VOL. 10, NO. 23

THE COLLEGE OF PUGET SOUND, TACOMA, WASHINGTON

MAY 22, 1933

## New Catalogue Embodies Novel Plan of Issue

### Bulletin Is Dedicated to Classes In Quadrant of the Year Of Its Issue

The new College of Puget Sound catalogue embodies several changes resulting in a saving of 70 pages. The color of the cover, purple, is that of law and good government and of the First Quadrant.

A new custom was inaugurated with this issue of the catalogue. Each year, hereafter, the catalogue will be dedicated to the group of classes in the quadrant of the year. This year it is dedicated to the classes of 1893, 1897, 1901, 1905, 1909, 1913, 1917, 1921, 1925, 1929 and 1933.

### Change Regulations

Regulations have been changed as they apply to admission for advanced standing. Independent study and department honor systems have been revised in accordance with the two-way plan outlined in the Trail.

"The catalogue is the official representative of the school. It is a written contract between the student, the school, and the public," says Registrar Christian Miller. Catalogues are issued to students, faculty, and administration and are sent to all colleges and universities with which CPS is in friendly relations. All high schools of the state receive copies for the convenience of prospective students. The large libraries of the country are also on the mailing list.

### Has Wide Use

The catalogue is used by professional associations for studying conditions and for comparison with other schools. Publishing houses use the annual bulletin as a basis for preparing literature and other material for professors. A number of catalogues go to foreign countries as exchanges.

With several new pieces of equipment being given to and made for the science department it has been improved with little expense this year. Among the new pieces are several important devices made by Professor George F. Henry for approximately \$100 which would have cost the school well over \$450.

Besides Professor Henry's ether extraction machine, a new aerial has been added to the physics department, a valuable indexed fossil collection was donated to the geology department by Alfred Hale of Tacoma, and a lap machine was added to the geology section for the class in petrography.

However, a code of laws which will codify the old constitution and by-laws with a few additions will be drawn up by Central Board in the near future. These can more easily be changed by Central Board when the need arises and will take the place of the old lengthy constitution. This code of laws will be voted upon next year.

The new constitution is as follows:

## MUSICIANS HAVE SUCCESSFUL SEASON

### Appearance of Noted Singer Climaxes Year

The sponsoring of the appearance of Mme. Ernestine Schumann-Heink on May 15 was the climaxing achievement of the Conservatory of Music during the past year.

John Irwin Chickanzeff, instructor of violin, brought credit to the school with his organization of a string ensemble. It has appeared in chapel, in the May Fete, and on numerous occasions about the city, and, being composed of freshmen, is believed to have a promising future.

Leonard G. Jacobsen and John I. Chickanzeff, instructors, have made a number of public appearances at clubs and meetings this semester, and have been asked to appear at the Washington Music Teachers' Association convention in June at Spokane.

## EDWARD L. BLAINE TO GIVE ADDRESS AT GRADUATION

Circumstances have prevented Rev. J. Franklin Haas from delivering the Commencement address Monday, May 29. President Edward H. Todd announces that the Honorable Edward L. Blaine, chairman of the board of trustees, has consented to deliver the address. Bishop Titus Lowe will deliver the Baccalaureate sermon in the First Methodist Church Sunday, May 28 at 11 a. m. on "The Necessity of Adequate Reserves."

## Dramatic Students Have Busy Year

### Department Program Includes Varied Activities

Plays, orations and declamations have made the current year a busy and productive one for the Dramatic Art Department under the leadership of Miss Martha Pearl Jones. It was the third and last year for Morris Summers as Dramatic Manager.

For the Homecoming season, "Second Childhood," a farce-comedy, added to the gaiety. In November, Charles Rann Kennedy's serious drama "The Servant in the House," was presented and received favorable comment throughout the city. It was repeated by request at the First M. E. Church. "The Tightwad" was the spring comedy, and the final all-college play of the year.

### Give Christmas Play

With the assistance of the Adelphean Choral Society, the miracle play, "Why the Chimes Rang" made the Christmas chapel one full of meaning. "The Terrible Meek," was used in an Easter vesper service at the First Congregational Church. At a regular chapel period, Tolstois' Russian Play, "What Men Live By" was given under the student direction (Continued on Page Four)

## Schumann-Heink Well Received At Appearance

### Students, Faculty Charmed by Personality and Humor of Famous Opera Artist

### By Anne Pernerl

Captivating her audience with her lovable informality and friendly humor, Mme. Ernestine Schumann-Heink left an impression of her personality that will long be remembered by the students and friends of the College of Puget Sound who heard her speak Monday afternoon in Jones Hall auditorium.

### Sings Though 72

For 35 years Mme. Schumann-Heink has been following her career as a noted and well-loved singer and now, although 72 years old, she still enjoys singing in theatres because it brings her near the people who cannot afford to hear her in opera. She wants, above all, the love, understanding, and respect of the people of the United States, where for 33 years she has found her greatest happiness. She stated that, although this may be her last tour, she hoped to make one more trip in order to sing to school children everywhere.

In her talk Mme. Schumann-Heink stressed the fact that work is the secret of success. She urged those who want to become singers to practice their scales every morning as faithfully as they brush their teeth, and in her impulsive, straightforward manner she added that smoking for girls was injurious to beauty as well as to the voice.

### Advocates Discipline

Mme. Schumann-Heink pointed out that there is a need for more discipline in the lives of the younger generation. She declared that duty should come first in their thinking, and they should practice tolerance in religion. Although each makes his own philosophy, underneath this philosophy is a common faith.

She commended the people of the Northwest on their happy family (Continued on Page Two)

A Red Cross nurse will properly safeguard the health of all while a dean of women will supervise the comfort of the feminine contingent. Enrollment for the Institute may be made now by communicating with Edwin H. Carroll at the Pacific Branch Office, American Red Cross, San Francisco.

## GROUP TO INSTALL NEW EXECUTIVES

### Christian Service Club Has Successful Year

Finishing a year of successful activity, the Christian Service club is already making plans for the coming year. Installation of the new officers will be held Sunday afternoon in the Little Chapel. Orville Weeks succeeds Lloyd Doty as president, while other new officers include Miss Jane Wackman, vice president; Miss Dorothy Dews, secretary; and Charles MacLean, treasurer.

During the year, members of the club have been working on 26 deputation teams, which are composed of a chairman, three speakers, several musicians and a young people's leader. They have had charge of a Sunday program every other month at the Tacoma Community House. The club has also sponsored a morning watch service every morning before school in the Little Chapel.

Two group picnics have been held during the year, one at Epworth Heights and one at Dash Point. The club now numbers 56 members, and is advised by Professor Arthur L. Frederick.

## Band Completes Successful Year

With the annual spring concert given last Monday evening, the College of Puget Sound band climaxed its third year under the leadership of Harry W. Evans. Besides a varied program by the band, Mr. Evans presented three of his students in solo numbers with band accompaniment. The soloists were: Ames McDowell, trumpet; Roy Norman, saxophone; and Tom Willis, trombone.

Although the demands on the band were not numerous during the past year, it presented commendable and well received programs whenever it appeared. Besides playing over the radio, at school programs, during chapel and at all home football games, the organization furnished the program for the Homecoming game between halves with a country band comedy stunt.

From within its membership Mr. Evans developed an all saxophone band which appeared in chapel and played for minor programs. This is the first time that such an organization has existed on the campus and it promises to take an active part in college activities next year, along with the regular band, according to Mr. Evans.

### Faculty Club Has Meeting

The home of Mrs. Lawrence McClelland was the scene of the last meeting of the year of the CPS Faculty Women's Club. The affair was a spring luncheon given Saturday, May 19, at Stellacoom. The hostess was assisted by Mrs. Samuel Weir, Mrs. John B. Bell and Mrs. Frank Williston. The program included a talk on laces by Miss Blanche Stevens, and violin music by Mrs. Ellery Capen.

Mrs. O. F. Hite was installed as the new president.

### Adds to Extensive Collections Of Pictures

#### Present Collection Improved

This year the department has added three pictures, at a cost of \$100 to the extensive collection of 350 pictures already gathered. A class for instructing college students in methods and practice of teaching art has been a regular part of the program, with 15 youngsters coming to CPS every Friday afternoon for six weeks.

Teaching creative rather than imitative art has been one of the aims of the department. Some ideas of the Steinhof school of art in Vienna have been put into practice by students working in clay.

#### Airport Will Be Decorated

Interior decorating of the waiting room at the county airport will be one of the tasks of the art department next fall. The county has requested this service. The decoration will be worked out in a modernistic manner.

life, which she declared to be the foundation of a great nation. She remarked that it was a pleasure to her to observe old-fashioned, happy homes.

#### Holder of Many Honors

Reminiscing, Mme. Schumann-Heink spoke of her beloved Wagner opera with emotion, and told of some of her experiences during the World War, and in her imitable way she mentioned some of the honors which she holds. These include: Doctor of Music, member of a sorority, Rotarian, Lioness, Kiwanian, and the National Singing Mother of the American Legion. As a parting reminder she turned to the audience and said, "Good-bye, my children, and don't forget me, please."

As a prelude, Mary Wescott played selections on the organ. The Adelpian Choral Society entered singing a procession, and, while the audience stood in honor, Dr. Edward H. Todd escorted Mme. By taking second and third places in the 100 yard dash, the last event of the day, the Delta Pi Omicron track and field team won the annual intramural track meet by the close margin of one and one half points. The Omicron total number of points was 29½, while the Zetes, who took second place, garnered 28 points.

The Alpha Chi Nu fraternity grabbed third with 18 points, while the Peter Pugets and the Delta Kappa Phi men were tied for fourth with nine points. The Sigma Mu Chi team finished in the rear with a five point total.

Four new records for the meet were established, while a fifth record was tied. In the first day's competition Jess Brooks of the Peter Pugets heaved the shot 45 feet 8¾ inches for a new record, while a little later Clarence Johnson, high jumped 5 feet 7½ inches for a new record. Johnson was not considered even a place winner at the start of the event.

On Friday two more records were broken in the field events, the first by Lindquist who tossed the discus 110 feet 9½ inches. Bill Hull set a record in the broad jump, when he leaped a distance of 19 feet 6 inches. The 100 yard dash record was tied by Woodard, who also holds the record in this event, when he traveled the century in 10.4 seconds. Woodard, with firsts in the 50 and 100 yard dashes was the leading individual scorer with 10 points.

### Briles Leads Winners

Wayne Briles led the winners in scoring with three second places for a total of nine points. Bob Pollen also turned in good work with three third places for the Omicrons.

Bill Hull was the outstanding individual for the Chi Nu's, scoring eight points with a first in the broad jump and a second in the high jump. Baker of the Chi Nus captured the 220, with a nice sprint to beat out Bower of the Zetes by a couple of feet. Bower scored 5½ points while Al Brown of the same organization was close behind with 5.

Heuston took first place in the mile for the Delta Kapps, and as a result was their leading scorer.

## Sigma Zetes Cop Mural Ball Title

Playing heads up ball, the Sigma Zeta Epsilon team defeated the Sigma Mu Chi nine, 8 to 0, Wednesday at noon in a playoff game, and annexed the intramural playground baseball title. Costly errors on the part of the Mu Chi's plus timely hitting by the Zetes, spelled defeat for the Mu Chis. Stewart and Bates were the heavy hitters for the winners while the fielding of Cummings and Haas, who made spectacular catches were the outstanding features of the losers play. Batteries: Zetes, Bates and Moline; Mu Chi's, Innis and Finnegan.

The final standings after Wednesday's contest finds the Zetes and Mu Chi's in the first two places in that order. The Omicrons ended up in undisputed possession of third position, while the Alpha Chi Nu and the Delta Kappa Phi teams tied for fourth place, with the same number of games won and lost. The Peter Pugets finished in the cellar and was the only team unable to break into the win column. However, the Pugets always gave the other teams plenty to worry about before going down to defeat.

## Women Finish Sport Season

### Seniors Take Majority of Honors in Competition

Women's sports for 1932-33 showed variety and keen competition with championships going to the senior teams in all but baseball. Under a reorganized Women's Athletic Association the year's program included hockey, volleyball, basketball, baseball, hiking, tennis and archery. Turnouts in these sports were held at noon, and members of the winning teams in group games or the winners in individual matches received points toward WAA sweaters.

### Hold Jubilee

A Gym Jubilee March 29 proved successful under the direction of WAA and P. E. Methods Class. Exhibitions of indoor games, tap and folk dancing, and a basketball game in which CPS women won from the Pacific Lutheran team, featured the program.

Minor but popular activities of the department were golf, life saving and swimming lessons, and a ping pong tournament which Elizabeth Sherwood won last fall.

### Miss Collins in Charge

Women's sports are under the supervision of Miss Pernina Collins of the Physical Education department, Winifred Holm, general manager, and Esther Power, WAA president.

Membership in the WAA is open to all women who have made 200 points in inter-class competition. Sweaters are awarded for 1200 and 2400 points.

## Loggers Complete Series With Huskies

University of Washington's baseball team scored its fourth win of the season over the CPS squad, by a score of 6 to 3, in a hard fought game played in the Husky Stadium, Saturday. Briles and Smith starred for the Loggers.

University of Washington batters combed the offerings of three CPS hurlers for 16 hits and 14 runs to defeat the Logger baseball team 14 to 3, at the Athletic park last Friday afternoon. The game was delayed for a few minutes after the fourth inning on account of rain.

### Sasaki Holds CPS

The contest was close in the early innings, the Huskies being on the long end of a 3 to 2 score, but the rain seemed to help their batting eyes for, after play was resumed, they began hitting to all corners of the field, while the Lumberjacks were unable to connect with the slants of Sasaki, who was on the mound for the visiting team.

Eleven runs were scored in the fifth, sixth and seventh innings by the invaders while the Loggers counted twice in the first inning and again in the sixth for all of their scores. Pettibone who started on the hill for Puget Sound pitched a good game until after the delay in the game but had little success after the fourth inning.

## LOGGERS WIND UP FAIR LINK SEASON

Puget Sound's golfers wound up their current season Saturday with a return match at Fircrest with the University of Washington frosh.

Six matches have been played this spring with three schools on the home-and-home play system. The Bellingham series was split 12-3, 7-8. Pacific Lutheran college defeated the locals 11-7, 11-7. The initial match with the University babes was lost 9½-5½.

Men representing the Logger school on the links during the past season were: Fred Renschler, Vernon Birch, Bill Sherman, Howard Richardson, Jack Fewell, and Emory Baker.

## Bursar Requests Removal of Locks

Students are requested by Charles A. Robbins, bursar, to remove locks and clean out their lockers before leaving school. Students who plan to return to school next semester may retain the locks, or the deposit may be secured by turning the lock back to the Bursar's office.

## Loggers Leave For Pacific U.

Conference Meet to Be Held  
At Forest Grove

Twelve Puget Sound track and field men embark this week for Forest Grove to make their bid for Northwest conference honors in the annual meet to be held on the Pacific University campus.

Logger teams produced by Coach O. F. Hite have been runner-up for the past several years and this year are expected to cop more than the usual number of points. CPS expects to find the stiffest competition this season in Willamette, with strong threats forthcoming by Pacific and Whitman. Puget Sound's chances will depend on the points being split on Willamette's competition.

### 12 Make Trip

Men to make the trip and their events are: Captain Stan Bates, low hurdles, 100-yard dash; Roy Carlson, shot, discus, javelin, broad jump; Lloyd Doty, 440-yard, 220-yard, relay; Ed Havel, shot, discus; Paul Kohler, two mile; Ed McCoy, mile, two mile; Don Olson, 440-yard, relay; Cliff Piercey, 440-yard, relay; Keith Schneider, 880-yard, relay; Al Severson, pole vault, javelin; Rex Weick, low hurdles, high hurdles; Mark Whitman, 880-yard, relay.

### Have Trained Hard

The Loggers go into the conference meet with two months of training and some stiff track meets behind them.

In the opening meet of the season the Loggers won a triangular meet with 95½ points over Bellingham Normal with 50 and Ellensburg Normal with 26½. The second meet of the year saw the local men snowed under by the University of Washington cinder squad 118 2/3 to 12 1/3. The following week end saw the Loggers again beat Bellingham, this time in a dual meet, 79½ to 46½. In final preparation for the conference tangle Puget Sound bested Grays Harbor Junior College 89 to 33 Saturday, May 17.

## Women Take Hike

A sunrise jaunt took women hikers out at 5 a. m. Sunday, May 21 under the leadership of Marguerite McMaster. The trip included a breakfast cooked on the beach near the towers, which demonstrated that business could be combined with pleasure.

### STICK WITH THE SHIP

Soon the semester will be over and the problem of what to do during the summer months will confront more than 500 students of CPS. Some fortunate ones will be able to find some kind of employment while others will be unable to do so. In the case of the more fortunate the thrill and monetary reward for working may lead them to forsake their college education for the temporary gains from employment while in the case of those who are unable to find work the discouragement therein may fill their minds with doubt as to the advisability of returning in the fall. For both of these classes the following quotation from the Daily Illini has a message of encouragement:

"Is a college education worth the cost of almost any personal sacrifice? Many youths there are who would rather hold on to their rather mediocre jobs, which offer poor pay and relatively little prospect of betterment, than to undergo a temporary sacrifice, and, in some cases even discomfort to prepare themselves for a better life.

"But there is also that great minority which does go to college, many of whom do so almost 'on a shoe-string.'

"A case in point is that of a 19-year-old coed who is attending the University of California at Los Angeles. Determined to continue her education, despite the fact that she was unable to pay rent, she lived for two months in a ravine beneath a bridge, sleeping under only a single blanket.

"Existing largely on fruit, the girl arose each morning before daybreak and went to the gymnasium washroom, where she made her toilet and laundered her clothes. University officials obtained a job for her as soon as they learned of her case.

"Similar tales of hardship and real sacrifice on the part of students and their parents are commoner than we realize. A professor in another university tells of a young man of his acquaintance who, now at the top of his profession, worked while securing his education, in a biological laboratory. It was his duty to feed the rats, and each day he was given a certain amount of food with which to do it. He existed through saving out some of that food each day and eating it himself!

"College is worth extreme sacrifice. In view of the lengths to which many students and many of our own parents go to make education possible, all of us should certainly strive to realize the utmost benefit from our training and appreciate the opportunity we have to better ourselves and our fellows."

### THANK YOU

At this time the Trail wishes to say a word of appreciation to the advertisers who have made it possible to issue this paper during the past year, and it trusts that the pleasant relations of the past may continue in the future.

A hearty "thank you" is expressed to the faculty, students, employees and friends of CPS for their cooperation and assistance in various matters connected with publishing the Trail.

of Warren Mahaffay. For the closing meeting of the Interdenominational Teacher's Training School, The Playcrafters gave "The Brink of Silence," a drama of the far north.

Two evening group meetings were held for the general public and the student body. "The Twelve-Pound Look" by James Barris, "Our Dear Departed," "Mansions" and "Gettin' Acquainted" were the one-act plays on the programs. The last one was given at the Corner Club and the Duxit Club at their first regular meetings.

### Play at Schools

Student assemblies saw the presentations of two comedies, "Murdering Selina" and "Farewell Cruel World."

"Food," a melodrama based on the high cost of living, made four public appearances, at Dash Point, at the Central Lutheran Church, at Mason Methodist Episcopal Church. "Suppressed Desires" was repeated by request for the Alumni Association of CPS at their meeting in Seattle. The First M. E. Church, the First Congregational Church, Gault

## Group Records Accomplishments

Among the active clubs of CPS this year, one which has done much work, is the International Relations club. Early in the school year six members of the group attended the Regional Conference of International Relations organizations which was held at Seattle. Later they revisited Seattle to see the consular offices there and to interview the consuls. Providing speakers and variety numbers for the Tacoma Peace Conference and presenting a radio play over KVI, were part of the activities of the club during spring vacation.

This year the members have secured twelve books from the Carnegie fund and at present are contemplating a bookcase for the 40 or 50 books which have been collected in the three years of the club's existence.

Outside speakers, ministers and professional men, have been frequent visitors at the meetings.

### Foreign history continues:

Orthodox Mohammedans still resent the use of the Turkish language instead of the old sacred tongue in religious services. They feel it is irreverent to "talk turkey to Allah!" In America, however, the use of turkey for Thanksgiving is a common practice.

The reason all those Dictators provide colored shirts of one color or another is not always understood. The "dyed in the wool" explanation is that when trouble comes the Dictator can tell the people there's nothing to worry about if they keep their shirts on!

Unlike other Dictators, the Polish head man gets his power from the Poles!

The League of Nations had a hard time to fix a boundary line between Germany and Poland, there being no natural barriers except the pronunciation of Polish names to mark the line. Finally it was decided to

mark the boundary with a number of Poles, but even to this day Germany says it won't stick.
