THE COLLEGE OF PUGET SOUND, TACOMA, WASHINGTON,

FRIDAY, FEBRUARY 12, 1932

REGISTRATION LOW IS ANNOUNCEMENT FROM REGISTRAR

Complete List of New Students Released by Mr. Miller; Enrollment Shows Drop From Last Semester

With a total of 62 new students, the spring semester has begun in earnest. The registration numbers 545, according to Christian Miller, registrar. There are 65 fewer students than last semester, when the enrollment was 610.

The new students include 32 freshmen, 10 sophomores, 6 juniors, 2 seniors, 11 graduates, and 1 special.

"Since there are usually a smaller number of students in the spring, classes will not be quite as crowded," said Miss Brown, secretary to President Edward H. Todd.

The following is a list of the new students, completely registered by Monday of this week. Since the student files are not yet complete, the Trail cannot be responsible for misspelled names.

Margaret Alleman, Clyde Archer, Julian Argel, Harry Baker, Mamie Baker, Betty Bankhead, Robert B. Blair, Alexander Brooks, Sam Brown, Harold Buis, Gordon Campbell, Evelyn Churchill, William Coplan, Wallace Drake, Erling Ericksen, Irvin Fausett, Eleanor Freese, Howard Fisher.

John C. Gynn, Jerry Heilig, Melville Hitchcock, John E. Holmes, David D. Jenkin, F. Primo Jiminez, L. Wendell Jones, Twila Kendall, Konzo Yoshiho, M. Irving Larsen, Joe Long, Lucille Mason, Clara Louise McCloy, E. A. McDowell, Mable Grace Miller, Roger Niman.

Lynn Paul, Truly Phyeck, Wilbur Richards, Pete Rudy, Marian Schonborn, Celia Grace Scofield, Wallace W. Scott, Alfred Severson, Ralph Stanton, Willard Stanton, Lee Taft, Kamenosuki Teranishi, Don A. Turner, Geraldine Whitworth, Agnes Wiksten, J. Truman Wilcox.

Earl Hillstrand, Akira Matsushima, Richard Smith, Arthur Weber, Wallace Niesen, Dorothy Ann Walker, James Oliver, Robert Bates, Ronald White, Philomena Corpus, Pauline Peterson and Leonard Rohrbaugh.

EXPLOSION BURNS CHEMISTRY MAJOR

Carl Scheyer, senior and a chemistry major, met with a major accident Monday afternoon in the organic chemistry laboratory when a beaker of nitro-benzene, which he was holding, exploded.

Scheyer, who is a new student in the laboratory, was endeavoring to shake the highly explosive chemical when the accident occurred. The beaker blew up, throwing the mixture all over his face. He was severely burned around the eyes, forehead, cheeks and mouth. As a result of the catastrophe, he will lose his eyebrows, and his sight may be impaired.

Professor F. A. McMillan applied borax and alcohol to Scheyer's face and administered first aid. Professor McMillan reports that it is the first major accident in the organic chemistry laboratory in seven years.

Mr. Scheyer is a transfer from Portland Dental College and makes his home in Puyallup.

DR. SPECTOR GIVES RUSSIAN HISTORY

With the opening of the Spring semester of the College evening school, there have been announced several new and interesting courses of especial value to students of Russian history and literature.

Dr. I. Spector, instructor in these courses, has a most unusual background. In as much as he is a native of Russia and a participant of the revolution of 1917, he has a wide knowledge of Russian history and literature as well as the present day conditions of the Soviet State.

He is instructing two classes in Russian history; one a general survey of the history, and another

COLLEGE HEADS PREPARE FOR SCIENCE HALL DEDICATION

Classes Dismissed After Second Period to Permit Entire School to Take Part in Exercises; Many Important Speakers; Last of Original Founders Will Be Presented

Elza Dahlgren

The dedication of Science Hall as "Leonard Howarth Hall of Science" and the establishment of Founders' and Patrons' Day will take place next Thursday and Friday, February 18 and 19. Extensive plans for the celebration have been formed and well known speakers have been invited here to make the event worth while to all students, their parents, and friends of the college.

SCENE OF HOWARTH DEDICATION

Processional To Jones Hall

On Friday, the first and second hour classes will be held as usual, and beginning with the chapel period the celebration itself will commence. Gathering in the halls of science building, the audience will form a processional to the auditorium in Jones Hall, going through the cloisters if the weather is inclement or through the front door if the weather is good. A program of speeches and musical numbers has been planned for this time, and the band will play for the processional.

Returning to science hall, the audience will fill the halls on the ground and first floors, where loud speakers will be installed. The dedication will take place in the entry facing Sutton Quadrangle.

Unveillings To Be Held

Four unveillings are to take place at this time. These are: first, the name on the front of the building; second, the bronze memorial tablet; third, the cabinet containing Howarth mementoes for preservation; and fourth, Leonard Howarth's picture, which has been painted by Miss Rowena Lung of the college faculty. This picture has received much praise from the Howarth family, according to Dr. Todd. The present stone, engraved with the words "Physical Sciences," will be moved into position over the door opening into the cloisters.

Among prominent speakers will be William S. Bovard, secretary of the board of education of the Methodist Episcopal Church; the bishop of the Methodist Episcopal Church and the bishop of the Episcopalian Church; Dr. Arnold Bennett Hall of the University of Oregon, and Dr. Lyle Spencer of the University of Washington.

John S. MacMillan, who was a member of the committee of five who laid plans for the location of the University of Puget Sound, will be presented. He is the only living member of that committee, and will not be able to address the audience.

Students will usher at the celebration and will assist in other ways. "We of the faculty, student body and the Board of Trustees are the hosts for the celebration," said Dr. Todd. "The event is a great step forward for the college and we should make the best of it."

Leonard Howarth, donor of \$50,000 to the college, was born in England and spent his early manhood there. He followed his brother,
(Continued on Page Six)

M. A. Candidate Dies

George Lancaster, who was attending night school at the College of Puget Sound in order to earn his Master of Arts degree in history and political science, died Sunday morning after a short illness.

Mr. Lancaster was a teacher of history and economics at Stadium High School and consequently was well known by C. P. S. students who are Stadium alums.

BOARD CANCELS POINT SYSTEM

Announces Elections for Student Body Offices

That the activity point system be abolished was the decision of the Central Board at the regular meeting last Monday. This recommendation was made by the Student Judiciary after a complete investigation covering a period of three weeks which showed how impossible enforcement of the system would be. To enforce the rule would require a meeting of the Student Judiciary every week to consider individual cases which could be decided by special provisions. Other colleges along the coast have already dropped this system.

The election of officers of A. S. C. P. S. is to be held the first Thursday in March. The officers to be chosen are president, vice president, secretary, Trail editor and business manager, Tamanawas editor and business manager, and managers for athletics, forensics, debate, dramatics, yell king and dukes.

The president and vice president must be classified as unconditional seniors at the beginning of the college year following their election while the secretary must have at least a sophomore standing at the time of election. The yell king and dukes must be at least unconditional sophomores at the beginning of the college year following their election. The nominations of these officers are to be made by petition signed by ten members or more of the Associated Students.

The editors-in-chief of the student publications and activity managers are to be unconditional sophomores at the time of their election. These will be nominated by the committee of the department they are to represent.

All petitions must be handed to Georgia Johnson by the last Thursday of February. She will post them immediately. After the election the successful candidates will be installed at the first assembly in April.

Negro Singers Plan Novel Chapel Hour

A group of singers from the Negro Orphanage at Elko, Alabama, will offer a program of negro folk songs and spirituals in Monday's chapel. There will probably be both girl's and mixed quartets.

Dr. John D. Register will speak in Wednesday's chapel on Albert Schweitzer. Dr. Register's book on the life and works of this interesting man, may be found in the library in the biography section.

The A. A. U. W. award, carrying with it a prize of fifty dollars, was awarded to Carol Hanson in chapel Friday February 9. Georgia Johnson received the P. E. O. award, which is also worth fifty dollars and is presented each year by the B. A. Chapter of P. E. O.

Both awards are given to upper class girls who, in the opinion of a committee composed of the president of the local chapter, Dr. Edward H. Todd, the Bursar, and the Dean of Women, are either self-supporting or partially so, and best exemplify the qualities of high scholarship, wholesomeness of influence, and promise.

CHAIRMEN PLAN COLLEGE BANQUET

Color Post Motif Comprises Table Decorations

The All-College banquet to be held Friday, February 19, will take place at the Scottish Rite Cathedral at 6:30 p. m. Elsie Korpela and Charles Guilford are co-chairmen of the affair.

The Color Post idea will be carried out in the decorations, each class decorating its table according to the color of the quadrant whose numerals it decorates. As usual, the class having the best decorated table will receive a box of candy.

Those in charge of tables are Carol Hanson, senior; Edith Gustavson, junior; Eloise Tuell, sophomore, and Delmore Martin, freshman. Dick Adams' orchestra will play.

"Reservations are being taken in Jones Hall today and all next week," said Miss Korpela. The affair is strictly limited to college students, alumni and persons connected with the college. Students who have attended Puget Sound but found it necessary to drop out are invited to be present."

College Observes 41st Anniversary Organized as Puget Sound University

When Dr. Edward H. Todd came to the College of Puget Sound on October 1, 1913, there was a total endowment on the books of just \$20. This has increased under his leadership to \$1,250,000 at the present time. The \$85,000 assets of 1913 has increased to \$700,000 worth of property free of debt. Since December 15, a balance of \$134,170.59 has been drawing interest for the College at the rate of five per cent per annum.

Forty-one years ago Puget Sound University first opened its doors to students in its new building at So. 21st and I Streets. September 15, 1890 was the memorable date upon which the first students entered. As early as 1884 the Puget Sound Conference under the leadership of

Bishop Charles Henry Fowler, had determined to locate an institution of higher learning in this district.

The citizens of Tacoma presented the committee in charge with a subscription of \$22,000 and real estate valued at \$75,000, thereby getting the college located in this city.

The University moved to South 10th Street and Yakima Avenue in 1891 where it occupied the building now known as the Imperial Apartments. A second building at Ninth and G Streets was occupied in 1894. This building is now used as the Domo Apartments.

In April, 1903, the institution was re-incorporated as the University of Puget Sound and a new campus was purchased at the corner of Sixth
(Continued on Page Five)

LOGGER FIVE LEAVES THURSDAY NIGHT ON 10 DAY N.W. CONFERENCE INVASION

Seven Conference Tilts Scheduled for Locals on Ten-Day Trip Into Oregon; Coach Roy E. Sandberg Takes Nine Regulars On Journey

Accompanied by Coach Roy E. Sandberg, eight fighting Maroon and White warriors left town last night by auto on a ten-day trip that will take them to four colleges in the Northwest Conference.

That the Loggers will have their hands full is easily seen, for seven conference games are scheduled to be run off during the tour. Besides Sandberg, the men making the jaunt include Bates, center; Bowers, Carlson and Command, forwards; Gagnon, Grimes, McCoy, Brush and Piercy, guards.

Tonight and tomorrow night will see the squad mix with the powerful Willamette Bearcats at Salem, Oregon. Chances of Puget Sound victories in these two games are slim, for the Salem outfit is making a strong bid for the conference title. The Oregonians have practically the same combination that went through such a successful season last year.

Monday night the Loggers take on the new member of the Northwest Conference, Albany College, at Albany, Oregon. Comparative scores to date give Sandberg's cohorts the upper hand in the Albany tussle.

Linfield College will play hosts to the Tacoma squad Tuesday and Wednesday nights. These two games will be close and if there is any edge given it is in favor of the Wildcats.

The Loggers will wind up the games of the trip at Forest Grove Thursday and Friday nights when they tangle with the Badgers of Pacific University. Here the Maroon and White quintet should carry off the honors by scoring a double win, if games played so far this year by both teams are to be taken as any indication of their respective strengths.

Coach Sandberg and his team should arrive back in Tacoma sometime Saturday night.

College Students Join Science Club

To complete the organization of the Tacoma branch of the Puget Sound Academy of Sciences, the second meeting of the group was held Wednesday evening in Jones Hall. Members of the club include students of the college and people in the city who are interested in science. There are now 55 members fully enrolled.

Officers in the club are: Mrs. Carl Veazie, president; Professor Frederick McMillin, secretary and Paul T. Prentice, treasurer. Meetings are held on the second Wednesday of the month and for the rest of this year will feature speakers of prominence in the Northwest. Floyd Schmoie, Rainier National Park naturalist, was the speaker Wednesday, illustrating his talk on animal life with slides.

Offer Education Course

Education 49, a course which consists of special methods in teaching, is being offered for senior majors this year by practically every department of education. This subject is offered for the benefit of those seniors who are going to teach after they have been graduated.

Ten Teams Race for Intramural Honors

INTRAMURAL BASKETBALL SCHEDULE

Tuesday, Feb. 16—12:05, Outlaws vs. Nippons.

1:05, Alpha Chi Nu vs. Independents.

Thursday, Feb. 18—12:05, Sigma Mu Chi vs. Sparklers.

1:05, Delta Pi Omicron vs. Sigma Zeta Epsilon.

With the greatest number of teams ever to enter play at the college the intramural basketball schedule got under way at noon Tuesday with the Nippons beating the Peter Pugets 17 to 14. Due to the fact that there are ten teams playing in the tournament, and only four games scheduled each week two teams must remain idle each week. The two idle teams will get under way next week. Teams scheduled to play in the tournament are Alpha Chi Nu, Delta Kappa Phi, Delta Pi Omicron, Independents, Nippons, Outlaws, Peter Pugets, Sigma Mu Chi, Sigma Zeta Epsilon, Sparklers.

Nippons vs. Peter Pugets

In the opening game of the intramural basketball series the Nippons downed the Peter Pugets Tuesday by the score of 17 to 14. Although the teams played ragged ball they were evenly matched and gave the large crowd many exciting moments. Fujita of the winners led the scoring with 10 points, while Elwood collected seven for the losers.

Summary:

Nippons (17)	(14) Peter Pugets
Fujita (10)F.....Chard
Mayeda (2)F.....(2) Carter
Nakamura (4)C.....(4) Linn
Kuromoto (1)G.....Kisducak
MakashimaG.....(7) Elwood

Referee: Roy Carlson; Scorer, Grant; Timer, Kenrick.

Chi Nus vs. Omicrons

The second game played Tuesday found a strong Alpha Chi Nu team trounced the Delta Pi Omicron fraternity by the score of 20 to 6. The game was fairly even in the first half with the Chi Nus holding a 9 to 5 lead. In the second half the winners put on a scoring spree and swamped their opponents.

Summary:

Chi Nus (20)	(6) Omicrons
Brotman (2)F.....(3) Cleveland
Gibson (4)F.....(2) Onstad
Montgomery (8)C.....Sexton
DaleG.....(1) Kimball
Honeywell (1)G.....Farmer

Referee: Roy Carlson; Scorer, Grant; Timer, Kenrick.

Zetes vs. Delta Kapps

Thursday found the Sigma Zeta Epsilon fraternity easily defeating the Delta Kappa Phis by the score of 30 to 9. The Zetes took an early lead and were never in danger of losing although substitutes were sent into the game at all intervals. At half time the score was 15 to 6 in favor of the winners. Zhender led the Zetes with 8 while Thomas collected 6 for the Delta Kapps.

 Ennis (4)G.....Heuston

Referee, Gibson; Scorer, Grant; Timer, Clifford.

Independents vs. Mu Chis

The second game Thursday saw the Sigma Mu Chi fraternity down the Independents by the score of 18 to 14. The fraternity men had an easy time until the final quarter when the Independents put on a rally which netted them seven points and which at one time brought them within a basket of the winners. The score at the half was 8 to 3 for the Mu Chis. Whitman and Raleigh, the opposing centers each garnered 8 points.

Summary:

Sigma Mu Chi (18)	(14) Independ.
Innis (4)F.....(4) Zittel
West (5)F.....Lindgrin
Raleigh (8)C.....(8) Whitman

SORORITY GAMES GET UNDER WAY

Thetas Win Twice to Open Season

In two fast and exciting basketball games which opened the 1932 intra-sorority basketball series this week, the Kappa Sigma Theta sorority sextet emerged victorious in both games, defeating the Alpha Beta Upsilon girls by a score of 33 to 6 Monday and the Independent team 18-9 on Wednesday.

Both games were hard fought with play being much closer than the scores indicate. The Independent guards played a good game on Wednesday, helping to keep the score as low as it was.

The line-ups for the two games were:

Thetas (33)	(6) Betas
Dora Langton	F L Arthur
Dorothy Foxwell	F Sarah Tierney
Betty Brumbaugh	C Harriet Magill
Elsie Korpela	SC Mary Garnett
Thelma Gander	G Florence Watts
Marion Langton	G Louise Woods

Second game:
 Thetas (18) (9) Independents
 Dora Langton F Mieko Izaki
 Melba Alleman F A. Harding
 B. Brumbaugh C Mabel Miller
 Thelma Gander SC V. Bigelow
 Marion Langton G Jane Porter
 Elsie Korpela G Mildred Schaad

IN WOMEN'S WEAR

Whitman Wins From Loggers In Conf. Games

Missionaries Show Championship Form in Defeating Maroon and White Squad

Northwest Conference Standings

	Won	Lost	Pct.
Whitman	4	0	1.000
Willamette	3	0	1.000
Linfield	1	0	1.000
Puget Sound	0	2	.000
Pacific	0	2	.000
Albany	0	4	.000

Logger hoopsters lost a pair of games to Whitman in their conference debut last Friday and Saturday on the home floor, Friday night's game belonged to Whitman by a large margin, 55 to 40, but a rejuvenated Lumberjack quintet battled the Missionaries on practically even terms until the gun in Saturday evening's contest, which ended 33 to 27 in favor of "Nig" Borleske's aggregation.

The pair of triumphs place Whitman at the head of conference standings with a record of four games won and none lost, while Willamette is a half game behind with three wins and no losses. The Bearcats registered a 48 to 31 conquest over Pacific Saturday evening to stay undefeated in the league race.

Friday evening's game with Whitman was a nightmare to Logger boosters, who witnessed a most uncanny showing of accuracy in finding the hoop by Whitman players. The invaders rolled up a 40 to 12 advantage by half time with an astounding exhibition of shooting, and Missionary reserves finished the game. Percy Irving, star guard, led the winners with a 16-point total, while Frank Bower scored a like number of counters to divide the honors.

C. P. S. made a considerably better showing Saturday evening, keeping the Whitman score down and at the same time staying at the heels of the Missionaries all during the game. Whitman led at half time, 18 to 15, and the Loggers forced the winners to go at top speed during the rest of the game in order to pull out a victory.

Most of the ability to sink long shots deserted Whitman in the second game, and the Missionaries were forced to resort to the quick break to score their tallies, much fewer and farther between than in Friday evening's fracas.

Roy Carlson, Bill Command, Park Gagnon and Frank Bower upheld the Logger end of the offense, while Captain Kenneth Hove of Whitman was the leading scorer for the game with 10 tallies. Gagnon, Carlson, Ed McCoy and Stan Bates were the bulwarks of the C. P. S. defense.

Wheeler-Osgood won the first half title in Class A City league play with victories in preliminary games

Nazarene Defeats Local Debate Team; Squad Plans Tour

Debating against Northwest Nazarene College of Nampa, Idaho, the College of Puget Sound was defeated by a 2-1 decision last Tuesday evening. The speeches for the College of Puget Sound, which upheld the affirmative, were given by Charles Thomas and Herman Mattson. The question up for debate was "Resolved: That Congress should enact legislation providing for the centralized control of industry (constitutionality waived)."

The College of Puget Sound was defeated in its last debate when Frank Heuston and William Le Veque upheld the negative against Whittier College.

The C. P. S. debate team is contemplating a debate tour of California. The contestants are planning to leave the first of March and to return around the first of April.

BARNSTORMING THRU OREGON

1932 BASKETBALL SQUAD

Friday and Saturday evening. Friday the Wocos won from Lacey Farm Dairy, 34 to 32, and Saturday from Day's Tailored Wear, 37 to 32, to take the crown.

DRAMATIC DEPT. PLANS PROGRAM OF PLAYS, MUSIC

A program including three plays, numbers by the mixed chorus and possibly by the Men's Glee Club has been planned for Thursday evening, February 18, at 8 o'clock, in Jones Hall.

The plays—"Suppressed Desires," "The Valiant" and "Beau of Bath"—will include in their casts Dick Zhender, Eloise Tuell, Jane Haas or Eva Tuell, Kenneth Powers, Ruth Arwood, Bob Eccles, Morris Summers, Franklin Walbridge, Alida Wingard, Charles Guilford and Jack Sprenger.

The numbers planned for the mixed chorus are: "Hymn of Music" by Buck, "Italian Street Song" from "Naughty Marietta" by Victor Herbert, "Carmena Waltz" by Wilson, and "Waltz Coppelia" by Delibes.

John Paul Bennett is not yet certain as to whether the Men's Glee Club will sing or not.

Reserves Ready For Last Game

Mount Vernon Junior College, defeated earlier in the season by the C. P. S. Reserves, will play hosts to the Logger seconds Saturday evening in the last game of the season for Coach Lou Grant's quintet. Grant will probably take a squad of 10 men with him for the trip.

In workouts held the past few days, Bill Gibson and Dick Zhender, forwards; Rex Weick, center, and Jimmy Ennis and either Joe Koski or Al Casperson, guards, have formed the regular combination. The four other players who will make the trip have not been definitely selected as yet, Grant's final decision having been postponed until this morning.

VANDALS DESTROY RETAINING WALL

Night Watchman Employed; Damage Estimated at \$300

Three hundred dollars worth of damage has been done to C. P. S. property in the last three weeks, according to Bursar Charles A. Robbins. Three sections of the retaining wall in front of Jones Hall have been knocked down, necessitating not only the expense of replacement but also the added cost of maintaining a night watchman to guard the property.

"Someone, probably from outside of the college, has been indulging in malicious vandalism," said Mr. Robbins. "The Tacoma police are working on some slight clues, but as yet nothing definite has been discovered."

Three weeks ago, the first section of the wall was pushed over; a few days later a second section, and on January 31 the third piece was destroyed. Authorities have said that it was only by deliberate action that the wall could have fallen.

The Walker Cut Stone Company is repairing the wall. New stone alone will cost \$141. Work is being rushed so that it will be done by next week's celebration.

"I have never seen a more beautiful railing than this one in all my travels in England," a stone architect is reported to have said.

Bursar Robbins emphasized the service that any student would do to the college and the city by reporting any suspects that he may discover.

Faculty Group Meets Today

Program Will Commemorate Lincoln's Birthday

With an interesting program planned, the regular meeting of the Faculty Women's Club will be held this afternoon at the home of Mrs. Homer Maris, 2424 North Alder Street. Those assisting Mrs. Maris are Mrs. Frederick McMillan and Mrs. Siegfried F. Herrmann. Tea will be served.

The program has been arranged to commemorate Lincoln's birthday. Miss Olive Brown will give a cutting of Drinkwater's "Abraham Lincoln," and William Hansen will read part of "The Perfect Tribute." Mrs. Julius P. Jaeger is president of the organization.

Mu Chis Are Honored

Members of Sigma Mu Chi fraternity will be guests at a banquet tonight at the Winthrop Hotel. The affair is being given by Dr. E. A. Rich in honor of his son, Edward Jr., a senior at the college and a member of the fraternity.

Dr. Rich is an honorary member of Sigma Mu Chi, and has done many favors for the group. In appreciation of this, the president of the fraternity will present Dr. Rich with a gift from the members.

Theta Pi Alpha Holds Meeting

To make plans and to talk of the new semester's program, Theta Phi Alpha met Monday evening at 7 o'clock, Elizabeth Padfield, president, led the discussion. The outline for the track team.

Returning to Science hall, the led the discussion. The new outline will be issued immediately so that the group may commence on their new activities.

MOTHERS' CLUBS HOLD MEETINGS

Group To Make Plans For Semester

The Mothers' Club of the Delta Kappa Phi fraternity will have a social meeting tonight at the home of Professor and Mrs. Homer Maris. It is the first meeting of the new semester, and is for the purpose of making plans for the remainder of the year. Mrs. J. R. Mace, the club president, will be assisted by Mrs. A. H. Searing and Mrs. O. M. Jones.

The Sigma Mu Chi Mothers' Club met last Tuesday afternoon at the home of Mrs. R. E. Towne. A program of readings by Ruth Moline and two numbers by Carol Hanson, Ethelyn Lewellyn and Charlotte Cook were presented. Mrs. Towne presided in the absence of Mrs. E. A. Rich, the club president.

Sororities Have New Pledges

Incident to the new semester, Lambda Sigma Chi sorority announces the pledging of Cecelia Grace Scofield and Betty Bankhead. Miss Scofield is a graduate of Annie Wright Seminary and Miss Bankhead is from Stadium High. Kappa Sigma Theta sorority has as new pledges Dora Langton and Marian Langton. Dora Langton, a sophomore, is from Carbonado. Marian Langton is from Tacoma and is a junior.

Pledging Is Announced

Alpha Chi Nu fraternity announces the pledging of William Coplan, Harry Baker, Wilbur Richards, Ray Robbins.

Dean Drewry Speaks to P.-T. A.

Dean Raymond G. Drewry was speaker this week at the meeting of the Willard School P.-T. A. His subject was "The Healthy Personality," and the factors he emphasized were mental, social, moral, emotional and physical health.

Annual Party Is Scheduled For Week-End

Delta Alpha Gamma Sorority Will Have Informal Initiation at Meyajima

Delta Alpha Gamma sorority will have its annual "rough initiation" house party this week-end at Camp Miyajima on Fox Island. The group is leaving Friday evening to return late Sunday night. The committee arranging details of the initiation includes Esther Stockton, chairman, Helen Christopherson and Betty Fox. Mrs. H. W. Cochran and Miss Rowena Lung will act as chaperones.

Sorority girls in the party will include Mary Frances LePenske, Mary Westcott, Jean Whitworth, Geraldine Whitworth, Marion Spencer, Mary Evelyn Mathewson, Rose DeLacey, Helen Christopherson, Mary Elizabeth Von Boecklin, Adelyn Sylvester, Georgia Johnson, Lola Sanders, Lorraine Sanders, Pearl Disher, Sally Lawson, Myrtle Itter, Patricia Flynn, Esther Glew, Elizabeth Spencer, Betty Smallridge, Mary Heaton, Mary Agnes Ferrier, Esther Stockton, Vendella Sterling, Berniece Miller, Elizabeth Fox, Jewell Morris, Dorothy Krogstad and Vivian Larson.

Camp Miyajima was the setting for the Kappa Sigma Theta sorority house party last week end which terminated several days of the traditional initiation week of that organization. Ruth Arwood, chairman, Rachael Schneider, Dorothy Foxwell and Edna Cresswell composed the committee which arranged the houseparty. Miss Anna Crapser and Mrs. Homer Maris were chaperones.

Y. W. C. A. Holds Splash Party

A "splash" party was held Wednesday, January 27 at the Y. W. C. A. pool. Novelty games, contests in diving, crawl and side stroke relay races were the evening's entertainment. After the swim a delicious feed was served by the committee in charge. Grace Weller was chairman of the entire affair.

The annual bean feed was held Monday noon in the Y. W. C. A. room. All active members participated in serving the students. Approximately 75 students and faculty members welcomed the occasion.

Knights' Election Is Postponed

The regular meeting of the Knights of the Log was held Wednesday noon. Election of officers was held over until the next meeting. Plans for joining the Inter-collegiate Knights, a national organization, have been abandoned, due to the financial condition of the local chapter.

Professor Henry To Lecture

Professor George Henry will speak before the Pierce County Medical Association tomorrow night on "The Structure of the Atom." The lecture will be held in the Rhodes Medical Arts Building.

GROUP ENTERTAINS AT VALENTINE TEA

Rush Affair Is Held at Brig Inn

Programs, in a Valentine motif, were held by two sororities at their regular meetings, Wednesday. The Delta Alpha Gamma sorority gave a rush tea for the new students at the Brig Inn. Mrs. Drushel and Miss Van Nordon, sorority adviser, poured and those on the committee were Helen Christopherson, chairman, Mary Elizabeth Von Boecklin and Adeline Sylvester.

Alpha Beta Upsilon sorority was entertained with a program by the pledges and at the close of the meeting refreshments were served. Mildred Grosser gave a Valentine reading and Edith Coffman, a piano solo. Irene Heath, Edith Coffman, and Anita Kachulis were in charge. Previous to the program, a short business meeting was held.

A business meeting was held by the members of Lambda Sigma Chi sorority.

Spanish Students Have Meeting

La Mesa Redonda, campus group for Spanish students, met Friday evening at the home of Miss Dorothy Rashbam, 931 South Sprague, for the first party of this semester. The group gathered at 7:30 o'clock for an evening of songs and games planned by Anne Pomerl and Dorothy Rashbam. An interesting feature of the affair was a roll call, with the members responding with original Spanish poetry.

MAP FROM PARIS GOODWILL TOKEN

Sent to the students residing in the International House as a token of goodwill and cosmopolitan friendship, a beautifully colored map of the world, engraved in 1760, has been received on the University of California Campus, from the Cite Universitaire of Paris, according to announcement made recently by Allen C. Blaisdell, director of International House.

The gift sent to Director Blaisdell by Senator Andre Honorat, president of Cite Universitaire, has at its base an inscription, which translated reads, "In order that the International House, with which the University of California has just so happily been endowed, may keep near her a lasting token of the good wishes for her youth which her friends of the Cite Universitaire of Paris have for them."

The map, encased in a modern French frame, has been hung for display in the "main interest" room of International House. It is of considerable historical interest since it illustrates the lack of knowledge of the physical features of the world by the 18th century geographer. The outline of North America, in particular, presents a striking comparison with a modern map of that region. The geographer for the map was Monsieur Janvier while the engraving was the work of Monsieur Lattre, "by the privilege of the King, 1760."

In speaking of the close association of the two houses, Mrs. Blaisdell states, "International House at Berkeley is not an isolated enterprise. Although locally governed and autonomous it is but one of several houses founded through the generosity of Mr. John D. Rockefeller, Jr., for the furtherance of international understanding and peace. The International House in New York City has been in operation for six years and has attained a marked degree of success and influence. International House in Berkeley is the second of these international student centers. Similar Houses are in operation in Chicago and at the Cite Universitaire in Paris. The hope is that these houses, widely separated geographically, all provided by the same donor and inspired by the same purpose, will promote even further and more effectively the cosmopolitan spirit of each house."

PLEDGES ARE INITIATED AT SMART AFFAIR

Kappa Sigma Theta Sorority Has Traditional Ceremony For Pledges

Pledges of Kappa Sigma Theta sorority were formally taken into membership at an impressive ceremony held Wednesday afternoon at the Madrona Way residence of Dr. and Mrs. E. W. Janes. Jennie Teevan, sorority president, performed the initiation which was followed by a dinner in smart appointment. Theta violets and lighted tapers were features of a traditional motif that was used.

Original songs composed by the pledges were enjoyed. Margaret Janes was chairman of the committee making arrangements for the affair and she was assisted by Evelyn Bratrud and Betty Arnold.

The group formally initiated includes Bernice Martyn, Katherine Mann, Elza Dahlgren, Elsie Voorhees, Marjorie Campbell, Gertrude Davis, Garnet Paulsen, Dorothy York, Aileen Hobbs, Lillian Martin, Martha Forsythe, Edith Maddox, Virginia Phillips and Ruth Moline.

Music Professor Is Ill

Mrs. Lawrence McClelland, Professor of Musical Theory, was absent from classes two days this last week because of illness. Mrs. McClelland returned to school on Thursday.

Omicrons Elect

Delta Pi Omicron fraternity announces the election of C. Wallace Nelson as president of the fraternity.

Y Girls Hold Interesting Meeting

Of special interest to the college girls was the talk given at Tuesday's Y. W. meeting by Mrs. Clarence H. Oren, Educational director for the Y. W. C. A. talking on "Growing A We." She discussed in an original way the qualities, which make up an attractive personality.

The Y. W. C. A. is planning to ask Mrs. Oren to speak at one of the later meetings of their "Artists in Living" program.

A type of meeting which promises to be interesting and different is planned for next week. All college girls who have not been participating in Y. W. work are invited into membership. Entering freshmen girls are especially welcome at the meetings held in little chapel.

Ida Cochran Art Instructor Ill

Mrs. Ida Cochran, head of the art department of the College of Puget Sound, was absent this last week due to illness.

Students Show Religious Faith

Conception of God Changes In College Years

Implicit faith in God was professed by an average of 81 per cent of the students enrolled in five colleges and universities recently surveyed by Dr. Herbert W. Searles of the school of philosophy, University of Southern California. Professor Searles, who has just completed his study with the aid of Dr. Edwin Diller Starbuck, director of character research at U. S. C., states:

"Less than five per cent of college students are atheists, and 24 per cent of them find prayer valuable in strengthening the will or moral power. Approximately 41 per cent of them undergo some sort of a change in their conception of God during the years they spend in colleges and universities. The general trend of student thought is from a belief in a personal God to belief in an impersonal God, and away from orthodoxy.

"The greatest change is noted in the junior and senior years, and there is a swing back to a personal conception of the Almighty after graduate study."

Orville Weeks: "Prof, do you think that I'll ever be able to do anything with my voice?"

John P. Bennett (perspiring): "Well, it might come in handy in case of a fire or at a football game."

SETTING UP EXERCISES

- 1—Yawn.
 - 2—Blink slowly, and yawn.
 - 3—Slide down in seat to semi-reclining position and extend feet forward. You will probably connect with someone else's feet. If so, extend sideways. If you again connect, extend backwards.
 - 4—Readjust necktie, powder nose, or both.
 - 5—Remove watch to ear to ascertain whether or not it has stopped.
 - 6—Push books off seat arm. (For better results shove off one at a time).
 - 7—Look nonchalant and try to take a line or two of notes.
 - 8—Shake fountain pen to see if dry. (If it squirts ink all over neighbor, it is not dry).
 - 9—Repeat 1-9 until bell.
- See you in Old Norse Mythology, along with the forty other loafers.—Exchange.

The men who try to do something and fail are infinitely better than those who try to do nothing and succeed.

Some people have a perfect genius for doing nothing and doing it assiduously.—Thos. Halliburton.

Ed Honeywell: "Shall I take you to the zoo?"

Phil Keys: "No, if they want me they'll come after me."

Elden Billings: "I have a chance for the track team."

Bob Burrill: "Why, are they going to raffle it off?"

NOTICE

Only members of the TRAIL staff and A. S. C. P. S. officers will be admitted to the TRAIL office. Do not ask for admittance otherwise. The phone is strictly private. Students have access to the phone adjoining the Registrar's office. Student calls coming through the TRAIL office will not be honored. The staff will not be responsible for textbooks or notebooks left in the TRAIL office after this week.

—The Editor.

SHORT WAVE SET TO BE A FEATURE FOR OPEN HOUSE

In preparation for the annual Open House of Science Hall experiments are being made by the physics department with the five meter short wave phone transmission broadcasting set. This will be the first time in the state of Washington broadcasting will be done on that wave length. Plans are in motion to send all messages of visitors free of charge by means of the short wave relay system.

Measurement and studies of the activities of the electron are being made by experiments with the cathode ray ocellograph tube which has just been acquired by the department.

Band Planning More Programs

Rare Overture in Preparation; Two New Members

With practice again under way, plans for several programs during the semester are being made for the College of Puget Sound band by Henry W. Evans, leader.

Among the new pieces that are to be played is "Stabat Mater," a European overture. Mr. Evans believes that his copy, printed in 1869, is the only one in the United States. This probably will be presented at the last program of the semester.

"In order to put on these programs we will need more clarinet players," says Mr. Evans. "There are several musicians in school who have not turned out yet." The band meets at noon every Tuesday and Friday in the auditorium.

Two new members have been added to this organization. Ames McDowell transferred from the University of Washington as a sophomore to take the more extensive music course in band instruments under Mr. Evans. James Given, freshman has entered from Washington State College.

Other members are: Herbert Arnston, Delwin Jones, Jack Evans, Ralph Towne, Lloyd Searing, Eldon Billings, Harry Burpee, Murray Johnson, Lola Sanders, Lorraine Sanders, Cora Jeffries, Viola Shoemaker, Marguerite McMaster, Roy Norman, Arthur McArthur, Bill Sherman, Larry Hedrick, Myrtle Dexter, Roger Johnson, Phil Keys, Vernon Birch, Ed Bonner, Eugene Piety, Wilbur Berger, Paul Kohler and Harry Burpee.

C. P. S. Shows Rapid Growth in 41 Years

(Continued From Page One) and Sprague by the Alumni. Dr. Edward H. Todd was elected president in 1913 and in 1914 the name of the institution was changed to the College of Puget Sound.

In 1920, it was decided that the old campus at Sixth and Sprague Streets was not sufficient for the development of an institution to be of value in future years. In search of a new and suitable location, President Edward H. Todd and Mr. C. A. Robbins, bursar, looked over many sites both inside the city and outside.

"We chose this because of the fact that students could get here much more easily than if they had to go out of town," said Bursar Robbins. "Had the College been located outside the city, where two or three sites were offered us free it would have been very difficult for many of the students to obtain transportation."

The property chosen was owned by 11 people and purchases had to be made through them. Jones Hall, the gymnasium and the basement of Science Hall were completed in August of 1924, and these buildings were occupied by the Student Body in September of the same year.

"It is interesting to remember when Dr. Todd and I were visiting Mr. Scott, who lived in what is now the music conservatory, we listened to one of the first radios," added Mr. Robbins.

Two years later, in 1926, Science Hall was completed. A year ago this September the music department moved into its present quarters. Previous to that time the women's dormitory had been located there.

LINDSEY URGES WOMEN TO DO MORE PROPOSING

Women are justified in proposing to men and they should do it more often in a much franker manner than they have in the past, Judge Ben B. Lindsey, noted advocate of companionate marriage, told the United Press today.

"This thing of leap year is more superstition than it is anything else," the former Denver juvenile jurist declared. "It has no value, except psychological."

"Women have been proposing to men, subtly, for ages. I dare say there have been many marriages made in which the woman has taken the initiative and then allowed the man to imagine he did the proposing."

"Women are justified in proposing in this age of economic depression. There are many cases where the woman would like to be married because of prevailing hypocrisy and social custom."

"Because of this hypocrisy and this backward social custom, the woman has had to be subtle in her proposals, but I find there is a good deal more frankness now being shown by women in contemplating marital unions."

Lindsey said he favored the good old fashioned marriage, if people can be persuaded to live up to its standards and can uphold them.

"Free love, trial marriage, and pre-nuptial relations are on the increase in this country. It is not a particularly healthy sign," he declared.

"Companionate marriage, for which I got lambasted, is not a new custom. It is legal marriage now being performed in churches. People are married with no intent of having offsprings."

"Marriage with intent to beget offspring only when it is economical to do so is declared immoral by the church and legal by the state because of birth control laws."

"If we could guarantee marriage and children when couples wanted them, we would have more marriages. The economic fears arising from marriage should be abolished by education."

Protests Received On Moron Charge

The college debate squad that wants to draw a crowd this year has only one subject to pick from. It is: "Resolved: That he who whistles is a moron."

The nation is all agog about it since Professor Charles Gray Shaw of New York University's department of philosophy said just that last week. It is his own testimony that it was just a harmless little remark, but the protests he has been receiving indicate that folks took him very, very seriously indeed.

Said Senator Borah: "I whistle when I feel like it, and any man who says whistlers are morons is a moron himself."

It was pointed out that Mussolini is a great whistler.

Friends reported on the Bible that Albert Einstein, no other, is a whistler.

A lawyer replied that all attorneys whistle in the bath tub.

Heywood Brown suggested that in his younger years as a teacher Professor Shaw must have been annoyed by students whistling from behind textbooks. He went further and suggested Dr. Shaw might be moronic himself.

A woman wrote the Professor saying she had whistled all her life, but never again do so until she was assured she was not feeble minded.

The Cleveland Plain Dealer, along with scores of other papers, thought it was a swell idea.

Students walked up and down in front of Professor Shaw's office, whistling in relays.

The doctor himself was led a couple of days later to relent a bit in self defense, and to admit that perhaps not all who whistled were morons, but that perhaps it was, nevertheless, the act of a person bent in that direction.

The newsreels made the professor pose and tell all about it, and then, no doubt, went out and got a chorus of follies girls to whistle for the talkies, who knows?

"Lemme go, I've got a date with an egg and I don't want to break it."

A COLLEGE INVITATION

The most outstanding event of the entire academic year arrives next Thursday and Friday with the dedication of Leonard Howarth Science Hall and the establishment of Patron's and Founder's Day.

The heads of our college, together with many interested laymen, have formulated a notable program for the two day celebration. Among the visitors invited will be educators, business leaders, church leaders—persons dominating their particular field of endeavor by their ability, character and strong personality. Many of the visitor's names are to be found in Who's Who.

This ceremony will be pompous, impressive and sincere. A more fitting and elaborate portrayal will not be found on any college campus in the United States. Plans have been carefully organized and everything is in readiness. Students are offered an opportunity of which they should take advantage without hesitation. Such plans and ceremony merit careful consideration on the part of everyone. Never before have so many prominent men been invited to visit our campus.

Students will see at first hand these notables and will associate with them, giving them an opportunity to see the qualities that are present in prominent persons. The value of such association is without limits. Many students have gone for three years without even having seen the Commencement exercises. The Founders' Day and Dedication program will far exceed in importance, any event previously held on our campus. Surely the conferring of degrees, honoring of patrons and the Science Hall Dedication have a certain degree of importance to every student. Pleas for attendance should be unnecessary. Common sense, sound judgment and an appreciation of worth while things should be the only drives and urges necessary to make the entire student body view these activities. One's gregarious instinct should be at its best Thursday and Friday. Do not fear that by associating with men of learning, understanding and leadership you will "lose the common touch."

STUDENTS FAVOR DISARMAMENT

A very timely subject is that of disarmament. We want to help, but how? Below is printed an excerpt from the winning editorial, selected in a national contest on disarmament, written by a college student. It urges that the United States lead in world disarmament, that students can help much in creating an educated public opinion, thus hastening the day of international understanding and the coming of world peace.

"What can we students do toward disarmament? Ambassador Gibson says that the Disarmament Conference can succeed only if the people of various countries understand its purposes and its importance. The students have the best opportunity to get material on the subject. And then we can inform and influence others. Those who can speak well should talk to any organization they can—the Sunday School class, missionary society, rural parent-teacher associations, nature clubs, improvement societies. In a more informal way inform people over the bridge table or a tea cup. Follow your talk with an attempt to organize campaigns. Materials can be obtained from national peace organizations. Free leaflets should be distributed to friends, churches, bazaars, and fairs, and posters should be placed in conspicuous places. Have your friends and their friends sign petitions for disarmament. Perhaps you can influence your local press to inform articles and editorials. At school you can use your own paper and magazine to bring the problem before the students. Some of our student groups should send delegates to conventions to express our feelings on the subject. The last convention on the Cause and Cure of War had scarcely any expression from the youth. An appeal of the student body or organizations within it, to various senators or representatives will show them that most of the new voters in colleges and universities are back of our demands. England's youth are ahead of us; they have League of Nations Clubs in their high schools and colleges; their activities toward disarmament are broadcasted. Here is a chance for us students to educate 'the people' and in disarmament also make 'America first!'"

VARIOUS CLASSES ELECT OFFICERS FOR NEW TERM

Little interest was shown in class elections which were held January 15 and only nine petitions were turned into the Student Body office. Jack Robinson, Fred Renschler, William Le Veque, and Kenneth Powers were elected to head the Senior, Junior, Sophomore and Freshman classes respectively.

Officers selected in class meeting for the Senior Class are as follows: Jack Robinson, president; Edward Burrough, vice president; Thelma Gander, secretary; Ed Rich, treasurer, and Larry Grimes, sergeant-at-arms.

Juniors elected to fill the offices of that class for the spring semester are: Fred Renschler, president; Emory Baker, vice president; Melba Alleman, secretary; Harold Dabroe, treasurer, and Preston Onstad, sergeant-at-arms.

The Sophomore Class picked William Le Veque, president; Esther Stockton, vice president; Dorothy Foxwell, secretary; Dorothy Sharp, treasurer, and John Sprenger, sergeant-at-arms, to head the class for this semester.

Officers chosen by the Freshmen are: Kenneth Powers, president; Kenneth Ollar, vice president; Miriam Cohen, secretary; Martha Forsyth, treasurer, and Leonard Moline, sergeant-at-arms.

KENNETH POWERS RECEIVES AWARD

Kenneth Powers, freshman, received word last week that he has been awarded one of the Harmon Foundation Scholarships. This foundation was established by the late Mr. Harmon of New York. It consists of 52 scholarships of \$100.00 each, given each year to Eagle Scouts on recommendation of their local councils. The Scout must have done outstanding service in his community. The recommendations received by the Head Council of the Scouts in New York, are judged by them, and then the Scholarships are given out. The money must be used for a college education.

This is the second time one of the scholarships has come to Tacoma, and the first time in three years. The other time, John Tarr, now a student at Stanford, was the recipient of the honor.

Offer New Courses

(Continued From Page One) course in the study of the "Russia of Today." He is also offering a course in Russian literature, with a comprehensive study of Dostoyevsky and Tolstoy and their works. A course entitled, "An Introduction to Greek Civilization," treating the history of the Grecian state from the ninth to the fourth century B. C. is also being offered under Dr. Spector's tutelage.

CINEMA GUILD

Through the efforts of John Hughes of the Cinema Guild, the outstanding motion picture productions of the world are brought to the Blue Mouse theater every Saturday night at eleven o'clock. These pictures have been chosen for one of three leading qualities: plot, artistry of acting, and construction. It should be understood that these films are not travelogues, but have been made in their respective countries as purely entertainment. Because Mr. Hughes does not belong to the national organization, he may choose the most unusual of the productions to show in Tacoma.

The students of the College of Puget Sound are urged to take advantage of this opportunity to cultivate an international viewpoint. It has been arranged that students may be admitted for twenty-five cents instead of fifty cents if they will obtain student tickets from Miss Jones during the week.

This next Saturday night a French film, "Sous Les Toits de Paris" will be given. Its action takes place in the Apache quarter, with incidental music furnished by bona-fide members of that community. Don't forget to see Miss Jones to get your ticket Friday.

We know a good joke about the balcony but we won't tell it. It's over your head, anyway.

William Howarth, to America and settled with him in Everett. He became secretary to Henry Hewitt Jr. and later was associated with Mr. Hewitt as a business partner in the St. Paul and Tacoma Lumber Company.

Mr. Howarth was known as a public-spirited citizen, being interested in many civic enterprises. He had business interests in California and in Everett as well as in Tacoma. For a number of years before his death, he was unable to walk, being partially paralyzed because of a serious illness. This did not keep him from maintaining his business, and he became a reader of the finest literature.

The \$150,000 bequest was left by Mr. Howarth's will to the city of Tacoma for the benefit of its citizens. Through a number of prominent citizens, civic organizations and the action of the city council, it was given to the college.

Many expressions of appreciation are being voiced by the students and faculty of the college, who unite in thanking the Howarths for their fine gift.
