## BUDGET READY FOR APPROVAL BY CENT. BOARD

**8,250 Dollars Are Budgeted For 1938-39 Year**

Ready for approval by Central Board is the budget for the ASCPS, drawn up by the finance committee. The budget was made up in accordance with the new amendment to the constitution, passed by the student body at the last election. All distributions were made on a percentage basis except publications which received flat amounts of one thousand dollars each for Trail and Tamana-was. Also 550 dollars was set aside for incidentals. This amount also will be distributed on a percentage basis.

Amounts were set aside on the basis of 550 students paying student body fees. This will net 8250 dollars. Athletics will receive 50 per cent of the total amount or 2850 dollars. Men's intra-mural will be the recipient of 10 per cent of the budget or 570 dollars. Women's intra-mural athletics will get the same amount.

Dramatics was apportioned 9 per cent of the budget or 513 dollars. The music department will receive the same amount. Forensics will get 12 per cent or 684 dollars.

These amounts will not be official until they are approved by Central Board. Lyall Jamieson has been appointed to the student affairs committee.

The finance committee is composed of the following: Prof. Elery Capen, chairman and general manager of the Board; Charles Robbins, bursar; Darrel Thomas, treasurer; James Docherty, president of the ACPS; Sally Jenson, vice president, and Beverly Peters, secretary.

## ART DEPT. WINS NEW HONOR

**Cover Designed by Frances Chubb To Be Used on NYA Booklet**

On the heels of the announcement of a Carnegie Award for excellent work done by the College Art Department, comes further honor for that department. A booklet, "The Lumber Industry in Washington," prepared by the National Youth Administration, will bear a cover designed by Frances Chubb, a member of Design 21 Class. The problem was presented to the class as a whole and the best cover submitted was chosen. A design submitted by Fay Muridge will be used inside the book and Ruth Jensen's design was given honorable mention.

The booklet will be distributed to hundreds of libraries and schools all over the United States. Recognition will be given on the flyleaf both to the individuals and also to the College Art Department. The winning design is semi-abstract, depicting Paul Bunyan and his baby blue ox.

A new exhibition of water colors is now in the galleries and a show of children's work will be in the studio beginning Monday.

## June 13 to Aug. 12 Is Summer School

### STUDENT UNION

The Student Union movement, although it came rather late this year, represents to us the first glimmerings of a kind of student renaissance. In the past year the state of apathy in which we have found student expression has been so great as to wreak many a hopeless moan from our work-ravaged souls. The Tide has had no end of trouble reaching publication, and only now a final effort is being made to bring it to the presses.

The Student Union's proposed four-point program is in every respect admirable. It includes (1) the unification of the student body group, (2) a spirit of cooperation with the college administration for the achievement of mutually desired ends, (3) regular meetings with opportunity for free discussion of issues of vital interest and (4) a genuine expression of the decisions reached by this group, as expressed by a majority vote. It is, ipso facto, an organization for the securing of student opinion and the provision of facilities for better and clearer expression on these three general points: local, national, and foreign affairs. The mediums which it hopes to use for this greater expression are The Trail and chapel time. The Trail is ready to go on record as pledging its support to this organization, and already has plans to work on parallel lines with Union activities next year.

Although at present the Student Union is in embryo, having a membership of 30 student leaders, who are believed to be representative of all phases of college life, next year it will become an all-college organization. It will be open to everyone, and the only requisite for membership will be the zeal and desire to participate actively in student activities.

We have every reason to believe that the new organization will be a roaring success in 1938-39, and we cannot else but doff our hat to the zealous, hard-working leaders who are putting it across.

### THE END OF THE TRAIL

There is a rather famous picture of a man on a horse called "The End of the Trail." Somehow we feel at this time like the man on the horse. It has been a ride of many experiences, some of them so difficult that we felt our horse could no longer keep up the pace necessary to finish the journey, some of them so pleasant that we felt the ride was all too short. A great deal of the time we were just jogging along in a routine fashion in order to reach our destination. Looking back, we are inclined to forget the hardships and remember only the good times we had, albeit with a spirit something like this:

"What have you done," St. Peter asked,  
"That I should admit you here?"  
"I ran a paper," the editor said,  
"At my college for one long year."  
St. Peter pityingly shook his head  
And gravely touched the bell.  
"Come in, poor thing, select a harp,  
"You've had your share of hell!"

—RUTH LEO.

### A COLLEGE STUDENT is like a kerosene lamp,

Not very bright;  
Smokes;  
Often goes out;  
And usually gets turned down.

### IN APPRECIATION

Dear Students and Faculty of CPS: We also thank the following for the beautiful flowers:  
Words cannot express our thanks and appreciation to you for your kindnesses to us the past week. Your flowers, cards, and attendance at the funeral were a great comfort to us.  
Especially do we appreciate the beautiful music brought to us by the Adelpian choral society. We thank Prof. Bennett and every member who sang. Bob has had such good times with you in years past.  
Bob loved his college and would like to have taken a second year of post graduate work! God bless you all throughout the coming years.  
INEZ AND BEN BRANDT.

# Observatory Hill

By PAUL JUELING

TO WHOM IT MAY CONCERN: I do not have a twin brother living at the Western State Hospital nor is he any relative of mine.

WELL! WELL! Mel Kohler sends Doris Fickle orchid for Lambda Dance; Ed Burkland sends Ruth Jensen orchid for Lambda dance; Clarence Mykland sends Dorothy Slater orchid for Lambda dance; but Lawrence Brown sends Virginia Newman orchid to go to a show. Phooey!

INDIVIDUAL OF THE YEAR: JAMES DOCHERTY. As Student Body President, Junior Representative, Dramatic Manager, member of Delta Kappa Phi fraternity, German Club, International Relations Club and Pi Kappa Delta, in addition to winning national recognition in debate, Jimmy is without a doubt the Individual of the Year.

As this is the last issue of the Puget Sound Trail of the year it is only fitting that this last column be dedicated to passing out a few bouquets:

To the Athletes: You are the forgotten men of CPS. When you went on your athletic journeys nobody encouraged you, when you won nobody cheered, and when you lost nobody heard about it. Thru it all you were all the time giving your best trying to win for dear old Alma Mammy. If it is any consolation Observatory Hill is proud of your efforts and although your rewards here are few, some day in heaven you will receive your just dues.

To Chuck McNary: A fine job of picture taking helping to make the Tamanawas the best in its history.

To Dr. Battin: For your splendid work in debate making CPS nationally famous. We not only appreciate the honor which you have brought to CPS but the many hours of tireless effort required in making this possible.

Margaret Sines and Jean Hartman: Congratulations on attaining Summa Cum Laude graduation honors which have made us all very envious.

To Bob Brotherton: Accept our sincerest sympathy as you are not the only one who will miss Signa when she goes to Europe.

To the Graduating Seniors: Best of luck to all of you and don't forget if the College of Puget Sound was good enough for you it ought to be good enough for your off-springs.

To Ruth Leo: Ye good old editor of the CPS rag. Nice work in taking a very green staff and putting out what we think was a doggone good paper in spite of what anyone else thinks.

The Otlah Auxiliary had a kitchen shower the other night at which time officers for the coming year were announced: Hal Pumphrey was named chairman of the day nursery committee. Helmut Juelling will have charge of social welfare cases and Roger Mastrude will be in charge of collections for the suffering Communists in Russia and Puyallup.

The only scholarship given to CPS so far this year has been awarded to Jack Enright from the Northwestern School of Retailing, Chicago. Nice work.

Hard times are upon us. In fact, things are so bad that Ruth Leo and Clarence Mykland are alternating wearing the same shirt.

Bed Time Story: Time: Saturday evening. Place: Somewhere out on the prairie. It seems that Frances Cruver and Dick Koler were out doing research work in astronomy when Dick politely excused himself and disappeared. Frances waited for some time and then becoming worried about Koler's prolonged absence went out to look for him. And lo, here he was looking for biology specimens. The end.

Well, it is about time to sign off for the last time. To all of you the best of luck. To those of you who will be back let's look forward to a bigger and better year. To those of you who won't be back remember to keep the old smile smilin'.

All's well that ends well,  
But this is well that it ends.  
Let's just say the year's been swell  
And you and I be friends.

## OPEN FOR'EM

Dear Open For'Em:

May I add my congratulations on the way The Trail has been presented this year? To a former staff member, and one who has seen The Trail drop to half tabloid size and rise again, this year's issues stand out as the best so far. Features such as this column and the ever-popular Observatory Hill keep student interest high, and the various other features such as the Ace of Clubs, W.A.A.Hoo, and Music Notes are on a par with professional work. All in all the editorials have been constructive and well thought out. The editor and the staff should feel justifiably proud of their work.

May I add that in the opinions of a number of the students there are two needs that we feel could be rather easily met? We hear of the need for a Student Union Building, and there is surely one; for a women's dormitory, and again the need is apparent; but these will not come in a hurry. What we do need to make student life more enjoyable around here is a trophy case and a student telephone. I have spoken before concerning the need for a trophy case to display our many trophies slowly tarnishing in the Bursar's safe, so will skip it now, but we do need a student phone. The popularity of the Trail phone shows that. And to many students, a nickel a call represents a considerable item on a limited budget. Surely our student body fees could be used to pay the comparatively small charge for a phone nine months of the year. I would like to see some group, and I think it is The Trail's duty, to get behind these two projects, and hammer away until they are completed.

Again let me express my appreciation for the work you have done, and hope you will keep it up next year. Sincerely,  
CHUCK MACLEAN '37.

Dear Open For'Em:

Suggested for Docherty's list of horrors: this business of calling certain things "Chapels."

As a religionist, I am offended by the use of a term that has a saintly sound and meaning to cover such a variety of aggregations and presentations. (For instance, calling the Thursday fracas "chapels.")

As a student, I object to the use of a sanctimonious word, just because our pilgrim fathers in the school used the time for the named purposes.

In short, there are a variety of possibilities of other designations for the period: assembly, concourse, program hour, etc. Why not try one? J. M.

Dear Open For'Em:

To all students and faculty: Just a word of sincere thanks for your splendid cooperation and patience in waiting for my "one-two-three—fire" as you posed for various and sundry pictures for the 1938 Tamanawas. Your help and cheerful smiles really developed and printed and my hope is that the final results in the yearbook please you.

Thanks again,  
CHUCK McNARY,  
Snapshotter.

Lakewood To Show Viennese Picture

New York critics herald the Italian world prize winner "Casta Diva" (the casted goddess), to be shown at next Tuesday's "Continental Night" at Lakewood Theatre.

Martha Eggerth, Europe's most outstanding film star, who was seen in a Viennese picture at the first continental night at Lakewood, is lovely enough in the role of Maddalena to justify that notion that she was the inspiration for "Casta Diva," the aria largely responsible for the popularity of the opera Norma.

The story is based on the divine love of Bellini; his compositions as those of Rossini and Paganini are freely used in "Casta Diva." The symphony orchestra of the world-renowned Scala Opera of Milan, and the combined choruses of La Scala in Milan and San Carlo in Naples assisted in the making of this unusual picture.

There will be only two showings Tuesday night, at 7 and 9 p. m.

Otlah Elects

Miss Dorothy Shaw was elected President of Otlah for next year at the election of officers, held last Tuesday noon. Other officers chosen were: vice-president, Belle Ruth Clayman; secretary-treasurer, Erna Brenner.

The new officers, who were selected at a meeting several weeks ago, are Belle Ruth Clayman, president; Roger Mastrude, vice-president; and Florence Ittner, secretary-treasurer.

CAMPUS GROUPS PLAN BANQUETS

# Trackmen Beat Pacific Thursday

## Netmen Leave For Conference Tennis Tourney

Three Logger netmen left at 10 o'clock this morning for Salem, Oregon, and the Pacific Northwest Conference meet. The three who will go compose one doubles team of Brad Crowe and Herb Hite and a singles entry of Bob Gibson.

Not until last Wednesday was the singles entrant decided when Gibson beat out Bud Barrett 6-4, 6-3 for the coveted Oregon trip.

The doubles team meets Pacific University entrant of Price and Rice at 9 o'clock Saturday morning. If they weather the first round they will tangle with the most powerful entrant in the conference immediately afterwards when they meet the winner of the Willamette and Whitman match. Last year the Willamette team won the conference doubles trophy and are figured to repeat this year. Two other strong doubles teams from Linfield and Whitman are seeded behind this team.

Gibson will meet the Willamette singles entry in the first round. Again Willamette is expected to have the strongest man in this field. Either Talbot Bennet, who won the title two years ago, or Bud Gilmore, present No. 1 man, is expected to furnish the opposition.

Although Willamette and Whitman have exceptionally strong entrants this season, the strongest team in the conference going on the season's records is Linfield. The McMinnville team boasts a decisive 5-2 victory over the Salem outfit already this season.

In the last home meet of the tennis schedule for 1938, the Loggers took a shellacking from a strong Reed College contingent 5-2. The Maroon and White dropped every one of the singles encounters to the Portland outfit but came back to sweep the doubles.

One of the most thrilling and spectacularly played sets in tournament play of the year was seen in Brad Crowe's second set with Maccabee, star of the Reed team. Behind four games to love, Crowe came back to win five deuce games in a row but finally weakened to drop the set and match 8-6 to Maccabee.

The two doubles matches saw Crowe and Hite win, 10-12, 8-6, 7-5, while Gibson and Carlson triumphed, 6-4, 5-7, 6-3.

## Baseball Team Plays With UW

The College of Puget Sound baseball nine wound up its season on May 12 at American Lake when it was nosed out by the University of Washington Frosh by a score of 7 to 6.

Larry Ragan, dark-eyed curve ball artist, was on the mound for the Loggers and twirled classy ball until the ninth inning when several errors combined with four timely hits gave the Huskies the game.

CPS grabbed the lead in the first inning and held it until the ninth but numerous errors proved costly to the nine from Tacoma and the Seattle aggregation emerged ahead although it was out-hit by the Loggers.

The most important innovation in the College of Puget Sound sport program is jointly planned by Prof. Tomlinson and the Ski Club and the Tennis Team. A minor sports club and Outing Club, similar to those of big eastern universities, combined. The purpose of the Outing Club will be to give the Puget Sound Tennis, Golf and Ski groups a stronger prestige all down the coast by keeping the alumni members of the sports active. Ultimately the Outing Club expects to send the outstanding athletes of the college all over the country to compete in the major ski meets and tennis tournaments of the country under the colors of a Puget Sound Outing Club. —

\*\*\*

The first step, will be to form a Minor Sports Club to organize athletes of these groups. The Varsity lettermen and even managers have the so-called Lettermen's Club. They exclude however all lettermen of minor sports. This is not fair to these athletes particularly when the College of Puget Sound is one of the few institutions in the Northwest that do not have tennis, at least, as a major sport.

\*\*\*

At the next meeting of Central Board this Minor Sports Club will be proposed. With a nucleus of ten or twelve members they will begin activities next fall, they hope.

## Cinder Team Sweeps Field Events But Loses To Missionaries 85-46

Taking a total of eleven firsts and tying for another, the Whitman College Missionaries humbled the College of Puget Sound Loggers last Saturday evening by a score of 85 to 46 at Stadium field in Walla Walla.

Superior runners proved to be the margin of victory, as the Maroon and White failed to take a running event in the meet which was held in the evening. The hot afternoon sun might have made a difference in the outcome of one or two of the races, but the cool evening breezes seemed more to the liking of the Loggers who have always complained of the hot, dry atmosphere to be found east of the mountains.

Henry Fairbanks set a new Whitman record in the half mile in the good time of 2:01. Gib Norris set a new track record when he covered the quarter mile in the fine time of :50.5. Other good Missionary performances included the relay which was run off in 3:28.6.

Bennett Stetcher was high point man for the Walla Walla aggregation with 14 points, capturing a first in the low hurdles, a first in the pole vault, a second in the high hurdles, and a third in the high jump. "Chick" Callsen won a double in both sprints, and Jim Hovey pulled the "ironman" stunt by winning both the mile and two mile.

Norm Mayer paced the Loggers in the meet with a first, a second, and a third, for nine points. Runner-up honors were taken by Russ Perkins with a tie for first in the high jump, a second in the discus, and a third in the broad jump for a total of 8. Richie Rowe showed more improvement in the last meet than any other man on the squad by taking seconds in both the century and 220 lows.

## ZETE GOLFERS WIN TOURNEY

The slicing foursome of Sigma Zeta Epsilon won the inter-fraternity golf tournament at Highland last Wednesday by finishing low with a total of 350 strokes.

Bud Klemme, the Scandinavian giant, was medalist with a brilliant 80 while Pat "Putter" Piper followed with an 88. Milroy and Ragan galloped around the fairways and stumplands with a 91 each to finish in mutual agreement.

The Omicrons finished 8 strokes behind the Zetes to grab the second spot. Three members of the Omicron squad played winning golf but the other member stuck a pin into the Omicron's chances by shooting at woodchuck holes instead of the pins on the greens where the regulation holes lie composedly reclining on the greensward.

The Mu Chis followed the Omicrons with a total of 386 while the Delta Kapps took their turn with a 386. The Independents scored a grand slam in finishing with a high total of 398.

The Chi Nus forfeited any chance of getting in the big money when a complete foursome failed to arrive.

## Thinclads Take Badgers 78-53 On College Track

Taking 8 first to Pacific's 7, and scoring 10 seconds to Pacific's 3, the College of Puget Sound Loggers defeated the Pacific Badgers by a score of 78 to 53 Thursday afternoon on the College track.

Outstanding for the Loggers were Gene Albertson with a first in the discus, a first in the high hurdles, and a third in the lows for eleven points for the day; John McDonald, with a first in the mile and a second in the gruelling two-mile, to pull the iron man stunt of the day; and Norm Mayer with a first in the shot and a second in the discus.

Other firsts were taken by Smith in the pole vault, McFadden in the javelin, Dammon in the broad-jump, and Myers in the two-mile.

## Golfers Lose One, Win Two

The College of Puget Sound golf team rolled into town last Saturday night after a successful invasion of Oregon where matches were played with the University of Oregon, Reed College and Pacific University.

The mighty University of Oregon team had little trouble in scoring an easy victory over the Loggers but the fair lads from Puget Sound came back with vengeance to smother Reed and Pacific with a brilliant display of golf.

Reed College fell under the Logger attack by a score of 12 to 3 while Pacific fared little better and was swamped by a score of 10 1/2 to 1 1/2. The CPS team played steady golf and completely outclassed both Reed and Pacific.

John Stuen shot a 78 against Reed and was medalist. Against Pacific, Stoffel shot a 75 but was beaten by Berner of Pacific who shot a sub-par '67 to lead the field. Berner is the public links champion of Oregon.

The Oregon invasion wound up the season for the Loggers and they finished in a blaze of glory with their victories over Reed and Pacific.
