## FRESHMEN ENTER STUDENT BODY, FINE CEREMONY

### Color Post Tradition Is Observed During the Chapel Period Thursday Morning

#### President Todd Gives Address Explaining the Purpose of Annual College Exercise

The freshmen class of nineteen hundred and thirty was formally admitted into the student body of the College of Puget Sound at the Color Post exercises Thursday morning.

The ceremony was held during the chapel period. Immediately following the ritual President Todd gave an address regarding utmost reverence to the Color Post. He told of his plan to have the Post covered by a canopy with gates. These are to be locked and opened but twice during the school year—when the freshmen are admitted to the student body and when the seniors leave their alma mater. Pres. Todd also asked that whenever students pass the Color Post they will pass in the significant way in which the freshmen are instructed when they are admitted to the student body.

President Todd stated that the Color Post meant more than simply entrance to the student body of the College of Puget Sound but a student body of institutions of higher learning. All colleges have some sort of inauguration, he stated, whether of a color post or some other tradition equally significant. Several colleges have asked him to tell them how the ceremony was conducted but he has refused as he wishes it to be strictly exclusive and distinguished, he said. President Todd expects sometime to have the ceremony printed in exact form and copyrighted.

Alison Wetmore, graduate of the class of twenty six, presented the last side of the post, the side left vacant by the class he represented, the freshman class.

The ceremony was conducted by Harold Huseby, President of the student body, assisted by the presidents of the various classes as follows: Wendell Brown, seniors; Jordan Tatum, juniors; Walter Anderson, sophomores and Meridith C. Smith, freshmen.

## TURN IN NEWS OF ALUMNI

The College of Puget Sound has a larger alumni than many of us realize. This is no doubt because most of our alumni are no longer in close touch with the college. Some are now attending other institutions and perhaps cannot be expected to take a great interest in Puget Sound. Nevertheless, the Trail often receives bits of information concerning even students who graduated many years ago and are now in distant states or foreign countries. Needless to say, it is always interesting to Puget Sound students to hear news of some alumnus who is doing a useful and important work.

The Trail is always glad to receive any items of news in relation to the alumni of the College. Often students now attending Puget Sound can furnish such information. Perhaps you know of some alumni member who ought to be in touch with the College. The best way he or she can do this is by subscribing to the Trail and reading it every week. Remind him of this and turn in his name to The Trail circulation manager.

## DRAMA OUTLOOK IS FAVORABLE

### First Program to Be Held on Night of Oct. 29

The outlook for dramatics at the college for the coming season is especially favorable. With the addition of Professor C. Sheldon Holcomb, head of the Department of Public Speaking, new interest has been aroused in things dramatic.

Professor Holcomb is a very interesting man. He has written several plays and has had a great deal of experience in coaching productions. For a time, Mr. Holcomb was assistant to Dr. Curry, the head of the Curry School of Oratory in Boston.

Mr. Holcomb is very much interested in the College and its dramatic work. He announces that his play production class in conjunction with other organizations, will present several one-act plays sometime during the fall. The annual all-college play will come during the spring as usual.

The play-reading committee is already working on suitable material for the all-college play. This committee is composed of Professors Holcomb and Keneau, and Edith Jones and Wendell Brown are the student members.

Theta Alpha Phi, the national dramatic fraternity on the campus, will assist Professor Holcomb in his work. Wendell Brown is the only member of this chapter at present but there are some other students who will be eligible before long.

Miss Edith Jones is the newly-elected dramatic manager. She is very enthusiastic about her new position and is very confident that her department will be a success. She has already planned a very interesting schedule for the year. The first program will be an all-college night, October 29. Crawford Turnbull has charge of the ticket sale.

## LIBRARY ADDS 100 NEW BOOKS

### Thirteen New Magazines Have Been Subscribed for

Within a week the library at Puget Sound will have been increased by about 100 new books, including volumes on all subjects. These were ordered during the summer, and the list includes many books suggested by the faculty as those which would most help in their courses.

Besides the books, thirteen new magazines have been subscribed. With this addition to the magazine shelves, students will have no difficulty in finding the latest material on all current topics. A list of the magazines follows:

Asia, Colliers, Elite Styles, Expositor, Good Furniture, Homiletic Review, Journal of Geology, Petite Illustration, Playground, Readers Digest, Contemporary Review, American Mercury, and World Tomorrow.

## REGISTRATION IS 457 AFTER FINAL ENROLMENT DAY

### Men Lead With 231 Enrolled; Women Have Only 23; Freshmen Have 208.

#### Sophomores Have 134, Juniors 53; Seniors, 36; Increase of 70 Over 1925

The final registration figures issued Wednesday by the registrar's office showed a gain of over 50 students since the initial registration in September. The total of the school is now 457, an increase of 70 over the total enrollment for the first term of last year. No more new students will be enrolled for the remainder of the term.

The total of men and women in the school is nearly equal. In fact, all the women have to do is to go out and hunt up eight more of their number in order to have the majority. At present, however, their total of 225 is 7 less than that of the men, which is 232.

The large number of men in the freshman class has increased considerably since the term began and there are now 126 men as against 82 women. This seemingly overwhelming balance, however is taken care of by the large number of sophomore women who have 86 of themselves to show against the 48 men. This difference in the men partially accounts for the victory of the class of '30 in the scrap and bag rush.

As might be expected, the upper class enrollment is rather low, especially that of the seniors. 53 juniors and 33 seniors make up the list of upperclassmen.

About half the students enrolled here now are new to the institution, 215, to be exact, while considerably more than that fraction are residents in Tacoma. Only 132 have come from out of town, over 300 being regular Tacomans.

As registration is now closed, these figures will probably stand until February. The complete class statistics are as follows:

Seniors: total 36; men, 17; women, 19; old, 35; new, 1; resident, 26; non-resident, 10.  
Juniors: total, 53; men, 27; women, 26; old, 50; new, 3; resident, 39; non-resident, 14.  
Sophomores: total, 134; men, 48; women, 86; old, 121; new, 13; resident, 92; non-resident, 42.  
Freshmen: total, 208; men, 126; women, 82; old, 21; new, 185; resident, 139; non-resident, 67.  
Specials: total, 26; men, 15; women, 11; old, 9; new, 17; resident, 22; non-resident, 4.

## Puget Sound Students Practice Teaching

### Take Charge of Public School Classes

Practice teaching is one of the most interesting things a person can do. The person who does this—and there are 43 of them at Puget Sound now—takes charge of regular classes in the public schools and teaches definite assignments. In each case she has the supervision and advice of the teacher in charge, however. Those who teach in night school, who are entirely on their own responsibility.

These are generally called cadet teachers, not because the name is appropriate, but for want of a better name. The word "apprentice" is used in England, but it refers

## TEACHERS ENJOY SUMMER IN MANY DIFFERENT WAYS

By Millby Stutz

While most of the members of the Puget Sound faculty spent the summer teaching or working for degrees, many of them found time to enjoy the many resorts and fine highways of this beautiful country of ours.

Miss Geiger had only two weeks, but during that time she went to California. This statement includes a great deal, as most of us who have visited California will testify.

Dr. Simmons completed a financial campaign at Bar Harbor, and then made the trip west by automobile, attending the Sesquicentennial Exposition at Philadelphia. Coming here by way of the Columbia River Highway and Portland, he stopped in Salt Lake City to study the Mormons at first hand.

Dr. Martin was field secretary for the College and spent the summer collecting money.

Miss Crasper attended the University of Washington, after which she took a walking trip in the Olympics with the Mountaineer's Club, finishing by coning down the Quinault River in a canoe.

Prof. Topping did special work in the east, and later spent a month in a camp on an island in the Ottawa River.

A motor trip through Idaho and Montana with two weeks spent in and about the mines at Coeur d'Alene, was enjoyed by Prof. Hanscom.

Three weeks devoted to necessary work about the house comprised Dr. Weir's vacation. He also did some reading and "a limited amount of loafing," to use his own expression.

Senator Davis taught summer school. Then, after presiding over the State Hoosier Reunion, he visited his home in Indiana.

Professors Slater and Regester enjoyed a trip to Banff and Lake Louise. They also went to Calgary, Alberta, Glacier National Park, Yellowstone National Park and other interesting places, and then home by way of the Columbia River Highway.

Professor Henry went to Lake Chelan by automobile, and later up the north side of Mt. Tacoma.

While he went to Hood Canal and Portland, it happened that Professor McMillin did some minor repairing on his automobile. This led him to say that what he did on his vacation would not be good material for publication.

After taking his Ph. D. degree, Dean Lemon motored from Iowa City, Iowa, to Tacoma, via the Columbia River Highway and Portland.

Miss Renuau taught summer school, as did Miss McIntosh who taught in Santa Barbara, where va-

(Continued on page 2)

## ABOUT EXTRA COPIES OF TRAIL

Students have been coming to the Trail office regularly and asking for extra copies of the paper, perhaps to send to their friends or to send home. This is permissible occasionally, if the paper is sent out for advertising purposes to a prospective student or to some high school. But we wish to remind the students that only one subscription is included in the price of each student body ticket. The regular subscription price is seventy-five cents, or one dollar by mail. If you wish an extra copy of the Trail why not take out an additional subscription? This is only fair to the rest of the students, who receive only one copy.

Some of the students have subscribed to have the Trail sent to their homes or to friends in another city. It would be well for more students to do the same. Sometimes we have extra copies left after the mailing list and exchanges are taken care of. If you know of any high schools that you think should be receiving the Trail please notify Hale Niman, the Circulation Manager, and a copy will be sent regularly to the school, if we have not already done so.

## 2 GLEE CLUBS NOW ORGANIZED

### 24 Women and 22 Men Make Up Two Organizations

The tentative lists of both the women's and men's glee clubs have been made up this week and rehearsals are under way. Professor Hanscom is in charge of the two organizations.

The women include: Alice Rockhill, Lucille Davenport, Alice Gartrell, Edith Jones, Dorothy Magee, Mary Crosby, Mary Kizer, Lois Berringer, Frances Martin, Elizabeth Jones, Martha Hawksworth, Dorothy Henry, Viola Jordan, Neva Bailey, Dolly Feroglia, Genevieve Bitney, Mary Van Sickle, Vera Crall, Thelma Westley, Beatrice Bemis, Grace Ramey, Pauline Voelker, Jessie Munger, and Inezetta Feroglia. Helen Ohlson is the accompanist.

The men are: Lloyd Hague, Lowell Wilson, Seaborn Smith, Earl Helander, Franklin Johnson, Donald Searing, Dale Ginn, Leo Durkee, Elverton Stark, Robert Miles, Jack Naess, Wendell Brown, Walter Anderson, Arthur Siegrist, Fred Caruthers, Earl Poolton, George Durkee, Preston Wright, Ralph Brown, Fred Henry, Wendell Jones and John Gardner. Paul Armour is the accompanist.

## A. S. PRESIDENT GIVES ANNUAL CHAPEL TALK

### Says That Loyalty to Whole School Should Come Before Loyalty to Groups

Harold Huseby, president of the A. S. C. P. S., gave his annual address before the student body at chapel Monday morning. The devotions were led by Franklin Manning, debate manager.

Mr. Huseby's address was part of the matriculation exercises although the president's address usually follows the color post exercises rather than precede them, as it did in this case.

Mr. Huseby said that people should strive for world citizenship and likewise, that members of the student body of Puget Sound should be citizens of the whole school rather than citizens of a small group. In discussing the greatest barrier to world citizenship, he placed war first, narrow patriotism second, and race prejudice third.

Mr. Huseby continued to say that a true citizen of the College of Puget Sound should think of the whole school and should make loyalty to the college come before group loyalty. The attitude of the individual controls the attitude of the group, therefore, if our student body is to have cheerfulness, gentleness and good will toward others, each member must have the same attributes himself.

## HUSKY CONQUERS LOGGER IN GREAT GRIDIRON BATTLE

### Final Score of Contest Is 33 to 0; "U" Doesn't Score for 29 Minutes.

#### Puget Sound Shows Up Well in First Game of Year for the Local Squad

Looking the best for the first game that any College of Puget Sound team has looked for years, the Loggers lost a tough struggle to the University of Washington, 33-0. A listless Purple Tornado that had played anything but football against the Bearcats earlier in the afternoon got going in the last half of the Puget Sound game and showed some of the form that had made them Coast Champions last year. The introduction of Louis Tesreau into the second game seemed to put punch into the Huskies and they played a first class brand of football. Tesreau was carried off the field in the fourth quarter after LePenske and Wilson had stopped one of his spectacular runs.

The Puget Sound squad showed that they had championship possibilities in them when they carried the game to the Huskies in the first quarter and advanced the ball to the opponents' 30-yard line. A bad pass from center hastened "Boody" Messener in his place kick which fell short. The rest of the first period was spent in midfield. With the beginning of the second quarter the University, by the use of off tackle plays and passes, steadily pushed the ball to the Maroon goal. However it wasn't until 29 minutes had been played of the first half that Puget Sound was scored upon. The Husky scored on Willamette in 22 minutes.

In the last of the game the Purple Tornado unleashed its attack and whirled down the field with a series of ground gaining off tackle plays and distance-auduballing passes that scored four touchdowns for them before the final whistle. The University machine was directed by Johnny Geehan, a Tacoma boy, who proved himself to be of first team calibre.

For Puget Sound Browning, Ganero and Gillhan starred. Gillhan directed the team in the manner of a veteran and gave proof of the qualities that made him an all-star choice. Not once while he was playing safety did a man get by him. He was dead sure on his tackles and exhibited some pretty running back of kicks. Frank Wilson took the brunt of the booting honors for Puget Sound and held even with the Husky. Browning and Ganero worked side by side and presented a stone wall to the opposition. Leroy was injured soon after the second half started when he dove under and broke up a "U" wedge.

SMITH AT NORTHWESTERN  
Bronson Smith is taking Y. M. C. A. work at Northwestern and some work at Garrett Biblical Institute.

## CHAPEL PROGRAM

Directly following the 9:30 bell, the pianist will strike a chord. The faculty will enter from the wings. The students will rise and sing "Alma Mater." All will then be seated.

Announcements.  
Hymn, assembly standing.  
Prayer, assembly standing.  
All will resume seats.  
Scripture Reading.  
Remarks.

Order of Dismissal: The President, Dean, or the one who is in charge of the chapel service, will give a signal to the pianist. The pianist will strike a chord, upon which all will rise.

The order of exit will be: Faculty, Seniors, Juniors, Sophomores, Freshmen.

The students will pass out of their rows, alternating in directions, the middle section using the two middle exits, and the side sections the two outer exits respectively. Four ushers will be appointed to direct.

## OTLAH TO STUDY MODERN POETRY

Modern Poetry is the subject chosen by the Otlah club for their study this year. This list will include only living poets of prominence. Instead of dividing the program among a group of girls one girl will take charge of an entire meeting. They intend to meet one Monday each month at 3:30.

## CALENDAR

Friday, October 8  
Woman's Glee Club rehearsal, 12:05, room 15.  
Monday, October 11  
Men's Glee Club rehearsal, 12:05, auditorium.  
Literary Societies, 7:30 p. m., Jones Hall.  
Dramatic Club, 12:05, Room 114.  
Tuesday, October 12

Thursday, October 14  
A. S. C. P. S. meeting, 9:45, auditorium.  
Men's Glee club, 12:05, auditorium.

**PUGET SOUND DRAMATIC CLUB HOLDS MEETING**

Club Fosters Dramatics on Campus and Interests Students in Plays

The Dramatic Club of the College met Monday afternoon. Miss Edith Jones acted as chairman in the absence of the president.

There has been much discussion concerning this club. Some have thought that its work is being duplicated by Theta Alpha Phi and the play production class. These last two organizations are exclusive, however, and do not include freshmen. One of the purposes of the Dramatic Club is to foster dramatics on the campus and to interest all students in plays and play production.

There will be another meeting next Monday at 12:05.

**"OVER LAND AND SEA" AT AMPHIC**

The experiences of "Over Land and Sea" were given by several members of Amphictyon Literary Society at their meeting last Monday evening after a short devotional service was held.

In "Stage Coach Days" Jane Campbell brought back to life many of the thrilling experiences of the times gone by, and John Sharpe in relating "Over the Ice with a Dog Team" told many facts concerning the frozen northland.

Genevieve Bitney, Frances Martin and Alice Rockhill composed the trio which sang "A Traveler's Song," the first musical number.

"From Dugout to Ocean Liner" was the topic of David Taff's speech. Vera Crail told about "Traveling in the Orient" after which the second musical number of the program was given. This was "On the Wings of Sound" a trombone solo by Donald Searling.

"Above the Clouds" by Wendell Brown and a "Toonerville Trolley" stunt with Grace Eddy in charge concluded the literary part of the evening.

**WORLD, THEME OF PHILO'S PROGRAM**

A very large topic "The World," was the main theme of Philo's program. Monday evening, October fourth.

Ruth Dively, Thomas Dodgson and Franklin Johnson had the first three numbers which were "Ancient World," "The World as I Know It" and "The World in Harmony." An extempo "Let the Rest of the World Go By" was responded to by Harold Huseby which was followed by Bob Burrows in an impromptu entitled "The World as I Would Like It."

The last two numbers were "The World We Live in" and "The New World" with the topics being discussed by Winifred Gynn and Jessie Munger.

**GILDA! GILDA! WE'D NEVER HAVE "THUNK" IT**

Here's a big surprise! Gilda Gray, world-famed for her dancing, and now about to make her screen debut, is a versatile young woman. Those who know Gilda, call her the best cook and most capable housekeeper in New York!

There—that's news. "Aloma of the South Seas," the little lady's first Paramount starring vehicle, comes to the Rialto on Saturday. It is a story of the tropics and gives Gilda a chance to indulge in her familiar hula-hula. Warner Baxter, Percy Marmont, Julianne Johnston and William Powell are featured. Maurice Tourneur directed.

**GAMMAS ARE ENTERTAINED WITH READINGS**

Delta Alpha Gamma met last Wednesday at the home of Miss Violet Cliff. Miss Cliff has just returned from a year's work at O. A. C. While there, she was affiliated with the national sorority, Alpha Chi Omega.

Miss Cliff entertained her guests with several readings. After the regular business meeting, refreshments were served by the hostesses of the afternoon, Mary Glenn and Ada Blekkink.

**COLLEGE ADDS NEW TEACHERS**

Miss Edwards and Mrs. Hallen Are Puget Sound Grads

Because of the large enrollment at Puget Sound this fall, it was found necessary last week to add two new teachers to the faculty.

Miss Marcia Edwards, who graduated from the college in 1925 with the highest honor, Summa Cum Laude, is teaching French and English. For some time, Miss Edwards has been a reader for Prof. Topping, and before coming here, was employed in the office of Alfred Lister at the Central School.

The other newcomer is also a Puget Sound graduate, having finished in 1917 with the honor Cum Laude. She is Mrs. Junia Hallen, teacher of English and history. Mrs. Hallen has taught in high schools in Bellingham, and Puyallup, and comes to Puget Sound from Lincoln High School here. This is her first experience with college students.

**ALTRURIAN HAS FINE PROGRAM**

To take their audience back to olden days was the object of the Altrurian Literary Society Monday evening when they presented their program of "Lands of Ancient Religion."

Before the topics were presented Elmer Austin led a short devotional service.

"Early Egyptian Religions," "Greek and Roman Mythology," "Religions of the Aborigines of the Americas" and "Religion of King Arthur's Court" were given respectively by George Ward, Alice Dahlberg, Thelma Wesley, Ruth Sherrod, and Lottie Lancaster.

A violin solo "The Rosary" by Nevin was played by Mary Van Sickle, accompanied by Margaret Patterson.

**THETA PROGRAM ON SUBJECT OF DRAMA**

The Kappa Sigma Theta meeting was held in the Theta room. The following literary program on the "American Drama" was given:

Life and Works of Bronson Howard—Lucille Phillips; Life and Works, as a Director, of David Belasco—Doris Wilson; Musical Selection—Theo Misener; Life and Works of Clyde Fitch—Ruth Scheyer; Life and Works of Augustus Thomas—Esther Rarey; The Development of the American Drama—Edith Jones.

A "surprise lunch" was served by Theo Misener and Elva Belfoy, hostesses for the afternoon.

This was followed by the regular business meeting of the sorority.

**BRILLIANT PLAYERS IN CAREWE'S LATEST FOR FIRST NATIONAL**

Edwin Carewe brings to the public a brilliant cast in his new comedy-drama for First National, "Pals First," the current attraction at the Colonial Theater tomorrow.

Lloyd Hughes and Dolores Del Rio head the acting contingent in this picture. Miss Del Rio is the beautiful Mexican heiress whose sudden rise to screen stardom is one of the nine wonders of Hollywood.

Others included in the cast are Alec Francis, George Cooper, Edward Earle, Hamilton Morse, George Reed, Alice Nichols and Alice Belcher. Carewe directed.

**NEW BABY**

Mrs. LaVerne Brannon Baker, one of last year's college brides, is the proud mother of a baby girl.

**COLOR POST IS EXPLAINED FOR FRESHMAN CLASS**

Student Body President Talks on Tradition; Class to Wear Green Caps

The freshmen class meeting held Wednesday was devoted to instruction in the mysteries of the color post exercises. Harold Huseby, president of the A. S. C. P. S., gave a short talk in which he explained the order of the ceremony and the manner in which the class should conduct itself.

President Smith of the class also explained some of the phases of the ceremony by demonstration from the platform.

Mr. Huseby made a plea to the class to observe the tradition of wearing green caps until Thanksgiving as a tradition and not as an imposition of the sophomore class. He explained that the custom was one which the class should be glad to observe and added that there were plenty of caps at the Commons for those who had not already bought them. Every freshman was urged to wear his cap at the Color Post exercises.

Reports were made by the treasurer and secretary.

**ALUM'S TEAM IS WINNER IN GAME**

Aaron Van de Vanter's Ferndale High School eleven defeated the Fairhaven High School football team last Saturday by a score of 23-0. The win was unexpected as Fairhaven is one of the large high schools in Bellingham. This is "Van's" second year at coaching and he has already made a name for himself. He is a letterman of the College of Puget Sound.

There is talk now of a Thanksgiving game between the Ferndale squad and Frank Brook's Sumner High School aggregation. Frank is another letterman of the college who has made good as an athletic mentor. He is doing all he can to get athletes to attend Puget Sound.

**FRAT ALUMNI MEMBERS ARE PRESENT AT MEETING**

The men of Sigma Zeta Epsilon met at the home of Wendell Brown last Wednesday evening for their regular weekly meeting. Several alumni members were present, including Clinton Hart, Allison Wetmore, Otis Smith, and Gard Shuler. Smith has just returned from a trip to New York and the East. Shuler is now playing at the Fifth Avenue Theater in Seattle.

The new officers of Sigma Zeta for this semester are: Wendell Brown, president; Gordon Tatum, vice president; Elmer Austin, treasurer; Crawford Turnbull, secretary; and Mike Thorniley, sergeant-at-arms. The inter-fraternity council representatives are Frank Wilson and Amos Booth.

The men of Sigma Zeta are planning a very active year and are anticipating several social affairs during the season.

**DEAN LEMON HAS FAMILY ADDITION**

The latest addition to or edition of Dean Lemon's family is Ralph Burton Lemon, the Dean's new son. He was born Monday, September 27, and weighed six and one-half pounds at birth. Mrs. Lemon is reported as doing nicely.

Besides the latest arrival, Dean Lemon has two other children, a boy 10 years old and a girl 4. The Trail joins with the student body in congratulating Dean Lemon upon the birth of his new son, and puts in a request for some of the first cigars.

**PROF. REGESTER CHAPEL SPEAKER**

Prof. Regester was the speaker in chapel last Friday morning. He spoke on the subject, "The Happy God."

Prof. Regester told of the many conceptions of God, such as the 'terrible God,' the 'stern God' and the 'almighty God.' All of these conceptions flourished before and have been common since the time of Christ. The conception of God as being a happy God did not start until after Christ's death.

Mr. Regester also spoke of the ancient Greek conception of a happy god which was personified in their god Baccus. Baccus was a god of laughter, gaiety and carousing, while our happy God is one of helpfulness and sacrifice.

**Y. W. RECOGNITION SERVICE TUESDAY**

At eight p. m. next Tuesday evening, the Y. M. C. A. will hold its recognition service in the little chapel. This is the time that all new members are officially recognized as belonging to the organization.

The service will be the same one that was used on the last night of the Seabeck Conference, and will be entirely by candle light. This year a new ritual will be used which will be handed down through the years. Miss Erma Coffman, president of the local Y. W. C. A., will be in charge of service and asks that all girls be present on Tuesday at eight p. m. sharp.

cation thrills were provided from time to time by earthquakes. College students will envy those of Santa Barbara when they learn that each time there was an earthquake, school was dismissed for the day.

Prof. Cheney taught summer school, too, but this could not have been very enjoyable, since he had to wait until two o'clock each day before eating lunch.

Miss Collins went to California in a Ford, camping out all the way. She and her friends went down by the inland route as far as Tia Juana, coming back by the coast route.

Prof. Seward studied at Stanford University, after which he visited Los Angeles. From here he motored to Tacoma.

Prof. Battin's vacation consisted of a cross-country trip in an automobile, made pleasant by occasional rain storms.

**DR. SIMMONS AND MR. HOLCOMB ARE CHAPEL LEADER**

Devotions Given by Former Latter Reads for Students

Dr. Simmons led the devotions in chapel on Wednesday morning. After the devotions, the students were entertained by Prof. Holcomb with several readings and songs.

His first reading was "Cecilia the Bears," which was followed by "If I Should Die Tonight." At the readings Mr. Holcomb sang solos which received much appreciation.

Mr. Holcomb is a very pleasant entertainer and made this chapel period one of the most interesting we have had this year.

THE PUGET SOUND TRAIL

PAGE 3

## A LOGGER WRESTLING TEAM?

Among the minor sports listed in the constitution of the C. P. S. is wrestling. A letter award of a white block "P" circular maroon background is given for the winning of intercollegiate bout. Since wrestling is a recognized sport, provisions made for it in the student constitution, Puget Sound should have a wrestling team. The material is here and is of competition is available. The Y. M. C. A. building is a good place for instruction and drill.

In the school year of 1922-23 the College of Puget Sound had a wrestling team in the running that made a good record. The team consisted of 12 men. The first meet, a triangular match between Puget Sound, Stadium high school and the Y. M. C. A. building, was held in second place. The Loggers were defeated with two falls and two decisions. In the next meet Loggers bested the Y. M. by eight out of twelve falls. The team that was finally picked from the squad consisted of: Cleo Crue, 115; Glen Brown, 135; Lewis Cruver, 145; Pete Carli, and Ralph Brown, 175. In the meet at the University of Washington the team lost 4 to 1, Lewis Cruver being the only successful Logger, winning by a fall and decision. The Loggers had their season by winning two meets with the Raymond Athletic Club by decisive scores. The letter winners were Oscar Cruver, Glen Brown and Ralph Brown.

Glen Brown, letter winner of that team of four years ago, returned to college and is anxious for a squad of grapplers to be organized. Other students have signified their interest in sport, and with the material in colleges and available, Puget Sound should be able to put out an excellent team. The sport is a very old one and then died when Claude Turley, former coach, left Tacoma. Let us revive the sport and get it back on the plane it once held.—P. W.

## LOGGER MASCOT'S SEVEREST OF TEAM'S CRITICS

Ash, 10-Year-Old Boy, Has Accompanied Team for Nearly Two Years

By "Spigot"

The most loyal rooter and the best critic that the Logger athletes has is not a member of the college nor is he a man interested in the growth of sports teams, but he is a 10-year old boy, Leo Ash is his name. For nearly two years he has been masquerading as all Maroon and White aggressor, supporting them in all of home games and accompanying them on some of their trips.

Leo is the favorite of all the athletes but that does not prevent him from "bawling" them out when they are losing. Coming home from the game this writer asked Leo if he didn't think it was a pretty good team. Leo answered in the negative and maintained that with the exception of that his men were capable of doing anything they should have won the conference.

Puget Sound pigskin artists go to great lengths to please the fans. He never misses a turnout and is as solicitous over the welfare of the team as is the coach. He intends to attend the College of Puget Sound.

## PLEA MADE FOR LARGER RESERVE FOOTBALL SQUAD

By Dale Ginn

Monday morning after chapel Coach Hubbard and Dean Lemon made an appeal for more men to turn out for football. The college needs a good sized reserve squad. We must not only think of football for this year but must look to the future. The men who are on the reserve squad now will be the varsity of a couple of years hence.

In answer to the call, about 15 new candidates were issued suits. Some of these men have had little or no football experience at all and it will take hard work on the part of the coach to whip them into a team. Coach Hubbard is especially desirous of having any men who have played some high school football come out and get into a suit. The most frequent excuse is, "I am too light for college football." This is no excuse at all, because the reserve squad will be playing men of their own weight.

The reserve squad will play four or five games if enough material is available that can make a creditable showing. The first game will be played a week from tomorrow against Stadium High if the work of the reserves will warrant it. This game, if played, will be a curtain raiser to the Puget Sound vs. Tacoma Athletic Club game.

## PACIFIC UPSETS DOPE SATURDAY

Battles Oregon to Tie Game; Loggers Show Improvement

By Sports Assistant

Several upsets figured in the Northwest conference games Saturday. One of the biggest was the showing made by Pacific University against the University of Oregon. Pacific battled its rival for four periods to end in a 0 to 0 tie. By their showing, the Badgers seem to have one of the strongest teams in the circuit.

Whitman repeated its performance of last year by losing to Gonzaga 26 to 0. The Missionaries seemed to be trilled by a jinx in the Gonzaga games.

The College of Idaho team played the strong W. S. C. squad and lost 35 to 0. Coach Hollingberry's men out-played their smaller rival, but the Idaho eleven was fighting all the time.

At Seattle two of the Northwest Conference teams fought against the Purple and Gold. The result was disastrous in both cases. In the first game Willamette held the Huskies to 28 to 0. The Oregon school has a very good squad this year; the line and backfield both being heavy.

In the second play-off the "Fighting Loggers" held the "Purple Tornado" to a 33 to 0 score. The Puget Sound men showed much improvement over last season, but there are many weak places in the

## Pacific Coast Elevens Met Real Test

Of Strength in Grid Battles Saturday

By Tom Dodgson

Once more the Coast Conference teams have been seen in action. This week some of the sport editors are dishing out the championship teams. The consensus of opinion gives Stanford, O. A. C., U. S. C., and Washington the inside edge for the Coast Conference honors.

Stanford took its game from Occidental 19 to 0. The Cardinals had to fight for their 19 points, but they still look like a pennant threat.

The weakened Olympic Club was taken into camp by the University of California to the tune of 32 to 0. Last year the Clubmen beat the Berkeley school, but they have lost many players who have turned professional. California's team did not favorably impress the critics, in spite of their victory.

A big upset in the dope came when Pacific University held the Oregon Webfooters to a 0 to 0 tie. The McEwan-coached team disappointed many of the Oregon fans, who hoped to have a winning eleven this year. The big test for the lemon-yellow school comes this Saturday when they meet the "Purple Tornado." One of the teams will be eliminated by Saturday's game.

Washington, in her game with Willamette, and especially with Puget Sound, showed promise of their

Hubbard machine that need strengthening. The Coach is rapidly ironing out the rough places, and preparing for the remainder of the season. The Washington team that went against C. P. S. seemed to be a much better squad than played against Willamette. The Maroon and White have a hard schedule this year, but show championship qualities.

## BEN CRAWFORD, 200 POUND TACKLE, REGISTERS

The entrance of Ben Crawford into the College of Puget Sound last Friday deprived the Tacoma Athletic Club of one of its star tackles, while at the same time it added a valuable player to the Maroon and White. Crawford went to Puget Sound some five years ago. He quit to go to work and has been playing football with the T. A. C. His position is tackle. He tips the scales at 200 pounds, a weight which will bring up the average of the team.

**DAVIS'**  
944 Pacific Ave.  
Service With a Smile

old time power. They still have a stone wall line and a backfield that is beginning to work together smoothly. The purple and gold should not be figured out of the running until after the Oregon game. Two years ago Oregon defeated a strong Washington team, while last year the same team gave a great Husky team one of the biggest scares of the season. The Oregon game has always been a hard one for Bagshaw's men, and this year's winner cannot be predicted.

By beating Santa Clara 42 to 0, U. S. C. has made a showing that promises pigskin followers that she will be in the running for all-coast honors this year. The Santa Clara game was the second for the Southern California school, the first one being against Whittier. In both of these games the Trojans have shown real power, but the games are not real tests of their ability, as the teams of Santa Clara and Whittier are comparatively weak.

O. A. C. is the dark horse of the Coast Conference this year. Its win against the Montana Grizzlies 49 to 0, put the Aggies in the upper half of the Coast schools. Coach Schissler's men will bear watching this season as they run through their gridiron schedule.

## BROWN, LOGGER WRESTLER RETURNS TO SCHOOL

Glen Brown, a letter winner on the Puget Sound wrestling team in 1922-23, has returned to college after four years of work in California. Brown made the wrestling team in his freshman year and weighed in at 135 pounds. He lost but one bout in five matches. He is affiliated with the Amphictyon Literary Society and is now a sophomore in class standing. Brown wants to get back to the wrestling sport and is anxious that a team be organized.

## STUDENT REPRESENTATIVE WANTED FOR COLLEGE OF PUGET SOUND

We want a student to handle the sale of "Collegiate Stationery," which is rapidly meeting the demand of the college world for personal name and address stationery of a distinctive college type. Orders are filled in a Note Size: 200 sheets, 6 in.x7 in., 100 envelopes; and a large Two-Fold size: 100 sheets, 7 1/4 in.x10 1/2 in., 50 envelopes. Selling price is \$1.25, mailed postage prepaid to individual. The student we are looking for will be interested in earning not less than \$100.00 for the 1926-27 college year. For particulars write at once to

FRESHMEN, READ THIS

Each year advice is given to the Freshmen, concerning the participation in college activities. It should not be necessary to say that this is an important part of your college career.

If you are the average student your purpose in coming to the College of Puget Sound is to prepare yourself for your life work. In your classrooms you are given an opportunity to train your mind and to learn to think for yourself.

However, it is in taking part in college activities that you learn to work and co-operate with other people; here you are given certain responsibilities that you must shoulder and, various problems that you must work out for yourself.

But take this warning! Don't bite off a "bigger chunk than you can chew." It is better to do one thing well than to do many things carelessly.

Choose the one activity in which you are the most interested and devote your spare time to that, or at most to two. The Puget Sound campus offers many lines of work.

Do not expect someone to offer you the leading part in a play or an important office in some organization. You would not expect to get a good position on the football squad without turning out diligently for practice.

THE INFINITESIMAL

The other day metropolitan newspapers throughout the world carried the following notice:

"Sigmund Breitbart, billed in circus and vaudeville programs for years as the 'world's strongest man,' died today in Berlin at the age of 42.

"Breitbart, whose exhibition consisted of pulling against two horses, bending iron bars and tearing horseshoes apart, succumbed to blood-poisoning which developed from a small nail scratch."

This article brings before us very clearly a thought that has been ignored to a large extent, namely, that little things which do not seem to be worthy of notice often have results out of all proportion to their own worth.

We are all familiar with the fable of the lion and the mouse, in which the "wee, cowerin' beasty," out of gratitude for a past favor, frees the king of the forest from a trap by gnawing a rope in which he is caught.

Life presents a great many of these acts in which the whole story rests upon the importance of the infinitesimal. Perhaps, as a recent moving picture pointed out, it is a rivet which bears the whole burden of supporting a great bridge.

We remember in the battle of Waterloo how Napoleon was almost sure of victory and sent out his cavalry, the pride and strength of his great army, to deliver the crushing blow.

And so, students, let us watch out for the little things that will effect our lives so much. Whether it be a small point in the assignment, whether it be a few cents wasted, whether it be a carelessness of our health or well-being—whatever it may be, remember the importance of the infinitesimal.

QUESTION BOX

Dear Editor: Are you sure that paste is imported from France? —C. O. D.

C. O. D.: Why sure, didn't you hear of the French paste tree?

Dear Editor: What is a cruller? —Ima Nut.

Ima Nut: A cruller is a doughnut with the cramps.

Dear Ed: I am a young girl of 19, plenty of money, and a large Cadillac, yet I can't get dates. Can you tell me what to do? —Lonesome.

Lonesome: Can best explain if you meet me some night this week.

Dear Ed: I love a certain girl, but her old man refuses to let me marry her. If she cannot be mine, I will kill myself. What do you advise? —Broken Hearted.

Broken Hearted: Carbolic acid.

Chips & Silvers

(Written in words of one syllable so that even the educated people can understand it.)

We have just been wondering what kind of a crate Elijah had when he "went up to heaven on high?"

"I draw the line at kissing," She said in accents fine, He was a football player, So he bravely crossed the line.

After Hub's speech on Monday, we've decided that the faculty is a great help to the seniors in running the college.

If a man is honest as the day is long, turn a searchlight on his night record.

Money talks, but it is too shy to be on speaking terms with some of us.

We have just heard that Prof. Slater told his physiology class the way to avoid that "run down" feeling—Stop, Look and Listen at grade crossings.

Little Q. T., the office pest, says, that gossips are the spies of life.

We hope that if any of these football heroes get broken noses, they will get them set straight, we'd hate to see them blow their hats off every time they sneeze.

There are three kinds of lies: white lies, black lies, and statistics.

Thomas Edison is responsible for most of the world's big lights.

We've just discovered why prices are teetotalers—they will not take a drop.

There's quite a difference between a level head and a flat one.

Your voices are the incarnation of music, girls.

DON'T CROWD, PLEASE

Dumbells only, read this: We had our suspicions and now we know. Thanks.

Now that we've satisfied our bloodthirsty appetite for getting a crack at everybody, it is with great grief that we separate ourself from our typewriter and travel joyfully homeward.

MISTAKEN FOR GIRL

To have his name mistaken for a girl's is the experience of Ninian Yuille, freshman in civil engineering at O. A. C. Here is an extract of a letter addressed to Miss Ninian Yuille, Oakland, Cal.

"Dear Ninian: Such a charming name you have, I am so glad to know that you will be one of my two 'Little Sisters' this fall at dear old O. A. C. The 'big sister' committee has sent me your name. It is anything at all puzzling, please feel free to write me, and I will do my best to help you. Then again, even though you have no questions, I'd love to have you write me just the same, I am looking forward to meeting you, Ninian, and I do want to be of help to you in getting started."

Although Yuille realized that his name was mistaken for that of a girl, he answered the letter. He received no reply and is still wondering why!

YOUR HOROSCOPE

By Lucy Wittne

If your birthday is today, you will be either an acrobat or a hash-slinger. You have a chance for the football team if it is to be raffled off.

If you make it, your colors are black and blue, and your name is mud. If you wish happiness, beware of these three things: a wheezy salesman, a physical culture enthusiast and a serious student.

Don't dare to be a Daniel for you are afraid of only the dark and the moon. Selah.

PUGET SOUND PERSONALITIES

Students Active At College

EVELYN MILLER

A short time ago, two girls were pledged to Ollah. One of these, Evelyn Miller, after a year's teaching is re-entering Puget Sound for her senior year.

Evelyn was born September 28, 1905, in Fairbanks, Alaska. After two years in Alaska, Helena, Montana became her home.

Two years of residing there, and the family moved to Tacoma. When Evelyn was five years old they moved to Lacey, Washington, and there she attended the Lacey school for the first six grades. An operation for appendicitis caused her to stop school, and when she again took up her studies, it was in Tacoma at the Lowell Grammar School.

She finished Lowell in '19 and went directly to Stadium High School. Her activities there consisted of being a star player on the basketball team, and a participant in all girls' athletics, member of the dramatic and French clubs, and president of the Sahasa Club, the Girl Reserve organization at Stadium. She graduated in '23, tenth on the honor roll of her class and the recipient of the A. A. U.

W. Award.

She entered Puget Sound of '23, taking a normal course finished this course in '24, '25, taught in Gig Harbor, and summer school for three years when she re-entered college.

Her college activities charter membership in Splinga president of that organization. She pledged Kappa Sigma '23, and was an officer in '23, and was an officer in '24, played on the varsity basketball team, '23. In '24 she was a member of the Y. W. Tanager Staff, and in the year, editor the handbook.

She became the undergraduate representative in the Y. W. cabinet in '23, and is now a chairman on the cabinet.

She was on the Inter-Council '24, and is now a member of the Judiciary Council. She took part in the May Day '24.

Her major is English, and receiving her degree from Puget Sound, she hopes to take work at the University of Washington, and get her master's in the English department.

Borrowed Thoughts

Editorials From Other Schools

ADVICE—TUNE IN

(From The Southern California Daily Trojan)

Perhaps the most common of the many strange misconceptions which the average freshman holds regarding college that his college days are to be more or less of a glorified magnified repetition of his high school days.

The difference, however, between a college and a school education is a fundamental one. For despite the strict regulations, particularly noticeable during registration, freedom is one of the essential features of college life. In school the teacher and administration are definitely the keep a continual check on the activities of the students, who in college, the professor's function is to guide and lay before him the materials out of which a college education can be made. In college the responsibility rests finally upon the student, is free to make the most or least of his college opportunities according to his choice.

To the student accustomed to the supervision of the school teacher, this increased freedom presents a problem well as a tremendous chance. For he must learn his initiative to think for himself, and to develop a prospective and a purpose that will reach beyond the present time. "Getting by" is fairly easy thing to do in college, but the student who wishes "make good" in any line whatever must use his own initiative and effort.—H. J. S.
