Group Pictures For Yearbook Are Scheduled

McNary To Take Club, Organization Shots Next Week

In keeping with the annual editing of the *Tamanawas*, the following schedule has been made out so that each group and organization of the college may be represented in the pages of the yearbook. Charles McNary has been selected photographer for the 1940 yearbook, and under his direction all pictures will be taken during the week of March 17 through to the 21st.

Each group of students or faculty named in the schedule is asked to meet at the time mentioned in the schedule in the Reception room. As the schedule has been arranged for the convenience of the greater part of the student body all persons are urged to be prompt for their pictures in order that time for both photographer and student may be saved.

Debaters Go South To Knoxville Meet

Seven members of the CPS Forensics organization will forsake their studies and travel some 3,000 miles to the Pi Kappa Delta National Debate Tournament to be held in Knoxville, Tennessee, March 25 to April 6.

The seven members who will attend will be Dewane Lamka, Margaret and Marie Gilstrap, Lawrence Henderson, Barbara Healy, Justine DeWolfe and Dr. Charles T. Battin, adviser.

You guessed it!

Night Geology Class Gaining Wide Favor

Something new, something different, something getting popular very quickly—that's Prof. Frederick McMillan's night class in geology.

Letters from all over the West and as far east as Cleveland testify to the growing interest of the citizenry in this outstanding individual class.

The subject matter alone is enough to attract the interest of many. Students learn of the identification and occurrence of minerals; of their formation, of placer mining, and so on into the fields of geology and mining.

However, it is the discussions that take place in these evening classes that draw popular inquiry. Mr. McMillan declares that it is intensely interesting to hear the opinions and thoughts of these students, for they range in age from 20 to 70.

The students come from La Grande, Roy, Enumclaw, Eatonville, Sumner, in fact almost any town that is close enough to permit the students coming in the evenings to take part in this class of assertions and opinion-airings.

College Ski Team Wins Fifth Place

Out of 13 colleges entered in the ski meet at Yosemite last week CPS placed fifth with a four-man team competing against five, eight, and ten-man teams entered by the other schools. The men representing CPS were Bill and Bob Taylor, Bud Barrett and Chuck Swanson.

The Taylors did a brother act in the cross country with Bob barely edging out his brother, by a fraction of a second. The slalom course start was ten miles from the lodge where the boys ate, and as the dining room didn't open til 7 or 7:30 and the slalom race was to start at 9 or 9:30 and some time or other they had to look over the downhill course. The boys looked over the downhill between breakfast and the start of the race, which gave Bill just enough time to catch the lift to the top of the course, and start down as his name was called without even seeing the course first.

Of interest may be the fact that the jumping on which CPS has considered itself weakest was the factor which raised our placing from seventh to fifth. Bud Barrett winning several points on form did nobly with a 15th or 16th place out of about fifty entries. Bill tried jumping for the first time and covered good distance although his form was not so good. He has yet to fall in making a jump however. Bob and Chuck, also inexperienced, did well.

Barrett, in remarking about his run in the slalom, tells of starting out, only to break a pole, continuing on down til he lost a ski, finally getting it back on and finishing the run.

HILL TO SPEAK

Rev. P. Deane Hill, a member of the student body, will speak at the YMCA meeting next Tuesday morning at chapel time in the little chapel.

EDITORIAL

When March comes around the campus there are many odors in the air. Whether cause or effect elections arrive at the same time. Monday the student body will elect an outstanding man to head the ASCPS. We hope to elect a clean, manly candidate to our highest office.

The speeches earlier in the week were characterized by more than the usual amount of mud-slinging in the name of putting Dame Politic's best ankle forward.

In addition to the thumping and rooting handed annually to the athletic department and to sundry inconsequential problems, The Trail shared in an unfair and unjust attack based on misinformation and lack of knowledge.

The student body needs no warning to beware of a cure-all patent-medicine expurgative for curing any mal-condition in connection with the Trail. A five-column paper is not the answer.

This week, because of lack of funds from years of a poor policy in the journalism department, The Trail appears in five columns. To do so the next semester will be no less than a disgrace to the College, when we know that a system for a six-column paper is not only possible but more practical than a smaller paper.

The Trail has reached the turning point. We do not give credit for this, nor for the alternative we now use in a smaller Trail, to any political candidate. In the decision of The Trail itself, through experience, we are looking forward to the new year with a stabilized sheet, FREE OF DEBT.

Harper's Manager To Speak Here

CPS writers will be host to Bernard O'Donnell, promotion manager of Harper's Magazine, Wednesday, March 20, Dr. Julius P. Jaeger announced Thursday. Mr. O'Donnell, who is visiting schools and groups throughout the United States to speak on the relation between editor and writer, will give a talk on this subject in Room 204 in Jones Hall on that date. He will be at the College all forenoon and will be in the Reception Room to answer any questions or discuss any problems students or faculty members may wish to bring to him.

The Harper representative, Dr. Jaeger wishes it to be known, is not on any direct advertising campaign.

The Writers' Club is planning a luncheon to be given in honor of Mr. O'Donnell.

Kappa Phi announces the pledging of Misses Frances Cruver, Florence Schwan, Betty Peterson, and Bernice Dale.

Junior College Debaters Here

CPS Debaters will be hosts in the Sixth Annual Invitational Junior College Forensics Tournament to be held on the Campus today and tomorrow, March 15 and 16.

Representatives to the tournament will come from Pacific University, Grays Harbor Junior College, Lower Columbia Junior College, Mt. Vernon Junior College, Pacific Lutheran College, Linfield College, Seattle College, Oregon State, Portland University, Seattle Pacific College, Willamette University, and CPS. There will be about 60 debate teams, 45 extempore speakers, 38 orators, and 20 impromptu speakers in all.

The tournament is for students in junior colleges and for sophomore and freshman students in four year colleges with not more than one year's competition in forensics prior to the 1939-1940 season.

"Democracy, Threats from Within and Without," is the general subject for oratory.

First Flying Club Organized at CPS

CPS aviation students, those quite serious-eyed fellows we see around the campus who spend their mornings in classes and their afternoons flying, have organized Alma Mater's first aviation club.

The idea originated with Sherman Jonas and Warren Holt, and the first election was held on Monday, Feb. 26. The officers elected were Sherman Jonas, president; Warren Holt, vice-president; Gene Hall, secretary; Harry Kaplin, treasurer; and Bill Dickson, historian.

President Jonas reports that all but two of the members of the club have soloed, in spite of the fact that the flying weather has not been so good lately. The club intends to have an emblem of wings with the club initials in the center.

The members of the CPS Flying Club are Sherman Jonas, Warren Holt, Gene Hall, Harry Kaplin, Bill Dickson, Walt Olsen, Dan Byerley, Wayne Neely, Darrell Underwood, Blaire Steeves, Stanley Burke, Olaf Emblem, Leland Baker, George Mitchell, Dick Wiesner, Bob Ramsey, Jack Legee, Leo Yuckert, Bill Tucker, and Bob Bjorkland.

Oriental Student Fund Gets \$47.23

Miss Ruth McCrea, chairman of the joint YM and YWCA committee that handled the Far Eastern Student Fund drive here at CPS, said today that \$47.23 has been turned in. This money, Miss McCrea pointed out, will go not only to relieve the suffering of Chinese students, but part of it will also go to help the Japanese student.

Members of the ASCPS will choose their president and other student body officers for the 1940-41 year in elections to be held Monday and Tuesday, making it a two-day election. Much interest as usual is centered around the race for the presidency, with Lyall Jamieson, John Boyle, and Ronald Rau occupying the spotlight as candidates for this position.

Mary Ann Jelusich and Marie Mulligan are competing for the vice presidency with Janet Hatch, Annabel Miller, and Florence McLean running for the position of secretary.

Five students are in the race for Junior Representatives. They are Patricia Coatsworth, Vera Healy, Mary King, Robert Hutchinson, and William Tregoning.

The position with the most candidates from which to select is that of Sophomore Representative, with seven students in the running. They are Bernice Christenson, Paul Heuston, Edward Hungerford, Esther Sandstedt, Peggy Simpson, Doris Sommer, and Harry Werbisky.

May Queen candidates are Beulah Eskildsen, Doris Granlund and Ruth Raymond.

Buster Brown, Patricia Glover, Edward Granlund and Richard La Pore are running for the Yell team positions.

Macoskey Talks On Spiritual Success

"Can you take it? How do you get that way? So what!" These were the topics of sermons by the Rev. Mr. Macoskey, selected by Edward H. Todd, college president, as guest speaker for Life Emphasis Week. His subjects concerned the ability to make a spiritual success of life.

Supplementing his speeches in the regular chapel the Rev. Macoskey held informal discussion in the reception room on Tuesday and Thursday. These meetings were well attended by the students and many questions were raised in connection with life emphasis.

The music of the week, selected by the student committee, included Dick Palmer and Prof. D. Robert Smith. On Friday the women's octet from the First Baptist church sang.

Life emphasis week was a student presentation. The committee was composed of Dick Dews, chairman, Lois Kuhl, Annabel Miller, Dorothy Mulligan, Gene Albertson, Dick Sloat and Lee Thune.

CPS Attractive, City Park-Like, Says Chilean Woman Art Student

"Tacoma is just like a park, and I think your college is very interesting and attractive," were the words of Mrs. Bianchi Adriana in an interview recently.

Natives of Santiago, Chile, Mr. and Mrs. Adriana and their two small sons landed in the United States in October and arrived in Tacoma in November, 1939.

Mrs. Adriana is studying art appreciation, drawing and painting at CPS, while her husband, in the employment of the Chilean government, and in the capacity of a mining engineer, is conducting investigations at the Tacoma Smelter.

The vivacious personality of Mrs. Adriana shone out of her brown eyes as she answered questions in rapid-fire Spanish. With the aid of Miss Marguerita Irle as interpreter, Mrs. Adriana disclosed some interesting information.

The schools of South America are very different from United States school, for their high school includes a curricula of what we call "junior college." One receives a "bachillerato" degree when graduated from such a school. Their university corresponds to ours, however, for there one may study to become a doctor, lawyer, etc.

"How do your meals differ from ours?" was the next question. In answering, Mrs. Adriana declared that dinners in Chile are served at 7:30, 8:00 o'clock, or even later, and that talking a long time after the meal has been eaten is a natural feature of Chilean dinners. Only one thing at a time is brought to the table, and the meals are very formal, she revealed, "While here you put everything on the table at once."

A typical meal in Chile consists of the following, served singly in this order:

1. Sea food.
 2. A dish with a liquid base, but with one large piece of meat, potato, squash, and corn placed in each person's bowl.
 3. Empanda de horno, meaning "baked in the oven" and containing onion, rice, eggs, ripe olives folded into a piece of dough, pocket-book fashion. When eaten these are dipped in wine.
 4. Fresh fruits, or a pastry.
 5. Coffee, tea, or wine.
- The Chileans have a wide variety of fish and sea foods to use in their meals.

Their fruits are comparable to ours, consisting mainly of apri-

cots, peaches, plums, etc. However, Chile grows sweet and sour oranges, and sweet and sour lemons. Often-served "chirimolla" is a fruit which has a green skin surrounding white creamy meat and dark watermelon-like seeds.

Home-made confections and nuts are always served after the coffee. The Chileans have an entirely different conception of "candy" and our types of sweet-bits are not known to them.

Surveys Libraries For Corporation

Warren L. Perry, librarian of the College library, is making surveys of Western college libraries for the Carnegie Corporation. In connection with this survey Mr. Perry visited the Montana State University at Missoula for two days of last week.

In two weeks, Mr. Perry will leave for the University of Nevada at Reno, where he will make a similar survey.

Dr. W. W. Bishop of the University of Michigan is the director of this organization for the investigation of college libraries. While working under Dr. Bishop, Mr. Perry three years ago studied and reported on junior colleges, and two years ago surveyed teachers' colleges.

To determine how useful and effective the library is, the surveyor observes, among other factors, how convenient the library is to the campus, the condition of books, equipment, and buildings, the length of library hours, and the number of students using the library.

Library Staff Asks Return of Books

The following books have been taken from the library and lost: Ogden Nash: "I'm a Stranger Here Myself."

DuMaurier, "Rebecca."
Adams, "Memoirs of Washington Irving."

Morris, "A Dream of John Ball."

Durham, "Manners, American Etiquette."

Bining, "Teaching the Social Studies in Secondary Schools."

The staff requests that these books be found and returned to the library, as their absence is depriving other students of their use.

Onions 'n' Orchids

"Ah, Wilderness!"

By Keith De Folo

You have read the Steinbeck novel, and here is the movie version, which has lost none of its sordid realism. Grapes of Wrath will arrive at the Music Box Theatre Saturday, March 23.

Onions to: Campaign mud slingers, and student office candidates who have a "cure-all" for everything, including a campus to be the garden spot of America (better men than you have tried!); students who think the library is a stamping ground for the latest gossip; professors who give tests on Monday morning.

Orchids to: The Campus Playcrafters' three month road show tour of The Servant in the House. Its success proved that a religious drama is appreciated by the layman; Sonya Loftness' latest contribution to American literature in the form of a novel—not quite completed, though. Better luck this time, Sonya: Bill Melton who received the lead in Eugene O'Neill's, Ah, Wilderness!, to be premiered by the Drama League around Memorial Day; the seven cats in Between Dances, a one-act play presented at the style show Wednesday, telling what really goes on in a women's dressing room.

For a night at the opera, attend either the performance of Gounod's Faust or Il Trovatore, to be presented by the San Carlo Opera Company at the Temple Theatre, April 1 and 2. It isn't often that Tacomans have the chance of hearing excellent music.

We read that several high school boys in Tampa, Florida, have taken up the fad of permanent waves. What price beauty?

Our definition of the week: "A pessimist is a woman who, when a bottle of perfume is half full says it is half empty."

George Bernard Shaw's Pygmalion will be presented by the Showboat Theater of the University of Washington every Friday and Saturday up to April 6. A guest artist portraying the role of the eccentric voice professor will head an excellent student cast.

We recently took a census of college vocabularies. These ten words run rampant among CPS students: smart, modern, woman, glamorous, romance, foul, swell, bore, cute, and babe. Quite a compliment to our intelligence, isn't it?

Remember the Desert Song by Sigmund Romberg? You, who haven't risen above amateur musical productions, can see this famous operetta presented by Stadium high school students under the direction of Clayton Johnson, March 28, 29, and 30.

Salvatore Dali, Paul Cezanne, and Paul Gauguin are three of the thirty-six Masters of the School of Paris whose original works will be on display in the art gallery, March 17 to March 31. Items, loaned by the Museum of Modern Art, New York City, include oils, watercolors, gouach paintings, prints, and color stencils.

The Drama League's next presentation is Rachel Crothers' Susan and God, to be followed by three one-act plays. Ah, Wilderness! will represent the league's final dramatic composition this year.

Home Economics Exhibit Is Feature Of College Women's League Meeting

This afternoon from two until four o'clock the College Women's League will hold a meeting at CPS. The feature of the afternoon will be an exhibit of typical classroom work by members of the Home Economics department.

Following an assembly in Jones Hall where they will hear Miss Stevens of the department speak on "The Place of Home Economics in Women's Education," the members of the League will be guided by freshmen and sophomore girls studying home economics, through the clothing and food rooms on the lower floor of Howarth Hall. Here the exhibits will be explained by the junior and senior girls.

The work to be shown is as follows:

- Home Nursing equipment from the Home Nursing class;
- Embroideries and fancy handwork of the Related Arts Class;
- Miniature dolls dressed in costumes from the Costume Design class;

Trailing Tunes

By Phil McElwain

Magic Music: The latest sensation in the music world is the new nicleodeon that answers your request when you speak into it. From outward appearances it looks just like another Wurlitzer with the exception that the records are not visible. You merely place your nickel in the slot and a pleasant voice comes out of the speaker: "What number, please?" You tell her the selection you desire to hear and she plays it for you by remote control. The operator is located somewhere in the city—in Tacoma, the Winthrop Hotel). The big attraction of this is, of course, the novelty, but it also offers the customer about five times more songs to choose from than the ordinary Wurlitzer. It has been used in California the past few months and the idea has been very successful. Just how popular it will be around here remains to be seen.

Oddity: It's a strange fact that two recent Broadway shows could be such failures and yet produce the two top tunes in the country. From "Very Warm for May" came Jerome Kern's All the Things You Are; the play was unsuccessful but the song is a big favorite. The musical comedy "Swinging the Dream" closed after one week's showing, but its hit song has lived on; of course the song is Darn that Dream. As a rule, when the show is poor the song hasn't a ghost of a chance but these two numbers have followed the slogan: "You can't keep a good tune down."

tunes from the Costume Design class;

From the clothing and textile laboratories — glove-making, the selection of hosiery, tailoring, draping and fitting, the making of paper dress forms, and a chart of the newer developments in textiles.

A special exhibit of wools dyed from natural dyes (the root and herb colors used before modern aniline dyes), yarn made from this wool, hand-weaving, and a demonstration of spinning on a wheel by Mrs. Gudmundson.

From the foods and nutrition laboratories—yeast breads and quick breads, ways of cooking and serving white fish, ways of cooking and serving meat specialties, such as heart, tongue, brains, kidney; weights and measures, the approximately equal caloric values and food groupings that can be obtained from 20-, 40-, and 60-cent meals.

These demonstrations and exhibits have been prepared by the students of the Home Economics department under the direction of Miss Stevens and Mrs. Shinn.

After the members of the College Women's League have been shown through the rooms, tea will be served by a committee from the League and booklets on the use of herbs in cooking will be distributed.

Special guests will be the women who are here in connection with the Junior College Forensics Tournament.

The League is an organization of women who are interested in the College of Puget Sound. Their primary purpose is the collecting of funds for the furnishing of the Women's Residence Hall. The present building was almost entirely furnished by this organization. The 200 members who compose the League are now at work collecting funds for another residence hall.

Jottings: Baby Snooks was the inspiration for this one as you might guess: Why, Daddy? . . . The tune of tomorrow: "When you wish upon a Star" . . . Thirty-two bars of melody: "Last Night's Gardenias" . . . What a band! What a tune! What a record! Glenn Miller and "Tuxedo Junction" . . . "Moon over Sun Valley" written by Ted Weems has been adopted as the official song of that famous winter and summer resort . . . Saxie Dowell, writer of "Three Little Fishies" thinks his new tune Playmates will do it one better; the tune is catchy . . . Good melody . . . very poor lyrics: "My Son, my Son" . . . Kate Smith certainly uncovered a hit when she introduced: I'm Stepping out with a Mem'ry Tonight . . . A tailor-made tune for Bing Crosby: "The Singing Hills." . . . Have you seen the new penny nicleodeons in town? Ten tunes for a dime if you like it that way.

Timber Lines

By Bill Melton

One thing that puzzles your columnist is that CPS calls itself a staunch ski supporter, and skiing is the popular sport this time of the year, yet Dr. Tomlinson, "Tommy"

to his student cronies, had to literally get on his knees and beg ski team members to go to the conference meet at Hood this week! When a coach has to beg his team to participate it's a sad day. But to top it off, those he appealed to, gave dates, studies and the Lord knows what as excuses when they were offered the trip, free of charge to them! As a result, two or three skiers that have hardly ever had any competitive experience went to represent CPS in the conference meet while the experts stayed home and—! Oh, well.

An uncountable number of intramural followers at CPS have asked me why I don't give Clair Hanson a pat on the back for his swell work in the department this year, so at last I'm making room to answer their requests. And they're right in feeling that way. Clair has done more for the intramural department than many of the old timers can begin to credit past managers with. His cooperation both with Lou and the Greeks has gone toward making this a bigger and more successful year than CPS has dared to hope for. The Gym Jubilee owes its success to Clair and what's more intramural contestants owe him a vote of thanks for the work he has done in making their fraternity competition so worth while!

LOGGER DISTANCE STARS

Here are three Logger tracksters on which Leo Frank, cinder mentor, is pinning his hopes for a lion's share of points in Pacific Northwest competition this spring. Left, Bill Melton, two-miler; center, John McDonald, miler and half-miler; and right, John Sharp, half-miler.

Logger Track Forces Invade British Columbia March 22

In exactly a week, the new edition of the Logger track team will hear: "On your marks, get set—GO!" penetrate the air and the 1940 track and field season will officially open against a strong University of British Columbia cinder team.

With a six weeks training period before them, the Maroon and White clad runners will travel to Vancouver, B. C. Friday, March 22 and match their strength with a team that gave them an unmerciful beating on their last encounter. This time, Coach Leo Frank hopes the story will be different with the CPS cinder artists in fairly good shape and some satisfactory time trials to their credit.

In the distance department Coach Frank finds the most strength, with John McDonald, conference champion in the mile and half-mile holding down those

spots again, John Sharp in the half-mile and 440, Bill Melton and Julius Beck covering the two-mile distance in what looks like winning time, and a host of other distance prospects, some novices to the cinder path, others veterans at the game—John Mansfield, Bob Crain and Bob Forsman.

The sprints division finds Oscar Barger, "Corky" McCord, Chuck McNary, Nathan Hale, Bob Maycumber and Jack Leggee competing in the various events such as the 100, 220 and 440-yard dashes. Bill Tucker, Bob Maycumber and Gene Albertson will hold down the hurdle spots.

Weak in field events, the Loggers can only boast the work of Bill McLaughlin, veteran, shot put artist and pole vaulter; Bob Bennatts, pole vaulter, high jumper and javelin tosser; Gene Albertson, discus; Lloyd Baker, javelin and high-jump; and Jack Graybeal, high jump.

British Columbia is an unknown quantity except that they are reputed to be in excellent shape and ready for the Logger invasion Friday.

Vice president is Muriel Woods; secretary, Margarita Irle; treasurer, Janet Hatch; program chairman, Elizabeth Bona; publicity chairman, Mary Ogden, and historian, who was named at the beginning of the semester, Mary Dugan.

The intersorority volleyball tournament is winding into its final games with the Betas still

the only undefeated team. Winning the first game since we can remember, the Betas defeated the Independents in their first game by 5 points, and Wednesday they won over the Lambdas by 1 point.

The Lambdas seem to have a heartbreaking time of it, loosing to the Gammas by 2 points and to the Thetas and Betas by 1 point each, they have yet to win a game and have only the independents left to play.

The independents defeated the Gammas in a surprising game by 15 points, and the Gammas smothered the Thetas in the first game played.

Hutchinson and Moore each hit the net for 11 in the Zete-Chi Nu game to lead the scoring.

Other games found the Omicrons defeating the Delta Kapps 38 to 28 with Bacon's 12 points topping the scoring. Two thrillers found the Mu Chis struggling all the way to defeat the Chi Nus 39-35 while the Nippons posted their first win with a hard earned victory over the Witans 21 to 14. The halftime score of the Chi Nus game was 18-16. Hutchinson accounted for 11 for the losers while Harvey paced the Mu Chi attack with 12 points. Woods led the scoring in the Nippon-Witan battle dropping in 7. The Nippons led at half-time 12-10.

BARBS VICTORS IN "B" LEAGUE BALL

Dominated by low scoring, "B" league officially got under way during the past week. First games saw the Zetes defeat the Delta Kapps 15-13 with Bennatts scoring 13 of his teams 15 points while the Omicrons defeated the Mu Chis 19 to 13. The Mu Chis suffered their second setback when the Delta Kapps handed them a stinging 15 to 18 defeat. The Barbs took over the top spot when they defeated the Chi Nus 12-9 and then were victors over a favored Zete team 8 to 6 in a thriller. The Zetes making all of their points in a wild fourth quarter. The Chi Nus posted their first victory in easily defeating the Omicrons 16 to 8 with the Chi Nus holding the latter scoreless during the first half.
