Trail Staff Finishes Year After Presenting Picture of CPS Life

It has been the endeavor of The Trail staff this year to present a complete and accurate coverage of the news in each edition of the paper.

It has not seemed advisable to exclude news which has been contrary to editorial policy; it is the belief of the editor that a true picture of college life should always be presented.

The presentation of this picture will go on under the leadership of Lois Phillips, who takes over the editorship next fall.

This Trail is ending, but the new Trail leads on and on toward better and better publications.

President Wasson of NAM Interviewed by Reporter

By Lois Phillips

Sitting in a smoke-filled hotel room, surrounded by AP, UP, "Times" and "Tribune" reporters, your "Trail" correspondent for the economic world was startled to hear one of the gentlemen of the press ask A. F. Wasson, president of the National Association of Manufacturers, what type of under-

wear the OPA men are wearing. "That new, nude style," was Wasson's brief, but expressive reply.

Later at a luncheon given in his honor by the Industrial Commerce Board of Tacoma (which this correspondent was most happy to attend) he talked about OPA and its threat to American democracy.

Wasson maintained that in restricting American production, OPA is raising and not lowering our prices. "Competition between manufacturers," he stated, "would soon reduce prices to pre-war levels."

When asked if he thought American manufacturers needed protective tariffs he replied, "Not any more. Americans have developed the highest standard of living in the world by using advanced production methods. Because of the low cost of manufacturing, workers can be paid high wages and the goods can be sold to the consumers for comparatively low prices."

"However, should some nation such as China acquire machinery as modern as ours and at the same time employ cheap labor, our manufacturers would have to be protected. There is a huge market in China so we would not be hindering world trade by refusing to let her 'dump' her goods on America."

Wasson believes that there is a

job for everyone in America if manufacturing restrictions are removed. "In a recent survey 58% of our American manufacturers claim that OPA has interfered with their employment plans. Washington, D. C., attempts to set the prices of over eight million articles for all sections of the country. Prosperity in America results from unimpeded exchange of goods and services," he concluded.

3 Engagements Are Revealed

The passing of chocolates recently heralded the announcements of the engagements of three popular students at their respective sorority meetings.

Twylla is the daughter of Mr. and Mrs. H. L. Jones and Marshall, the son of Mr. and Mrs. A. L. Riconosciuto, all of Tacoma. Twylla is a graduate of Lincoln high. Marshall is a sophomore at CPS and president of his fraternity, Alpha Chi Nu. He is a Stadium graduate. They are planning a summer wedding.

Miss Anne Evans is the youngest daughter of Mrs. H. W. Evans of Chemainus, B. C., and her fiance is the only son of Mr. and Mrs. F.

Virginia Kilde Married in April To Ernest Lease

Miss Virginia Mae Kilde, daughter of Mr. and Mrs. William Kilde became the bride of Mr. Ernest L. Lease Jr., son of Mr. and Mrs. Ernest L. Lease on April 26. The ceremony was performed by Rev. R. W. Ramstead at the Trinity Lutheran church in Parkland with three hundred guests present.

The bride's brother, Ronald Kilde, Tacoma violinist, played several numbers before the ceremony. Miss Anita Stebbins sang "I Love Thee". At the close of the ceremony the Campus Trio, of which the bride was a former member, sang "The Lord's Prayer." Mrs. Gunnar Malmin was organist.

Miss Emily Kilde, sister of the bride, was maid of honor. Other attendants were Mrs. Gerald Wilson, Miss Jeane Thurber, Alene Lease, sister of the groom, and Mrs. Anna Lien, cousin of the bride. The tall tapers were lighted by Mrs. Kyle Smith and Miss Mary Jean Heidinger. Mr. Robert Zehnder was best man for the groom and ushers were Richard Haglund, Dean Ratzman, Joseph Cloquet and William Kilde.

For the Canadian honeymoon the bride wore a navy blue crepe dress with a white shorty coat and white accessories. They are now home at 3601 East Kay street.

Mrs. Lease is a junior at CPS where she is a member of Alpha Beta Upsilon sorority and active in musical organizations. Mr. Lease graduated from Lincoln high school and was recently discharged from the United States Army Air Corps.

Faculty Members Have Varied Vacation Plans

Among the different occupations which our faculty members will engage in for the vacation are "getting away from it all," revisiting their homes and alma maters, and teaching in CPS and other colleges' summer sessions.

"A change in scenery" is what Dr. Robert Sinclair, psychology professor, will get when he takes his summer job, which will be that of a night watchman at Paradise Lodge.

Frederick To Direct Survey

A strenuous vacation is in store for Professor Arthur Frederick, who will direct a survey of

S. Day of New Westminster, B. C. Anne is a graduate of Ladysmith (B. C.) high school. Deryck is a graduate of Lloydminster (Alberta) high school and also attended the University of Saskatchewan and the University of British Columbia. They plan a late fall wedding.

Gladys Jones, daughter of Mr. and Mrs. J. H. Jones of Montana, recently announced the news of her engagement to Ardeen Herried, son of Mr. and Mrs. John Herried, also of Montana, at a meeting of Kappa Phi held Tuesday. The box of candy was passed, on top of which were the names of the engaged couple and a snapshot cut in the shape of a heart.

Miss Jones is a sophomore in the occupational therapy department and a member of Kappa Phi and Campus Playcrafters. Her fiance, discharged from the Army Air Corps in August, is a student at Washington State, where he is studying electrical engineering. He attended high school in Billings, Montana. Senior Spotlight

Helen Miller

Lady in the light is Lambda Sigma Chi's Helen Miller, whose short hair and turned up nose are often seen rushing around the halls and hurrying out the back entrance, for she is our donation to the betterment of education of the intermediates, and she leaves CPS to do her bit for the 7th grader each day. To find her, you must stand in the back court and catch her as she tears by, headed toward Allen C. Mason Junior High.

Helen has been active in inter-sorority work, being representative last year and vice president this year. She is a member and past-treasurer of Kappa Phi, a manager of Women's Athletics, on Central Board, and in the Spanish Club.

Majoring in Spanish and minoring in History and Art, Helen will receive her B. A. next month. After graduation she plans to attend Mills College and live at the "Casa Pan-Americana," a Spanish-speaking habitat. Then—to Battleground, a small town near Vancouver, Washington, where she will teach Spanish to high school students.

There will be no gravy-on-the-chin of any member of the Miller family ever, for even if a terrific shortage of paper napkins occurs in America, they will still be well supplied. Helen has been collecting paper napkins for several years and has a collection of some 600 varieties. Her horde includes Chinese, Japanese and SUB specimens and has been in hobby shows several times. Besides this she has a large supply of stocking labels and she "wishes there were stockings attached to them still."

For listening, she likes renditions of Gershwin and Jerome Kern works, and for eating, almost anything but oysters. And—ah spring, the man cannot be blonde.

SPORTS SPLINTERS

Hacked By Harold Simonson

Our old sports log is hacked away for another year. But before the chips are buried, we recollect that though the sport timber was hit hard during four long war years, it truly recovered auspiciously this fall from the blows dealt it. For when the world, and the college too, was in a state of post-war turmoil (and are we out of it yet?), the OPS Loggers again donned their work togs and brought home one victory after another.

It was on the basketball maples where the Logger stalwarts started their reconversion. The gymnasium was again filled to overflowing as the Maroon and White wilted their opposition.

Though the intercollegiate competition for the rest of the year nearly halted after the Timbermen had climbed the ladder to second place in the hoop league, the chips of the Logger timber fell on fertile ground. For next year, with President Thompson, Coach Heinrich and Coach Patrick at the helm, the athletic program promises to be the most favorable in the history of the college. And if the crop is fertilized by school spirit, the timber will be sturdy.

Sport Trainer Coming

One of the outstanding sport trainers of the country, Mr. Roland F. Logan, is coming to the campus June 4 to set up a training clinic for one day in the gymnasium.

Mr. Logan, who was the former trainer at the University of Pittsburgh, West Point, and with the Boston Red Sox, will demonstrate and lecture on training aids of aspiring athletes.

Tennis Stars To Compete

Three of CPS's star tennis players, Jess Curtwright, Don Heselwood and Kirk Stewart, will trek to Salem, Ore., this next week to enter Northwest intercollegiate playoffs. Good luck, fellas.

Many Awards Made in Chapel

Among the several awards and trophies presented in Monday's chapel was the women's athletic cup which was won by Delta Alpha Gamma. The women's basketball trophy went to Alpha Beta Upsilon and seniors who will receive the coveted white sweater for four years of participation in athletics are Murden Woods and Ruby Smith.

Presentation of the women's athletic awards was made by Mrs. Johnson and Coach Patrick presented men's athletic awards, the Intramural Softball trophy to Sigma Zeta Epsilon and certificates for letters and sweaters to members of the basketball team.

Forensic awards were made by Dr. Battin. Both the fraternity cup and the sorority cup were awarded to the Independents. Dr. Battin also presented Don Bennett with the McNary Business Administra-

tion award, a cup upon which Don's name will be engraved, and a leather brief case.

Chosen as the senior who has been most useful and valuable to her class was Margaret Lindeman, who is this year's president of WAA, is former president of her sorority, Kappa Sigma Theta, and has served in various student body and class offices.

The women of Rotary Award of \$75 was given to Elizabeth Anderberg. It is awarded annually to a junior girl to apply toward the expenses of her senior year at college. The qualities upon which the award is determined are character and leadership, combined with scholarship equal to the average. Elizabeth is active in music, dramatics and journalism.

Gym Shorts

By Evelyn Marshall

Wednesday evening over at the SUB we had a big W. A. A. banquet—wonderful food, a good time for all. We are very sorry that the Lindemans had to work; we missed them both. Betty Jane carried on a nice meeting in Margaret's absence and we thank her. Carol Todd and Wanda Smith spent a good deal of time on the clever favors which we found at our places at the table.

At each annual banquet there are a certain number of awards to look forward to and our advisor whom we have enjoyed so much this year in the Physical Education department, Mrs. Betty Johnson, made these awards to us.

On to the awards. The following girls earned first year letter "P's". These girls are: Elenor Roundtree, Carol Todd, Wanda Smith, Bea Young, Ruth Ann Potter, Dorothy Kostenbader, Helen Mahoney, Doris Mitchell, Pearl Moberg, Donna Bennett, Evelyn Coubrough, Barbara Abel, Vernetta Harvle, Joyce Hegg. There were a number of two stripe sweaters given this year and they went to: Lois Fassett (who incidentally had to be different and have WHITE buttons and WHITE pockets!), Peggy Rough, Marie Switzer, Doreen Lockstone, Dixie Simmons, Helen Caputo, Rosa Mae Monger, Mary Agnes Gallagher, Viola Warner, June Larson, Jean Hallen and Joy Moberg. Then those who received a third stripe on their sweaters were: Eunice Moberg, Carol Hamilton, Evelyn Marshall, Eloise Cruver, Margaret Lindeman, Janice Lindeman, Betty Jane Cappa, and Virginia Barker. Last but not least the two white sweater winners received fourth maroon stripes in their sweaters: Murden Woods and Ruby Smith.

Zetes Take First Place In Bowling Tournament

Sigma Zeta Epsilon nailed down the intramural athletic championship this week by capturing first place in the bowling tournament, augmenting their recent acquisition of first place in softball play. The tabulations on the golf tournament which was played yesterday have not yet been compiled. However, the Zetes, with their top positions in the other two sports, have positively won the championship.

The recent bowling competition in a six-game series netted the following results: Sigma Zeta Epsilon, 4608; Sigma Mu Chi, 4583; Alpha Chi Nu, 4407; Delta Kappa Phi, 4297; Delta Pi Omicron, 4207. The highest three-game series was rolled by Roy Murphy, who totaled a score of 608, while Murphy and Bob Minnitti walked off with the high individual game score of 224 and 212 respectively.

The softball round-robin saw the Zetes win five straight games to take first place, while the Delta

Kapps and Omicrons tied for runner-up honors. The Chi Nus and Independents tied for third position, while the Mu Chis rested in the cellar.
