**'Journey's End' Picked as Outstanding Play**

With the presentation of a dramatization of "Undercurrent," one of the greatest short stories ever written, in Jones Hall auditorium, May 23, the Dramatic Arts department brings to a conclusion the largest and most active program it has ever attempted.

### Highlights of Year

Highlights of this year's schedule included five full evening performances and three more plays than customary. They were "The Black Flamingo," a mystery play; "Passing of the Third Floor Back;" "Journey's End," the greatest war play; "Where's Your Wife?" Theta Alpha Phi production; and three one-act plays, "The Romancers," "Rich Man, Poor Man" and "The Killers," the latter presented by the faculty. Furnishing all forms of thrills from love through mystery and farce, the three one-act plays presented Friday evening May 11 were hilariously received. The debut of the faculty in the production "The Killer" was the highlight of the evening. Prof. Warren E. Tomlinson as The Killer sounded especially convincing.

As an added attraction the cast presented several scenes again in the manner which they were rehearsed with even more striking results. Students appearing in the other plays "The Romancers" and "Rich Man, Poor Man" are to be commended for their work.

### 'Journey's End' Praised

"Journey's End" is the unanimous choice of the department heads for the best play of the year. Miss Martha Pearl Jones, head of the Dramatic Arts department, says, "Working with 'Journey's End' gave me greater satisfaction than any play I have ever produced. The cast cooperated so splendidly. They were a real joy."

Kenneth Powers, Dramatic department manager, extends his thanks to the student body for its cooperation in making this year a (Continued on Page Four)

## Late Prof. Maris Honored by Group

**Delta Kappa Phi Plaque To Be Memorial**

In memory of Prof. William Homer Maris, faculty adviser of the organization from September 1930 until the date of his death July 19, 1933, Delta Kappa Phi fraternity has established a memorial in the form of a silver plaque which will hang in the chapter house.

### Brown Recipient of Honor

Each year a member of the fraternity who has completed four years of college work at Puget Sound and who is judged by the organization to have best portrayed the ideals and principles laid down by Professor Maris in fraternity and college relations will have his name engraved upon the plaque. Walter Brown, past president of the chapter, was selected as the 1934 recipient of the honor.

In order that future classes, who did not have the opportunity of association with Professor Maris, might not be confused by the intangible phrase "ideals and principles," a committee of Walter Brown, chairman, Charles Thomas, and Nicholas Zittle was appointed to draw up a code embodying those standards.

### Observed Principles

Selection of this year's candidate was made on a basis of his observance of the former faculty adviser's principles as recalled and stated by members of the active chapter, most of whom were very closely associated with him.

Professor Maris is best remembered for his human understanding, his extremely varied interests, his cheerfulness, his level-headedness and his ability to mix in any group and to give just the right form of encouragement in a time of depression.

## Honorary Hears Speaker

The Rev. Geoffrey Wardle Stafford, Litt. D. of the University Temple church, Seattle, will address the local chapter of Mu Sigma Delta, honorary scholastic society, at its annual meeting in Jones Hall auditorium, at 8:15 p. m., Friday, May 25. The public is cordially invited.

Pledging will be announced this afternoon.

## Track, Field Meet Will Finish Year's Intramural Sports

Zetes, Omicrons, Chi Nus and Pugets Slated to Stage Big Battle

Intramural athletics will be brought to a climatic end tomorrow and Thursday when the annual intramural track and field meet will be run off. Although the Zetes are leading, the all-around intramural trophy isn't in their possession until the last event in this meet is run off, and competition for the tussle is exceptionally keen. The Omicrons, defending champions, Chi Nus, Peter Pugets and Zetes are all given a fighting chance to waltz off with the honors. Whoever wins, it is predicted, will do so by a scant margin, and all pre-meet information leans strongly toward this argument.

Tuesday at noon hour the preliminaries for all of the track events will be held and in the field events it will probably be that two of them will end in the finals on this day. On Thursday the final heats and finals in the field events will be run off. Each organization may enter not more than two men in the final events. Each participant may enter in two field events and one track event or two track events and one field event.

Competition is thought to be especially close in the two dashes and in the hurdles. Woodard, Zete, and Briles, Omicron, are down for the former, while Piper, Zete, and Haley, Pugets are slated for the hurdles.

By defeating the sophomore squad, 18 to 9, the freshman coed baseball nine won the annual baseball tournament. Emerging victorious over the seniors, 25 to 4, in a previous game, the freshmen earned the right to play in the final tilt. This was the second time the tourney was played, the first having ended in a three-way tie.

As baseball is now finished, the year is nearly closed for women's sports. The junior-senior class won the hockey title; the sophomores, the volley ball championship; the freshmen, the basketball and baseball crowns. The tennis team has not been chosen yet, but will be May 23. The archery tournament will be held on May 21, 23 and 25.

### Essay Recognized

Out of 291 entries in the Atlantic Monthly Freshman Essay Contest, "Subt" the essay submitted by Elizabeth Stewart was marked number ten according to word received last week by Mrs. Lyle Ford Drushel. In the essay Miss Stewart used the story of the flood of southwest Washington last December as a basis for the retelling of the Indian legend of the great Flood. Material for the essay was obtained from personal investigation.

## Loggers Drop Willamette Game

Bearcats Win By 13 to 1 Score

CPS dropped its second game to Willamette late Saturday evening, after dodging showers all day, by a score of 3 to 1.

Score:

	R	H	E
Puget Sound	1	6	0
Willamette	3	3	0

Brooks and Ennis (CPS); Burch and Mills (W).

With poor support from his teammates who made four errors, combined with five basis on balls and twelve hits, Otto Smith, star CPS pitcher was roughly treated by the Willamette baseball team last Friday at Salem, Oregon, and as a result the Loggers dropped the first game of their trip away from home 13 to 1. The Bearcats scored all of their runs in the first four innings after which Smith settled down and kept them from tallying.

On the other hand Erickson, star southpaw hurler on the mound for the winners kept the Loggers six hits well scattered and only once were the Lumberjacks able to get more than one hit in an inning. In the second Brooks and Kuromoto hit safely to produce the lone CPS run.

The hitting star of the game was George Aden of Willamette, who pounded out three singles, one of them a long triple.

Score:

	R	H	E
Puget Sound	1	6	4
Willamette	13	12	2

Batteries: Smith and Ennis; Erickson and Mills, McCann.

### Smith Hurls Team To Victory at Pen

Otto Smith, CPS pitcher, won his first game of the season Saturday May 12, when the Loggers defeated the McNeil's island prison team 12 to 5. Smith bore down in the pinches and was stingy with hits with men on the paths. Brooks and Stoffel with two hits each led the Lumberjack's attack.

### Puget Sound Netters Defeat Bellingham

Puget Sound's tennis squad took four out of seven matches from the Bellingham Normal team last Tuesday, at Bellingham and thereby ended their regular playing season. The Loggers engaged in ten meets during the season and won seven of them. After final exams next month the Loggers will send a team to Salem, Oregon to defend their Northwest Conference championship laurels which they won at Portland last year.

## Hail and Farewell!

Hail is a thing of the past and the time has come for Farewell. With this issue, the Trail ends its eleventh year of existence as the student publication of the College of Puget Sound. But more than that, this issue marks the valedictory of three members of the staff who have served continuously since their entrance in CPS in the fall of 1930.

Although the present administration of the paper was merely a stop-gap filling in between resignation of one editor and the inauguration of another, the essential organization has remained the same. The principles laid down in previous years have been rigorously followed.

In the news columns the staff has striven to give representation to every interest showing partiality only as dictated by news values and the ethics of good journalism. It has done its best and now gives way to another organization. Whether it has succeeded in its purposes is for the students to decide.

Before the final word is said, tribute should be offered to those members of the staff who have stood by the paper in its trials throughout the year. We thank you. But still more than this, much credit is due to the sports editor, Howard Clifford, for his work and to the society editor, Kathryn St. Clair, who has efficiently handled that page for three years. Each has handled his job well.

Prospects for next year look exceptionally bright as nearly all of the present staff will be back. And now comes the time for those of the outgoing administration to fade into oblivion and say, with apologies to Tennyson,

"For men may come, and men may go  
But the Trail goes on forever!"

## Dates Set for Session

Dates for the Graduate School of Ministerial Training to be held at CPS this summer have been definitely set as August 16 to 24. Dr. Edward H. Todd, who is arranging the school, attended a meeting of the planning board of the school in Portland, Tuesday, when the dates were set.

## Alumnus Receives Job

Herbert Phenicle '33 is working in the cereal testing laboratories of the Centennial Mills. Mr. Phenicle, who majored in chemistry, was affiliated with Delta Kappa Phi fraternity.

From Santa Monica come the following illuminating definitions:  
Taxidermist—a kind of thick fog.  
Toreador—a very bad storm.

## Sing 'Studentlieder' Over KMO Tomorrow

"Studentenlieder," a group of German student songs, will be sung by a group of male students under direction of Dr. Warren E. Tomlinson of the German department over KMO on Tuesday evening at 8:30.

The broadcasting time is given through the courtesy of Gunnar Anderson, KMO organist.

Students taking part in the program are: Orville Weeks, Wilton Vincent, Sheldon Williamson, Foster Teevan, Jack Green, Benjamin Robertson, Tom Bell, Wayne Butchart, Miles Post, Bernard Watson and Lawrence Mix.

Piling—a game played by young men.

# The Watch Dog

Here's the last of our kennel sessions. We're going to sweep the hair-strewn floor, re-paper the mange-stained wall, pour gasoline inside and out, give a miniature enactment of the Weaver studio burning, only we're leaving the firemen at their checkerboards. Summarized: we're through!

Poking our wet snout among the junior-senior breakfast doings we were rewarded by a Creighton Flynn-Marion Sherman parley that appeared, sorry to say, purely shop talk. The tragedians of the stage, they often disappoint we dirt-snoopers. Then there was Flynn's body guard and chief councilor, Art Manley, catching flies with his nose in the softball game... Bob Eccles chasing an evasive white horse in the rain when told that his coat had been placed upon the plough dragger just to keep it dry. The affair, however, was claimed a rousing success, even if it did end rather weepishly with the faithful champions of the rather weepishly with the singing of carols to the accompaniment of an out-of-tune piano that was meant for jazz and jazz only. The get-together even had its subtle moments, too, topped by Glen Grant and "Danny" McMaster dancing to the strains of the church music.

Speaking of coffins, which we weren't, the Mu Chis are requested by a local ford-worried student to quit scaring their pledges with his pine box and return it to him. It appears that the "Mus" were lent a coffin by this individual for some homecoming ceremonies, and now they tell their pledges awe-inspiring stories of the dangers encountered by one of their loyal members in digging the box and body (Incidentally, the Mus had steak dinners for 23 consecutive) at a local cemetery.

One last fling at our book hobby and we'll leave you like Paul Fredrickson leaves his gal friends. "Sanctuary," William Faulkner's first and probably most noted novel, will have you running around in circles like a dog after a tail-lodged flea. "Company K," by William March, is our personal recommendation of the most interesting three hours of reading obtainable. "Timber Line," the biography of Tammen and Bonfel of the Denver Post, by Will Gene Fowler is another one you shouldn't miss. And we shouldn't miss the dinner bell, hence:

So-long.

## Zetes Annex Mural Trophy

Sigma Zeta Epsilon successfully defended its intramural playground baseball championship with a 5 to 4 win over the strong Peter Puget aggregation Thursday in this year's thriller of the diamond. By virtue of this victory the winners bounced through their schedule without a setback while the Pugets and Sigma Mu Chi teams annexed a tie for second place with three wins and two losses.

In the final game, a played-off postponed contest, the Zetes were well ahead up to the sixth inning, behind the twirling of Stan Bates. Leading 4 to 0 the Zetes played tag, hid-and-go-seek and everything imaginable on the diamond. And when the smoke cleared away three Pugets had spiked the rubber. In the seventh the Pugets, batting first, tied the count only to have their rivals come back with two nicely placed hits, a single and a double, to win the battle. Bates and Moline worked for the winners with Jablonski and Linn for the losers.

In the other game played on Thursday, the Peter Pugets swamped the Chi Nu outfit by a 18 to 5 tally. Batteries: Pugets, Jablonski, Post and Linn; Chi Nus, Curran and Gibson.

## Loggers Embark For Walla Walla

Coach O. F. Hite and his Logger track and field team will embark June 3 for the conference track meet at Walla Walla on June 5. Those that will make the trip will probably be Captain Mark Whitman, in the 880 and relay events; Stan Bates, dashes, low hurdles, and relay; Babnick, shot-put; Kohler, two mile; Schneider, 880- and 440-yard dashes; Whitworth, hurdles and high jump; Hamisch, mile.

Out of this group of men is held two records, that in the 220-yard low hurdles and the 880-yard run. Stan Bates, ex-captain and four year stripe winner in track holds the conference record in the former event, having shattered the old record in 1932 in the time of 25.3 seconds. The Loggers are conceded a good chance of going places in this meet as they will defend the conference trophy when all of the teams aggregate for the big track tourney of the season. Whitman college is reputed to have a powerful outfit and is really rated a possible first place over the other colleges.

Other track men who may make the trip, dependant upon their showing in the five-school meet at Portland last week-end are: Ed Havel, field events; Jim Howe, 440-yard dash and relay; Murray Johnson, 440-yard dash; Carl McConnell, pole vault and javelin; Bob Summers, two-mile or mile run.

## Teevan, Kemp Named For Japanese Meet

As representative to the American-Japan student conference to be held in Tokio July 19 to 26, Foster Teevan and Bob Kemp have been appointed by Prof. Frank G. Williston. President Edward H. Todd stated, "I would like to go, and there is a possibility that I might."

The conference which is to promote an international feeling of friendship, will discuss economics, politics, religious philosophy and international problems. Convention expenses will be \$15. A trip through Japan and Manchuko is included in the program.

## Professor Gives Address

## Heuston Rallies To Win Smudge Relays, 21-19

Frank Heuston nosed out Howard Hass in a flashy finish of the 70-yard low hurdles to win the Smudge relays, 21 to 19, at the Athletic pavilion last Wednesday.

Hass led the field in the opening events of the day, but Heuston's superior showing in the track events proved the winning margin. Miss Lois Twaddle presented suitable trophies to the winners.

### Summaries:
