

# The Puget Sound Trail

VOL. 9, NO. 17

THE COLLEGE OF PUGET SOUND, TACOMA, WASHINGTON,

FEBRUARY 19, 1932

## DIRECTORS ADOPT PRESIDENT TODD'S BUILDING SCHEME

### Plan Opens New Era in History of College; Library Proposed

With the adoption of a five million dollar program by the Board of Directors of the College of Puget Sound at their meeting Thursday afternoon, the institution began a new era in its history. The plan presented to the trustees by Dr. Edward H. Todd calls for a systematic presentation to the public of the various projects desired and the finding of persons interested in these projects. One of the projects calls for the construction of a million dollar library with a staff of five librarians who would be specialists in their line. Such a library would be the gem of the libraries in the Northwest.

The unique feature of the plan is that no campaign as has been carried out in the past years will be undertaken. An attempt will be made to complete the outlined program by 1936. Other considerations that came before the trustees were methods of application for scholarships and especially for the use of the Howarth Scholarship Fund. A plan was also made for the enlargement of the scope of the Appointments Bureau.

In attendance at the session aside from the trustees were Dr. William S. Bovard, secretary of the board of education of the Methodist Episcopal Church who spoke to the gathering. This is the first time that such an official has attended the meeting of the trustees. John S. McMillin, who was a member of the committee of five who laid plans for the location of the University of Puget Sound and is the only survivor of that group, was also present.

The membership of the Board of Trustees has been changed recently with Hugh C. Gruwell of Seattle replacing A. S. Elford also of Seattle and R. L. Sprague of Bremerton serving instead of Rev. T. W. Jeffrey of Spokane.

## Debators Meet Pullman Squad

### Will Debate on Pi Kappa Delta Question

Charles Thomas and J. Herman Mattson will represent the College of Puget Sound in a debate with the Washington State College Monday evening at 8:00 in the Auditorium of Jones Hall. A panel of three judges, which has not yet been selected, will render the decision on the debate. C. P. S. will take the affirmative of the Pi Kappa Delta question. Resolved: That, Congress should enact legislation providing for the centralized control of industry (Constitutionality waived).

In a meeting with Utah State Agricultural College on Thursday, February 25, the same team will again take the affirmative on this question.

That C. P. S. will send representatives on the trip to Oklahoma has definitely been decided upon according to Richard Zehnder, debate manager, but it is unknown who will be allowed to go on the trip.

## STEVENSON WILL SPEAK

In Wednesday's chapel E. A. Stevenson from the Presbyterian Board of Education at Philadelphia will speak on a topic of his own choosing.

## NOTICE

The College of Puget Sound will declare a holiday Monday, February 22 in honor of George Washington's birthday.

## CAMPUS DAY DATE SET FOR MARCH 24

### Postpone Associated Student Elections Till March 10

March 24 is the date set for the annual Campus Day according to the calendar committee. This day is set aside for the dual purpose of sport and improvement of the campus. The morning will be given over to work during which improvements on the track will be made, a stone canopy around the color post will be built and some trees may be planted.

At noon a free lunch will be served by the Spurs. Sports and contests, including the sophomore-freshman tug of war, will be held during the afternoon. The event is to be terminated with a social function in the evening. The committee in charge has not yet been appointed.

Because the voting machines can not be secured until a week later the A. S. C. P. S. elections have been postponed to Thursday, March 10. Petitions must be turned in to Georgia Johnson by four o'clock Thursday, March 3, a week before elections. As spring vacation has been changed to April 1 to 9 to correspond with that of the public schools, installation of the officers will not be held until April 14.

The election committee, as appointed by Wilbur Goss, A. S. C. P. S. president, consists of Carol Hansen, chairman, Professor Hunter and Herbert Phenicie. These will have charge of securing voting machines and checking on the ballots and eligibility of students.

## Davis Reflects On

### Life of Washington

In considering the life of George Washington, whose birthday we commemorate Monday, Senator Davis believes that the following qualities possessed by the first president are those which were most instrumental to his success; neatness, hopefulness, humor, discipline, solid judgment, modesty, patriotism, firm religious faith, promptness, well-controlled temper, devotion to principle, honesty, and stoicism under misfortune. Washington was slow to give his word, but once he had given it he was infallible. He always dressed elegantly but simply. His private character was as exemplary as his public one.

## School Honors John Stafford McMillin;

### Member Original Founding Committee

Bringing to the students of C. P. S. a real part of the history it is commemorating this week, John Stafford McMillin, founder of the school, was among the honored guests at the dedication. He is the only living member of the preliminary committee which secured the charter, and located Puget Sound University in Tacoma in August, 1884. Living at Roche Harbor, near the Canadian border, he has maintained his interest in public affairs throughout his life.

Mr. McMillin graduated from De Pauw University in 1876, and three years later he received from the same school his Master's Degree, being chosen by the faculty to deliver the Master Oration for his class. He is affiliated with the Sig-

## Prominent Men Receive Honorary College Degrees

### Guests Honored Include Statesmen, Educators, Jurists and Churchmen

The conferring of honorary degrees to ten eminent men, including statesmen, jurists, educators and churchmen, today marked the opening of a new project of expansion by the College of Puget Sound. Part of the program consisted of dedicating Howarth Hall and the inauguration of Founders' and Patrons' Day. This part of the ceremony was of special interest because of the prominence of the men honored.

The only living member of the original committee which selected the site of Puget Sound University in 1884, received this morning the honorary LL. D. degree, namely, John S. Stafford. The other men receiving degrees were:

Dr. Samuel Franklin Tolmie, Premier of British Columbia, LL. D. Premier Tolmie was detained in Victoria by the session of the Provincial Legislature. His degree will be formally conferred at commencement, June 6, 1932.

Titus Lowe, Bishop of the Methodist Episcopal Church, L. D., sponsored by Hon. H. Rowland, Chairman State Bar Board, member United States Uniform Law Commission.

Simeon Arthur Huston, Bishop Olympia Diocese, Protestant Episcopal Church, LL. D., sponsored by Robert Alexander, Major General (Retired) United States Army.

Emmet Newton Parker, Justice of the Supreme Court of Washington, LL. D., sponsored by Hon. O. G. Ellis, former Chief Justice Supreme Court of Washington.

Matthew Lyle Spencer, President University of Washington, Litt. D., sponsored by Dr. Edmund S. Meany, Head of History Department of the University of Washington.

Arnold Bennett Hall, President University of Oregon, LL. D., sponsored by N. D. Showalter, State Superintendent of Public Instruction.

Orello Chesterfield Whitney, Professor of Education State Normal and Training School, (Continued on Page Four)

## COLLEGE BANQUET SCHEDULED FOR TONIGHT AT SCOTTISH RITE

### Student Body Tickets Necessary for Admittance; Tables to Be Decorated Representing the Various Classes' Respective Sides of the Color Post; Korpela and Guilford in Charge

With a varied program of musical numbers and speeches, the annual All-College Banquet will be held this evening at the Scottish Rite Cathedral in Washington Hall. The dinner will begin at 6:30 p. m., and will be followed by a dance.

## Menzies Heads Honor Students

### Higher Averages Needed for Recognition

Rod Menzies, perennial straight "A" student, Gladys Neff and Mollie Michael, all with grade point averages of 3.000, lead the fall semester college honor roll, as announced Thursday by Registrar Christian Miller.

A higher average among students during the fall semester over the previous semester is noted by the higher averages required to break into the honor group. A 2.500 average is necessary to place on the list for the past semester, while the spring semester of 1931 honor roll required only a 2.200 average.

The complete list follows: Rod Menzies, Gladys Neff and Mollie Michael, 3.000; Paul Williams, 2.866; Bernice Martin, 2.833; Margaret Gillpatrick, 2.808; Lois Twaddle, 2.806; Grace Johnson, 2.800; Wilbur Goss, 2.666; Anne Pernerl, 2.642; Ted Vinyard, 2.625; Charles Gibbons, 2.615; Dorothy Foxwell, Elizabeth Spencer, Charles Thomas, Wyatt Tovey and Ralph Towne, 2.600; Jennie Rough, 2.571; Robert Becker, 2.562; Elza Dahlgren, 2.548; Margaret Emilia Johnson, Louise LaRue and Katharine Mann, 2.533; Rolla Halbert, 2.529; Thelma Melsnes, 2.516; Ruth Alm, Ruth Barter, Genevieve Grimes and Leo Jablonski, 2.500.

## COLLEGE PLANTS WASHINGTON IVY

### Burmeister Chosen as Speaker For Celebration

The College of Puget Sound will take part in the nation wide observance of the bi-centennial anniversary of George Washington's birthday. In a special chapel program on Friday, February 26, the Honorable A. O. Burmeister, a prominent lawyer of this city who, each year, donates the Burmeister oratorical award, will address the student body using the great patriot as his subject.

Immediately following the chapel program, the students will go outdoors to assist in the planting of ivy slips from George Washington's home in Mount Vernon. Lee Carter of the American Legion will give the slips and assist in the planting. The slips were given to Mr. Carter by a relative who has lately come from Mount Vernon.

## BUSEN, '25, WILL RETURN

Chester Busen, graduate of C. P. S. in 1925, is planning to re-enter the college to take graduate work in foreign trade. He is training for foreign council work.

Mr. Busen was president of the A. S. C. P. S. He has taught school for several years since he was graduated, and was a member of the state legislature in 1927 and 1929 representing Thurston county.

Every one now attending college will be admitted on his student body ticket to both the banquet and the dance. Those who have attended C. P. S. before, whether they have graduated or not, will be charged one dollar for the banquet and dance, or for either one or the other.

The committee of judges who will decide the winning class decorations will include: Mrs. Ida Cochran, Miss Martha Pearl Jones and Homer Maris. The class having the best decorated table will receive a box of candy, through the courtesy of Brown and Haley Candy company.

## Dr. Bovard to Speak

The principal speaker for the evening will be Dr. William S. Bovard, who is the secretary of the Board of Education of the Methodist Episcopal Church.

Others having part in the program are: Marjorie Gardener, who will play organ solos; Roy Norman and Dick Adams, who will give a saxophone duet; Robert Searles, of Stadium, who will play a vibraharp solo, and Robert Wilson who will sing. Speakers will include: Wilbur Goss, toastmaster; Dr. Edward H. Todd, whose subject will be "Origins"; Hon. J. S. McMillin, talking on "A Founder"; Dean Raymond G. Drewry, "Growth of Tradition"; Fred Brown, "Science"; Ruth Arwood, "Religion"; Ruth Carter, "Law"; Herman Mattson, "Liberal Arts."

The Color Post idea will be carried throughout, and clever programs have been selected. These are printed on shiny maroon paper, with a sketch of the Color Post on the outside.

The general committee in charge of the work consists of Elsie Korpela and Charles Guilford.

"The affair is to be very democratic and we want every one to have a grand time," said Mr. Guilford.

## Gordon Injured In Car Accident

After being pinned between a truck and a lamp post Saturday morning, Ian "Scotty" Gordon was rushed to the hospital with a badly crushed chest.

Mr. Gordon was pushing the truck and ran to turn the steering wheel. The truck was moving too fast for the wheel to be turned in time and he was pinned between the side of the truck and the lamp post. The accident took place at South 7th Street and Court "C", at 8:30, Saturday morning.

When he was taken to the Tacoma General Hospital it was learned that Mr. Gordon was suffering from a badly crushed chest and cuts and bruises. It was at first feared that there might be some internal injuries but this assumption was later proven false. He was removed to his home Wednesday, but as yet it is unknown when he will be able to return to school. He is a member of the Junior class at the College of Puget Sound.

# Spurs Schedule Mountain Party For February 22nd

## Washington's Birthday Will Be Spent Enjoying Popular Winter Sports

A Washington's Birthday outing has been scheduled by the local chapter of Spurs, with the group leaving at six o'clock Monday morning for a mountain party at Longmire. Skiing, tobogganing and hiking will be among the winter sports enjoyed. Miss Martha Pearl Jones, adviser, will accompany the party.

Miriam Weigle is chairman of the affair. She has as assistants Betty Fox and Dora Langton. Spurs making the trip include Anita Kachulis, Mary Jane Wilkinson, Dora Langton, Edna Creswell, Ruth Arwood, Dorothy Foxwell, Elizabeth Spencer, Althea Van Dyke, Eva Tuell, Elverna Larsen, Alida Wingard, Miriam Weigle, Pearl Dishar and Miss Jones.

At a recent election the vacant offices in this organization were filled. Betty Fox was chosen vice president and Anita Kachulis, secretary.

### Mothers' Club Plans Tea

Mothers' Club of the Lambda Sigma Chi sorority met Tuesday in the sorority room. Plans were made for a mothers' and daughters' tea to be given March 15 in the chapter room. Mrs. C. F. Elsbree was asked to issue invitations to all members, pledges and patronesses. Mrs. G. E. McMaster and Mrs. Carrie May served refreshments. Mrs. B. A. McKensie presided.

### Chi Nus Pledge Jekland

Alpha Chi Nu fraternity announces the pledging of Dan Jekland. Mr. Jekland is a freshman and makes his home at Fife.

### Pledging Is Announced

Lambda Sigma Chi sorority has announced the pledging of Truly Louise Physeck, a junior. Miss Physeck, a former student at the college, transferred this semester from Washington State College. Formal pledging ceremonies were held Wednesday for Truly Physeck, Cella Grace Scofield and Betty Bankhead.

## Sunday Night Dresses

### ART HEADS SHOW PRIZE DRAWINGS

Prize winning drawings from the annual northwest architectural contest, held under the auspices of the American Institute of Architects, are on display in the Art room of Jones Hall.

All the drawings submitted from Washington, Oregon and Idaho are products of architectural students, but participants do not have to be enrolled in college. Works exhibited in the collection are finished in charcoal, pencil, pastels and water colors, showing a wonderful technique in presentation and choice of subject matter.

Students from the classes of Mrs. Ida Cochran, Miss Evelyn Pattison, and Miss Rowena Lung have drawings and problems on display. Among the drawings to be particularly noted are those by Wilhelm Bokke, freshman, and Bob Durham who was enrolled in the college last year.

Mrs. Cochran, Art department head, urges that everyone make a special effort to see this wonderful collection, which will appear until Monday evening.

### Hanawalt Talks To Astronomers

#### Swiss Calendar Plan Outlined By Professor

In an address to the members of the Tacoma Amateur Telescope Makers and Astronomers Association last Monday evening, Professor Francis W. Hanawalt presented the new Swiss plan in regards to the chronology of the year. This plan is one of the new types of calendars put up before the League of Nations when they met last fall. Combining all of the advantages of the thirteen month calendar, it has the added utility of being divisible into the thirds, fourths and sixths so necessary to business dealings of today.

The calendar provides for a cycle of three standard months repeated four times. The first of these is of thirty days length and begins the year on Monday. The second month of this cycle would be of thirty days duration also, but would begin on Wednesday. The third month would have thirty-one days and would always begin on Friday. Since this cycle would be repeated four times to make up a year, there would be eight months, containing thirty days and four months of thirty-one. This would make a total of three hundred and sixty-four days in the year. The deficiency would be made up by the installation of a "New Year's Day" between Sunday, December 31 and Monday, January 1.

Leap Year would be allowed for by the extra day, now designated as

### SPANISH STUDENTS PRODUCE PLAYS

#### History of Latin America Is Studied

Although the students of Spanish 12 have had only one semester of the language, they are attempting playlets which will be produced in class within a short time. These playlets consist mainly in stories, already read in class, which are now being dramatized to further the students' use of Spanish.

Spanish 22 students will be letter perfect in making introductions after they have given a skit which will acquaint them with this practical phase of conversation. Their regular work consists in the study of "Contigo Pan y Cebolla," a comedy.

The Spanish 32 class has entered upon a study of the "Introduction to the History of Latin America" for the semester. Besides studying the text, the members of the class wrote weekly papers on the subject covered that week in class. This work presents varied and interesting aspects of the civilization of the Mayas, Aztecs, Incas and other indigenous peoples.

### Spurs Have New Pledges

Spurs, national pep honorary for sophomore women, recently announced the pledging of two new members, Dorothy Sharp and Mary Jane Wilkinson. Miss Sharp has been active in dramatics, publications and is a member of Lambda Sigma Chi sorority. Miss Wilkinson's affiliations are with Alpha Beta Upsilon sorority and she has done work in the dramatic department.

February 29, being installed as an extra day between Sunday, June 31 and Monday, July 1.

Professor Hanawalt pointed out that, "All life, wherever men do anything, needs a calendar; and all men must be considered." He added that the International Fixed Calendar (thirteen-month calendar) does not do this, having only the interest of business at heart.

A calendar is determined by the day, the moon and the season. To be a perfect calendar, it must conform and treat equally the following requirements: The commercial aspect of dates; the astronomical appearance of the zodiac; it must uphold religious ideas and customs; it must stabilize holidays, and it must be capable of international usage.

According to Professor Hanawalt the change from the present calendar to the new would not necessitate any drastic date changes. If any changes were required at all, they would not exceed one day.

### DRAMATIC LEAGUE PRESENTS TOURS

The Drama League Travel Bureau, in its fifth year of organizing travel-study trips for students of the theatre and its allied arts, has been extremely fortunate in being given a great many scholarships for European schools for next summer. One set of scholarships is for the Central School of Speech Training and Dramatic Art (six weeks) and the other is for the summer session at the University of Munich (four weeks). Applications for scholarships should be made at once, together with a statement as to the drama work the applicant has done and the institutions with which he has been connected.

The three official drama tours offered this year are the Russian tour, under the direction of H. W. L. Dana; the English tour, led by Olivia Hobgood and the Summer Theatre tour, of which Carl Glick is the director. Tours this season are both longer and less expensive than those of last year. Extreme care has been taken in the arrangement of details and each trip includes advantages not open to the ordinary traveler.

All of these tours are elastic and additions and subtractions regarding expenses can be easily made to suit every individual. Any student interested in the tours and in securing a scholarship is requested to see Miss Jones for further particulars.

### SORORITIES HAVE CLEVER PROGRAMS

#### Group Enjoys "Our Theta Gang" Idea

An "Our Theta Gang" idea was portrayed at the Kappa Sigma Theta sorority meeting Wednesday evening. A talk, "Do I Feel Great" was presented by Virginia Phillips. Thelma Gander spoke on "Reminiscence," and Gertrude Davis gave her version of "Only a Member." A trio consisting of Martha Forsythe, Garnet Paulson and Dorothy York sang a selection. "Beauty" was interpreted by Ruth Moline.

Rough initiation for Geneva Hubly was the feature of the Alpha Beta Upsilon sorority meeting Wednesday evening. A discussion of color harmony in the home was presented. Louise Paine and Doris Wakefield were the speakers.

The Delta Alpha Gamma sorority had its regular business meeting with refreshments served afterwards.

### WOMEN'S CLUB PLANS JUBILEE

Georgia Johnson Sets Date for March 3

This year's Gym Jubilee, sponsored each year by the Womens' Letter Club, has been scheduled for the evening of March 3. Georgia Johnson, president of the group, has appointed Melba Alleman to arrange tumbling stunts and Hazel Betchart to take charge of the tickets.

Features tentatively arranged for the program are a volleyball game between the faculty team and the Sigma Zeta Epsilon aggregation, intramural champions, a basketball game between an all-star team of C. P. S. women and the Pacific Lutheran College women's team, and several tumbling acts, dances and stunts by members of the Letter Club.

Women members of the faculty have challenged the male instructors to a basketball game, to be run off as a part of the evening's entertainment, but the masculine contingent has as yet failed to accept the challenge.

## Four Quintets Tie For Honors In Second Week

Chi Nus, Mu Chis, Outlaws and Sigma Zetes Lead List

### INTRAMURAL BASKETBALL STANDINGS

	W	L	Pct.
Alpha Chi, Nu	2	0	1.000
Sigma Zeta Epsilon	2	0	1.000
Outlaws	1	0	1.000
Sigma Mu Chi	1	0	1.000
Nippons	1	1	.500
Delta Kappa Phi	0	1	.000
Peter Pugets	0	1	.000
Delta Pi Omicron	0	2	.000
Independents	0	2	.000

### Schedule

Tuesday, Feb. 23—12:05, Outlaws vs. Peter Pugets; 1:05, Sigma Zeta Epsilon vs. Independents.

Thursday, Feb. 25—12:05, Sigma Mu Chi vs. Delta Pi Omicron; 1:05, Delta Kappa Phi vs. Nippons.

In the second week of intramural play four teams still remained undefeated. Two teams have won twice, while the other two have only played one game. Two large scores were obtained by winning teams this week; the Outlaws downed the Nippons 51 to 10, while the Sigma Zeta Epsilon fraternity swamped the Delta Pi Omicrons by the score of 36 to 0. In the other game played the Alpha Chi Nus won from the Independents 25 to 12. The Peter Pugets, Delta Kappa Phi and Sigma Mu Chi teams remained idle this week.

### Nippons vs. Outlaws

By totaling the largest number of points obtained in an intramural basketball game this year the Outlaws handed the Nippons a 51 to 10 drubbing in the game played at noon Tuesday. The Outlaws scored at will and as the Nippons played most of the game with only four men, due to one going out on fouls early in the second quarter, score was very one sided.

### Summary:

Nippons (10)	(51) Outlaws
Nakamura (8) . . . . . F	(10) Miller
Mayeda (1) . . . . . F	(15) Warwick
Cleveland . . . . . C	(9) Casperson

Fujita (1) . . . . . G	Bagley

Referee, Jim Ennis.

### Chi Nus vs. Independents

The Alpha Chi Nu fraternity won their second straight game when they defeated the Independents by the score of 25 to 12. The game was played on fairly even terms until the final quarter when the fraternity men scored 10 points to capture the game. Brotman led in the scoring by collecting nine points.

### Summary:

Chi Nus (25)	(12) Independents

## LOGGERS LOSE OREGON GAMES

Hoopsters Return Saturday Evening From Trip

C. P. S. basketball players, groggy from five successive beatings on the Oregon invasion, were scheduled to move on to Forest Grove yesterday for a two-game series with Pacific University. Last evening's game and another with the Badgers tonight, will finish up the conference play in Oregon, which has been the scene of a major disaster for the Loggers this year.

Opening the seven-game Oregon schedule, the Lumberjacks dropped a pair of games to Willamette University last Friday and Saturday evenings, the first by a 38 to 33 count, and the second, 48 to 39. C. P. S., doped to lose by a large margin to the Bearcats, made a comparatively good showing against R. S. "Spec" Keene's veteran aggregation, staying on the heels of the winners throughout both games.

The biggest disaster of the trip came Monday evening when the supposedly weak Albany College quintet went over its head to administer a stinging 32 to 31 defeat to the Loggers. After Stan Bates had sunk a foul shot in the last minute of play to give Puget Sound a one-point lead, the Lumberjacks saw victory slip through their fingers when the center on the opposing team swished a field goal with but 10 seconds to go.

Evidently disheartened by the loss to Albany Puget Sound cagers played listless ball in losing a pair of games to Linfield's veteran quintet, 49 to 38 and 39 to 28. The strength of Linfield's quintet had precluded any expectations of two victories over the Wildcats, but Logger supporters had hoped for an even break in the series.

Coach Roy Sandberg's hoopsters are conceded more of a chance against Pacific, already vanquished by Linfield, but the toughness of the schedule has left them tired and this factor must be taken into account by the dopesters.

### Davis Speaks on Washington

A number of speeches on George Washington will be given in conjunction with the coming holiday by Professor Walter Scott Davis.

The first of these speeches is to be before the members of the Tacoma Masonic Lodge No. 22 order Friday night. Monday afternoon he will speak at the tree planting

## TENNIS TOURNAMENT

Entries for the all-college tennis tournament may be made beginning Tuesday for two weeks, according to an announcement by Lou Grant. All undergraduate students of the college are eligible, and those desiring to compete must sign up on the list that will be posted on the bulletin board. This tournament will determine the college championship, but will have no bearing on the intramural tennis league that will follow.

## SORORITY TEAMS TIE FOR HONORS

Thetas, Gammas Hold First Place

### INTER-SORORITY BASKETBALL STANDINGS

	W	L	Pct.
Kappa Sigma Theta	2	0	1.000
Delta Alpha Gamma	2	0	1.000
Lambda Sigma Chi	1	1	.500
Independents	0	1	.000
Alpha Beta Upsilon	0	3	.000

### REVISED SCHEDULE

Wednesday, February 24—Beta vs. Independents.

Friday, February 26—Gamma vs. Independents.

Monday, February 29—Theta vs. Gamma.

Wednesday, March 2—Lambda vs. Theta.

Friday, March 4—Independents vs. Lambda.

After two weeks of close and exciting games, the Delta Alpha Gamma and Kappa Sigma Theta basketball sextets are tied for high honors, each having won two games and lost none.

The Gamma team, after defeating the Betas last Friday, February 12, by the score of 17-2, increased their lead when they decisively defeated the Lambda team, Wednesday, February 17, by the score of 32-14. In the other game played last Monday, February 15, the Lambdas outscored the Beta girls 20-5.

Line-ups for the game played Wednesday noon were:

Summary: Gamma (32) (14) Lambda

## Football Rules Show Changes

N. C. A. A. Introduces Six New Changes

The football rules committee of the National Collegiate Athletic Association, with E. K. Hall as chairman, has announced the following changes in football rules for next year.

### NEW RULES

1. Abolition of the flying tackle and the flying block.

2. Lessening of the massed interference on kickoff plays by compelling at least five players on the receiving team to line up within 15 yards of their opponents; and by permitting a choice of placement, punt or drop-kick on the kickoff to allow a higher boot.

3. Return of a player into the game in any period following that in which he is removed. This will make it possible for a player to re-enter the game three times. He may come out in the first period and return in the second, come out again in the second and return in the third, come out again in the third and return in the fourth.

4. Halting the play the instant any part of the ball carrier's body except hands or feet touches the ground regardless of whether or not an opponent is near.

5. Forbidding of players on defense to strike opponent on head, neck or face with hand, wrist, forearm, or elbow.

6. Soft padding over thigh guards, shin guards, and braces.

Penalty for violation on the rule forbidding use of hands on an opponent's head is disqualification and loss of half the distance to the opponent's goal line. The penalty for flying tackle or block is five yards or in event of it being made at a forward passer—five yards from the spot where struck.

There were many accusations that the flying wedge after kickoff was responsible for the great number of injuries, and some deaths, last year.

## THE MAN AND A NEW ERA

The splendor, the pomp and dignity of this morning's ceremonies still grips us, enralls us with the sincerity of the occasion. Its dignity leaves us with a sense of satisfaction, a certain gratitude that we have for our president and our college.

A short time ago, faculty members and students alike, rejoiced when word was received of the Rockefeller award and the granting of the Leonard Howarth Foundation fund; thus completing a \$2,000,000 endowment drive. The fulfillment of this endowment thrilled all of us, it meant the culmination of many laborious years of effort on the part of our college heads—particularly Dr. Edward H. Todd.

Pleased with the endowment news—naturally, but not finished with his work for the school. A biography of our president is in truth also a history of the college. Under his guidance, its growth has been phenomenal, almost spontaneous, but nevertheless strong in structure, character, culture and scholastic rating.

Closely following the crowning of this supreme effort, comes the announcement from the Board of Directors meeting held yesterday, that Dr. Todd, the irresistible force, the inspiration of our institution, has proposed a new program! The plan calls for a \$5,000,000 building program to be completed in five years time. Preposterous? That's what was said about all the previous programs offered by Dr. Todd. Nevertheless the folly of his ideas was withdrawn with the accomplishing of seemingly insurmountable odds. And now he would see the campus beautified by first of all a \$1,000,000 library, which would be "a gem of the Northwest." Five librarians would have charge of the building; five specialists in truth. They would be leaders in the fields of medicine, literature, science, religion and the arts. Truly a marvelous project and worthy of Dr. Todd's ability. Many other buildings are also included in the scheme.

Today we honored several prominent men. This celebration, formulated, planned and executed by our ambitious president, was after all a salute to him, whose faith, vision and energy have done wonders for the college.

In mentioning the school, Robert Montgomery, well known editorial writer said:

"Scholars of the future will crown it with honor. The present and future will weave a halo about the brow of this Alma Mater. In the very nature of the case, breathing the air of the classics and sciences, thinking the thoughts of mankind, both ancient and modern, its language of academic freedom, it is bound to promote freedom of thought which is the only thought deserving the name.

"Among the builders of the Northwest, Dr. Todd's name will be cherished and his memory kept green when this generation has fulfilled its task."  
—B.

### CONSIDER THE GOOD POINTS

Among other characteristics of the human race, there is criticism. Everyone criticizes everyone else. It is easy to point out another's faults—it is kinder to remind them now and then their good points. In general one receives from another exactly as much as he expects. If one is reminded of his good points, he is more than likely to try to live up to them and to be ashamed of acknowledging that he has any poor qualities. Pride is one of the greatest motivating factors known. Try being kind: It's the scheme by which friendships are made and held.  
—D. F. G. N.

In their fight for the right to smoke in sorority houses, coeds at Northwestern University used the name of Frances Willard because they discovered she had lit a cigarette in one of her weaker moments, smoked half of it and was caught. When you're great, you can't have weak moments.

## OFFICE ANNOUNCES REGISTRATION RISE

According to Christian Miller, Registrar, there is a slight increase in registration this semester over the same time last year. The total enrollment numbers 572, as compared to 569 last year. At the end of the first semester 96 were lost, while there were 69 new registrations. A year ago 84 failed to return while 41 registered for the first time in the spring. Several registrations have not been completed as yet and are urged to finish as soon as possible.

Five names have been added to the list given in last week's Trail. They are Richard Ballinger, Edna Sylvester, John La Furgey, Stanford Williams and Ralph Frank.

### Give Honorary Degrees (Continued From Page One)

Potsdam, New York, Litt. D., sponsored by Elmer L. Breckner, Superintendent of Tacoma schools.

Worth McClure, Superintendent of Schools, Seattle, LL. D., sponsored by Dr. J. Ralph Magee, Superintendent, Seattle District, Methodist Episcopal Church.

Horace J. Whitacre, President Tacoma Chamber of Commerce, a leading surgeon of the Northwest, D. Sc., sponsored by Hon. Edward L. Blaine, Chairman Board of Trustees of the College of Puget Sound.

John Stafford McMullin, prominent citizen and a founder of the old Puget Sound University and a member of its first Board of Trustees, LL. D., sponsored by B. F. Brooks, pioneer Methodist preacher and a trustee of the College of Puget Sound.

McMILLIN seeing that stray students get to eight o'clocks on time—MARGARET JANES sewing buttons on CHUCK MACLEAN'S jacket—DEAN MULLIN studying—MARY TAYLOR trying to seem thoughtful—JACK HOLMES fascinating the ladies.

### Adams Loses Shirt, Tie in Explosion; Joins Chemistry Honorary

Last Monday, while generating steam in the organic lab, a mysterious explosion occurred. No one was able to discover the cause until it was found that Dick Adams had been working the experiment, and that he had neglected to open the system to allow for expansion of the steam. No one was hurt, but Adams' shirt and tie were unfit for any further wear that day. He resembled a large black cloud, for he was covered with a thick deposit of soot-like material. He emphatically denied being in sympathy with Negro History Week.

On entering Chemistry class next morning, Mr. Adam's class-mates greeted him with a rousing cheer, and Professor F. A. McMullin presented him with the badge of the order of the D. C. (Dumb-bell Chemists). This is one of Mr. Adams' prized possessions, and consists of a large cork pinned on with a safety pin, the whole being covered with tin-foil.

### DEBATERS ELECT OFFICERS

Three officers of the local chapter of Pi Kappa Delta, national debate society, having left school for the spring semester, members of the group elected new leaders at a meeting Tuesday. Pearl Disher

was elected vice president, Frank Heuston, secretary-treasurer, and Charles Thomas, corresponding secretary, replacing the old officials.

## DEPTH SOUNDERS FOR AIRCRAFT

WITH the application of electricity to aircraft instruments, another chapter was written in the annals of air transportation. To-day's ship is not only swifter but safer and more dependable. Modern depth-sounding devices indicate instantly the height of the ship above the ground surface. A unique feature of General Electric's recently purchased monoplane is the almost completely electrified instrument panel.

intermittently operated air whistle is directed downward. The echo is picked up in a receiving megaphone, and the sound is heard through a stethoscope. The elapsed time between the sound and the echo determines the height. Tests show that water, buildings, woods, etc., produce echoes that are different and characteristic.

The most recently developed instrument is the sonic altimeter, which provides a quick means of indicating changes in height above ground. Sound from an

Besides developing a complete system of aircraft instruments, college-trained General Electric engineers have pioneered in every electrical field—on land, on sea, and in the air.
