## Award Winners Work In Large N. Y. Stores

Edward House, William Haynes, Jack Sprenger and Richard Zehnder, who were awarded working scholarships to the Graduate School of Retailing at New York university last year, are now working in some of New York's largest department stores as a part of their school training.

The men work afternoons and in addition to their wages, receive three hours of college credit. This takes the place of outside work for the class, and at the end of the semester, they will be required to write a thesis on their working experiences.

Edward House is employed at Lord and Taylor's, Fifth avenue's largest department store, William Haynes at Stern's, Richard Zehnder at Altman's and Jack Sprenger at Wanamakers'.

All the men graduated from the College last June.

## European Editor Asks Aid of Dr. Regester

Dr. John D. Regester has been invited by Dr. Ernst Harms, of Zurich, Switzerland, to act as an American correspondent for a new philosophical periodical being published under Dr. Harms' editorship.

This journal is known as "Idealisms," and is described in its subtitle as "A Yearbook of Idealistic Philosophy." Its purposes are to furnish a channel of expression to idealistic thought, and to provide a work of reference to the current statements of idealism in all countries.

The journal, which has secured representatives in all countries, will be published in German, English, French and Italian.

## A Grades Win Honor For Loretta Altman

Loretta Altman, '34, won the honor of having her name engraved on the President's Scholarship Trophy cup for her outstanding scholarship record for the last school year. Miss Altman carried 16 hours of work each semester and made a straight-A record.

This cup, presented by Dr. Edward H. Todd, has engraved upon it at the close of each school year, the name of the student making the highest average scholarship for that year.

### Make Plans to Furnish Pep At Games

The CPS band is now organized and ready to start regular rehearsals, according to Prof. Roland R. Truitt.

In outlining his program for the coming year, Professor Truitt states that the main purpose of the band will be to add pep and life at athletic contests. Later in the season he hopes to present a concert which will feature solo and duet numbers by various members of the band. Plans are also under way for a drive to raise funds for uniforms.

## More Voices Needed

Because more high soprano and tenor voices are needed for the Adelpian chorus, another try-out will be held tomorrow noon in the Conservatory of Music, according to Prof. John Paul Bennett.

## Murder Mystery Cast Rehearses For Homecoming

### Arthur Linn, Orville Weeks, Helen Howe To Have 'The Spider' Leads

"The Spider," an unusual three-act mystery melodrama, is the third annual Homecoming play. It will be given in Jones Hall Friday evening, October 19, with a cast of approximately 35 taking part.

One of the most exciting and novel plays to be given by CPS is this mystery which tells of a small golden "spider" locket around which is tangled the murder of one man, the fate of a psychic amnesia victim and his sister, of Chartrand the Great, magician and dealer in human reactions.

#### Chartrand Hero

On Chartrand's skillful mind rests the burden of saving the life of his assistant and himself, of breaking up a dope ring and forcing the murderer to betray himself. Arraying his knowledge of human nature and his bag of ghostly tricks against the psychological fear of the murderer, he makes him confess.

#### List Leads

The cast of the play includes Arthur Linn, Chartrand; Franklin Larson, the amnesia victim, Alexandre; Orville Weeks, Carrington; Clayton Lupton, Inspector Riley; Helen Howe, the sister, Beverly; Gladys Harding, Estelle; Dorothy Ann Simpson, Mrs. Wimpleton; Harwood Bannister, Dr. Blackstone.

Kenneth Powers, Maloney; Wayne Butchart, Young; Thomas Allen, Schmidt; Richard Dews, Bill; Robert Kemp, Dick; Robert Bird, Tommy; John Hazen, Officer Daugherty; Robert Brandt, the porter; Robert Gebert, Patrick Kelly, Richard Smith, Neil Richardson, Robert Forbing, Larry Mix, Fred Taylor and Boyd Dickinson, policemen.

#### Kemp Stage Manager

The production crew is Bob Kemp, stage manager, Franklin Larson, electrician, Dean Tuell, stage carpenter, and Del Martin, art and stage designer.

## Academy of Science Has Motion Picture

Under the auspices of the Tacoma chapter, Puget Sound Academy of Science, five reels of motion pictures entitled "South of Mexico" were shown by Maurice Anderson of Seattle, Wednesday-evening, in Leonard Howarth Hall, to an audience of nearly one hundred people.

This was the first meeting of the seasonal series of programs open to the public.

The chapter discussed plans for the coming year in the business meeting. The first field trip was last Saturday, when the members went to the University of Washington and were conducted through the state museum by Dr. Erna Gunther.

Prof. F. A. McMillin is vice president of the local organization.

## Gertrude Davis Head Of Homecoming Dance

Gertrude Davis has been appointed by Al Winterhouse, Homecoming chairman, to head the Homecoming dance committee. While no definite plans have been made yet, the committee intends to get underway early this week.

Miss Davis will be assisted by Ina Mae Lee, Adelyn Sylvester, Creighton Flynn and Bob Smith.

## Traditional Ceremony Will Admit Freshmen

The first Color Post ceremony of the school year will be held during the chapel period, Friday, at which time the Freshman class will complete its matriculation.

Freshmen at this time will be told of the traditions and meanings of the Color Post, the position of each quadrant and the significance of its color.

Following this in Jones Hall, they will pass through the gate to join the student body as a class. Sophomore, Junior and Senior classes will be the witnesses representing the remaining quadrants of the Color Post.

## Idaho Field Goal Upsets Loggers In Final Quarter

### 3-0 Defeat Crushes Hopes for Third Conference Championship

#### By Valen Honeywell

Puget Sound's march to her third consecutive season as undefeated Northwest conference football champion was abruptly halted soon after its outset last Friday evening at Caldwell, Idaho, when Coach Roy Sandberg's Logger aggregation went down to a surprise 3 to 0 defeat before the College of Idaho eleven.

Minus the services of the two backfield luminaries of last week's win over Albany, Jimmy Ennis and Chuck McMillan, as well as big Elmer Olsen on the line, the Loggers displayed only flashes of championship class.

#### Outplayed in First Half

After being outplayed during the first half and particularly the second quarter, the Lumberjacks came back to make several bids for scores in the final two cantos, but fumbles, pass interceptions and penalties spelled failure to their most serious threats.

The winning points came on an Idaho field goal shortly after the final period had opened. Late in the third quarter a Logger fumble at midfield was recovered by Idaho and the Coyotes drove to the Puget Sound 20-yard line before held for downs. On the next play another CPS fumble was retrieved by Idaho on the 19-yard marker, and a line buck and end run made it first and goal to go on the Logger nine-yard stripe.

#### Maxwell Kicks Goal

Another line smash yielded a single yard as the third canto ended. When two more thrusts at the Puget Sound line carried the oval only to the five-yard line, Mark Maxwell, Coyote fullback, dropped back to the 12-yard stripe and booted a place kick between the uprights to register the lone tally of the contest.

As the first quarter opened Jess Brooks, Logger fullback, returned the kickoff to his own 35-yard line. A series of line plays in which Brooks was the principle ground-gainer netted three first downs to the Idaho 30-yard marker, but here a 15-yard holding penalty forced the visitors back to the 45-yard line and Brooks punted out of bounds. Brooks immediately intercepted a long pass, but a Logger back fumbled and the Coyotes recovered and punted out of danger to end the initial period.

#### Idaho Opens Up

The second quarter saw the play in Puget Sound territory much of the time as Idaho opened up with a strong running attack. The Loggers threatened once when a long throw from Brooks to Capt. Roy Carlson was completed on the Idaho 30-yard line, but Sayre, Coyote half, intercepted a subsequent aerial attempt to end the uprising.

Carlson's kick, opening the second half, was returned by Idaho to her 30-yard stripe, and the Coyotes on a sustained drive penetrated to the

## Do We Appreciate

Those who sat near the Gyro club guests at the recent Albany football game felt as if the conduct of these younger guests was not all that could be desired. The actions of many of these youngsters would indicate that they were at the game because it was free, and not through any interest in football—they obviously failed to appreciate the "treat." Naturally, that was irritating to those who had paid for their entrance or had been admitted by their \$7.50 student body cards.

It occurred to those people that the younger guests should have been more considerate of their opportunity.

When the average student pays to the bur-sar something in the neighborhood of \$80 a semester for his enrollment, does he consider what the actual cost of his semester's education amounts to? Valuing the present build-ings and campus at \$750,000 plus and endow-ment of \$1,250,000 places a \$2,000,000 cash value on the College, exclusive of its annual cost of maintenance which amounts to \$225,000.

Considering that there are 600 enrolled in school, the actual cost of each student's edu-cation is then \$375 a year, about \$160 of which the student pays—representing a little over two-fifths of the cost.

Shall we, then, be as the youngsters at the football game, or show our appreciation by cooperating with the administration?

## Slander

The following article has been reprinted through the courtesy of The Traveler's Bulletin:

In the olden days a peasant confessed to a monk that he had slandered an innocent friend. The monk said to him:

"For your peace do this now: Take a bag of chickenfeathers, go to every yard in the town and drop one feather into each garden. Do not miss one yard, and when you have finished return to me."

The sinner believed his punishment was light. With his bag of feathers he made the circuit of the town and carefully dropped one into each garden. Then he reported to the monk, saying: "I have done my penance."

"No, my son," replied the old abbe, "you will not have done your penance until you take the bag, go again on your rounds, collect every feather you have dropped and bring it here to me."

The gossip protested that it would be impos-sible. He could not find the bits of down in a lifetime. Many of them had blown away.

"So it is with gossip," replied the old monk. "It is easily dropped; but never again, no matter how hard you try, can you gather back the words you have so thoughtlessly scattered."

### THE BOOKIE

Gather around, brethren, while we quote odds on the probability and possibility of any event occurring that you might care to name. To open . . . We post 6-to-5 that Betty Hessert will not traverse these halls with another flame for at least two months. Chances are 10-to-1 that you didn't know Jo Ann Grant's name was Orcella before she entered these portals . . .

Will lay five hoops to your one that despite her con-tention Jane Ramsby's effervescent spirit will be tamed before long.

Because it is a cinch (for us) we will wager 20-to-1 that the curly locks of Wayne Briles, varsity center, are made so by Mr. Briles himself . . . Ann Strobel seems to be doing all right by the party of the first part.

If Jack Burns doesn't soon pay the two-bits he lost on the crew races last spring the price will go from 15 to 20-to-1 that he never will . . .

Will bet anything that you and I both know why Gertie Davis wears that forlorn expression . . . Today's Hunch—if somebody will furnish Scotty Gordon with a kilt, he will lead yells in such raiment . . .

Dearest, Most Divine, Light of my Life, Love of my Heart and Ecstasy of my Ecstasy:

I am now fully enrolled as an accredited first year student at the College of Puget Sound. It seems that there is some beastly tradition here the compels us to wear little green hats. This is really most disgusting, and I would not bear up under it if I did not know that I am doing it all for you, my sweet. But I must cut this short, my little honeybee, since the Alpha Phi Phooie fraternity is holding a party just in my honor this evening.

### Educational Films

The recent showing of educational films at the Col-lege suggests that the following pictures might be useful in the teaching of literature:

Stevenson's "Kidnapped," with Aimee Semple Mac-Pherson; Ben Jonson's "The Silent Woman," with Greta Garbo; J. M. Barrie's "What Every Woman Knows," with Mae West; Thomas Hardy's "Far From the Madding Crowd," with Al Capone (by special arrangement); J. M. Synge's "Playboy of the Western World," with Douglas Fairbanks and Shaw's "Love Among the Artists," with John Gilbert.

## Lutheran Club To Start Work

Activities of the Lutheran Stu-dents' club of CPS, to which all CPS students of Lutheran denomi-nation are eligible, will start soon with an election of officers this month.

Arthur Linn, ACSPS president, is also president of the Lutheran Stu-dent association in the Pacific Northwest region. He announces that plans are being made to send representatives from the local group to the regional convention to be held during Thanksgiving vacation at the University of Washington.

Linn, who attended the Lutheran national convention held at Chi-cago, September 4 to 6, was then elected regional president of the Pa-cific Northwest region, which in-cludes Washington, Oregon, Idaho, Montana and Wyoming. He is also national editor of the official pub-lication, the American Lutheran Student.

## Ask Help to Locate Old CPS Students

Last week the Trail published the names of a few former CPS stu-dents whose addresses the executive secretary of the Alumni Association wished to secure for the office mail-ing list. The response of Trail read-ers was gratifying as a large num-ber of addresses was supplied.

## Banquet Opens Pi Kappa Delta Debate Season

### International Arms, Munition Shipment Is Forensic Topic of 1934-35

Officially opening the debate sea-son for CPS, the Pi Kappa Delta an-nual banquet will be held at Ma-hogany hall October 12, at 6:30. The forensic question for this year is "Resolved: That the nations should agree to prevent the international shipment of arms and munitions." The question will be analyzed at the banquet.

### Initial Turnout Wednesday

The initial turnout of the debate season will be Wednesday, October 17, in room 204 at 1:15, when a large group is expected, for a number of good prospects from the high schools have enrolled.

The forensic teams will debate in two major contests, namely, at Lin-field, Oregon, to which six teams are expected to go, and at the Pi Kappa Delta regional convention at Caldwell, Idaho, in February.

### Leik Presides

Jack Leik presided over the annual fall assembly in charge of the de-bate department Friday. Leik first explained the inter-fraternity and sorority contests, displaying the cups. The cups are now held by the Delta Alpha Gamma sorority and the Delta Kappa Phi fraternity.

The success of the Washington high school debate tournaments, sponsored by CPS last year, was cited and it is the intention to re-peat it again. Kenneth Powers an-nounced the annual A. O. Burmeis-ter oratorical contest. December 11 was set as the date of the contest. The participants are to have original orations from 1200 to 1500 words in length. Previous winners have the right to participate and to represent the College, but will have no claim on the prize.

### Introduce Old Squad

Harwood Bannister and Maurine Henderson announced the men's and women's debate program. The de-bate squad of the last year was then introduced. Debaters eligible for membership in the Pi Kappa Delta fraternity are Maurine Henderson, Olive Whorley, Jane Ramsby, Lora Bryning, Charles Zittle, Harwood Bannister, Jack Leik and Bob Bur-rill.

Dr. John D. Regester, president of the Alpha chapter of the Washing-ton Pi Kappa Delta, spoke of the importance of the national forensic organization to the College and the individuals in debate, and of its na-tional conventions held biennially.

### Battin Recommends Debate

Prof. Charles T. Battin reported on the success of forensics in CPS, stating that last year the team had travelled 7,500 miles through 27 states, had engaged in 72 debates, oratorical and extemporaneous con-tests. He recommended it as the only inter-collegiate activity whose skill, when attained, is useful dur-ing the rest of life.

## CPS Faculty Enjoys Summer Vacations; Study and Travel Are Main Interests

The old adage, "A mailman usually spends his vacation taking nice long walks," should be revised to "College professors usually spend their vacations in school." The truth of such a charge will easily be seen when the manner in which some of our faculty spent the summer is made known.

Mrs. Lyle Ford Drushel, dean of women, and Miss Anna H. Crapser studied in New York. Mrs. Drushel was a member of a class held for deans of women and men, and high school student advisers at the University of New York. Miss Crapser studied at Columbia university. They both left New York August 16, made stops at Havana, Panama City, Los Angeles and San Francisco, finally arriving in Seattle September 7.

## Sororities Hold Regular Meetings

Miss Esther Stuft was hostess at the evening meeting of the Alpha Beta Upsilon sorority held Wednesday at the home of Mrs. D. F. Stuft. A pot-luck supper preceded the business meeting. The Homecoming committee with Miss Pauline Schouw chairman, was appointed by the president, Miss Edith Coffman. Miss Vonne Prather and Miss Irene Hocum will assist on the committee.

#### Lambda Sigma Chi

Miss Lorraine Hanson was elected vice-president and Miss Maxine Hartl was elected inter-sorority council representative of the Lambda Sigma Chi sorority at the last meeting.

Miss Thelma Melsnes, president, appointed Miss Phyllis Swanson chairman of the Homecoming committee with Misses Mary Elizabeth Tuck, Dolores Theda, Harriet Pangborn and Helen Howe helping her. Miss Harriet Pangborn was appointed chairman of the committee to arrange for badminton matches.

#### Kappa Sigma Theta

"When We Watch Football" was the theme of the program presented at the Kappa Sigma Theta sorority meeting. Miss Jane Gebert read a poem of her own composition, "How To Enjoy a Football Game." Miss Gertrude Davis told the women what to watch for at a game and Miss Martha Forsyth gave diagrams of special CPS plays.

Miss Garnet Paulsen, sorority president, appointed Miss Dorothy Ann Simpson in charge of the badminton games.

#### Alpha Beta Upsilon

Miss Flora Mae Davis was appointed chairman for the Delta Alpha Gamma tea to be given Friday at the home of Mrs. W. W. Seymour. The women on her committee are the Misses Lora Bryning and Betty Smallridge.

## Art Club To Welcome Interested Students

To elect officers and to discuss new projects which will be featured during the coming term, a meeting of the Art club will be held Thursday, October 11, at 7:00 p. m., in room 302. According to Melvin O. Kohler, newly appointed head of the Art department, membership to the club is not limited to those enrolled in art classes, but is open to any student interested in art.

#### Miss Stevens Tours Europe

Leaving at the close of school in June, Miss Blanche W. Stevens, head of the Home Economics department, joined 14 others on a summer tour of Europe. The group made a loop tour of the continent. From England they traveled to Norway, Sweden, Denmark, Germany, Austria, Czechoslovakia, Hungary, then back to Austria, down to Italy, then up to Switzerland and France.

In Czechoslovakia, places were visited that tourist travel rarely touches and whose manner of dress and living were still unchanged. In Budapest was found the greatest contrast between the old and the new in city buildings. There one could linger long in the many parks on banks of the Danube which flows through the city. The absence of sky buildings in such a large city was noted and consequently put the city over a large area.

Two weeks were spent in Italy, during which the Lake country of the north was visited and trips were taken on the Mediterranean. The famous battle grounds of the Italian Alps where the Lost Battalion made history were visited while making the famed Cortina drive over the Dolomite Mountains. The altitude and scenery of the drive makes it famous also.

#### Teach at Summer School

Most of Dean Raymond G. Drewry's time was taken up with the summer school here, but he managed to take a short trip to Los Angeles before the fall session started.

Dr. Edward Howard Todd was also busy with summer school and so was only able to get away long enough to spend a week at Pleasant Beach camp on Lake Chelan with his wife and daughter.

Miss Collins taught gym and physical education at the College's summer school for a time and then enjoyed several short trips during week-ends. A slight automobile accident was the only feature which marred her summer happiness.

A nine week's stay at the UW oceanographic laboratories at Friday Harbor was enjoyed by Miss Margaret Irwin, biology instructor.

#### Professors Travel

Senator Davis, after teaching six weeks in summer school attended the Century of Progress and then visited at his family home in Indiana.

Walter A. Eichinger spent the summer at his home in Belleville, Illinois.

Prof. and Mrs. John Paul Bennett enjoyed a month's vacation trip to Nebraska.

Dr. R. D. Sinclair with his son, Robert, visited in Iowa.

Dr. and Mrs. E. G. Wheeler made a two weeks' motor trip to California, driving as far south as Los Angeles.

Miss Martha Pearl Jones spent the summer at her home in Kansas. While Dr. John D. Regester was occupied as visiting professor of Philosophy at Boston university, his wife and family visited relatives at New Castle, Pennsylvania.

Dr. and Mrs. Raymond Seward spent two weeks motoring in California, stopping at Sacramento, Lodi, Oakland and Redwood.

### Chem Class Large

The organic chemistry class this semester has the largest enrollment in the history of CPS. If more students enroll, it will be necessary to add another laboratory section.

### Dr. Todd Guest of UW

As a guest of the University of Washington, Dr. Edward H. Todd was in Seattle Friday morning to be in the academic procession, preliminary to the inauguration of Dr. Lee Paul Sieg, new president of the university.

Dr. Todd also attended a luncheon held at the Edmond Meany hotel at noon.

## Fraternities Plan Semester Activities

Sigma Mu Chi made further plans for the semester's activities at the meeting Wednesday evening. Dayton Finnigan, social chairman, led the discussion concerning coming fraternity events.

Kenneth Powers, president, reported on plans which the Mothers' club has made. George Tibbits, '31, gave a short talk on traditions, and also told about Mu Chi alumni in other cities.

New officers elected at the first meeting and now serving are: William Adams, secretary; Ralph Smith, historian, and Carl Faulk, house manager.

Delta Pi Omicron men have moved into their new house at 3312 North 11 street. The Mothers' club aided in securing the furniture and radio. Bachelor facilities have been provided for those staying at the house.

## Spanish Club Begins Activities Tonight

"La Mesa Redonda" will resume activities at a meeting in the Jones Hall reception room this evening from 7:30 to 9 o'clock, Mrs. Robbins announces.

Membership in the club is especially offered to all who have had one year of college Spanish, or its equivalent, in high school. Mrs. Robbins stated, however, that all who are interested in the Spanish language and customs are urged to attend.

## Thetas Entertain At "Dutch Tea"

### Miss Ann Strobel Was Chairman of Event

Kappa Sigma Theta women entertained, Friday, with the third in the series of teas planned to acquaint freshman women with members of the campus sororities. Guests were asked to the home of Mrs. A. E. Hillis, 5 Rosemont Way, for "Dutch Tea."

#### Dutch Motif Used

The rooms were filled with small Dutch windmills, willow ware and yellow tulips, using the color scheme of blue and yellow. Miss Anne Strobel, chairman of the committee which made arrangements, planned a miniature Dutch scene for the tea table centerpiece, containing windmills, a canal and appropriately dressed dolls. Mrs. Hillis, Miss Ann Crapser, Mrs. Lyle Ford Drushel and Miss Garnet Paulsen, organization president, presided at the tea table.

A short program was presented by Miss Betty Wilhelm singing "L'Amour Toujours L'Amour," accompanied by Miss Lois Evanson. Clever wooden shoes were presented to the guests by Miss Shirley Swayze, who was dressed in a Dutch costume. Assisting Miss Strobel in making the plans for the day were Misses Marion Winge and Jane Ramsby.

#### Hostesses

Hostesses of the group include Misses Dora Langton, Marion Winge, Mildred Anderson, Lois Evanson, Kevet Shahan, Elza Dahlgren, Anne Strobel, Jane Ramsby, Betty Simpson, Margaret Boen, Gertrude Davis, Helen Moore, Dorothy Belle Harriss, Dorothy Ann Simpson, Jane Gebert, Muriel Beerbohm, Martha Forsyth, Sheila Humber, Gail Day, Katherine Mann, Mary Louise Wortman, Virginia Hedberg, Virginia Gardner, Garnet Paulsen, Eileen Hobbs, Annabell Norton, Martha Buckley, Dore Roberts, Betty Wilhelm, Jane Greiwe, Ruth Moline, Eleanor Hoyt and Grace Kamp.

## YWCA Will Recognize Freshmen Tomorrow

Recognition services will be held for membership of women into the YWCA in the little chapel of the College tomorrow.

## Idaho Field Goal Upsets Loggers In Final Quarter

### 3-0 Defeat Crushes Hopes for Third Conference Championship

(Continued from page 1)

Logger 35-yard marker before being halted. After an exchange of punts Idaho again took the oval deep in her own territory and drove to Puget Sound's 46-yard line, only to fumble and lose the ball when Harvey Hawkins recovered for the loggers. Two plays later a CPS bobble at midfield marked the opening of the Idaho march which culminated in the winning field goal.

#### Penalty Halts Drive

With the score 3 to 0 against them, the Loggers opened up with everything they had and were knocking on the Coyote goal during the greater part of the final session. Jack Kimball returned the Idaho kickoff 35 yards to his own 45, nearly breaking away for a touchdown. Broows and Ed Havel alternated on line smashes to chalk up four consecutive first downs to the Coyote 15, but a penalty and a pass over the Idaho goal terminated the march.

Idaho kicked, but the Loggers were soon back at the 27-yard line, where they lost the ball through interception of a pass. The Coyotes again punted and Puget Sound immediately returned to scoring position via a long throw from Zurich to Carlson. This threat, their final one, ended with another pass interception by Idaho shortly before the final gun.

The Logger edge in the ground-gaining department, particularly in evidence during the final canto, is indicated by Puget Sound's 14 first down to nine for Idaho.

#### Brooks Stands Out

Jess Brooks stood out in the Logger backfield as he led both the ground and aerial attack, while Carlson was on the receiving end of the majority of the passes. Havel also looked good in the backfield, and Millikan handled his tackle assignment creditably.

## Divot Diggers Start Tournament Play Soon

Great interest is being shown in the men's all college golf tournament with eleven men, all of whom are experienced divot diggers, signed up. The schedule for play in the golf tournament will be posted this week on the bulletin board. Those who have signified their intention of participating in the event are: Howard Hass, Harold Gustafson, Lewis Staples, Harold Tollefson, Hunter Johnson, William Sherman, Howard Richardson, Carmon Manke, Jack Enright, Fred Johnston and Boyd Dickinson.

In the tennis tournament, eight have signed up. They are: Bud Estes, Doug Bohn, Maynard Carlson, Jack Burns, Bill Sherman, Carl Kuhl, Charles Cressy and Carmon Manke.

### GRIDIRON SHORT SHOTS

**Editor's Note: This is the first of a series of grid glances, the purpose of which is to introduce some of the new members of Sandberg's squad.**

Right now Ole Brunstad seems to be the fair-haired lad in the new crop of ball players. However, Ole isn't really a new find, for he first became acquainted with Sandberg's methods in 1932 when he played here as a halfback. The return of Brunstad gives the CPS fans something to rejoice over, in that capable, dependable safety men of Brunstad's class are a big asset to any ball club. Ole weighs 170 pounds and is 20 years old.

Ted Jensen, a roaring swede from Everett, looks like a good prospect. Ted, sometimes known as "Rosy," was captain of last year's strong Everett high team. He plays in a guard position, weighs 165 pounds and is 20 years old. While in high school he was president of the Student Council association besides being prominent in other school activities.

"Juggling" Mel Miller is another youngster of promise. Mel hails from Lincoln where he participated in football, baseball and wrestling. Miller weighs 181 pounds, is 20 years old and plays a halfback position. At CPS he is sergeant-at-arms of the Frosh class.

Another halfback of ability is "Sammy" Bertucci. Sammy, weighing only 145 pounds, is the smallest man on Sandberg's squad. Last year Bertucci was all-city quarterback, representing Stadium high school.

## Sorority Athletic Council Organizes

### League Regulations Given in Meeting at Fieldhouse

Last Wednesday at their various meetings each sorority elected a woman to represent the group in the inter-sorority athletic council. The representatives are: Betas, Esther Stuft; Gammas, Floramae Davis; Thetas, Dorothy Ann Simpson; Lambdas, Harriet Pangborn and Independents, Alice Grimes.

The first meeting was held in Miss Collins' office Thursday noon, with Marguerite McMaster presiding. Miss Collins gave the women a brief outline of the year's plans and also the list of rules and regulations which follow:

#### Freshmen Play With Independents

1. Freshman women will play with the independents until they are pledged. They will continue to play with the independents until that sport during which they were pledged is finished. All points won by those women will go to the independents.

2. Graduates will be allowed to form teams but will not be eligible for the awards.

3. Major sports will be basketball, archery and tennis.

4. Minor sports will be badminton and ping-pong.

5. Each group must have two teams of singles and one team of doubles to compete in tennis and badminton, and two or four for archery.

#### Set Two Day Limit

6. A match will consist of playing all the games between the two groups within the allotted time of two days and the referee will be chosen by the players.

7. The point system will be as follows:

Major sports: 100 points to win and 50 points to complete the schedule. Minor sports: 65 points to win and 35 points to complete the schedule. Tennis matches will be two out of three and archery will be the highest score.

## Badminton Originated In England, Scotland

Badminton, the first sport on the women's inter-sorority athletic program, originated in England and Scotland about 1783. The rules, drawn up about three years later, have changed very little up to the present day.

The game is similar to tennis with respect to players. A high net is used instead of one that touches the ground. Also a more frail racket is used in badminton than that used by tennis players. Shuttles are hit instead of tennis balls. A shuttle is a small ball of light wood into which feathers are inserted, so as to permit true flight through the air. The scoring is also modeled after tennis.

Local, national and inter-national badminton tournaments are held in rural England and Scotland.

#### Inter-Sorority Badminton Schedule

Oct. 22-24—Theta-Gamma  
Oct. 25-26—Indep.-Lambda  
Oct. 29-31—Theta-Lambda  
Nov. 1-3—Beta-Indep.  
Nov. 5-7—Gamma-Lambda  
Nov. 8-9—Indep.-Theta  
Nov. 12-14—Beta-Theta  
Nov. 15-16—Beta-Lambda  
Nov. 19-20—Gamma-Indep.  
Nov. 22-23—Gamma-Beta

Independent women who wish to enter the badminton tournament must either sign up in the gym or give their names to Alice Grimes.

#### Install Chem Machine

A new machine which has been added to the chemistry laboratory is a hydro-sulphide apparatus. The installation of this apparatus cost \$160, and will be a valuable help to chemistry students.

## Men To Have Team Games in PE Work

Fall programs for men's physical education, as revealed last week by Lou Grant, instructor, will place the usual emphasis on team games and other group activities for freshmen, while sophomores will concentrate on "carry-over" sports, or activities which may be continued in later years.

A full slate for first year men, which has begun with indoor baseball, will continue with team play in basketball, volleyball, and probably touch football. Group relays and other contests and a certain amount of calisthenics, as well as lectures on hygiene and correct posture, will also be included in the program.

In sophomore sections, golf, tennis, handball, volleyball, horseshoes and other sports of a similar nature will be emphasized. The possibility of swimming classes for both freshmen and sophomores, to be held in the YMCA pool, was revealed by Grant. He added, however, that no definite steps had been taken as yet toward the formation of such classes.

## Hone Logger Axe For Missionaries

Their fighting blood aroused to a high pitch by the loss of the Idaho game, Coach Roy Sandberg's CPS grid huskies are now hard at work in preparation for the conference tilt with the Whitman squad Saturday at Walla Walla. The Missionaries have always proved a hard team for the Loggers to whip and this year will not be an exception since Coach Nig Borleske's squad has a number of veterans in its lineup.

#### Tacoman Captains

Jim Doran, the Missionary captain, is a Tacoma boy, having performed for Lincoln high a few years back. Doran, a lineman, is being boomed by those east of the mountains for all-conference guard.

Doran is a fine defensive man and on offense this year he has been coming out of the line to do some line plunging.

#### Schuster Triple Threat

Besides Doran, there is another Tacoman on the team as a regular, in the person of Bev Schuster who was a teammate of Doran at Lincoln high. This is Schuster's first year at Whitman but he has played two years at Pacific Lutheran college where he starred at fullback.

Against Washington State college this year Schuster quarterbacked the Whitman eleven and according to press reports was the outstanding backfield man on the field. He can pass, kick and pack the pigskin. A real triple threat.

#### Packard, Halfback

Borleske is reported to have another fine back in Packard, speedy half, who shines at running the ends and throwing long passes.

The Logger men to make the trip will probably for the most part, be the same as those who journeyed to Idaho last week. Whether Jim Ennis, star CPS back, will be in shape to play or not, still remains a mystery.

With the Logger eleven being entertained away from home two weekends, followers of CPS pigskin fortunes will have to content themselves with verbal and literal accounts of the games, which should see the student body all "hopped up" by the time the Gonzaga clash rolls around.

Opening-game attendance showed the efforts of civic organizations overshadowing ours by a wide margin. The Homecoming game will be our big chance to stand Tacoma on its football ear with a high-powered injection of college spirit such as the old home town has never seen. It's up to us to make the pre-game ballyhoo the most colorful, spectacular and dynamic event that has hit this town in months. Saying which, I draw a deep breath.

The loss of Jimmy Ennis will be keenly felt in the Maroon and White backfield. A bad shoulder and ankle will keep him out of action for at least two weeks, but Coach Roy Sandberg is hoping to have him in condition for the Gonzaga tilt.

Eugene H. Millikan, the pride of Patterass, Washington, has been playing a greatly improved game at tackle. 'Confidentially' speaking, 'Patty' should make his presence felt on the gridiron this year.

There was no intention of bringing the fairer sex into the column, but we wish to thank the Lambdas for the use of their radio in keeping our World's Series score-board. Lee Savidge was the man behind the chalk.
