

LOGGERS MEET UNIV. OF B. C. SATURDAY

BASEBALL HAS GROWN AT PUGET SOUND DURING PAST THREE YEARS

NATIONAL SPORT OWES ITS SUCCESS TO COACH McNEAL; LOGGER TEAM HAS LOST ONE GAME IN THREE YEARS

By Preston Wright

Born out of the last two years of the "dark ages" baseball is today probably the most auspicious sport of the College of Puget Sound. Along about this time three years ago Coach R. W. McNeal announced that a Logger baseball team would be put upon the diamond before the school let out for the summer. Today there would be nothing startling in that statement but that time it caused no little amount of stir.

The "dark ages," referring to the College prior to its establishment on the present campus grounds, saw almost no activity in baseball. Following the World War, which put a damper on all sports at the College, football and basketball were revived with tennis and track holding occasional interest. Baseball was not attempted. And so it was that when McNeal issued his first call for baseball aspirants in the spring of 1923 there was much doubt expressed as to the success of the "experiment." There was not the faintest semblance to a baseball uniform in the athletic department's big gray trunk. The season was extremely late in getting started partly due to the fact that the management had to look outside of the regular sources for financial backing. But uniforms and equipment were eventually bought, and despite the discouragements of adverse criticism from would-be wiseacres, "Mac" inaugurated his favorite sport which sprang into instant favor when, in the Loggers' very first game they defeated the supposedly strong Pacific Lutheran college nine by a score of 12 to 0 on the old athletic field at 6th Avenue and State street.

The game was played on Campus Day. The entire student body and faculty together with friends of the college spent the day on the present campus taking part in the ceremonies which included the breaking of the ground for the erection of Jones' Hall and the crowning of the May queen. Late in the afternoon many of the Logger fans made their way back to the old campus to watch the baseball game—the first game a Logger team was to participate in many, and many years. Bruce "Horse" Blevins pitched the entire game, and when the music was over he had won for the Loggers a 12 to 0 victory. This writer had the honor of reporting the Loggers' first baseball game and victory on the diamond. Last year he had the honor of reporting nothing but victories, and hopes to repeat this spring.

Of the team that played and won that first significant game five are now in college, they are: Bruce Blevins, Don Wellman, Pete Carli, Arling Hageness, and Harry Parker, all graduating seniors. Only a few games were played on account of the lateness of the season, and all were won handily against commercial and city league teams. The men who played on the nine of 1923 were: Pete Peterson, Charley Brady, Bruce Blevins, Jess Mathis, Don Wellman, Joe McArthur, Aaron Vas Devanter, Pete Carli, Wilbur Daniels, Tow Swayze, Arling Hageness, and Harry Parker. Harold Fretz was at that time athletic manager. Baseball had at least been given a start and when the spring of 1924 rolled around it was not so hard to round up a baseball team. There were uniforms and equipment on hand and an excellent nucleus from the last spring around which to build a team. There was, however, quite a little congestion on the campus as the old buildings were in the process of being moved or torn down, and the diamond was not at all times available to the players. Due to the obscurity of baseball teams at Puget Sound Athletic Manager Harold Fretz found difficulty in arranging a favorable schedule of games. The team's greatest achievement that season was the defeat of the strong Camp Lewis, Timber League team, and the win from Willamette university. But one game was lost and that to the Longshoremen's nine, City League champions. And, incidentally, that was the only game lost by the Loggers in the three years baseball has been played. Baseball went

(Continued on page 2, Col. 3)

THREE MEMBERS OF FACULTY RESIGN

COACH McNEAL, PROF. HEDLEY AND MISS VAUGHT WILL NOT RETURN NEXT YEAR

When students of The College of Puget Sound return next year to take up their studies after vacation, they will find three of the positions of the faculty occupied by new instructors. Three of the present faculty are resigning from the college for various reasons.

One of the resignations which will have the greatest effect upon the future of the college will be that of coach R. W. McNeal, for four years director of physical education at Puget Sound. "Mac," whose ready smile and fine personality have made him one of the most popular members of the college faculty, came to the college in 1922. He holds his B. S. degree from the University of Arizona. Before coming to Puget Sound, he was professor of chemistry, geology, and director of physical education at Albany College. "Mac" will be greatly missed by all who were fortunate enough to know him.

Another member of the faculty who will be missed a great deal is Prof. G. P. Hedley, instructor of religious education. He has been granted a year's leave of absence in order to complete the work necessary for him to receive his master's degree in religious education. Prof. Hedley holds his B. A. and M. A. degrees from the University of Southern California. His absence will be keenly felt during his year's leave, and he will be gladly received upon his return.

The third member of the faculty to resign is Miss Dorothea Vaught, instructor in public speaking at the college. Although Miss Vaught has only been a member of the faculty for a year, she has made many friends during that time, and they will all be sorry to see her leave the college. She has not as yet completed her plans for the future, but plans to continue her teaching at some other institution. The places left vacant by these three have not yet been filled by the administration, but will be announced sometime soon.

TENNIS CLUB ORGANIZED AT PUGET SOUND

MORTON JOHNSON CHOSEN TO HEAD COURT FANS

The latest organization on the Campus is the College of Puget Sound Tennis Club, which was organized last Friday. Morton Johnson was elected the first president. Johnson is a tennis enthusiast, and he played on last year's team. Ray Castillo is the treasurer and Elva Belfay was elected secretary.

There was a large crowd of interested fans at the meeting Friday, which showed that the racquet sport will be popular this season. Since work has progressed so rapidly on the courts, a bright and favorable season is anticipated. The tennis players have been greatly handicapped heretofore on account of the lack of courts. Conditions are much improved this year and indications are favorable for a successful team.

MANNING CHOSEN PRESIDENT OF Y.M.C.A.

ENTIRE NEW CABINET FOR COMING YEAR

Franklin Manning was elected president of the college Y. M. C. A. at a meeting of the group last Tuesday morning. Manning has been very active in Y. M. affairs during the time that he has been a member. Franklin has been responsible for the fine programs and speakers that have been presented at the weekly meetings.

Sam Pugh is the new vice president and will, no doubt, be a worthy officer. John Sharp, and Franklin Johnson were elected secretary and treasurer respectively. Sharp is a sophomore, but this is his first year at Puget Sound, having attended Ellensburg before coming here.

Franklin Johnson created a very favorable impression in a short speech in which he said that he would try to re-establish the credit of the Y. M. At present there are several outstanding debts which will be settled in the near future.

With this capable new cabinet the Puget-Sound Y. M. C. A. can expect a very successful season.

PICTURES FOR ANNUAL MUST BE TAKEN BY MARCH 26

All pictures for the College of Puget Sound annual, the Tanageras must be taken by the 26th of March, according to Winifred Longstreth, editor-in-chief of the publication. It is very important that this part of the annual work be completed by that time so that the annual staff may work on the book during the spring vacation.

All snapshots of organizations are to be given to Preston Wright, who is to arrange them in an attractive manner.

The students who have not yet had their pictures taken are asked to please remember the 26th of March, the Friday before the vacation.

ALL-COLLEGE PLAY TRY-OUTS ANNOUNCED

Parts for the All-College play may be obtained from Wendell Brown by anyone wishing to try out for a position on the cast. The tryouts are to be held Monday, March 22 at 2 o'clock. The tryouts are open to everyone.

The play accepted is "You Never Can Tell" by Bernard Shaw. It is planned to present the play about May 21.

WONDERS AND BEAUTIES OF MOUNT TACOMA DWELT UPON

STUDENT WRITES OF PERSONAL EXPERIENCES AND INTERESTING FACTS OF MOUNTAIN LORE

Wilma Zimmerman
"I've stood in some might mouthed hollow,
That's plumb-full of hush to the brim;
I've watched the big, husky sun wallow
In crimson and gold and grow dim;
Till the moon sets the temple peaks gleaming,
And the stars tumbled out neck and crop,
And I've thought that I surely was dreaming
With the peace of the world piled on top."

Something of the feeling of wonder that must have stirred Robert W. Service when he wrote the above lines, has been prevalent in me, when I have watched, and studied, to a certain extent, the wonders of our own mountain, Mt. Tacoma, otherwise known to strangers as "Mt. Rainier." Because of this intense interest in an absorbing subject, I have chosen to write, from my store of achieved knowledge, and personal experiences as a "Cheekacko," of our own mountain wonderland.

Too often articles are written for beginners of some subject by learned men, who use fearful technical

GLEE CLUB HOME CONCERT IS SUCCESS

FIRST HOME APPEARANCE FOR THREE YEARS

The college Men's Glee Club presented its first concert in three years last Wednesday evening in the auditorium of Jones Hall. This appearance closed the club's active schedule for the year although there is a possibility of several appearances later in small towns in the near vicinity of Tacoma.

The program was a splendid example of the work of the organization as developed by Howard Hanscom of the department of music. The men have been working for several months on their program and the crowd appreciated the fine choice and talent that was displayed.

The ensembles were especially pleasing and the lighting effects added greatly to the atmosphere of the music. The instrumental quartet, composed of Ronald Boyles, Anthony Arntson, Franklin Johnson and Howard Hanscom proved very popular. Clinton Hart's baritone solo, accompanied by the quartet was one of the most finished numbers of the evening.

The burlesque on grand opera was well given and was a great mirth provoker. Lowell Wilson as a young bride in an apartment house fire seemed very agitated when the smoke and flames began to enter the room.

Franklin Johnson played two compositions on the violin. Franklin is a very accomplished musician and his music is always greatly appreciated. Willabelle Hoage is the club's pianist.

The second part of the concert was in the form of a play. All the characters acted very naturally. Lady, in real life Leo Durkee, was most charming in a black velvet gown, but the shoe-lace didn't hold and he lost part of his apparel.

The concluding act, an ensemble, presented several popular songs and jokes. The program terminated with the singing of the Alma Mater.

The Glee Club has completed a very successful season. The College can certainly be proud of the boys who are representing Puget Sound on the concert stage.

SCIENCE CLUB MEETS

Fordyce Johnson, speaking on "The Constitution of Matter" will be the main speaker at the Science Club meeting this evening at seven o'clock in Jones Hall. Other scientific subjects will also be discussed.

All students interested in science are cordially invited to visit these meetings.

CANADIAN TEAM IS STRONG; LOGGERS HIT BY INJURIES

Meet Is to Be Held in Tacoma Stadium Saturday Afternoon; Is First Track Meet Between the Two Schools

Meeting once again in international competition the University of British Columbia and the College of Puget Sound tangle in the first track meet of the year. The Loggers expect to be beaten as is no more than natural for they are meeting a university five times as large as is our own, and one that lays emphasis upon track. This is Puget Sound's first attempt at a large track team. The material this year is for the most part new and needs training and experience. The Logger cinder athletes are, however, out to make a good showing and with luck may capture the meet. No Puget Sound runner, according to members of the squad, is going to do anything less than his best.

Geology Specimens Given to College of Puget Sound

PRESTON WRIGHT DONOR OF COLLECTION

A fine collection of geological specimens was recently presented to the College by Preston Wright, a well known student at Puget Sound. The collection is from the "Badlands," and contains some very interesting mineral and fossil specimens, and also some Indian curios. There are about one hundred and fifty fossil specimens in the group, embracing fort or fifty different species. The latter include a collection of Silurian corals and Amelites and trilobites of various periods. The fossil collection also contains scattered specimens of Mollusks and Brachiopods from various geological horizons.

Among the minerals there are some very fine specimens of amethyst and a splendid collection of rough agates, also in the group of minerals is a small fragment of a meteorite. There are several interesting Indian curios.

The geological collection donated by Mr. Wright contains in all, between 450 and 500 specimens, and is a valuable and interesting addition to those already belonging to the department. Professor McMillin of the Geology department has expressed the gratitude of the College of Puget Sound to Mr. Wright, for his gift to the school.

Combined Church Societies Will Hear Dr. Wilder

IS ONE OF FOUNDERS OF STUDENTS VOLUNTEERS

Dr. Robert Wilder of New York, will speak to a combined meeting of Tacoma Epworth Leagues and Christian Endeavor Societies at the First Methodist Episcopal Church Sunday evening. Dr. Wilder is a man of great experience and is widely known as one of the seven founders of the Student Volunteer movement.

Mr. Wilder is on his way from Chicago to California and is going to be in Tacoma for a few days only. Later in the season he will again visit Tacoma and be at the College of Puget Sound for a short time.

Every student of the college is invited to attend this meeting. The church is situated at South Fifth and Kay Street.

CHARACTERS IN FICTION AT PUGET SOUND

The Man who whirls around suddenly with a look half serious, half mocking.—Dean Henry.

The Girl who feels her neck and face flush crimson under his glance.—The dumb co-ed.

The Man who says cordially, "It's my treat."—"Brick" Carson.

The old butler who treats one with deference.—Alden Thronson.

The Man who is dressed in conventional black and white.—Jesse Jensen.

The detective who says, "Why, it's as plain as the nose on your face."—Paul Soper.

The Lawyer who puts the tips of his fingers together and says, "Ahh"—Prof. Topping.

The character who says "Humph!"—Bursar Robbins.

The character who, when embarrassed, says "Er, Er, Er."—Al Wetmore.

The man of the world who says "Great Scott!"—Mike Thornly.

Gloom has been settling upon the school for the last few days when the announcement was made that Gordon Tatum, high point man of the interclass meet was home ill with stomach flu. Whether or not he will be well in time for the meet is not known. Following the string of hard luck that has hit the team came the news that Frank Wilson also a star of the interclass meet, was home with a sprained foot sustained in competition last Thursday. The freshman sprinter, Gordon Smallwood has withdrawn. Herold Wade, pole vaulter and high jumper of no mean ability who hurt his leg a few weeks ago has again appeared in a suit and may be available against the northerners.

That the British Columbia men have some real stars is shown by this extract taken from their publication:

"The men chosen to represent the Blue and Gold in the dual clash with Puget Sound are: Sprints, Warren and Yip; middle distances, McWilliams, Mottley, Burgess; two-mile run, Selby, Taylor and Balmer and Barton; high jump, King and Newcombe; broad jump, Yip and Taylor; weights, Pottinger and Whitworth; hurdles, Newcombe and King.

With such a lineup of stars, B. C. is expecting to gather in the grand aggregate. Warren and Yip can be counted on to run close to 10 in the sprints, and around 22 in the furlong dash.

"In the middle distances there is a wealth of material. Mottley and Burgess are hoping to do 53 seconds or better in the 440 yards as they are not capable of 52 this early in the season. In the half and mile McWilliams proved himself to be a real star last Saturday when he ran the 880 yards in 2:02 and a fraction, and then came out to win the mile with ease in 4:40 4-5.

"He should run 4:35 or better if he is pressed. Selby is a new-comer in track circles, but he has shown marked ability. Barton will be the hope in the two-mile run since he knocked 25 seconds off the three-mile record on Saturday, doing 16:12. Balmer has not hit his form this season, but will be at his best in two weeks. King and Newcombe will bear the burden of the attack in the high jumps and hurdles, while Pottinger and Whitworth will have the weights. In the broad jump Yip is hoping to do 22 feet."

The men who will represent Puget Sound are probably:

100 yd. dash—White, Booth, Tatum, Hannus; 220 yd. dash—White, Norton, Pugh, Hannus; 120 yd. high hurdles—Hannus, Booth, Carruthers; 440 yd. run—Tatum, White, Norton, Weisel; 2-mile run—Van Patter, Lindstrom; 220 low hurdles—Hannus, Booth, Pugh; mile run—Fassett, Manning; half-mile run—Cattilo, Weisel; pole vault—Wade, Carruthers, L. Wilson, Aldrich; 16-lb. shot—R. Brown, Frank Wilson, Kepka; high jump—Tatum, Wade, Carruthers and Pugh; discus—Shaw, F. Wilson, Kepka, Platt; javelin—Shaw, Wilson; broad jump—Hannus, Tatum, Pugh.

DRAMA CLUB PREPARES PLAY FOR LEAGUE

"The Travelers" by Booth Tarkington will be given by the Dramatic Club for the Drama League at the Little Theater on March 25.

The members of the cast are Mr. Roberts, Arnot Hendel; Mrs. Roberts, Vella Tolles; Jesse, their daughter, Alice Oksness; Mrs. Slidell, Constance Thayer; Freddy, her son, Paul Soper; pallid man, Jesse Jensen; pallid woman, Marliou Bechaud; foreigner, Vincente Villafuerte; chauffeur, Tony Stella.

There will be three one act plays given at the college on March 22 and 23.

In Our Realm of Society

ALTURIAN LITERARY SOCIETY

St. Patrick was honored at the Altrurian Literary Society meeting Monday. James Boze related the life and difficult task of this Scotch missionary in Ireland.

Mark White described the beautiful lakes of Killarney and told some myths connected with these lakes. A brief outline of the work of Sir Thomas Moore, Irish poet, was given by Alice Weimer. Mrs. Baker revived old memories with her medleys of Irish music. Minnie Bloom told some Irish folk lore and showed that these fanciful beliefs, strange as they may seem, help to keep the people young.

In the extempo speech, "Kissing the Blarney Stone," Inazetta Feraglia reminded us that we had evidently all had this experience. The other extempo, "Irish Heroes," was discussed by Mike Thornley.

KAPPA SIGMA THETA

The Kappa Sigma Theta sorority members were entertained with a delightful program by the pledges last Wednesday afternoon in the home of Elsbeth Scheibler on North Cedar Street. The program, centering on St. Patrick's Day, included a vocal duet by Elva Belfoy and Leonora Bloomquist, an Irish jig by Gertrude Hess, a paper on the "Life of St. Patrick" by Rosalie Robbins, a piano solo by Susie Phelps and a paper on "Irish Folklore" by Doris Wilson.

Following the program a delicious spread, carrying out the St. Patrick's Day motif of green and white, was enjoyed by all the girls even the pledges who have inherited the dish-washing honor.

LAMBDA SIGMA CHI

The Lambda Sigma Chi Sorority spent one of the most interesting weekends in its history at a house party at Camp Sealth on March 13 and 14. Most of the girls together with Miss Budd and Mrs. Hague left on the 6 o'clock boat Saturday morning. The others joined them in the afternoon.

A great number of the pledges had the extreme pleasure of feeling the cold waters of the Sound by falling in.

A feature of special interest was the humorous and varied program of the pledges given Saturday evening and followed by a most enjoyable spread.

On Sunday evening the group returned home.

DELTA ALPHA GAMMA

The regular meeting of Delta Alpha Gamma was dispensed with

on account of the dinner which is being given by the pledges for the old members Friday evening. The affair is a progressive dinner, the first course being served at the home of Mary Glenn the second at the home of Helen Jensen and the third at the home of Delona Calahan.

SIGMA ZETA EPSILON

The Sigma Zeta Epsilon fraternity take great pleasure in announcing the pledging Tuesday of Walter Anderson, Elmer Austin, Amos Booth, Fred Caruthers, Onie Hannus, Jesse Jensen, Bert Kepka, Addison Chauncey Shaw, Crawford Turnbull and Vernon Votaw, also one or two others whose names have been withheld until a further date for various reasons.

The pledging ceremony was held in the home of Clinton Hart on North Cushman Avenue on Thursday evening. Mike Thornley, the president of the Sigma Zets presided over the pledging rituals and presented the pins to the new pledges.

LADIES OF THE SPLINTER AID PI KAPPA DELTA

As a means for raising funds for the National convention delegate from this school, the Ladies of the Splinter are asking that students donate cakes, cookies, or other delicacies to the cause for sale, the proceeds to be used by Pi Kappa Delta.

The Ladies of the Splinter have volunteered to sell the cakes if enough are donated. The donors are asked to bring their gifts to school Tuesday, March 23.

The honorary debate fraternity is in need of the help. They are in danger of losing their chapter if no delegate is sent to the convention. This would be a great misfortune to the school and to the students interested in debate.

MRS. EMMONS SINGS NEGRO SPIRITUALS AT CHAPEL

A most unusual and beautiful program was given in Chapel last Monday by Mrs. Eugene Emmons, a Tacoma soloist of great charm. As the first number of her group of songs she sang William Jennings Bryan's favorite hymn "I'll Go Where You Want Me to Go, Dear Lord."

As her main numbers she sang several negro spirituals. Her singing was greatly enjoyed. She was introduced by Senator Davis.

Baseball at Puget Sound

(Continued from page 1)

over big in its second year and did probably more than any other sport to raise the athletic reputation of the College.

The fall of 1924 saw the college moved onto its new and present campus. The football team was greatly handicapped on account of poor practice grounds. An athletic field had been planned, but was being graded. When spring came and the first baseball call the athletic field was rough and stony and unfit for any sport. Through the constant efforts of Coach McNeal and players and assistance from the administration a diamond was finally levelled off, sprinkled with clay and rolled, with the result that before the season had gotten far underway the Loggers had one of the fastest diamonds in Tacoma. A fair schedule of games was arranged due to the performance of the team the previous year. Practice games were easily won and then two close ones from Camp Lewis annexed. The scores of these games were 4-3 and 5-3.

Then came the trip into Oregon. Willamette was met and defeated 7 to 5. The Chemawa Indians furnished the next opposition but tumbled 4 to 2. The Loggers then stopped off at Forest Grove and administered a 6 to 5 defeat to Pacific university. Then on May Day the greatest victory of all came. The University of Idaho was making its conference swing of games and dropped over to Tacoma for a warming-up party with the Loggers. The Vandals came with the reputation of being a hard hitting aggregation and one that had found the measure of Washington State college, Gonzaga university and others.

The game went 11 innings and the Loggers won 3 to 2 when Enoch sacrificed and Aldrich brought in the winning run. Blevins pitched for 10 innings and was responsible for the win more than any other one man on the team. This is but a brief history of baseball at the College of Puget Sound. A more careful study of the records will disclose many points of interest not touched on here. One feature of the Loggers' games which is fast growing into a tradition is the 7th inning rally. It has been characteristic of the majority of the Loggers games as a seventh-inning sport has accounted for many wins. All that the Loggers have done in baseball the College owes to Coach R. W. McNeal, the master of the diamond sport. The Maroon will have a successful season this year. It will

have a good team for the next two years, or until the McNeal-trained men begin to thin out and then the success of baseball must rest with the Coach who succeeds McNeal next year. Baseball, more than any other sport, will be affected by the loss of McNeal.

WRITES OF MT. TACOMA

(Continued from page 1)

which their work requires. Formerly men sought inspiration, born of the wonders of nature, in foreign lands; but now they find as much of the people will come to realize that what they have wandered afar to find, lies welcomingly before them.

Although this article seeks to use the mountain as its real subject, it is necessary to give some notice to Rainier National Park as a whole since this is the setting, or back ground of the mountain.

This National Park was established by an act of Congress approved March 2, 1899. It is a rectangle about eighteen miles square, has an area of two hundred and seven thousand, three hundred and sixty acres, and includes Mt. Tahoma, or Rainier, and all its approaches. The land was withdrawn from the two million, one hundred and forty-six thousand, six hundred acres of the Pacific Forest Reserve, previously created. There are only three other National Parks in the United States which exceed it in size. They are: Yellowstone, in Wyoming; Yosemite, in California; and Glacier, in Montana. One might safely say that though it is exceeded in size, none exceed it in natural beauty. For although all of our National Parks are famed for some distinctive characteristic, none claim to be the setting of so majestic a peak as Tahoma.

The road to and through the Park, to the foot of the mountain is an extraordinary engineering feat, which was planned by Mr. Eugene Ricksecker, United States Assistant Engineer, who was also in local charge of the work. Sheer cliffs have been cut away, rushing torrents safely bridged, and now the tourist rides in ease and safety through beautiful scenes to Paradise Valley, the end of the road.

Loggers Sports Section

THE PUGET SOUND TRAIL

PAGE 3

The Axe --

The Loggers are meeting British Columbia in a track meet tomorrow. The northerners are expecting to make fast time if they are pressed. The only thing pressed about them will be their pants.

Bob Weisel is the only man on the present Logger squad who was a member of the winning relay team at U. of W. three years ago. He did the half then in 2:03. Repeat it tomorrow, Bob.

Mac has his baseball men out. "Horse" is warming up his famous arm in preparation for another successful season.

The tennis men ought to be out practicing. There is a hard schedule before them. Mort Johnson, how about it?

The courts are gradually assuming shape. They will be ready for use in another two weeks.

Frank hurt his foot vaulting the other day. Aside from the fact that it is a blow to the team, we are sorry to hear of it.

The Loggers have licked B. C. three times this year. Once in football and twice in basket ball. We've had our lucky three, it looks like the northerners are due to cop.

Vern Votaw, former city league star is out for baseball. He will be

CO-EDS STAGE VOLLEY BALL TOURNAMENT

TO START FRIDAY, MAR. 19

The Girls Volley Ball Team has been picked and the tournament will start in full swing Friday, Mar. 19, at two o'clock in the gymnasium. After many nights of hard and earnest practice in the gym the girls after careful consideration by Miss Helen Geiger, have been placed on teams. The teams picked are as follows:

Freshman Squad:
Lucile Philips
Lenora Bloomquist
Elva Belfoy
Josephine Day
Helen Jensen
Borghild Jensen
Gertrude Hess
Mary Glenn
Beth Pierre
Lillian Larsen

Sophomore Team:
Winifred Goff
Anna Soderman
Vivian Kruzner
Kathleen Green
Una Stewart
Kathleen Westwood
Kathrine Hammerley

Upperclass Team:
Dorothy Leatherwood
Ina Hagedorn
Willabelle Hoage
Ruth Sherrrod
Cora Tallas
Cora Tallas
Helen Olsen

The games scheduled for the tournament are:—
Fresh. vs. Soph.----Wed. Mar. 17
Fresh. vs. Upperclass.---Fri. Mar. 19
Soph. vs. Upperclass.---Mon. Mar. 22

Aside from announcing the teams and game schedules another thing of great interest to the girls was the announcement that they will be awarded numerals. The numerals will be three inches high and maroon and white in color.

At the end of the year six letter "P's" will be awarded to the girls who have shown the best sportsmanship, for appearing neatly dressed on the field or court, for promptness and regularly turning out for practices and last the ability to play the game. This is something very worthwhile to work for and will tend to raise the standards of the game and much more interest will be shown.

a valuable addition to the nine.

Wade is back in the running, which helps our chances in the jumps.

If only the faculty could be used, what a wonderful weight man Mac-Millin would make.

After the successful co-ed vs. faculty volley ball game we are all for a track meet between the girls and the teachers or how about a football game?

At last the freshmen have come thru with a win over their older opponents. The first year men certainly were the cause of giving the sophs a good bath. The track meet score was decisive, too.

Mabel: Have you any cold cream?
My lips are terribly chapped.
Marge: My dear, who were the chaps?—Chaparral.

4:00—Half-mile run.
4:15—Half-mile relay.

SEVERAL MEN LOST FROM LAST YEAR'S SQUAD

The first call for Logger baseball men was made Monday of this week. The veterans who are out limbering up are Blevins, pitcher; Schwarz, first baseman; Aldrich, catcher; and Ginn third base. Three new men, Frank Wilson, Kepka and Votaw are working for the infield positions. Wallers and Jenne, both new pitchers, are working hard for a place on the squad. Beck, Booth, Roen, Swanson and Shaw are also out making their first attempts at college baseball.

The second base and two outfield positions will be hard to fill. The loss of last year's second base star, Peterson and two good outfielders, Falconer and Thorniley, will be keenly felt by the Loggers.

Coach McNeal's opinion concerning another successful baseball season for C. P. S. is quite promising. "Mac" believes that this year's team will be just as good, if not better, than last year's squad. The success of the Logger nine this year depends very much on better batting and pitching than that which was exhibited last year. As for the defensive playing, "Mac" hopes that the same high standard of defensive ability will be present in this year's team work as it was in last year's games.

Norwegian Wins Indoor Athletic Championship

CHARLEY HOFF SHATTERS WORLD'S RECORDS

Chaley Hoff of Norway, shattering two world's records, captured the world's indoor all-around athletic championship last Tuesday, defeating Emerson Norton of Georgetown.

The slim debonair Norwegian displaced the broad jump standard with a leap of 23 feet 7 3/8 inches. Hoff finished the seven event competition with a grand total of 6,8853 points. Hoff took the 60 yard dash, broad jump, hurdles, pole vault and 400 meter run, while Norton won the remaining two events, the shot put and high jump.

MISS VAUGHT PRESENTS PUPILS IN PROGRAM

Miss Dorothea Vaught, instructor of public speaking at Puget Sound, presented a group of her pupils in a program of readings Thursday in the auditorium of Jones Hall. The program, which was given in the afternoon before the Men's Glee Club concert, was open to the public and a good-sized audience enjoyed the selections given. Among those who took part in the program were several students of the college, among them Gordon Samuelson, Carmelita Esteb, Viola Jordan and Arnot Hendel.

The reading consisted of humorous and classical selections. Of special interest was one that had been written by Miss Vaught and entitled "Johnny."

He looks profoundly philosophical. Maybe he's thinking.—Wampus.

Y. W. HAS MUSICAL PROGRAM

A program which was arranged by Una Stewart was given at the Y. W. C. A. Tuesday in the Y. room, and was opened by a piano solo by Kathryn Hammerly, who played the "Barcarolle."

A reading, "Ma and the Ouji Board" was given by Wilma Zimmerman and her number was followed by a short talk on "Progress" by Miss Hellar, the Secretary of the Northwest Association.

A violin duet was played by Mary Kizer and Mary Van Sickle, their number being "Where My Caravan Has Rested." "Tit Willow" from the Mikado served as an encore.

Announcements concerning the discussion groups and the volleyball games concluded the meeting.

Evolution is slow and it may be years and years before balloon trousers are pulled on over the head.—Illini.

SHOPPING NEWS

The purpose of this column is to create a keener interest, among both advertisers and students in the possibilities of student advertising. In this way it is hoped to provide a more direct merchandising contact for Collegian advertisers.

ANOTHER SPORT DEVELOPS

The year 1925-26 is a memorable one in many respects. It is replete with unusual occurrences that are of great importance in the history of the school. One of the more important ones is the formation of a conference for small colleges, in which the College of Puget Sound has entered. This event is of great importance because of the wider range that the college will have for its athletic prowess.

Another event of interest is the opening of relations with the University of British Columbia. The two schools have the warmest feeling of mutual regard and friendly rivalry and both hope that it may be continued.

Far from being the least in importance is the decision of the Board of Trustees to continue the program for the enlargement of the college. The College of Puget Sound will soon be taking on the aspects of a large and established institution.

The latest addition to the features of Puget Sound is the track team that will meet the University of British Columbia Saturday afternoon in the Tacoma Stadium. For several years the athletic department has tried in vain to attract enough men out to make up a team that could represent the institution on the cinder path. Coach Seward has by hard work, succeeded in developing a representative bunch of material that will do the college credit when it participates in contests against other schools.

OUR GLEE CLUB

Puget Sound's Glee Club is at last a reality. Their performance Wednesday evening was worthy of any musical organization. The program showed talent and much preparation and was well received by the audience.

In the future the Glee Club should be as great a factor in the promotion of the school as our athletic teams. In the past few years our school has lacked this important means of putting our school before the public eye.

Mr. Hanscom and the members of the organization are to be congratulated upon the success of their year's work.

ON COURTESY AGAIN

Dr. Weir's criticism of deportment during chapel period was well made last Wednesday morning. Students would do well to remember that they should pay as strict attention to the courtesy they show the speaker as they do in their personal relations with acquaintances. On some occasions one would judge that the Puget Sound chapel was an assembly of young children if they took stock in the fashion that the students have of carrying on a steady flow of conversation and small talk while the speaker is making an effort to be heard above the clamor.

This criticism is only one of the many that are made regularly but the fact still remains that we are as discourteous as ever in spite of the tiresome repetition. Let us try to show the speaker more consideration than a group of children would who are trying to listen to some message that is going clear over their heads.

RADIO AIDS ASTRONOMY COURSE LECTURE

Astronomy by radio is being taught by Professor O. I. Dustheimer of Baldwin-Wallace College. The series of lectures which he is broadcasting over Station W. E. A. R., of Cleveland, Ohio, are on the following subjects: "A new Perpetual Calendar," "Venus as an abode of Life," "Easter," "Habitability of Mars," "Our Sun and Others," and "Biblical Astronomy." The first of the series was given January 22 at 7:45, Eastern Standard Time.

LATEST SCANDAL!

The truth will out! With many blushes and excuses Elverton Stark attempted to evade the terrible accusation. Tuesday last found the

aforsaid young man an occupant of the sewing room on the second floor. Can it be that our blossoming young debater has deserted the field of oratory to take up home economics? At such a tender age to have such mature ideas! What a sweet picture our young hero would make gracefully plying a needle! If such is his intentions, we wish him every success in his new occupation.

A farmer just arrived in town was walking across the street and happened to notice a sign on a hardware store, "Cast Iron Sinks."

He stood for a minute and then said: "Any fool knows that."

—Parsons Portfolio.

PUGET SOUND PERSONALITIES

CLINTON HART

A man apparently so innocent that the reporter was unable to discover anything of interest in his past is the subject of this issue's sketch. The reporter dug around in all the dusty archives of the college for days and days, but it appears that Clinton never did anything that would be worth printing.

Our hero was born in Tacoma. Some might think this a remarkable event, but it is rather common. The date of his arrival, was Nov. 3, 1903. From Professor Hanawalt we learn that this means that Clinton is another of those who are old enough to vote for or against people. After passing rapidly through Franklin Grade School, Clinton came to Stadium High, from which he graduated in 1922. While at Stadium he was active in glee club work and was also a member of the stage crew of the high school.

Then, in the fall of 1922 Clinton came to the College of Puget Sound. Here his training in high school stood him in good stead, as he has been a member of the college Men's Glee Club in all but his junior year, when he was too busy for it.

Besides being in the glee club in his freshman year, Clint was elected treasurer of the Freshman Class. Later in the year he pledged Sigma Zeta Epsilon fraternity.

In his junior year we find our hero president of Sigma Zeta Epsilon, music manager of the Associated Students and stage manager for the All-College Play of that year.

In his senior year Clint has kept up the good work. He is acting as stage manager again this year, is a member of the Varsity Quartet of the glee club and is assistant manager of the Associated Students. This means that, next to Prof. McMillan, Clint has charge of all the funds of the student body of the college. This has kept him busy this year, and he often greets his friends with remarks like "Well, well, 48 times 15 is, say, how are you, 15 times 48 are—" and other statements of a similar nature.

As we stated before, Clint has, to all outside appearances, led almost a perfect life. The only scandal that we could unearth in his past is the fact that once upon a time, several years ago, he was arrested and fined 50 dollars for making haste too rapidly with his car.

We might add that there is a very pretty girl's picture now resting upon the desk at which Clint does all of his powerful mathematics. However, it would probably be better if we did not, so, for Clint's sake, we will not mention the above fact.

nature of the memorial. A large gateway to the playing fields or a pair of towers on the Yale bowl have been considered.

A new ruling has been put in effect at the University of California requiring residents of the state and alumni not in the school to pay a \$6 fee to use the library.

Southern California is planning to put a golf course on the campus. At the same time the announcement is made of the formation of the University Golf Club and the acquisition of a professional as instructor.

Regulated Skating

Some people on this campus have been talking about skating to school. The following article is taken from the O. A. C. Daily and shows what may happen when the students take up a fad.

"When a fad grows beyond the bounds of a fad and becomes a menace to public safety and a detriment to the community, action must be taken to control it.

"Sidewalks were originally intended for pedestrians. Of late, however, the skaters have been monopolizing them. Also classes have been disturbed by the shrill clatter made by the skaters. Then, too, many skaters themselves have been injured. Rapid deterioration of the sidewalks most used by skaters is noticeable.

"When persons become so reckless as to cease to take proper care of themselves and have proper regard for rights of others, someone else must do it for them. Authorities do not aim automatically to forbid skating, so an area has been reserved for the fadists in which they may indulge in their favorite pastime."

SHERMAN, CLAY & CO. FOR MUSIC

Sheet music, also

NOT ONLY do Sherman, Clay & Co. carry sheet music, but also music books, music rolls, music stands, librettos, biographies, dictionaries, metronomes, and nearly all of the accessories that musically-inclined people can possibly desire.

Whatever you need we have, or will promptly and economically get it for you.

Sherman, Clay & Co.

From Other College Campuses

A club, fraternity, sorority, or society exists on the University of Washington campus for every 25 undergraduate students. There are 41 organized houses for men and 27 for women.

To acquaint the student body with some of their noted graduates the University of Washington daily is publishing a series of articles about their graduates.

The University of Washington debaters won a double victory by defeating Whitman at Seattle and Washington State at Pullman on the same evening. The question used was the organization of all national defence under one department with three co-ordinated divisions.

The audience rendered the decision in both cases.

The University of Texas has installed a lighting system on their tennis courts to permit the tennis team to practice in the evenings.

Lawrence W. Wolfe has been selected as the new coach at Linfield. He takes the place of Maurice Pettit as director of physical education. The selection is met with widespread approval on the campus.

A memorial to Walter Camp, the former football coach and man who picked the All-American teams for many years is being planned at Yale University. Several suggestions have been made as to the

The Permanence of Tacoma

WATCH TACOMA grow from year to year and you will be impressed with its permanence.

The onward sweep of the years brings changes, of course; improvements come and, in turn, give place to others. Yet, that spirit, that personality which is Tacoma, lives on.

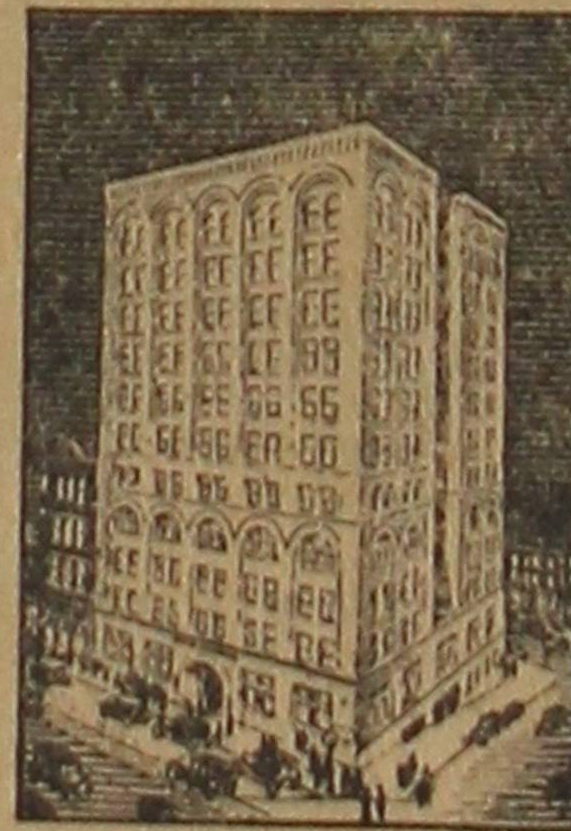

In a measure it is the same quality in the Trust Department of the Bank of California, National Association, here in Tacoma, that recommends it to those who require trust service.

You who read this message know that in the course of time you will pass on, that affairs important to those near and dear to you which now you personally manage and control, must be left in other hands.

Permanence is the prime quality you will desire of your trustee.

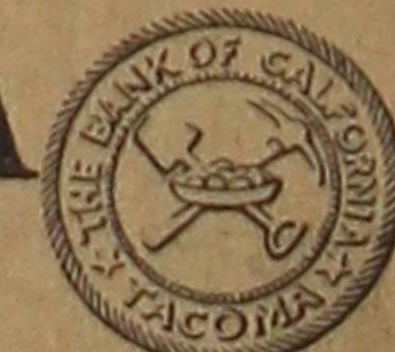

The past record and the present strength of this bank give you assurance that it will be sufficiently permanent to complete the administration of the most complicated and protracted trusts that could possibly be committed to it.

A brief chat with Mr. Robbins or Mr. Fisher will be of service to you. Won't you come in soon?
