THE PUGET SOUND TRAIL

Wednesday, September 25, 1946

## RECORD ENROLLMENT PACKS CLASSROOMS

### CPS Boasts 28 New Profs; Six Alums Return As Faculty

Six former College of Puget Sound students have returned to the halls of their alma mater — in a slightly different role, however — that of professor.

Gordon Alcorn is joining the biology department as associate professor and is teaching general biology and anatomy. He was once associated with the Natural Museum at the University of California. John T. Lantz is new to the mathematics department, while Martin E. Nelson will teach physics. After leaving CPS Professor Nelson attended the University of Hawaii at Honolulu. Bill Madden, '46 graduate, will instruct men's physical education and assist Frank Patrick as football coach. Miss Marian Jane Myers, composition, and John W. Soha, business and accounting, complete the list of alumni.

The Music Department has added five professors to its staff. Miss Erla Mae Cramer, lyric soprano, and Ivar B. Rasmussen are teaching voice; Herbert A. Horn, piano; John A. O'Connor, wind and percussion instruments; and Raymond Vaught, string instruments.

Miss Faye Duke, Edward H. Butler, and Mrs. D. Bennett are new to the English composition and literature department, along with Mrs. Margaret Whittlesey, who teaches journalism.

The remainder of the twenty-eight new faculty members are: Willis L. Caruth, mathematics; the Rev. Paul Van Horn, religion; Mrs. Ella Mae Clark, French and Spanish; F. Van Scoyoc, economics and business; Mrs. E. Fyfe, typing; F. Hoskins, physiology; Dr. R. Sprenger, chemistry; McFarland, psychology; Skaar, German and European history; Tudor, history, philosophy, and political science; Miss D. Bullard, home economics; the Rev. Wm. Callahan, religion; and Frank Patrick, coach and upper division men's physical education.

### Traditional Stunt Night Is Postponed

"What has become of the traditional Freshman Stunt Night that climaxed Freshman Week in past years?" This question has been on the tongues of many upperclassmen these last few days.

During registration the College made every effort to have the least number of students on the campus at any one time. This meant difficulty in finding practice rooms, rehearsal times, etc.

In view of this situation, the Mixer and Stunt Night are being expanded to a Frosh Jubilee Week End which is to take place October 11 and 12, according to Miss Martha Pearl Jones, dramatics instructor. On Friday night, October 11, the freshmen will present their regular one-act plays.

If you are interested in placing ads, please contact Joy Moberg, business manager; Dorothy Rudolph, ad manager; or the editors.

R. Franklin Thompson

*"It is always a joy to welcome the students at the beginning of a new academic year. We especially welcome those who are returning to us from the service, those who are coming to us for the first time and those who are transferring from other schools. We sincerely hope you will catch the spirit of the College of Puget Sound and learn to love her as those students who were before you.*

*A college education is a great adventure and we feel you are starting on a new phase of your life which will be one of the most promising and most gratifying. Anything that the administration, the faculty or the College can do to make your education more meaningful, and more valuable, will be our task for the year. The doors to our offices are always open to you. Call upon us for any service we can render.*

*Wishing you the best for the coming year and knowing it will be of great value, we welcome you to "our College of Dreams."*

### College Spur Wins National Presidency

Rosa Mae Monger, CPS junior, was elected national president of SPURS, sophomore women's honorary, at the SPURS convention held at UCLA last June 24, 25, and 26. Rosa Mae, president of the college chapter of SPURS, attended the conference as a representative of CPS.

Members of the electing Grand Council include the national president, secretary, treasurer, editor and three regional directors who serve as vice presidents for their territories. Fourteen SPUR chapters were represented.

A Kappa Sigma Theta, Rosa Mae is secretary of that organization. She was "so shocked" when she learned she was to hold the president's gavel for three years, the regular term of office. Majoring in chemistry, which she insists is "a wonderful subject," she is a resident of Anderson Hall. Her home is in Seattle.

The retiring national president, Elverna Amundsen, is a '46 CPS alumnus.

Other new officers are Barbara Tulin of the U. of Arizona, secretary; Margaret Stevens, from the U. of Utah, treasurer; Barbara K. Beers of Montana State College, editor of The Spur; and Marjorie Walters, regional director of this area.

### Dr. Dupertuis Dies

The president's office recently received news of the death of Dr. Samuel Dupertuis in Boston, where he was professor of French at Boston University. Dr. Dupertuis, who graduated from the College of Puget Sound with the class of 1914, offered the annual Myra E. Dupertuis Prize, in honor of his wife, to the graduating senior who shows the greatest proficiency in speaking French without having studied abroad. Virginia Mekkes was last year's winner of the Dupertuis Prize.

### Norwegian Exchange Professor Comes To CPS; Miller Goes To Norway

By Mary Jackson

Ever since Dagfin Skaar's Viking forefathers first raided the British coast, our family has been speaking English. I had, therefore, some misgivings about interviewing "our exchange professor, who left his native Norway only a few weeks ago. I found that Mr. Skaar speaks excellent English, so you needn't upset the librarian by trying to find the Norwegian for "Hello" to welcome him to CPS, where he will be teaching Scandinavian history and culture, recent European history, and German during the next year.

Professor Skaar came to us in exchange for Christian Miller, our former registrar, who is this year occupying the chair of American Literature at the University of Oslo. Mr. Skaar's special purpose in coming was to gain a first-hand knowledge of educational practices in this country that would improve the schools of Norway. His land

is setting out now to completely rebuild her educational system, doing away with the German methods on which Norway has been too dependent. The first major difference noted by Professor Skaar is the dormitory plan, which he considers the best possible means of teaching practical democracy.

He has been working for some time for the establishment of a Norwegian-American college in his home town, Kongsberg. The school, where students from both countries can live and study together, will be located in the building which housed the first technical university in the world. With perfect hills and natural courses nearby, the students will also learn to ski under the best instructors in the world. The many ski enthusiasts here at CPS will find that Mr. Skaar shares their liking for that sport, and their eagerness for the skiing season to begin.

### Enrollment Doubles As Men Outnumber Girls 3-1

With the ratio of men to women nearly 3 to 1 and a freshman class twice as large as all other classes combined, CPS has a fall enrollment of over 1,400, double that of any previous first semester record, according to Dick Smith, Registrar.

The former record was made in 1939 with a registration of 692. Another record-breaking enrollment is that of the sophomore class with over 300 members.

Classes are being conducted from 8 o'clock in the morning to 10 at night to accommodate the increased student population. Students are divided into three separate groups with a different chapel period assigned to each group. On Monday and Wednesday and Tuesday and Thursday two of the groups will attend chapel at the regular time of 9:50 in the morning, while the third group will have chapel at 8:30 Monday and Wednesday evenings.

Dick Smith, '36 graduate of CPS, is back at his alma mater as registrar. A Lieutenant Commander in the Navy for 3½ years, Smith succeeds Christian Miller, who is teaching in Norway as an exchange professor.

### Vets Are Largest Group

The majority of the students are veterans, with three ex-G. I.'s for every two non-vets.

"Roughly, 600 of the 900 freshmen are 'green,'" says Registrar Smith, "while the other 300 are second half freshmen.

### Registrar Thanks SPURS

"Registration of these students would have been impossible without the help of the SPURS and some members of the Knights," commends the Registrar. "We wish to extend our thanks and congratulations to them for their part in registration proceedings. Another thing we appreciate is the cooperative spirit of the student body as a whole in 'grinning and bearing' the long lines and the changed schedules."

### Housing Shortage Causes Confusion

Student housing seems to have become quite a problem with a record enrollment this year. The girls' dorm has suffered most. Originally built for 33 girls, it is now accommodating 90 girls and one man. (Sorry boys no applications taken.) Dwellers of the basement, better known as Hades Hollow, resembled sardines with an occasional patch of green, the green being those little objects we are told freshmen are supposed to be wearing. Twenty-nine freshmen are living or rather surviving in the basement with three sophies to guide them in better living.

In case some of the men around the campus are growing tired of living in trees, they can contact the Chi Nu Frat House at 1402 North Oakes. They have 12 openings for rooms only. Just five blocks. Of course if you have a tree on the campus you may hate to give it up, being so close to all activities.

Ray Cason tells us that a lady down by his house who has converted clothes closet she would like to rent, but she can't get the termites to move out.

Attention Freshmen: Don't forget to look in your student mail boxes in lower Jones Hall at least once a day.

### Biology Is Popular Course

One out of every three freshmen is enrolled in biology, with business administration and economics courses running close seconds in popularity. Nineteen sections of composition I and 6 section of composition II are offered, making a total of 25 freshman English classes.

### Howard Hitchcock Frosh President

Howard Hitchcock, a veteran of the Navy from Chehalis, was elected president of his class at the freshman meeting held in the auditorium of Jones Hall last Friday morning. Howard maintained an "A" average throughout high school in addition to participating in numerous school activities.

Pat Shea, the vice president, and Beth De Mille, the secretary and treasurer, attended Stadium High School in Tacoma. Jim Luzzi from Tacoma was elected as the first representative. Bill Farris, a veteran, was elected class sergeant-at-arms. Bruce Rector from Hoquiam served two years in the Navy and is the second class representative.

Approximately one-third of the class attended the meeting. Before nominations were begun, the class discussed electing temporary officers until the students could be better known to one another. It was decided by vote to elect permanent officers.

## Help! Help! Help!

Is this the cry of a freshman buried in a registration line? No.

It's the frantic appeal of an editorial staff minus those elements which are essential to a newspaper — namely, reporters.

We want to publish a Trail which will be representative of the College. Since we believe that this College is one of the best, we want the Trail to be one of the best, too.

We earnestly hope that this newspaper will be of real service to CPS in giving publicity to school functions, promoting school spirit and uniting the student body, and stimulating student opinion on both world-wide and college issues.

If you would like to serve your school and are interested in journalism, we promise you that you wouldn't exactly have to fight your way into the publications office in the SUB. If you are unable to contact one of the editors, a note left on the Trail desk will secure you an immediate interview.

P. S.: We need ad chasers, too!

## Faculty Notes

Just to keep the records straight we decided to gather some facts about the professor who will organize the first CPS band to function in several years.

There is a music professor here whose name is Herbert Horn, but he does not lead the band — he plays the piano. The man who plays the horns is John A. O'Connor, our new band instructor.

Having settled this point, we will proceed to discuss Mr. O'Connor.

A captain in the Army Air Corps, he was a pilot and a flight commander in such exotic places as South America, the West Indies, Africa, Italy, and Capri.

Professor O'Connor acquired his bachelor's degree at the State Teachers' College in Milwaukee, his home town, after which he attended Northwestern University.

By writing a scientific thesis entitled, "Disc and Wire Recording Aids to Music Education," he earned his master's degree at the University of Illinois in Urbana last year.

His band transcriptions include the first movement of Dvorak's Overture and "Mexican Rhapsody" by McBride.

A student assistant in musical education at the Milwaukee College, Professor O'Connor was supervisor of the same department at Shreveport, Louisiana. He is a member of Phi Kappa Lambda, an honorary musical fraternity.

He is the father of two prospective majorettes — Polly 3½ years, and Kathy, 16 months.

Interested in taking a hiking trip on Mt. Rainier on Saturday, September 28? If so, see the announcement and sign up on the bulletin board in lower Jones Hall.

## CPSers Personally Speaking

(Editor's Note: The opinions expressed in this column are those of the persons interviewed and do not necessarily represent the editorial policy of "The Trail".)

Flash! It has just been discovered that a gabfest at Anderson Hall can actually be intelligent! It all started like this — A few old and sedate Sophomores were sitting morosely in the basement dorm of Anderson Hall when in burst some excitable little freshmen, all aquiver about the coming Frosh election and the possibility of most of the officers being from Stadium High. This brought up the old question of whether CPS is too localized or not. Of course a few, such as the writer of this piece, hadn't the faintest idea of what they were talking about, so someone patiently explained what it meant.

It seems that some feel that there are too many local students on the campus and that they don't appreciate our fair school enough. It is said that students from out of town and out of the state are being turned away because the school is overcrowded and it is mainly crowded with Tacoma kids.

This next I toss in for what it is worth — At Harvard only 10% of the total number on the campus can come from within a 300-mile radius.

To make a long story short, we decided to find out what other kids thought on the subject — including the Tacoma kids. After all, they have their rights, er sompin, so here goes:

Mary Lou Cooper, Great Falls, Mont.—"I think there is a pretty good cross section, but we need more dorm space."

Betty Troxel, Everett—"Why pick on the Tacoma kids — I don't think any of us appreciate CPS enough."

Martha Wright, Puyallup—"I think it is too localized because it is better known in the Middle West than here — its scholastic standing is recognized everywhere."

Mary Kincheloe, Walla Walla—"I don't know if it's too localized because I haven't been here long enough, but I do think that the kids from farther away appreciate it more."

Now for a guest speaker  
Bill Berney, Whitman—"CPS

## SOUNDing Off

By Phips

Prepare yourself for a silly question. Have you ever noticed how the odors of the pulp mills and the smelter, travel so much farther and are so much more penetrating than the scent of a whole acre of roses? (The former aroma, of course, could be well described with a word that rhymes with pink in less delicate language.)

Now prepare yourself for another question, which, in view of the alarming statistics on juvenile delinquency, adult crime, etc., is not silly at all. Did it ever seem to you that there just wasn't any decency left in the world?

Could one of the reasons for this gloomy outlook be that the indecent people create the pulp mill type of by-product? It takes a lot of roses to obliterate the smell of one pulp mill. Could another of the reasons be that many persons are influenced by this more potent odor because they feel it means that greater numbers of people are represented by it?

A rose is never influenced by a smelter. Man was not created to be dominated by low thoughts and actions.

can't obtain the true college spirit with so many kids living off the campus."

Barbara Lindahl, Wenatchee—"Town kids have cooperated wonderfully—I don't think CPS is too localized."

Chuck Greenwald, Wenatchee—"From what I've seen I'd say no!"

Lorna Hill, Morton—"The new dorm will help" (men, that is).

Bill Gianelli, Stadium High, Tacoma—"There is enough intermingling so that it isn't too bad, except at social functions."

Phyllis Kurrell, Stadium High, Tacoma—"The local kids are more acquainted with each other and so get around more, but they're together well so far in electing an out-of-town boy for president. Besides, it should be localized to a degree."

Marjorie Todd, Lincoln High, Tacoma—"I don't think that CPS is too localized, but I do think that the Tacoma kids don't appreciate it."

Pat Turner, Kent—"The spirit so far is perfect and it's easy to get acquainted."

An unidentified person from Lincoln High who didn't want to be quoted simply said: "It's a Tacoma school, isn't it?"

## LOGGERHYTHMS

By The EmCee

"Welcome back!" Anyone seen Keutzer?" "Hey, did ya' hear Johnny Jones isn't coming back?" "How come we meet in the SUB?" "Did you see the way they fixed up the Music Building?" Endless questions, and that, pals, is the way rumors get started. But with conditions the way they were last week, it's a wonder anyone at all knows whether they're going or coming.

You stand in line to see someone that pretends to know what the dope is in the Music Department. When you get there, this Mr. Know-It-All has knocked off for lunch. You lose your place in line to get a bite to eat or something to drink, and — that reminds me of a joke. Did you hear about the frosh that drank eight cokes and burped 7-Up?

Seriously, everyone is glad to see everyone back again, and if old and new alike seem to be mixed up, we'll get over it. What with added faculty, added practice rooms, a new band, more ensembles, and "The Messiah" to work on, Keut-

zer's Kids are bound to be not only interested, but will be interesting to listen to.

Those of you who remember the music building from years before will know by now that it ain't what it used to be. Red, white, green, and brown paint has been applied to doors, walls, and floors, drapes have been hung, archways have been boarded up, Prof. Keutzer's studio has been changed from second floor to first, a practice room has been added, the dilapidated grand piano on the south side has been deactivated, and to make the staff happy, an old sign which read "Conservatory of Music" has disappeared. It just won't seem like home anymore.

Just to catch you up a little on who's who in the music department, read the next few lines and see if you know much more than you did before you started.

Clyde Keutzer and Leonard Jacobson are the only hangers-on — pardon me, holdovers — from last

## "Axe" Me Another

Big Deal

A man who was forever putting over "big deals" had a son who was a chip off the family tree. The youngster greeted his dad one morning with this announcement:

"Sold my dog today, Dad."  
"Good. How much?"  
"Ten thousand dollars!"  
"Gee whiz, let's see the money."  
"Well, I didn't get cash. I just got two \$5,000 cats!"

You Can't Win

Two stuttering blacksmiths had finished heating a piece of iron, and one placed it upon the anvil with a pair of tongs.

"H-h-h-h-h-hit it," he stammered to his helper.  
"Wh-wh-wh-wh-where?" asked the other.

"Oh, h-h-h-h-h-heck — we'll have to h-h-h-h-heat it over again now."

Now We Know

"Is your son's college education of any real value?"

"Yes, indeed. It has cured his mother of bragging about him."

Smelling Salts Needed

It was a good many years ago that Deacon Jones took his wife to the races.

Just as the horses were lining up at the barrier, Mrs. Jones grasped the deacon nervously by the arm and in a voice which was filled with emotion asked him for a safety pin, at the same time grasping frantically for something that seemed to be slipping at the knee. Just then some one shouted nearby. "They're off!" And Mrs. Jones fainted.

Strictly Painless

"I am sorry," said the dentist, "but you cannot have an appointment with me this afternoon. I have 18 cavities to fill." Then he picked up his golf bag and went out.

Balmy Ozone

And then there was the Scotch wife whose doctor told her she needed salt air. She woke up next morning, and her husband was fanning her with a herring.

year, and everyone ought to remember or know by now which one sings and which one plays the piano.

D. Robert Smith returns from three years in the Navy and a summer's study in the East to teach music theory and organ. Raymond Vaught comes to us from Eastman with a yen to teach violin and music history. John O'Connor hails from the University of Illinois and will shake a baton over the band and orchestra and teach some public school music. Eria Cramer, a lyric soprano and the one woman in the department, comes from Nebraska to direct the Women's Chorus and give voice lessons. Herbert Horn, also from Nebraska, will give piano lessons. Ivan Rasmussen is just out of the service, and will teach in the voice department when he isn't tuning up his own baritone voice box. Gordon Epperson is a dual instructor in both piano and cello. Leroy Ostransky is the only student instructor, and he will teach the class in modern music arrangement.

As for the kind of grades all these people pass out, your guess is as good as mine. At least we can appreciate them until exams creep up on us, and chances are that after finals, we'll still like them.

Good luck to us all in our bowing, tooting, singing, and pounding.

# CPS Students Take Advantage Of Summer

According to vacation advertisements, romances bloom and flourish exceptionally well during the summer months. CPS students seem to have proved the truth of that theory this summer with numerous weddings and engagements.

There was much excitement at the annual Rose banquet of the Delta Alpha Gamma sorority last June when two boxes of candy were presented revealing the engagements of two popular Gammis.

Miss Marion Tregoning, daughter of Mr. and Mrs. H. C. Tregoning, announced her betrothal to LeRoy R. Vaughn, Jr., son of Mr. and Mrs. LeRoy Vaughn. The wedding will be in the summer of 1947.

Both young people have been active at CPS. Marion was secretary-treasurer of her sophomore class and is a member of Kappa Phi. LeRoy was student body president in 1944-45 and the head of his freshman and sophomore classes. He was a member of Delta Kappa Phi, graduating in 1945.

# Fall Frat Rushing Draws 200 Men

Approximately 200 men are expected to participate in the fall fraternity rush affairs which began last Monday and will end with the preference banquets next Tuesday.

The individual fraternities have decided upon their social functions which will include firesides, dinners, and luncheons.

Alpha Chi Nu opened the rush affairs last Monday followed by Delta Pi Omicron yesterday. Sigma Zeta Epsilon, Delta Kappa Phi, and Sigma Mu Chi have scheduled entertainments for tomorrow, next Monday and Tuesday.

Dick LaPore has been elected as the inter-fraternity president. The new presidents of the fraternities are Jim VanCamp, of Sigma Zeta Epsilon; Pattee Pilot, of Sigma Mu Chi; George Miller, of Delta Kappa Phi; Dick LaPore, of Alpha Chi Nu; and Clarence Shorer of Delta Pi Omicron.

Alpha Gamma, Otiah, Mu Sigma Delta and a senior class officer. Her husband, the son of Mr. and Mrs. W. E. Butt, was a member of the armed forces, serving 21 months overseas.

## Logan-Day

One of the lovely weddings of the summer was on June 20 when Miss Lu Jean Logan, daughter of Dr. and Mrs. S. G. Logan, was united in marriage to Sherman W. Day, Jr., son of Mr. and Mrs. Sherman W. Day. The vows were read by Dr. Logan in Mason Methodist church. All the bride's attendants were graduates or attend CPS.

The young couple both graduated from CPS, she in 1946 and he in 1945. Lu Jean was a member of Delta Alpha Gamma, Kappa Phi and held offices in her sophomore, junior and senior classes. Mr. Day was a member of Sigma Zeta Epsilon. Mr. and Mrs. Day are now living in Chicago while he attends Northwestern Medical School.

An invitation to all interested in speaking was extended by Robert McNary, debate manager, to attend the annual "Welcome" dinner, which will be held Tuesday, Oct. 1. The place will be announced in chapels. Those interested should make reservations with Robert McNary, women's debate manager Louise Kipper or Lyle Lindelein. Students are also invited to attend the regular squad meetings which are every Tuesday noon in room 206, Jones Hall.

## King-Reilly

Miss La Verne King and Donovan L. Reilly were married in a home wedding in June. After a honeymoon in North Dakota, they are making their home in Tacoma.

## Doubek-Murphy

The engagement of Miss Peggy Doubek and Harold Murphy was announced at the close of the spring semester. She received her degree with the class of '46 and they have both returned to college this year. No date has been set for the wedding.

## Norton-Johnson

Miss Virginia Norton and Harold Johnson were married at a lovely wedding held in the Little Chapel here at CPS in August. A reception in the Beta room followed the ceremony.

## MacDougall-Danielson

Miss Jeanne MacDougall, an alum of the class of '45, and Alvin Danielson were married this summer at a quiet ceremony in Vancouver. The groom is continuing his education at CPS this fall.

## Foxwell-Prann

Miss Geraldine Foxwell and Richard Prann were married in late summer. Both were students at CPS last year.

## Dayton-Walker

At an early September tea in her

# 69 Girls Pledge Four Sororities

## Louise Kipper Sets Date for Hawkins Dancing Party

The week of Oct. 28 to Nov. 2 shall be open season on fellas, proclaimed Louise Kipper, Independent Organization president, in announcing that the date set for the traditional Sadie Hawkins Day dance is Saturday, Nov. 2.

Details will be announced later in chapels, and at the first meeting of the Independents which will be Thursday noon, Oct. 3 in room 204, Jones Hall. At this time the election of class representatives to the cabinet and voting on the new constitution will be held. Meetings will be every two weeks.

An invitation is extended to every student, new or old, not affiliated with a social Greek letter organization on the campus to attend meetings of this group.

A strong representation of Independents in forensics and men's and women's intramural sports is expected this year, with hopes to add to the trophies already gained in these activities.

Each new student is specially invited to become a member of SCA and to attend its meetings. Its purpose is "To build a campus fellowship of students devoted to the task of realizing in our lives those ideals of personal social living to which we are committed as Christians.

## Debaters Hold First Meeting

With more than a score of potential debaters turning out, the first meeting of the debate squad was deemed a success by Dr. Charles T. Battin, coach.

Work on the first question of the season will begin next Tuesday. This will be preliminary to selection of a traveling squad to represent CPS at the 1946 meeting of the Western Association of Teachers of Speech to be held in San Francisco in November. Other trips during the year will probably

Tacoma home Miss Darcia Dayton, daughter of Dr. and Mrs. D. M. Dayton, announced her engagement to Dennis Walker, son of Mr. and Mrs. G. R. Walker. No date is set for the wedding.

Darcia, a member of Delta Alpha Gamma, will be a junior this year. At CPS Dennis was a member of Sigma Mu Chi. He plans to attend Washington State College this year.

include the Inland Empire tourney in Spokane, Linfield contest in McMinnville, Oregon and the Pi Kappa Delta national tournament in Alpha Chapter of Pi Kappa Delta is the unit of the forensic honorary maintained on the CPS campus for those eligible for distinction. Last year 10 students were voted into the chapter for their work on the team throughout the year.

Marian Wilkinson, former CPS student, has succeeded Mrs. R. S. Seward as secretary to President R. Franklin Thompson.

Miss Wilkinson was a member of the Kappa Sigma Thetas and was elected Tolo queen in 1940. A Stadium High graduate, she has lived in Tacoma all her life. "I was majoring in home economics here at the College," she explains, "but I turned out to be a secretary."

Mrs. Seward held the position as the President's secretary for 27 years.

## SCA President Outlines Prog.

The program of activities for the Student Christian Association promises a wide variety of most interesting experiences for all those who wish to partake in them.

Many freshmen and old members were present at the Sub last Sunday afternoon from 3 to 5 o'clock for the traditional SCA fireside meeting, the first of the season's events. The fireside was under the chairmanship of Beverly Johnson. Highlighting the afternoon was a talk given by Harlan Jones, Northwest Conference Youth Director of the Methodist Church.

An announcement was made that the weekly meetings of the association this year will be held each Friday at 9:50 a. m. in the Little Chapel, as of October 4.

Each new student is specially invited to become a member of SCA and to attend its meetings. Its purpose is "To build a campus fellowship of students devoted to the task of realizing in our lives those ideals of personal social living to which we are committed as Christians.

If you are interested in participating in our program of fellowship, worship, study, and action, make it known by signing this coupon. Tear it out and deposit in the SCA box in lower Jones Hall. We will contact you personally.

include the Inland Empire tourney in Spokane, Linfield contest in McMinnville, Oregon and the Pi Kappa Delta national tournament in Alpha Chapter of Pi Kappa Delta is the unit of the forensic honorary maintained on the CPS campus for those eligible for distinction. Last year 10 students were voted into the chapter for their work on the team throughout the year.

## Wilkinson New Secretary

Marian Wilkinson, former CPS student, has succeeded Mrs. R. S. Seward as secretary to President R. Franklin Thompson.

Miss Wilkinson was a member of the Kappa Sigma Thetas and was elected Tolo queen in 1940. A Stadium High graduate, she has lived in Tacoma all her life. "I was majoring in home economics here at the College," she explains, "but I turned out to be a secretary."

Mrs. Seward held the position as the President's secretary for 27 years.

Sixty-nine girls have been pledged to the four sororities at CPS, according to Lyle Ford Drushel, Dean of Women. They are as follows:

**Alpha Beta Upsilon**  
Margaret Allen, Donna Barker, Yvonne Battin, Jo Anne Boyer, Gloria Cadigan, Alice Collins, Janice Hitchcock, Avolda Hughes, Gwen Jones, Shirley Kinnane, Pat McCarty, Joan Mooney, Marjorie Smover, Ruth Southwell.

**Delta Alpha Gamma**  
Betty Abrahamson, Charlotte Conrad, Lois Dryden, Bernita Falk, Glo Gleason, Marilee Hunt, Dixie James, Diane Jensen, Betty Kornmesser, Lorna Loucks, Ruthella Raver, Gwen Roberts, Sue Robinson, Jean Shiplett, Betty Troxel, Coral Vencke, Peggy Weaver.

**Kappa Sigma Theta**  
Joane Abrahamson, Margaret Armstrong, Patricia Carlson, Elizabeth DeMille, Gwendolyn Evans, Doreen Ferguson, Betty Jean Gosselin, Barbara Hager, Doris Hoffman, Barbara Hofford, Collen Kelly, Jo Ann Kirkabo, Jo Kraus, Betje Liljequist, Virginia Lochow, Lucy McIntyre, Marcello Morton, Charlotte Stalwick, Lorayne Rockway, Pat Wingard.

**Lambda Sigma Chi**  
Laura Alm, Holly Anderson, Dolores Hampton, Ila Jane Haugen, Mona Mae Hevertz, Laura Hill, Eloise Hotes, Eloise Howe, Joan Langmack, Betty Jean McConcille, Jean Mitchell, Mary Lou Moon, Lynn Murphy, Judith Pearson, Kathie Shults, Marjorie Venter, Pat Voshmik.

## Youth Director Is Speaker At SCA

"A Harvard scientist who worked on the atomic bomb gives man four years to live before he destroys himself," said Harlan Jones, director of the Pacific Northwest Methodist Youth Conference, at the SCA fireside last Sunday.

Jones went on to explain that though the scientist did not believe that any great natural calamity would destroy the earth, such as that of a star leaving its orbit and crashing into this planet, he felt that man's own selfishness would be his undoing.

The fireside, which was held in the SUB, was attended by 54 old and new SCA members.

Games and songs were led by Bev Johnson and Chuck Greenwood. Refreshments were served by Harriet Warne, chairman of the refreshment committee.

# 70 Prospective Gridsters Make Record Turuout

By Mal Stevens

Something new has been added to the campus this fall — a football squad. Two weeks ago saw the largest turnout in the history of the school. Coach Patrick was greeted by 70 potential ball players at the first get-together September 10th, and after the new equipment had run out, which was soon, Manager Harold MacLean dusted the mold and cobwebs off the antiquated uniforms and was forced to issue them. So it was no strange sight to see some future little All-American jogging around in a uniform that looks as if it had been worn by Frank Gillihan back in '28. To sing the swan song along with PLC, a good number of the boys turning out failed to get equipment because there wasn't enough, and the stuff is next to impossible to buy.

Coach Patrick climaxed two stiff weeks of drill last Friday by dividing his squad into two teams, the Reds and the Whites, who battled each other in the first intra-squad game of the season. The game was played on "Splinter Field," and the Red team was victorious.

### Woods, Robbins, Fullbacks

Warren Wood, a 215-pound ex-sailor from Sumner, and Robbie Robbins, from Olympia, alternated at the fullback spot and proved to be the big ground gainers of the day for the Reds. Both were aided by the accurate blocking of Kenny Vollmar and Ed Bemis, both quarterbacks, and Les Gilsdorf and Bud Greedy, two hard running guards. Jim Rice and Ralph Lundvall, two lettermen from '42 were the standouts on defense for the Reds. Rice managed to block two kicks and spend a good deal of his spare time in the White backfield. Vanishing Vic Martineau and Don Briggs showed a lot of speed running from the tailback position, but the surprise of the afternoon was the ball packing of Harry Mansfield who hasn't been turning out long enough to know the plays. The quarterback just pointed to

The students get the paper,  
The school gets the fame;  
The printer gets the money  
And the Editor gets the blame.

the hole he was supposed to hit, and dapper Harry managed to do it consistently.

### Pyfer, Cadigan, Tough Ends

Pyfer and Cadigan, a pair of rough and tough White ends gave the Red backs a good deal of trouble all afternoon. Towle, a newcomer from Cleveland High in Seattle, played good defensive ball at center for the anaemic jerseyed team. Roy Loper and Joe Manley were the only White backs that were able to gain any ground against the heavier Red line.

The "iron man" of the day was LeVerne Martineau, who played the entire two hours at the center position for the Reds.

## Revival of Bag Rush This Friday

The annual freshman-sophomore inter-class Bag Rush will be held this Friday morning during chapel period on the football field. This will be the first Bag Rush since 1943.

This contest reigns supreme among the many traditions of the college, it being the first test of strength between the new frosh and the old entrenched members of the sophomore class. If the freshmen win the contest, tradition allows them to doff their green beanies; but if they lose they must wear them until Homecoming.

No football players are allowed to take part in the Bag Rush. The rules of the contest are as follows:

1. Two fifty-pound bags made from some durable cloth and filled with sawdust are furnished by each of the two classes.
2. Eight teams of two men each are furnished by the classes.
3. Each member of the teams must be a member of the class whose team he represents.
4. Four teams from each class are on the field at a time.
5. Seven minutes is the time allowed for the teams to be in motion.
6. The officials as set forth in the Constitution are: the presidents of the senior and junior classes and one alumni.
7. A point is given for each foot a team carries a bag toward the opposite goal.

## Coach Patrick Plans Big Year For CPS Loggers

Frank W. Patrick, Director of Athletics. That name and title emblazoned on the door of the office in the gymnasium means a new regime in athletics for the Loggers. His immediate task is that of whipping into shape a football squad for the coming gridiron season, which starts in Bellingham with C. P. S. vs. Western Washington, October 5.

"Pat" is no newcomer to northwest sports followers, as he led the Pitt Panthers on a scoring spree which ended in the rout of the Washington Huskies in the Rose Bowl of 1937. Pittsburgh won that game 21-0, with Patrick in the fullback position.

Coach Frank Patrick

He climaxed his three years of football at Pitt by being chosen on the College All-Stars, who faced the Washington Redskins in the All-Star-Pro game of 1938 played in Chicago. It was one of the few years that the college boys have been able to whip the pros. Beginning in 1938 Coach Patrick played three years with the Chicago Cardinals in the National Professional League, taking time out in the spring to assist his brother with coaching chores at Ogelthorpe University in Georgia.

During the war as a lieutenant in the Navy he handled the athletic programs at Harvard and University of Minnesota. At both

## Gym Shorts

By Helen Caputo

Women's Athletic Association wishes to extend a sincere welcome to all of the girl students on the campus. The pending full schedule that is now in the process of being arranged should meet the approval of all. There will be at least one sport to everyone's liking.

Monday noon started the season of hockey. If you have not as yet signed up for this sport and wish to do so, please come to the gym Wednesday noon. This will be a good opportunity to learn this game. Because W. A. A. provides for loads of fun, you will want to come!

Betty Jane Cappa, president, states — "I hope to see most of the new girls engaged in this sport's activity this year, because it is going to be a wonderful year filled with excitement."

A schedule in pamphlet form will be issued to all girls interested in turnouts.

schools he served as assistant football coach on his own time — at Harvard under Dick Harlow, and two years at Minnesota under Doc Hauser and Bernie Bierman. At the end of the conflagration he was athletic director at Treasure Island.

Coach Patrick took over the department here early last spring immediately after his discharge, and stayed on through the summer laying the ground work for an extensive athletic program for this coming year.

"With a big question mark after football, the college should have a very successful year in athletics. Everything in the line of sports is going to be included this year if it is at all possible. We're even planning a swimming team," said Coach Patrick the other day between scrimmage sessions. "The main job right now is football, and don't ask me for a prediction, because it not only is a question mark but is also bring on a few gray hairs."

## Cason Reports On Puyallup Fair

By Ray Cason

As our Scotch ancestors mournfully wailed and slowly turned in their graves, many of us visited the first Puyallup fair to be held since the beginning of World War II.

People with funny little green hats could be seen everywhere. Some of them were clutching desperately, and hanging on for dear life as they bravely galloped on a bouncing steed on the merry-go-round. Others just fooled away their time standing in front of the "Fun House." Isn't that silly? It was rumored that a boy fainted as his girl friends "Kiss-O-Meter" registered "exotically-passionate" in the penny arcade. But aside from that tragic incident, most of us spent a very delightful day watching trick riders, races and stock shows, as well as seeing many interesting exhibits and demonstrations.

## CPS Football Schedule

- Oct. 5—Western Washington at Bellingham, 8 p. m.
- \*Oct. 12—Pacific U at Stadium, 2 p. m.
- \*Oct. 26—Willamette at Salem, 2 p. m.
- \*Nov. 2—British Columbia at Stadium, 2 p. m.
- \*Nov. 9—Whitman at Stadium (homecoming), 2 p. m.
- \*Nov. 16—College of Idaho at Caldwell, 1:15 p. m.
- Nov. 23—Open.

\*Denotes Northwest Conference Games.

Attention Freshmen: Don't forget to look in your student mail boxes in lower Jones Hall at least once a day.
