with the members of the society in contributing to the general good time. Saturday evening an impromptu program in three acts was staged, Professor Regester starring as the lovely bride. Professor McMillin startled his audience with a clever ballet dance, while Mr. Alexander Brooke successfully knocked out Eldon Chuinard in an exciting one round bout. A courtship, starring Ensley Llewellyn, Alyene Miller, Dorothy Getty and Elmer Carlson, was also cleverly performed.

Mr. Alexander Brooke, the fairy god-father of the society, held true to Amphic tradition, by presenting boxes of fruit, candy, raisins and nuts, and the annual Sunday chicken dinner.

Rain or fair, the Amphictyon houseparty was gloriously enjoyed, due credit to the fact that second degree was postponed until a later

Lambda Sigma Chi announces the pledging of Miss Alice Sprague. Pledge service was given at the home of Miss Jane Campbell, Wednesday afternoon, February 11.

Following the service the regular sorority program and meeting were held. Informal talks on timely subjects were given by Stephana Lunzer, Jane Campbell, and Barbara Shanks. The hostesses for the afternoon were Mary Ellen Painter, Mae Ernst, Billy Ross and Edith Mort.

The regular meeting of the Kappa Sigma Theta sorority was held in the Y. W. room and was especially enjoyed. The continuation of the studies in modern plays and authors which was begun some time ago is always looked forward to with joy. Several long plays were given in outline and openly discussed.

OTLAH CLUB

At the regular meeting of the Otlah Club, Monday afternoon February 16, further study of Wagner's operas will be continued. The opera to be presented this time is "Der Ring des Nibelungen".

Mrs. Frances Langton will read a paper on the first two parts of the tetralogy, namely "Das Rheingold" and "Die Walkure." The remaining parts "Siegfried" and "Gotterdammering" will be considered in a paper by Dorothy Wallace. Victrola Records from Wagner will be played and piano selections will give the theme of the opera.

This list contains only those students who have no present occupation besides going to college. It does not include those enrolled in evening courses, extension classes or summer schools. The list is representative, including small denominational colleges, state universities, small coeducational colleges and colleges for women exclusively.

In these colleges the increase in attendance for the last year has been 6 1/2 per cent. Although the increase is not as large as in that period immediately following the war, it is much larger than the in-

SCHOLARSHIP

The students of C. P. S. have met one more of the inevitable democratic government, but adhere crises of the school year. Examinations have made their semiannual gleanings. A few students have utterly failed in the trusts imposed upon the; a quite large number have been content to just get by, while a small percentage have done work creditable to themselves and their school.

There are those who have met with disappointments in that their grades were not as high as they might have been. But may it not be that the emphasis of scholarship has been misdirected? In the opinion of the writer this is very clearly evident. To be a good student does not necessarily mean to be able to win first place on the honor roll. Nor yet must the other extreme be advocated—that of entering with an undue amount of zeal into student activities to the detriment of class work.

A very grave mistake is made when the sole idea held up for the attainment of students is that of gleaning all the high marks. Reproducing the thoughts of an author through hack-As with a democratic government, neved, parrot-like methods is not the essence of scholarship.
