CARNEGIE CORP. OTLAH PLEDGES MAKES BIG GIFT NEW MEMBERS TO ART SECTION 15 ADMITTED

Books and Reproductions Valued at Over \$3,000

Recognizing the superior quality of work being done by the art department of the College of Puget Sound under the direction of Melvin O. Kohler, the Carnegie Corporation has granted to the local institution a reference and teaching set of fine arts materials for colleges. The set of books and reproductions is valued in excess of \$3,000. The first installment consisting of 87 books has arrived. Prof. Kohler is enthusiastic, both because of the intrinsic value of the collection and because it will equip his department with an unsurpassed collection of instructional material.

The set contains theoretical and practical material, and carries examples of ancient Cretan, Mesopotamian and oriental art as well as medieval, classical and modern. Of especial appeal are Valentin's two volume work on Rembrandt, and The Notebooks of Leonardo da Vinci. Wendingen's Marionettes offers material for those interested in puppetry. The collection is now in process of unpacking and cataloging. An exhibit of the material will be arranged to open on the 23rd at the time of the next meeting of the Tacoma Art Association.

PROMOTE THE BAND

During the past year, the Trail has printed numerous editorials pointing out the advantages of a large, all-college band. Last January, there was a drive for new members, and as a result, this semester's band is the best yet, from the standpoint of both size and morale.

However the Trail believes a band of not less than 50 pieces is necessary to properly serve the student body. It offers the following three-point program as the best way to reach this goal:

1. A guarantee by the administration that proper equipment will be furnished as growth of the band makes it necessary.
2. An adequate advertising program (a) that college representatives be sent to the local high schools in the interests of our band (b) that a special informative bulletin on the band be placed in each catalogue and (c) that space be provided on class cards where students can designate the instrument they play.
3. The organization of a society composed of alumni, the administration, and friends of the band, to promote band welfare.

This editorial is not an idle gesture. The Trail intends to see that these proposals are acted upon. It solicits your cooperation in building a bigger and better band for C. P. S.

WHAT IS YOUR THREE MONTHS PLAN?

Five year plans, ten year plans, economic plans, government plans, budget plans, and all kinds of plans have become the reigning fashion of the day. Nothing, it is thought, can be done, unless there is a definite plan, involving a definite period of time, to insure its absolute success.

"What is your three-months plan?" That is the question which was recently put to us and which we feel is worth passing on. In three weeks school books and professors will go into their summer hibernation, and the students will be left on their own. Some people we know have not the slightest idea of what they will do with their vacation, and we would not be too surprised if that is not true of most of the students. Others are going to find jobs, and they don't care what kind of work they get, as long as there is a pay envelope involved. Then there are the very few who will plan for the summer.

Vacation-time is every bit as important a part of the year as are the other nine months. New experiences are had, new contacts and friendships are made, and a fresh outlook on life is gained. Vacations provide entire new schools of education, it is true, but their value and influence on the individual depends entirely upon how he uses them. A vacation may affect one's whole life either in one way or the other, or it may be just three months of the year wasted in complete inutility and mental and physical lethargy. Whether we spend those three months working or at leisure, the same thing applies. The idea is to work or play so as to derive the greatest possible value, educationally, morally, and physically, from it.

Well, then what is your three months plan?

NOTICE TO SENIORS

Seniors will take examinations according to the regular schedule, with the other classes. In a few cases where a senior's standing is uncertain, the instructor may request him to take a preliminary test. Seniors who have had an average of B for the preceding seven semesters are excused from final examinations except in cases where professors regard their work as calling for an examination. In this case definite notice will be given.

Debaters To Meet

An important business meeting of Pi Kappa Delta will be held Friday noon in room 204. All members are urged to attend. This is in addition to the meeting to be held at 8 o'clock Monday evening at the home of Sara Louise Doub.

OPEN FOR 'EM

Dear Open For'em:
Dear observer on the Hill
Some of us enjoy your fill
Of weekly wit and puny pun
Devoid of sanitary fun

Sooty scandal seems your vogue
As does staccato Winchell's
"brogue"
But wouldn't it truly be unique
To organize an "Honors
Sneak!"

Or what you need to be in style
Is for the Trail to strike a
while,
Then you descend from lofty
post
And to the pickets play host

And if complaints reach Open
For'em
You can quickly "Open
Door'em;"
Then at last the mass will see
How valuable our Juelling be.

We present this week Sigma Mu Chi's contribution

HAPPY: Herb Clarke just got his diploma from Kay Kyser's Klass of Musical Knowledge and invites the Student Body to stop in his office and see it.

Question: Why did Lyall Jamieson worship a certain spot in the seat at the Blue Jay Inn last Sunday nite?

Open Letter to the Knights of the Log: Congratulations on a fine selection of new members all of which are worthy of the honor, but aren't you fellows passing up two swell gents in the persons of John Sharp, independent and Joe Price, Mu Chi? And what about Wally Starkey?

Personality of the Week: A brick of Olympic Ice Cream this week goes to Richard "Carrottop" Sloat. A product of Puyallup High School, Dick in his sophomore year at CPS has just about done everything a sophomore could do. He has been particularly active in school politics, dramatics, Knights of the Log and Sigma Zeta Epsilon, his fraternity. He will next year be Dramatic Manager.

Improvement: Congratulations to Dick Lemagie and a band which has almost over night improved from the point of being foul to a smooth playing musical organization.

Announcement: Announcing the annual senior ball which will climax the social program for 1937-38 at CPS. Under the chairmanship of Gene O'Donnell it promises to be a gala affair and will be held at the Roof Garden of the Winthrop Hotel the night of June 4 and Maestro Lemagie will swing the baton.

Isn't it Wonderful: All the Lambdas have been wondering why Beulah Eskildsen has taken such a sudden and deep interest in stamp collecting but it seems that stamp man whose name is Frank Kellogg has put philatelic ideas in her head.

To the Betas: You put a lot of work on your chapel program and it was good but without prejudice and with an open mind we really think the Mu Chi program was better.

Here and There: Bill Orr hanging his pin on Kay Norris. Ruth Reisner going Hawaiian at the Winthrop Hotel. Ruth Jensen very happy now that Ed Burkland is in town. Katie Yamamoto confessing her deep love for John Paul Bennett. Miss Jenkins putting the CPS nymphs thru their fencing tactics on the lawn in back of Jones Hall much to the amusement of Dr. Powell.

Question Box. (Answering some of the many questions sent to O. Hill).

To Chuck Fitschen: No, Jones hall is not named after Miss Jones.

To Roger Howe: Skinny Bennett and Prof. Bennett are not brothers.

To Lela Sargent: No, Herbert Hite does not play in Horace Heidt's band any more than he is the vocalist of that group.

To Carol Cavanaugh: Yes, we think Bud McFadden is very handsome. He lives at 3216 No. 13th but has no phone number. His landlady had the telephone removed because too many of the ladies called him and disturbed his studies.

To Mary Keeler: No, Vaughn Stoffel is not engaged or married.

To Ina Marie Sewright: Dewane Lamka goes with neither one of the Gilstrap's but rather with both of them. Who said trouble didn't come in two's?

Next week is the last issue of the Trail and consequently of Observatory Hill. Watch for our special review of the year and the selection of the Individual of the Year based on Personality, Activity and Scholarship.

PROF. KOHLER RETURNS WITH ART NEWS

Exhibition By Sheets and Disney Expected.

Bringing with him news of exhibitions which will be shown in the college galleries next year, Professor Melvin O. Kohler returned to College Monday after a week's stay in California where he attended the Western Association of Art Museum Directors conference. "An important exhibition of paintings by Millard Sheets has been arranged for about Christmas time," he announced. "Tentative arrangements have also been made for an exhibition of the original sketches for Walt Disney's 'Snow White and the Seven Dwarfs' and several photographic shows." Some of the exhibitions which are to be at the San Francisco exhibition will also be sent here.

Favored by the famed California weather, Professor Kohler's trip was made especially enjoyable by visits to the homes of Edward G. Robinson and Walter C. Arensberg, both of whom have fine collections of paintings.

"The Robinsons were most interesting people and their home was one of refinement and good taste. Their collection of paintings was not extensive but it contained some of the finest originals by Modern French painters," Professor Kohler remarked.

The Arensbergs have done much in furthering interest in modern painting and their collection, which is quite large, includes works by Duchamps Klee, Cezanne and many other modern painters.

Mr. Fixit Reveals Secrets of Trade

Mr. Fixit, alias Ralph D. Smith of the Tacoma Times, addressed the students of Journalism 17 on the joys, problems and vagaries of human nature he encounters in running his column.

Mr. Fixit revealed that many of his queries could be answered by the use of such well-known references as the telephone directory, World Almanac, or the Webster Unabridged Dictionary. Many of his "screwball questions" come from sport fanatics who demand the most detailed and technical information on a moment's notice. Questions about asthma cures, aluminum poisoning, jobs in Alaska, trips abroad, second cousins or first cousins-once-removed, homes for unwanted Persian kittens or part-police dogs, relief and catch conundrums make up his daily run-of-the-mail requests. High school students also use his column at times for special help on assignments.

Trackmen To Meet Whitman Tomorrow Night

Sigma Mu Chi Leads All-Year 'Mural Point Race

Thinclads Trek To Walla Walla For Dual Meet

The College of Puget Sound Loggers leave at noon today for a dual meet with the Whitman College Missionaries at Walla Walla, in what will probably be the first night meet in the history of the Northwest Conference.

The Loggers will be at full strength and are expected to give the highly touted Missionaries a tough battle. The Logger hopes rest on the field men, as Maroon and White are the strongest in this department.

At the triangular meet at Salem last week the "strong men" of the squad won 4 out of 6 first places, and it is in those events that the Logger Mentor, Coach Roy Sandberg, places his money.

The Missionaries, who have yet to win a dual meet this season, have the strongest runners to represent the school in several years. The sprints are taken care of by "Chick" Callson, conference champ in the 220. The quarter finds Dick Merriam and Gib Norris as the Missionary entrants. In the half, Hank Fairbanks, who recently ran a 2:01.3 against Montana U., will battle it out for honors with John Sharp, the Logger mainstay in the middle distances. The mile and 2-mile will prove to be plenty stiff for CPS's Johnny McDonald and Bob Myers, as the conference champs in those distances are again pounding the cinders for the Maize and Blue.

In the field events Albertson, Smith, Baker, McFadden, Dammon, Keating, Mayer and Perkins will prove to be plenty of competition for Robinson, Turner, Stetcher, Peach and Smith of the Missionary aggregation.

Golfers Leave For Oregon

The CPS golf team composed of Stoffel, Stuen, Fisher, Johnson, and Schwetz left Thursday for Oregon where they will match clubs with Reed College, Pacific University, and the University of Oregon on Thursday, Friday and Saturday.

The team swept through Gonzaga last week-end to win an easy victory but were not so fortunate against British Columbia and Bellingham Normal. CPS has shown steady improvement however, and should function smoothly against the forces which represent Reed, Pacific and Oregon. The Loggers will be up against tough competition in the form of the Oregon teams.

Trackmen Win Triangle Meet Friday at Salem

In what proved to be their first win of the current season, the College of Puget Sound Loggers defeated the Willamette and Pacific Universities in a triangular meet last Friday afternoon at Salem, Oregon, by a score of 55 to 46 to 33, Pacific placing second to the Maroon and White.

The meet, which was not spectacular from the standpoint of records, proved to be close from start to finish in events as well as in the running score.

The Loggers won six firsts to Pacific's five, and Willamette's four. The Loggers also copped six seconds and tied for a seventh, and made a clean sweep of the discus.

Outstanding for the Loggers were Gene Albertson with a first in the discus and a second in the high hurdles for a total of eight points in the meet, and Norm Mayer with a first in the shot and a second in the discus to tie for high-point honors for the day. Runner-up honors were taken by Bob Myers with a first in the two-mile and a third in the mile.

Reed Netmen Meet Loggers This Afternoon

Completing their home schedule, the Logger netmen meet Reed College today on the Puget Sound Courts. Out of the five matches played this season the Loggers have won but one—that from Pacific—and need a decisive victory today to "keep face" in the Northwest Conference.

Reed has another strong team this year. All of the lettermen of last year are back in full strength, including Maccabee, one of the best of the Northwest. The last year's contingent met CPS twice, winning once and tying the second time.

Besides Maccabee, the visiting Portland outfit will have Moore, McCusker and Bassett—all of whom won matches against the Loggers last season.

Against this formidable opposition, the Maroon and White will play Brad Crowe, who is fast developing into one of the best stroke-artists in the league, Herb Hite, No. 2, Don Kruzner, the most consistent player on the team in the No. 3 position, Bud Barrett, who is the most improved player on the team at No. 4, and Maynard Carlson at No. 5.

Crowe and Hite will play first doubles and a new combination of Maynard Carlson and Bob Gibson will pair up for the second doubles event.

Netmen Split Oregon Series Last Weekend

Splitting even with Linfield and Pacific, the Logger racquet-wielders played their most successful tennis of the current season on their trip to Oregon Friday and Saturday of last week.

Friday, at McMinnville as part of the Linfield May Day program, the Maroon and White netters were nosed out four matches to three. The Puget Sound doubles teams registered clean sweeps, but in the singles they were let down with only a single victory.

The Linfield results were—Robbins (L) defeated Carlson (P) 6-2, 6-3, Baal (L) won from Crowe (P) 2-6, 7-5, 6-1, Hite (P) defeated Stryker (L) 6-4, 9-7, Breeding (L) scored over Kruzner (P) 12-10, 7-5.

At Forest Grove the next day the Loggers won every match but the second doubles when Carlson and Barrett were nosed out 6-4, 7-5.

In a return match at the Armory in Tacoma, Wednesday, the Linfield quintet whitewashed the Loggers, winning every match but the first doubles. The Puget Sound net men had their first experience on indoor courts in this match and were no competition for the powerful McMinnville quintet.

Due to the fact that there was only one court to play on the matches were abbreviated to four-game sets. Hite and Crowe in the doubles were the only Logger victors.

Zetes' Athletes Follow Closely In Total Points

	Points
Sigma Mu Chi	507
Sigma Zeta Epsilon	484
Independents	375
Delta Kappa Phi	360
Delta Pi Omicron	320
Alpha Chi Nu	217
Nippons	50

With approximately three-fourths of the current Intra-mural season over, Sigma Mu Chi seems to be the eventual winner of the coveted All Intra-mural trophy, that is awarded each year by the College to the fraternity amassing the most points during the year in athletics.

The Mu Chis, second place winners in last year's league, started the year off by capturing indoor baseball without losing a game.

Next in line was Badminton, a new sport this year, in which the 20th street lads did not fare so well. However, only entrance points were awarded the teams in this sport, and the Mu Chis were still on top of the heap.

"A" League basketball was next on the list. In a slow moving league the Mu Chis dropped a rough game to the Zetes to take second place in the casaba sport.

Entrance points only, were allocated to teams entering the "B" League hoop sport. In this league, the Zetes again came thru, but as in badminton, the winner received no points for the championship.

Alpha Chi Nu annexed the Open League Tournament in basketball with a close win over the Zete squad and another over the "Iron-men" of Delta Pi Omicron.

Volleyball proved to be a one-sided affair with the Chi Nus taking their second straight title. Delta Kappa Phi lost only to the Chi Nus, to take second place in the league standings, and moved up to fourth place in the total intra-mural standing as a result. Here the Mu Chis did not fair so well, taking fourth place for 26 points.

Playground ball is now going full blast and is expected to finish next week.

At this writing the Omicrons and Independents aggregations are on top of the heap with three wins and no losses.
