## College to Hold Theater Party, Dance Thursday

### ASCPS Cards Only Admission for Traditional All-College Affair

Features of the traditional all-College party to be held Thursday will be a theater party starring Jean Muir and Donald Woods in "As the Earth Turns" at the Temple theater and a dance in the Fellowship hall adjoining the Temple theater. The show, during which College songs will be sung to the accompaniment of the organ, will begin at 7 o'clock with the dance following at 9 p. m. Music will be furnished by Bradley Bannon's orchestra.

Following an annual custom, each class will decorate a section of the hall with a prize will be awarded for the best decoration.

Students enrolled at the College will be admitted to both the theater and the dance by their student body cards. Alumni and ex-students may secure tickets for the dance for 25 cents.

Miss Katherine Mann is general chairman of this annual affair. She is assisted by Miss Marguerite McMaster, Cliff Piercey and Jack Green.

## Half of Students Grade Themselves One Point Too High

High would be the grades at CPS if the students were to grade themselves, according to an estimate Dr. Marvin R. Schafer made in his sociology courses this fall semester. Dr. Schafer had his students give their estimates of what they should receive for the semester's work, and then compared it with the average to which the grades usually correspond. It showed that 50 per cent of the students graded one point higher than they received.

Dr. Schafer published these figures toward a better understanding of grading.

The results, compared to the usual corresponding percentage, showed a marked difference in opinion. Students felt that 20 per cent should receive A or 1, the average percentage being 5 per cent; 55 per cent were to be graded B or 2, to the customary 20 per cent; 18 per cent graded themselves C or 3, although 50 per cent receive it; and only 8 per cent wrote D or failing as their final grade, compared to the nothing to 25 per cent who are so graded.

Of those receiving C, however, 5 per cent undergraded themselves.

## Spanish Club Pledges Students at Meeting

Maurine Henderson and Valen Honeywell were pledged to La Mesa Redonda last Tuesday evening, February 12. The meeting started with a pot-luck supper, and featured word games in which members were obliged to give brief informal talks on certain words. As is customary, all games and business were carried on in Spanish, under the leadership of Carl McConnell, president. The club now meets Tuesday evenings instead of Monday as previously.

## Four Weeks Rushing Announced by Dean

Four weeks of rushing! So said Dean Raymond G. Drewry Friday afternoon. He made no further statement, however, regarding the actual rushing and pledging dates. It is believed that the recent petition of 338 fraternity and sorority was acted upon favorably.

## Story Contest Ends March 4

### Winning Manuscript to Be National Entry

With the deadline set at 4 p. m. March 4, a short story contest for CPS undergraduates was announced by Wilhelm Bakke, president of the Writers' club. The winning manuscript in the local competition will be entered in a similar one sponsored by the "Story" magazine which offers first and second prizes of \$100 and \$50, respectively. This contest will be closed April 15.

Stories may be submitted to Miss Linda Van Norden, adviser, or to one of the club officers, Wilhelm Bakke, Grace Thompen, or Marjorie Ranck. Detailed local rules will be available from Miss Van Norden tomorrow.

A "Devil's Agent" whose responsibility will be to criticize manuscripts considered by the members was created at a club meeting last Monday evening in the reception room. A new "agent" will be chosen each week.

"And Toby Brannon Smiled" was read by the author, Miss Gladys Parker. Miss Parker also acquainted CPS with "Beginners Luck" a magazine managed by a Tacoma woman. The material for this magazine is submitted, criticized, and read from the readers' standpoint. Miss Grace Trompen and

## ASCPS Terminates Inactive Managership

Because of the lack of need for the office of Assistant General Manager of CPS, it was abolished by Central Board at its regular meeting Monday noon. This abolition will become effective with the beginning of the next administration, however, the salary of the present assistant Mark Whitman will be withdrawn for this semester.

To investigate ways to improve chapel discipline, a committee of Edith Coffman, Jimmy Ennis, and Mr. Hite was appointed by Art Linn, ASCPS president.

## Student Negligence Limits Library Work

"Work of the library is being handicapped by student's negligence and indifference in checking out books," says Warren L. Perry, librarian.

The return of important books missing from the library will be greatly appreciated. Among them are "Principles of Sociology," by E. A. Ross; "American Race Problems," by H. L. Lutz; "Cases on Commercial Law," by A. W. Bays; "Best Short Stories of 1933," and "Political and Social History of the United States," by A. M. Schlesinger.

## Friends of Soviet Union

(EDITORIAL)

Last Friday afternoon the Campus was again invaded by two young communists distributing Red propaganda under the auspices of the Tacoma branch of the Friends of the Soviet Union. Last spring two youths entered Jones Hall with similar literature which not only misrepresented articles in American newspapers, but also misquoted hand-picked portions of a prominent Northwest daily in order to arouse Red sympathy.

The literature was seized from the two boys concerned last spring and they were thrown bodily out of Jones Hall and off the Campus. It is interesting to note that two girls of high school age were sent this time. It is also peculiar and extremely deplorable that the last incident occurred on a day when high school students and teachers from all parts of western Washington were guests of the College's invitational debate tournament.

One of the girls involved last Friday granted an interview before being escorted from the Campus. She claimed that her interests were to counteract the attacks made by the Hearst papers. She said Hearst was radical and that he misrepresented Russian life, and that Hearst's policies

## Debaters To Leave for Annual Meet; Kelso First in High School Tourney

After 88 debates and 60 extemporaneous speeches, the two-day session of the second annual invitational Washington state high school debate tournament at CPS came to a successful close, with Kelso high school winning first place in debate and Yakima high school winning second place, and Stadium high school taking both first and second places in extempore speaking.

The Kelso squad who won first place after 11 strenuous rounds are: Ellen Kalahan, Walter Nelander and Delos Wilma. Their coach is R. Sherman Dick. Throughout the whole tournament, this squad won nine debates and lost only two. Members of the runnerup Yakima teams were David McFadden, Doris Laney, Elinora Ivanoff and Elizabeth Hardison. The question was that of federal aid to education.

### Stadium Girl First

Myrtle Foss of Stadium, with the subject, "The Opportunities of the Northwest for Developing Leisure Time," won first place for Stadium in extempore. Florence Ittner of Stadium won second place, and her twin sister, Wilma, who won third place, will also have her name engraved on the second-place trophy. Paul T. Prentice is the Stadium coach.

As a result of an invitation read late Saturday evening after the award presentation, the winning Kelso team will meet the team which won the high school tournament for Oregon.

### Honorary Sponsors Meet

The CPS contest was sponsored by the Washington Alpha chapter of Pi Kappa Delta, national debate honorary, with Miss Jeannette Amidon, varsity debater, as director. Schools sending representatives were from Kapowsin, Lincoln in Tacoma, Auburn, Puyallup, Port Orchard, Stadium in Tacoma, Toppenish, Gig Harbor, Fife, Everett, Issaquah, Yakima, Seattle Pacific, Bremerton, Anacortes, Olympia, Centralia, Kel-

## Olympia Debaters Overcome by Gas

Four of the high school debaters from Olympia, during the journey to the College Friday morning for the tournament, were overcome by carbon monoxide gas released from a faulty exhaust into the closed car. One boy, Glen Swan, on getting out of the car, fainted and struck his head on the cement of the steps and did not regain consciousness until Friday afternoon. Other members of the party, who were also overcome by the gas, were Prudence Wilson, Solomon Kellam and Jessie Steere. The coach accompanying them was Clarence Bitts.

## Founders' And Patrons' Order To Honor Three

### Prominent CPS Backers Will Receive Membership In Order

Membership to the order of Founders' and Patrons' of CPS will be conferred on three individuals prominent in backing the College in past years, on the annual traditional Founders' and Patrons' Day tomorrow during chapel period. Trustees of the College will meet before chapel to elect the three to receive this honor.

The customary chapel period will be held Tuesday instead of Wednesday because of this event. The program will open with Pres. Edward H. Todd leading the devotionals. A selected chorus will then be sung by the Adelpian Choral society, led by Prof. John Paul Bennett.

### Alums to Speak

"The Alumni Movement" will be the subject of an address by Franklin E. Johnson, treasurer of the CPS Alumni association. Salem A. Nourse will speak on "Present Day Patrons." These men, according to President Todd, are the representatives of the younger group of the alumni of the College, active in a movement to support CPS financially, in student recruiting and in general backing of College activities. Charles M. Anderson, president of the alumni will introduce the two speakers.

### Blaine to Confer Honors

Edward L. Blaine, chairman of the Board of Trustees who was similarly honored last year, will confer the membership on the persons elected to the Order of Founders' and Patrons' of CPS by presenting the parchments of the order.

After the ceremony, the trustees will meet and lunch in the College commons.

## Symphonic Band Gets Six New Members

Lucy May Spencer, Virginia Gardner, Jean Beers, Lois Evanson, Brad Bannon and Herbert Arntson are new members of the recently organized CPS symphonic dance band. According to Prof. Roland H. Truitt, conductor, the group is working, in addition to several other selections, on Ferde Grofe's arrangement of "Rhapsody in Blue," by Gershwin. Leroy Sander and Lois Evanson will play the solo parts.

The Theta trio will also be featured with the band during chapel, March 8. Those in the trio are Betty Wilhelm, Martha Forsyth and Aileen Hobbs.

## Dean Drewry To Speak At Principals' Meeting

Dean Raymond G. Drewry has been appointed to address a principals' conference on "What Can the Principal Do in Mental Health Guidance?" next Saturday February 23 at the Tacoma hotel. He will be assisted by two other speakers, Frank Jones Clark, vice-principal of Roosevelt high school in Seattle and Dr. Francis E. Gaw of the Child's Study laboratory, also in Seattle.

The conference is being held Friday and Saturday by principals in the state of Washington and has met for the purpose of discussing mental hygiene.

## State Patrolman Sings in Chapel

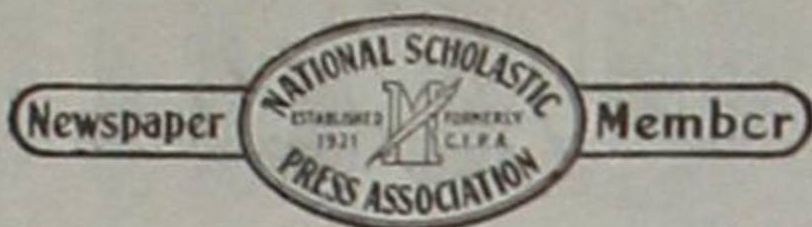

A group of vocal selections were presented by Red West, state highway patrolman, during a short chapel period Friday. He sang "Where the River Shannon Flows," "Can't You Hear Me Calling, Caroline," and "Ah, Sweet Mystery of Life." Mr. West was introduced by Pat Kelly and was accompanied at the piano by Leroy Sander.

Miss Beth Dawes, of the Juvenile court of Grays Harbor county, was the first of two speakers on Monday, February 11, speaking on the human interest side of her work. "To be successful in my work, she said, 'Three personal qualifications are necessary — uncommon common sense, an incurable sense of humor, and an unconquerable faith in God.'"

The second speaker was Dr. Brewer Eddy who gave a brief glimpse into the present situation in China. According to Dr. Eddy, the central government is dominating the country. Transportation is rapidly improving, and the transformation of the cities is a most evident change in China.

Dr. King D. Beach of the First Methodist church was the chapel worship leader on Wednesday, February 13, speaking on the garden of the soul.

(Continued From Page One)

of journalism were a menace to America. However, the newspaper she distributed was more radical and damning in its entire editorial plan than Hearst's papers—her paper out-Hearsted Hearst.

The girl told why she donated her time to the "cause." "Every since I was a child," she said, "I have read of the terrible living conditions in Russia, I remember pictures in the Saturday Evening Post of big Bolsheviks with whiskers and a bomb in each hand with the caption, 'Millions of these will invade our country,' and I have read the horrible attacks in the Hearst newspapers on Russia and how he wanted to start a war with Russia. I didn't believe these horrible things, I learned differently, and now I want everyone to know what a menace Hearst is."

Hearst does appear to use spectacular methods to excess to increase circulation and is commonly accepted as "yellow journalist," but that is his business, and he is insistent that the United States recognize existing dangers in radical communistic invasions of this country. Americans should commend him for that.

All through the interview with the young woman, she contended that she was defending the misunderstood and misrepresented Russians. When asked why she showed no interest in the "misunderstood" Japanese she replied, "Japan is controlled by a few people at the head of the government the same as it is here." She refused to acknowledge that Russia today is controlled by a handful of communists at the head of their party. The girl was apparently sincere in her convictions, but she could give no logical reasons for the things she advocated and no reason why they should benefit this country.

She was asked her name, her companion's name and the name of the person to send them to CPS. The name she gave for herself is known to be false. We hope that in the future visitors on the Campus will have a more thorough understanding of their missions and be sufficiently proud of them to be able to leave their correct names.

### ALL-COLLEGE PARTIES

What is college without social life? And what is more ideal than regular evenings of good entertainment at a cost low enough to admit any and all?

For lo these many years our College has been woefully lacking in organized college parties. What parties we do have are usually limited to members of the select group of the organization giving the party. Fraternity and sorority parties are fine, but they do not permit wide cultivation of friendships throughout the school. Groups should get together for their own exclusive parties, but there should be all-College parties also—parties open to all students where we can go for a good evening of games and dancing without breaking the bank.

This Bagdad club, CPS students having just such an evening at the YWCA is a fine idea and has proved quite popular.

Why can't the College have its own parties on the Campus? We have the gym, why not use it more? The main trouble is that we have not sufficient game equipment at present. The College should provide for such equipment as is necessary—equipment that would be used in the PE classes and also by the College recreation clubs.

The above editorial was submitted by a student interested in promoting something really socially beneficial to the College. Such affairs as he advocates have their obstacles, but those obstacles can and will be removed if sufficient interest is shown in this type of social function.

### Puget Sound Review

**Things I didn't know about Hawaii:** There are no seasons in Hawaii... The Chinese in Hawaii eat preserved cockroaches to cure sickness... Humuhumunukunukuapuaa is the name of the smallest fish in Hawaiian waters... There are no advertising billboards... Every Hawaiian word in the popular song "Malahini Mele" is misplaced and does not make sense... The Royal Hawaiian hotel in Honolulu is the only hotel in the world with no heating system... There are only 12 letters in the Hawaiian language and it is the only language with 3 similar consecutive letters in one word—such as Raaawa... There are no poisonous reptiles... Some waterfalls in Hawaii fall up... When you speak of the Hawaiian islands you take into consideration approximately 500 islands.

**In one ear and out in print:** Betty Betz told "Pinky" Doersch that he's got her going around in circles. Now, that's something when a girl tells a boy that she's dizzy... Dolores Theda and Bill Adams are Lost in a Fog... Teeny Russell thinks counting sheep is now old-fashioned when you're suffering from insomnia... She says—be modern... read "Observatory Hill"... Well, anyhow that goes to show that at least one person reads this column... Bill Jepson (alias Joe College) and Jean MacDonald, the Mt. Rainier snow-slide, have that droopy look in their orbs.

**Suggestion department:** Suggested theme song for Sigma Zeta pledges during Hell week—"Jingle Bells! Jingle Bells! Tinkle! Tinkle! Here comes a Zeta pledge!"

**Noveltes:** When Maudie Boswell's recent escort for the evening said "good night" after it was time to go home he murmured... "I'm awfully sorry for having been such a bore this evening!"... was he squelched when she said, "So am I!"... Dixie Tuck "toloed" Del Martin to a show Friday evening and that other fellow to a Catholic Ball on Saturday night... Lorraine Hanson and Glen Grant are woozy.

**Stranger than fiction:** The Tacoma Times printed that fraternity's barn dance in this manner—"Sigma Theta Epsilon." Another one of those mergers... Scoop! Art Linn will soon be a KVI announcer. Have a care, Maurice Webster. Art Linn is not to be outdone... The bursar shouldn't ring the bell so loud—Martha Buckley was fast asleep in chapel last Wednesday and the bell made her jump 3 feet in the air... Alyce Wilson had a recent offer to sing with Merle Carlson's renowned orchestra in Los Angeles but she wouldn't leave for the sake of dear old Alma Mater.

**Campus Spotlight:** It was Arthur Brisbane who penned... "There is no place in this world for insincerity." More people ought to believe that statement. The few "two-faced" people in this school are known by the majority. Too bad... because when these people go out into the world after graduation and are branded "two-faced" like they were in college... then what? If there is no place for insincerity in this world then there is no place for them. When I learned a few of these kind of people's names I was so surprised! You could have knocked me over with (1) a feather; (2) a piece of lead pipe; (3) a sudden jerk of the chair after slyly asking me to sit down; or (4)—but if you think I'm going to sit here and think up methods for you to use in knocking me over, you're crazy. (That's no way to talk to our readers—Editor... You keep your nose out of this—L.M.).

**Too Late to Classify:** That blonde Chi Nu in the grand stands was the reason why Millie Kloepper had a little trouble with the basketball last week. She couldn't keep her mind on the game... Basketball players seem to be doing all right. Letty Lawrence also has a secret passion on the casaba team... During Hell Week the Theta pledges were noticeably "chubbier" than usual... Gold Medal awards to George Duncan and Chuck Calley for carrying those 3 Olympia high school students, who were suffocated by carbon monoxide fumes from their automobile, into the YWCA room for medical attention.

### Science Department To Hold Open-House

With March 15 set as the date of the Science open-house, the Chemistry, Physics, Biology and Geology departments are making definite plans for the event.

In the Chemistry department, a number of students are preparing experiments. This work requires a large amount of study, as these students must be able to answer all questions on their experiments. It will not be necessary to be a scientist to enjoy these exhibits, as many of them will be of practical value.

The Science open-house is held biennially. At the exposition which took place two years ago, short talks were given, and various exhibits shown.

### Alum Association Aims for \$25,000 Of 4-Year Drive

#### February Closes First Quarter of Alumni Share Fund

A big step forward has been taken toward the initial goal of \$25,000 in the \$100,000 Alumni Loyalty Share Fund drive that was launched February 1, according to C. M. Duncan, campaign manager. The time limit for the first quarter ends February 28. Such a movement is expected to be repeated each year in a continuous effort to aid the College.

# Loggers to End Conference Season Against Coyotes

## Ellensburg Wins Two Games from Logger Hoopers

**Stoeffel and Tollefson Again Lead CPS Attack in Both Games**

College of Puget Sound's basketball team dropped the second game of their series with the Ellensburg Normal five last Saturday night by a score of 37 to 28.

Vaughn Stoeffel and Erling Tollefson led the Logger's attack.

Taking their third straight victory, the Ellensburg Normal hoop squad defeated the Loggers Friday night by a score of 33 to 26, at Ellensburg.

Coach Roy Sandberg's outfit, trailing at half time, put on a determined second half rally, and came within one point of the Normals. With the score 16 to 11 at half time in favor of the winners, a desperated Logger second half rally made the score 27 to 25, with the home team still ahead. Bruce Hetrick, Logger center, was fouled while shooting, receiving two free shots. He sunk only one of them, to bring the Logger score to its final figure. Thereafter, the Normals ran out the score to 33 to 26.

Jim Sesby, Ellensburg forward, was high point man of the game with 15 points, while Erling Tollefson, flashy Logger forward, made thirteen points.

The Loggers played about the same brand of ball as they played against Willamette last Friday night, rather slow and listless in the first half, followed by a whirlwind rush in the final period.

Stoeffel and Captain Otto Smith played their usual game for the Lumberjacks, while Hall Normal center, did well for his team.

## "B" League Basketball Commences Tomorrow

By their own request at an intramural managers meeting last week, the Tahomas will enter their team in the class "B" basketball league. The "B" league will get under way tomorrow afternoon at three o'clock with the Sigma Zeta Epsilon second string five meeting the Sigma Mu Chi outfit.

On Thursday at the same time the Tahomas will face the Delta Pi Omicron five. The Tahomas are one of the teams favored to win the title since they have played together in the mural "A" league, the first part of the season.

## Traditional Hoop Contest Carded

Of the four games to be played in the intramural basketball league this week, the Sigma Zeta, Delta Kapp, fracas should prove to be the outstanding contest of the week. There is a spirit of traditional rivalry between the two frats and although the Zetes have an edge on paper, this should prove to be a real battle. The tilt is slated for noon tomorrow.

The second game will find the rejuvenated Peter Pugets, who last week upset the Mu Chis, playing the Alpha Chi Nu squad. The independents may surprise the Greek team.

The Omicrons will try to make it five straight wins when they tangle with the Mu Chis at noon Thursday. In the second game the Delta Kapps will play the Peter Pugets which should see the Kapps win, but only after a hard fought game.

## Gammas, Thetas Lead League

As the result of last week's play in inter-sorority basketball league the Gammas and Thetas are the only undefeated teams and both are given good chance to cop the title.

In the first game of the week the independents swamped the Betas 32 to 1. Alice Grimes was the mainstay in the independent attack.

Wednesday's game between the Gammas and the Lambdas was the highlight of the week, however. Led by Maudie Boswell who scored all of her teams points the Gammas won 15 to 9. Mary Fay Fulton also showed to advantage for the winners while Danny McMaster turned in a nice game for the losers.

The Thetas made their debut by trouncing the independents 23 to 17.

Jane Gebert and Lois Evanson were the big guns in the Theta attack while Alice Grimes paced the independents in the scoring column.

## Plan First Hike

The first women's hike of the spring semester will start February 22 at 10 a. m., meeting in front of Jones Hall. Their destination will be Titlow beach with Helen Nicola as the leader. All women intending to go will please sign on the bulletin board in the gym.

## Terrible Swedes Lose Two Close Casaba Contests

**Sigma Zetes, Chi Nus Beat Linn's Team by Three-Point Margins**

Art Linn's Terrible Swedes lost two games by the margin of three points each in the two outstanding intramural hoop tilts of the week. Tuesday the Swedes dropped a hard fought contest to the Sigma Zetes, 13 to 10, and Thursday were nosed out, 28 to 25, by the Chi Nus.

Jim Ennis was outstanding for the Zetes while Gerald Kubo, diminutive guard, played a bang-up game for the losers. Thursday the Chi Nus eked out their win from the Swedes. The latter team had a new player in the person of John Fadness former PLC star.

### Williams Stars

Bob Williams with eight points, all garnered in the second half on fast breaking, led the Chi Nu attack. Frank Plouf also turned in a commendable performance for the victors. Louie Magrini showed considerable improvement in the Swede lineup.

The Peter Pugets scattered all predictions to the far winds when they trounced the Mu Chis 27 to 13. The Pugets were hot, making most of their attempts at the basket count. There was no outstanding individual in the Puget's lineup with all of the players turning in creditable games. Clarence "Mike" Mykland bucketed nine of the Mu Chi's points besides doing the bulk of his team's defensive playing.

### Delta Kapps Win

The Delta Kappa Phi team had a tough time beating the Tahoma squad 17 to 11, but a second half drive saw them capture their third win of the season and send the losers deeper in the cellar.

## Women Urged To Swim

Unless more women become interested in swimming, the classes which are now being held at the YWCA pool on Tuesday and Thursday afternoons, from noon until two o'clock, will have to be discontinued. Women who are now taking an active part in the class are Evelyn Swanson, Jayne Hall, Mary Fay Fulton and Lois Evanson.

Miss Collins wishes to announce that any woman who wishes to join the group to get in touch with her as soon as possible.

## Track Meeting Planned

All men who are interested in varsity track are asked to meet tomorrow at chapel period in room 14 of Howarth Hall of Science, according to head Coach Ray Seward.

CPS will face the University of British Columbia in the first inter-collegiate track meet of the season, March 27, at Vancouver. Candidates for the squad are urged to report and start preliminary training immediately.

## Famed House of David Quintet Plays Tonight

Wheeler-Osgood's crack hoop team of the commercial league will meet the traveling House of David quintet tonight on the Stadium floor at eight o'clock. All of the House of David team have long beards and long hair. There is not a player on the squad under six feet in height and the visitors have a reputation of losing only a few contests this season.

George Pollock who was a member of the CPS five last year will perform for the Wocos at a guard position against the House of David outfit.

Art Linn was seen leading an enthusiastic rooting section at the Gamma-Lambda game Wednesday and some of the members of the Varsity were afraid of losing their positions as a result of the ability of the feminine stars to make sensational shots.

CPS cagers representing Totem stores, lost a close game to the Wheeler-Osgood team 32 to 27 on the Stadium floor. Jim Ennis and Bill Command led the grocery lads with nine and eight points respectively. This win entitles the Wocos to represent the Commercial league in the county play-off.

Another sure sign of spring is the fact that Coach Roy Sandberg has had the famous College batting cage repainted and claims it to be better than any in use in the big leagues.

Baseball games are being played in the coach's office every afternoon as a result of the baseball classes that are held there. John Milroy has been the official demonstrator of how to bunt and Chuck McMillin has been contributing general information on how to hit.

Joe Kent well known Mu Chi mainstay in athletics has dropped out of school. Joe's loss was keenly felt in the basketball game the Mu Chis played with the Peter Pugets last week.

The Chi Nu, Omicron battle scheduled for last Thursday has been postponed until a week from tomorrow.

## Loggers To Play College of Idaho Here This Week

**Whitman Games Come Tonight and Tomorrow Nights**

Coach Roy Sandberg's Logger cage team is playing the Whitman varsity tonight and tomorrow in the most important Northwest conference tilts of the season for Puget Sound. If the Loggers win both games they will be in the running for the title but a double loss would blast all hopes for a championship team.

Winding up Puget Sound's most successful conference basketball season in recent years, the Logger quintet will play host to the College of Idaho Coyote five this Friday and Saturday evenings in the CPS gymnasium. Reserve contests at 7 o'clock will precede the two varsity tilts, scheduled for 8 o'clock.

With only two defeats on their record to date, the Lumberjacks still have an outside chance in the race for the Northwest Conference crown, now paced by the undefeated Whitman aggregation. The Loggers' title chances are slim, however, as they must score a double win over Whitman and conclude with another pair of victories over the College of Idaho in order to tie the Missionary five for first place in the circuit.

No changes are expected in the CPS starting lineup for the Friday and Saturday contests. Erling Tollefson and Vaughn Stoeffel, the two high-scoring forwards, are slated to lead the Logger offense, with Bruce Hetrick at center, and Otto Smith and "Pinky" Doersch holding down the guard assignments.

Jack Strickland, recently shifted from center to forward, may break into the game, along with Ralph Sandvigen at center, and John Milroy and Roy Wonders in the guard berths.
