## MURIEL LESTER TO BE LEADER AT CONFERENCE

### "Jane Addams Of England" Will Assist Seabeck Delegates In Finding Solution to Modern Problems

That the College hopes to have delegates attending Seabeck for the annual conferences starting June 10, is the announcement of Katherine Yamamoto, YWCA president. She is cooperating with Bob Byrd, YMCA head, in urging students to spend ten days this summer considering "Christian Living in a Modern World."

Outstanding conference personality this year is Miss Muriel Lester, characterized as the "Jane Addams of England." She has been prominent all over the world in helping men and women find the answer to their economic, social, inter-racial and international problems in terms of practical Christian experience.

#### Knows Gandhi

Miss Lester is on speaking terms with cabinet members of world's leading nations, one of the outstanding leaders in the drive for international peace, a personal friend of Mahatma Gandhi and a leader in the fight against the intolerable conditions that blight the poor of London, India and China.

In a recent address before the district conference for the cause and cure of war committee which held its session in the Tacoma YWCA, she stated, "If you really want to do things you must get the facts and face them. You must learn to think clearly. There is much a group of college students can do to work for world peace."

#### Has Objective View

As she stood before the women in Weyerhaeuser Hall, she had proposed an objective or "supranational" point of view. During her service as a peace ambassador, she has thought and felt with the common people. It was she who dedicated Kingsley Hall in London as a social service memorial to a brother who was killed in the World War.

Born and reared a woman of position, Miss Lester refused to accept the funds of her father's estate, but had the will broken and trust funds established so that the working people of East London might have the advantages of education and health.

Individual, group and delegation discussions with Miss Lester will be available at Seabeck. She will also serve as a resource leader in one of the panels planned under student leadership.

## Adelphians Near End Of '38 Concert Season

Nearing the close of a most successful season, the Adelphian Choral Society will give one of its final concerts at the Bethany Methodist Church Sunday evening, April 24. This will be the seventieth concert the choir has given during the 1937-1938 season, according to Professor Bennett. A total of 28,975 persons have heard the singers perform.

## COLORS ADDED TO EXHIBITION

### Chance Given To Study Important Work of 19th & 20th Century Painters

A collection of color reproductions of paintings by modern French painters has been added to the exhibition of prints and fabrics already in the college galleries, announces Prof. Melvin Kohler, art director. On exhibition in the studio, they offer an opportunity to study the works of some of the most important painters of the nineteenth and twentieth centuries.

Included are such widely known and talked of artists as Paul Cezanne, considered by many the most important influence on painting in modern times; Paul Gauguin, with his broad flat masses of gorgeous south sea island color; Vincent Van Gogh, his tortured soul showing through the brilliance of his color and his twisted, swirling application of paint; Picasso, Rousseau, Renoir and others.

Among the prints from the Northwest Print Makers Show are several which have won purchase prizes in former years. Thomas Handforth, a Tacoma artist, has two prize prints, one from his Northwest series and the other from his Chinese series. Maurita Shank's "Still Life" is included.

## Geology Lab. To Be Held On Boat At Islands

Geology laboratory in a boat anchored off the San Juan Islands will be a reality for a group of students from Professor MacMillan's advanced Geology class who are making the trip to the islands this week-end. According to Professor MacMillan, rock formation of the Paleozoic era (the time of the first appearance of reptiles and amphibians) which are found in the Northwest only in that district will be studied.

Those making the trip from the Geology class include: Professor MacMillan, Howard Thune, Robert Hardy, Kon Troxell, George Mitchell, Lewis Mosolf, Hugh Fleenor and Wilbur Baisinger.

Walter Brown and John Slipp are also making the trip. They will study the biological life.

## PICNIC SLATED FOR APRIL 28; NO CAMPUS DAY

### Program Will Feature Tug-of-War, Games & Dancing, under Direction of Bob Sprenger

A red-letter day in the college calendar is April 28, set as the date for the all-college picnic, according to Bob Sprenger, general chairman. Since no campus clean-up project could require the efforts of the entire student body for a whole day, this picnic replaces the program which was originally scheduled.

Thursday's festivities will begin at 2:30 p. m., classes being dismissed by Dean Register at that time. There will be a Freshman-Sophomore tug-of-war, with Tom Ray and Dick Sloat, respective class prexies, as captains of the opposing forces. After the battle is over, a program of games on the athletic field and tennis courts has been arranged from 3:15 to 5:15 by Lou Grant, Miss Marjorie Jenkins, Ruth Jensen and Bill Wood.

Then members of the Spur organization will serve a picnic lunch, followed by a Community Sing and stunts around the campfire, to be kindled at the north end of Jones Hall. Assisting Joan Roberts with planning the food are Phyllis Anderson and Jessie Willison. Dancing on the lawn to the music of Harry Coleman will wind up the day's activities at 7:30.

The committee making arrangements for the picnic includes Bob Sprenger, (chairman), Mildred Brown, Bill Wood, Ruth Jensen, Dick Sloat and Bob Brotherton.

## Perry Inspects Oregon Libraries

Visiting college libraries throughout Oregon and discussing various problems was the main purpose of the trip last week of Warren Perry, librarian, College libraries which he visited were Reed College, Portland; Oregon State College, Corvallis; University of Oregon, Eugene; Willamette, Salem; Oregon State, Salem; Linfield College, McMinnville. He also visited the Portland public library.

"The purpose of the trip," explained Mr. Perry, "was to inspect the new library buildings at Eugene, Salem and McMinnville. I arranged several exchanges of books between the various libraries."

In commenting on the new library arrangement, he stated, "The library was rearranged so that it would be easier for the students to get around in the library, and so that better light would be available."

## FRENZIED STAFF OF 12 FRESHMEN PUBLISH TRAIL

### Eleanor Robison Is Editor Of Annual All-Freshman Trail

Doing their best to show up the older members of the staff, the all-freshman staff has labor-

SMITH STUDIO

Editor ed industriously to put out this week's issue of The Trail. This statement gives an excuse for all the young and tender reporters who have been scurrying around chasing news sources and getting themselves chased by news sources.

Acting as editor is red-headed (now nearly white-headed) Eleanor Robison. Assuming her usual position as News Editor, Margaret Wilson is fast attaining that frenzied look which is so often depicted in movies of the newspaper world. Finding out about all the social events in the lives of the boys and girls at CPS, Edith Hammond acted as society editor. In the world of sports, John Sharp took over the job of Sports Editor. The ins and outs of girls' sports is handled by Dorothy Dreyer.

Reporters attempting to carry out the commands of their respective editors are: Louis Stewart, Signa Byrd, Roy Lokken, Mark Porter, Letty and Betty Schaufelberger and Joe Price.

The editors have been handicapped by a skeleton staff. Due to technical difficulties, it was impossible to announce the date of the Freshman issue, as is the usual custom. This situation has entailed sleepless nights, an under consumption of food that has tasted of printer's ink and a general neglect of studies.

But such has been the life of all other Freshman Staffs. This was no exception.

## Fehlandt Will Bake Unconventional Cake

Dr. Fehlandt, chemistry professor, is going to make a cake.

But it won't be of the conventional variety, for in place of the usual baking powder, washing soda will be used, and sour milk and salt will be replaced with hydrochloric acid. According to all appearances, the cake should be extremely distasteful if not poisonous, but Dr. Fehlandt promises it will be most toothsome.

At least the Chemistry 16 class hopes so, for they are going to eat it!

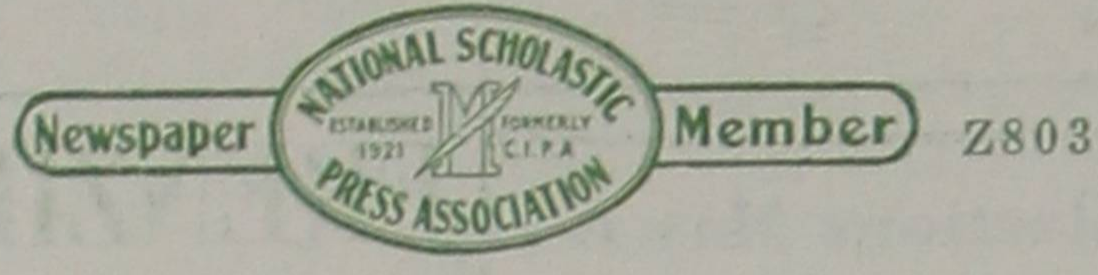

## Addresses Girls' Club

"The Companionship of Books" was the subject of Mrs. Drushel's speech to the Girls' Club in Kent High School Wednesday, April 20. She plans to speak on the same subject to a regional conference of Girls' Clubs in Port Townsend on Saturday, April 23.

## EARTHWORMS AND WAR

"The earthworm population of Illinois is falling at a tragic rate!"

Thus a famous engineer announces the fact that soil erosion—man-made and man-urged—is coming to be more and more in control of America's bread-basket—the great farmlands of the Midwest. This certainly is a jarring realization, for the destiny of a whole, and great nation depends upon it. If the Midwest should some day become a vast and lifeless desert, as is not so much to be doubted as feared, the two sea-coasts of America will be isolated from each other. The Emancipator's proclamation, "United we stand, divided we fall!" will become only an obscure sentence in an old history book.

Fantastic isn't it? Yet not as fantastic as the motivating idea which spurred two world powers on to become partisans in the greatest naval race since pre-war days . . . The idea that each may invade the other.

And all the while our country is building up an extremely costly "national defense" under the delusion of an arabesque and horrible dream, the land upon which our very existences depends is dying. Seven billion dollars will be appropriated, it is reported, to protect us from war which may, nay need, never come. An uncountable wealth of land, food, homes, and happiness is slipping under our very feet.

—ROY LOKKEN.

## PULEEZE—A STUDENT UNION BUILDING!

Why must the Art Club, Spanish Club and many others about school meet in private homes? Why must visitors such as the Bavarian skiers, recently guests of the College, have to be entertained in sorority rooms and be fed in the Commons? The answers to these and a great many pressing questions here at CPS could be met in the construction of a student union building.

Besides appropriately decorated, individual rooms for the various clubs, reception rooms, dining halls and kitchens, such a building would contain reading rooms with comfortable chairs and cheery fireplaces, and recreation rooms for the more social sports such as ping pong, billiards and perhaps bowling. With provisions for all our extra-curricular activities, a student union building would center social life around the college where it belongs.

If the administration has not already realized the pressing need for a student union building, then we must make that need clear. Perhaps plans are now being made for such a building, and in view of the secrecy that surrounded the announcement of completion of plans for the girls' dormitory, this might easily be so. But just in case there is any doubt in the minds of those who can give us this building as to whether or not there is a real need for it, and whether the student body really wants it, we must make our stand unmistakable. It has been said that if we want anything we must ask for it. If so, we must ask for a student union building long and loud, and if necessary, we must get down on our knees and beg for it!

—LOUIS STEWART

## TRIBUNE CITY EDITOR PRAISES NEWS STAFF

Judging the March 18 and 25 issues of The Trail, Frank M. Lockerly, city editor of The Tacoma News Tribune has commended Trail staff members.

"A Lasting Friendship," was the best editorial for the above issues. Roy Lokken received honorable mention for his editorial, "Blind Loyalty."

Paul Lantz was judged to have written one of the best features, "Adelphians Lead Colorful Life." Patty Pierce won favorable comment for her story, "Sixteen Second-Generation Students." These both appeared on March 18.

The Tribune also selected the best news stories. First place went to Signa Byrd for her story on college birthday affairs, March 18. Second place was given to the story on "Trail Makes Plea for Intelligent Vote."

## U. of Utah Is Visited By College Freshman

By Jack Perry  
Over Spring Vacation I took a train trip to Salt Lake City. On my second day there I was taken over the campus and buildings of the University of Utah (by a red-headed Pi Beta Phi) a school of about 3,600, having neither compulsory chapel nor military training.

The building I thought nicest on the grounds was Union Hall, which is of large stone construction, having a dance floor similar to the Crystal Ballroom here in Tacoma, only larger; an associated students room, lunch-room, barber shop, beauty parlor, auditorium, and best of all, a game room which had pool tables and card tables with red leather chairs where the boys play poker and billiards to earn their way through school.

# Observatory Hill

BY PAUL JUELING

We present as guest columnists this week the members of Kappa Sigma Theta. The next issue will feature the contribution of Lambda Sigma Chi.

Lyle Carpenter, when asked why he doesn't observe Good Friday, when seen in a local hotspot (?) (Lucerne), replied, "I'm no Jew."

The Gammas certainly put the Thetas in their place when plans for a mutual dance were vetoed.

Home Town Boy Makes Good: According to Puyallup, Dick Stoat has made a name for himself at CPS and is quite the hero when home—we wish he would remember that he isn't always home.

Johnny Clarke's face must have been one of those recognized by Jim Peterson at Monday Chapel—wonder how Jim told Johnny diplomatically that he didn't have a radio voice.

Although Lou Grant can vouch for the authenticity of the success of the Knights of the Log street-car party—according to the version of the Tacoma Police Department, Coca Cola wasn't the only refreshment served.

Kay Sutherland hopes (For Bob Sprenger's sake) that his German haircut will grow out by the spring formal—or maybe he thinks he can have more than one girl, a la Bavarian.

PUGET SCALLIONS: To Sophomore class for allowing minority rule to prevail.

Don Kruzner—found his easter bunny in a bassinette.

Is Bill Cummings' egg turning chicken?

Hither and Yon: A blouse very similar to the one owned by Lorraine Holshauser, was seen with Don Gillis Saturday night. Bill Reynolds, after being awarded the honor of representing the students in Central Board, took it upon himself to represent the students on a slumming spree last Saturday nite—he was ably chaperoned by Jack Mansfield.

Jack Potter at his usual hang-out in front of Stadium patiently waiting—some say it's just another Jane.

Jess Denzler staggig it out to the local terepeschorian center—

Carol Cavanaugh only accepted three out of a possible seven dates last week-end and she didn't take a Rowe.

We understand that Rubie Dauphin is doing her part to drive Clarence Keating crazy by giving him the merry run-around.

One of those few people about whom you can say, "He's so darn nice"—Dick Le Magie.

If a boy wants to make a hit with a gal, ask her to the interfraternity dance. We freshmen hear that it's the snitsiest dance of the year, but we'd like to find out.

Betty Montgomery—beautiful but dumb.  
Garth Dickens—rugged individualist (well, individualist)  
Norm Mayer—oh, that profile.  
Bob Bond—connoisseur of ponies.  
Barbara Ahrens—Dresden doll.  
Warren Perry—super sleuth.

And ask Muriel Woods how she handled two rings in one week.

Residents of Evanston, Ill., need not be surprised if they hear tender songs wafted on the wind to them from the University of Chicago campus.

Fraternities and sororities there have put their head together and have decided that they are in favor of serenades.

Opinion is divided, however, as to whether it's better to bring the whole fraternity house along, for power, or to serenade in lone-wolf fashion.

As for equipment, most of the women students said that unless the boys are expert at carrying a tune, a guitar is nice—for accompaniment.

The fraternities believe that several serenades under sorority house windows each week, will make everybody more friendly and combat "pseudo-sophistication."

And now we know where Maynard Carlson gets all the strength to do the "big apple". He buys an apple every day from Lela Sargent.

# DEANS' SESSION IS INTERESTING

## Time Filled by Lectures, Discussions, Luncheons and Dinners

Mrs. Drushel, Betty Worden, and Evelyn Shaw, returned Saturday full of enthusiasm about the Western Inter-Collegiate Conference of Associated Women Students and of Deans of Women which they attended April 14, 15 and 16 at Washington State College.

Their time was filled with lectures, meetings, discussion groups, luncheons and dinners. Thursday noon they were invited to the University of Idaho at Moscow, Idaho, for luncheon and the afternoon session. Dinner was served at the Lewiston Teachers' Training College. "The highlight of the whole affair was going up the Lewiston hill in the moonlight," said Mrs. Drushel.

About 135 girls from colleges and universities in the eleven western states, and 40 deans of women attended the conference.

"Even more worth-while than the program," stated Mrs. Drushel "was the opportunity to meet and talk with so many interesting people."

## OPEN FOR'EM

Trail Office for Trail use. Oh yeah!

Come in any morning from 9 a. m. to noon. From 1 p. m. until 4, and you will see the battle of the century being ground out in that very noble office. It's not hardworking journalistic students prodding over their copy, but a group of lazy, aristocratic, dumb bunnies playing bridge. Are they the students of the school? NO! Are they the journalists for whom the room is reserved? NO! Are they the intelligentsia? NO! Are they the officers of the ASCPS? NO!

It would not be bad if they would play bridge like human beings, but they fight like wild-cats over the various hands that are dealt. It would not be bad if they would conduct themselves like ladies and gentlemen, which they are supposed to be, but they sprawl all over the Trail tables, sitting on typewriters, moving desks around to their liking.

Joe College. That's who they think they are!

Well, Joe, SCRAM!

## MUSIC NOTES

By DORE MIFA

Well, the Adelphians are back again . . . all seem hale and hearty—and full of secrets . . . according to hearsay, the couples who were on the verge of wedding bells on a previous jaunt, are still "on the verge" . . .

No, that cross between a fire siren and a banshee's wail which issues from the auditorium on Thursday mornings, is not the band . . . it's Ronald Lorimer's brass-plated "squawk stick" (sometimes known as a soprano sax) . . . according to long-suffering band members, Ronnie plays a solo in every composition . . . if it weren't for the honey-smooth tones of the trombone section, they would become shell-shocked. . . .

# Tracksters To Meet Bellingham

## Cinder Men Rounding Into Mid-Season Form

BY JOHN SHARP

### Loggers To Face Viking Team Here Wed. Afternoon

#### Loggers In Tip-Top Shape For Duel Meet with Bellingham Normal

With approximately four week's training since the British Columbia meet, Puget Sound thin-clads should be in tip top shape for their duel meet with Bellingham Normal on the Logger field next Wednesday.

The squad has been considerably strengthened by the return of Carl Smith, pole vaulter; Norm Mayer, weight man and captain; and Clarence Keating, 440, broad-jump and relay performer. With these lettermen rapidly regaining their old form, and with weather permitting others to get in shape, the Loggers are expected to have one of the strongest squads in the conference.

Aside from the fact that the Vikings defeated CPS last year, little is known about their cinder team this season. However, in Bob Tisdale formerly of Valley High, they have a state champion hurdler; while his team mate, Eyer, has cleared 12 feet in the pole vault.

Gene Albertson and Russ Perkins, who chalked up 18 of the Loggers 42 points in the British Columbia meet, are showing much improvement, while Bill Madden in the sprints is also beginning to hit his stride.

Others who are working out daily and may prove to be point getters for the Loggers are: Bob Meyers, mile; John McDonald, 2 mile; Whitey Mitchell, 440; Clem Johnson, weights; Walt Hanson, hurdles; and Ritchie Rowe, sprints.

### Whitman Will Be Unusually Strong This Track Season

#### Whitman Expected To Win Northwest Conference Track Meet

If pre-season form has anything to do with it, Whitman College may be holding a cinder classic of their own, on May 27 when the Northwest Conference track meet is slated.

Glancing over the events with their prospective candidates, we find the 100 and 220-yard dash hotly disputed. Carlson of Whitman is favored in the 220, which he won last year in the fast time of 21:04, while Bill Madden of CPS should run a close race with Carlson for first place honors in the century.

The quarter mile should be a clean sweep for Whitman with Henry and Bill Fairbanks, Kilby and Merium all being clocked at 51.9 seconds.

In the half-mile run we find Schmidt of Pacific ready to defend his conference record which he set last year in 2:01.5.

The mile run should see Kilby of Whitman leading a fast field. Two years ago Kilby lost the conference mile by only a foot, while he won it last year with the good time of 4:32.

Hovey of Whitman ran the 2-mile last year in 10:10.6, finishing 16 seconds ahead of his closest rival. However, John McDonald of Puget Sound is rapidly bettering his time and may prove to be a close contender.

The Javelin was won last year by Robinson of Whitman who tossed the spear 172 feet. He will be back this year but should find close competition from McFadden and Baker of CPS. Throwing the spear for the first time in several years, Baker won it in the U. B. C. meet with 151 feet and is rapidly gaining ground. McFadden threw it 190 feet in the conference meet last year but stepped over the board.

### Chi Nus Lead Intramurals In Volleyball Race

#### INTRAMURAL STANDING

	W	L	Pct.
Chi Nus	3	0	1,000
Delta Kappa Phi	2	1	667
Sigma Mu Chi	1	1	500
Sigma Zeta Ep.	1	1	500
Independents	1	2	333
Delta Pi Omicron	0	3	000

The Chi Nu volley ball squad continued their winning streak and took undisputed first place, by defeating the Omicrons in a one-sided battle 21-14.

Valen Honeywell proved to be the mainstay of the Chi Nu victory, while Merium Berthelet worked well for the losers.

In the fastest game of the week the Delta Kapps toppled the Zetes by the scores, 15-12, 2-15, 5-11.

The third game showed an improved Mu Chi aggression defeat the Independents in the clean sweep of 15-8, 15-11.

Next week's schedule is as follows: Tuesday at 12:30, Delta Kapps vs. Independents; 12:55, Chi Nus vs. Zetes; 1:30, Omicrons vs. Mu Chis. No game will be held on Thursday.

### Golfers Divide; Play Here Today

The Logger golf team won one and lost one on their Northern excursion last Thursday and Friday.

Led by Vaughn Stoffel, No. 1 man, the Puget Sound team proved superior to the University of British Columbia, defeating them by a score of 9 1/2-5 1/2.

With niblics a bit rusty from playing 3 1/2 hours in the rain, the Loggers lost to Bellingham Normal club-swingers in a clean sweep of 15-0.

The five-man team that made the trip for Puget Sound were: Stoffel, Stuen, Johnson, Fisher and Schwetz.

CPS will play host to the University of Oregon today at Fircrest, with the best ball foursome in the morning and the individual matches this afternoon.

### Baseball Season Opens April 29

The Logger baseball squad will officially open their 1938 season meeting Pacific U. at Forest Grove next week-end, according to Coach Joey Mack.

After facing the strong Pacific nine in a double-header April 29 and 30, the Puget Sound club will drop down to Portland to take on Portland U. May 2.

The Mackmen this year have a small but scrappy ball team, with material above the average. Last Tuesday the Loggers met the strong Tacoma Tigers of the W. I. League in a practice tilt, and although no score was taken, it was a nip and tuck contest all the way.

Players who will make up the Maroon and White nine this year are: McFadden and Ragan, pitchers; Schwetz catching; Tollefson, first base; Ramsey, second base; Milroy short-stop and Vaughn Stoffel at the hot corner.

The outfield will be made up of Yuckert, Carpenter, Peterson and either McFadden or Ragan in reserve.

### Net Aspirants Journey Today

With several weeks of training behind them, Logger racquet artists will officially open the 1938 season this afternoon journeying to Bellingham to take on the Vikings.

Six men, Brad Crowe, Herb Hite, Maynard Carlson, Bud Barrett, Don Kruzner and Ed Kenrick came out on top of the ladder to lead this year's aspirants.

Brad Crowe, top man on the ladder, has defeated the four men immediately below him to hold the most impressive record. Herb Hite and Maynard Carlson, second and third men respectively and lettermen from last year's squad, have won all of their matches over lower bracket members.

This year's aggression is above the average and with even breaks should have more than a successful season. The entire schedule has not yet been completed.

### W.A.A. HOO

By Dorothy Dreyer

With the pleasant feeling of hamburgers and milkshakes and various other things in their "tummies," the WAA girls gathered together last Tuesday evening and elected their new officers. POMONA HUDSON started off the elections by being unanimously elected president. The other officers are as follows:

Vice President.....Ruth Jensen  
Secretary.....Lois Kuhl  
Treasurer.....Ina Mae Sewright  
Manager.....Doris McClymont  
Publicity.....Mary Louise Erickson  
Program.....Doris Granlund

If some of you have cast amused glances at the girls practicing baseball, come around next week and watch the tournaments being played off.

And then for the ducking and spluttering that not many have seen. Quite a few girls have successfully splashed through eight turnouts and are ready to compete in inter-class swimming, starting next Tuesday at three o'clock. Come out the rest of you and support your team—freshman or upperclass. Remember, Tuesday at three!

#### Archery Coming Up

When you see bales of straw as a permanent fixture on the athletic field, don't think someone is starting a chicken farm. It is just the "equipment" for the archery tournaments which begin on Monday for the girls not displaying their hit, run and catch skill in baseball. Kay Sutherland is manager for that sport.

Did you know that: **Pony Hudson** has just received her 495th all-star certificate after making 495 tries. **Doris McClymont** is tagging right at her heels. Now they are incorporating and are looking for a room around here that needs papering. **Betty Worden** is a man-hater. She nearly caused a civil war when she claimed they were just fault finding things. **Miss Jenkins** stayed and taught card tricks to the girls after the WAA meeting was dispensed with early so that the girls could go home and study. **Betty Lee** can roll pretty good curves with a baseball. She tried to bowl with one and never made a score—hardly. **Betty Blood** was the opposite and made several bull's eyes on ten-pins.

Mixed recreation is still going on Friday afternoons. Come on over everyone—it's lots of fun!!

### SHARP CORNERS

By JOHNNY SHARP

Gordon Fielder, star half-back on last year's eleven, received the sweater award donated annually by Rhodes Brothers to the most inspiring player from CPS, PLC, Stadium, Lincoln and Bellarmine. It is a real honor to receive this award.

Bud Nash, considered the most prospective lineman on Stadium high school's state champion football team, and chosen by his teammates inspirational captain, is seriously considering CPS as his institution of higher education. Bud would be a big help on the Logger forward wall.

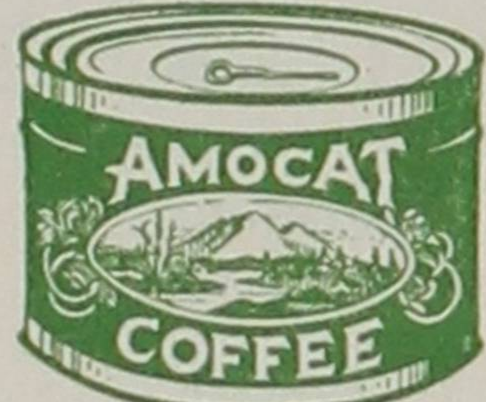

Reports say that Bernerd Rem-

son, fleet footed backfield ace from last season, may return to school next fall. If he does Coach Sandberg will breathe a sigh of relief.

Due to lack of athletic funds, which the student body voted to lower, baseball may be dropped from the school calendar next year. It is too bad a school such as Puget Sound cannot support this rapidly growing sport.
