

THE TRAIL

1946-47 — No. 18

COLLEGE OF PUGET SOUND, TACOMA, WASHINGTON

Thursday, March 6, 1947

Lindeman, Adkins Leave To Attend Student Meet

Janice Lindeman, Peter Rex Adkins and Troy Strong left early this morning to attend the three-day Pacific Northwest College Congress at Reed College, Portland.

The program includes general assemblies of all delegates, panel discussions on specified topics, and one large evening meeting open to the public.

Plan Social Functions

Social functions in the line of luncheons and dinners will also be enjoyed by attending delegations. Sleeping accommodations and meals are to be taken care of by Reed College and the Portland League of Women Voters.

For the last two weeks both Janice and Rex have been busy studying background material for their part in the Congress. Assignments were sent from Reed which requested one delegate to be specialized in the field of world social problems and the other in the field of world economic problems. The two elected representatives decided who would handle the respective assignments with Janice taking the social problems and Rex taking the economic.

Congress to Crystallize Opinion

The main function of this Congress will be the crystallizing of opinion and drawing up of resolutions along these ideas. The resolutions will then be sent to all participating universities and colleges for the individual vote of the students.

Leaders of the PNCC at Portland sent a special request that Troy Strong be present at a sixth section which was to discuss and formulate a sound plan for the continuance of future Congresses. Due to the key position Troy held by being one of the first two student envoys to UN, it was held desirable that he be present at this sixth section.

Mrs. Roosevelt to Appear

Among leading women speakers at the Congress will be Mrs. Eleanor Roosevelt. Her position with the American Delegation at UN and her activity in the field of international affairs makes her especially well qualified to participate in this respect.

President Wilson Compton from Washington State College and Professor Frank Monk, both well-known authorities on foreign lands will also take part.

Art Club Formed

Are you another Rembrandt or have you always had the yen to create something new and different in the way of surrealism? Opportunity is knocking at your door right here at the college. Every student interested in wielding a palette is invited to attend the weekly Monday meeting of the new Art Club, which was organized last Thursday, under Professors Kohler's supervision. The meetings are held in the studio in Jones Hall from 7 p. m. until 10 p. m.

WATCH FOR . . .

March 8—Inter-Sorority Council Tea for all college women.

March 8—Latest date for removal of "Inc." or "K" grades.

March 9—Faculty Recital.

Orson Welles, Famed Actor, Makes Address

Orson Welles, "a real, live denizen of the Hollywood jungle," (as he described himself) appeared before a packed audience in Jones Hall auditorium during chapel period yesterday morning.

Making a tour of the United States to speak for National Brotherhood Week, Mr. Welles told the students of CPS that "you wouldn't be in school if you were not interested in world problems."

"People who are interested are suspects," he asserted. "We look down our noses at anyone who reads anything in the daily newspapers besides Terry and the Pirates."

He related the story of Pericles in Athens who said in a funeral oration: "We hold that man in our state who takes no interest in the affairs of the state not to be worthless, but to be less than worthless."

"I think that this audience believes the brotherhood of man results from the fatherhood of God," he added.

145 Freshmen Take Tests

One hundred forty-five freshmen took the required psychological test February 21, Richard Smith, registrar, disclosed this week.

The test, required for registration, was taken by incoming freshmen and second semester frosh who missed it last fall. A basic English test and a physical examination must still be taken before registration is complete.

Summer Session Questionnaire Out; Catalogs Available

To insure that students planning to attend the summer school will get what they desire in the way of curriculum, books and laboratories, a student survey questionnaire was distributed yesterday and today at chapel.

Students who, for any reason, failed to receive a blank are urged by Registrar Dick Smith to obtain one at his office. They are to be returned by Saturday.

Summer session this year will be from June 16 to August 22. A student may attend for the whole or either half of the session. The normal amount of credit for full enrollment for the whole session will be 10 semester hours, and up to 12 semester hours may be taken by permission.

Catalogs for the summer session are now available at the Registrar's office.

Registrar Smith expects this summer's enrollment to surpass last year's summer session mark of approximately 550.

Spring Brings ASCPS Elections Next Week

It's spring again, birds on the wing again and ASCPS elections are the thing again, for next week students will once more be marching to the polls.

(For the benefit of freshmen and new students, the Associated Students of the College of Puget Sound is the student governing body composed of and elected by the students themselves, under which all college activities are carried on. The governing body of the Associated Students is, in turn, governed by the Central Board which is composed of student, faculty and alumni members.)

Elective offices to be filled for next year are as follows:

- President.....Associated Students
- Vice President.....Associated Students
- Secretary.....Associated Students
- Yell King (or Queen)—(2 runners-up will be Dukes or Duchesses)
- May Queen (2 runners-up will be Princesses)
- Representative to Central Board from present junior class.
- Representative to Central Board from present sophomore class.
- Representative to Central Board from present freshman class.

Qualifications for Offices

To be qualified for the offices of president and vice president, the candidates shall be at least seniors on the September following their election, and shall be undergraduates during their full terms of office.

The candidates for secretary shall be at least sophomores when nominated. Representatives to Central Board to be qualified, must be members of classes of their respective offices by September.

May Queen Must Be Senior

The May Queen and attendants shall be seniors. For further information, students are directed to the eligibility rules appearing in the Constitution as quoted in the Log Book, page 39.

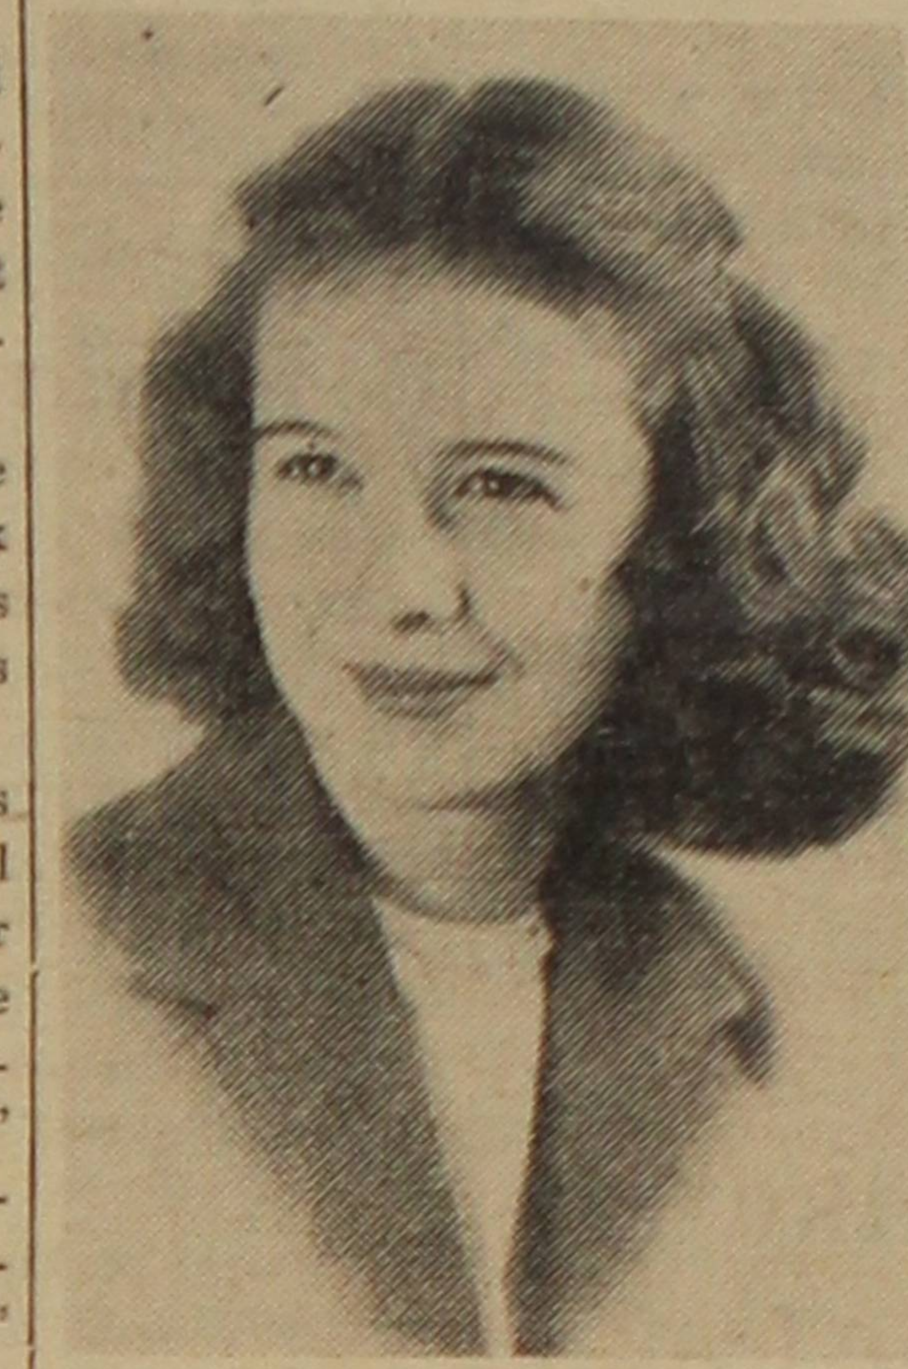

Petitions for the above offices must be signed by ten persons regularly enrolled in the college and by the candidate for office. These petitions must be given to Polly Packard or Janice Lindeman, retiring ASCPS vice president and secretary, respectively, or taken to the ASCPS office not later than 4 p. m. tomorrow.

The primaries are scheduled for Tuesday and Wednesday, March 11 and 12, while the finals will be completed Thursday and Friday, March 13 and 14.

Voting will be by machine, which is to be located in lower Jones Hall.

Yvonne Battin Takes First In Linfield Tournament

Yvonne Marie Battin, freshman and member of Alpha Beta Upsilon, again showed her prowess in oratory by capturing for CPS the first place trophy in Senior Women's division at the Linfield College debate tournament last weekend. She was the only CPS student out of 29 entrants, and nine who went into the finals, to capture a trophy.

Yvonne Battin

Yvonne first became interested in forensic activities in junior high school when she attended the state forensic tournament and placed in the finals of extemporaneous speaking. In high school she represented Stadium of Tacoma two years at the state tournament, and in her senior year took second place in extemp. After graduating as valedictorian of her class she entered CPS. Last fall she took the top spot trophy in oratory at the San Jose, California, Western Association of Teachers of Speech tournament.

Runs in the Family

Another factor in interesting Yvonne in forensics was the fact that her father, Dr. Charles T. Battin, was one of the national founders of Pi Kappa Delta, honorary forensics fraternity. Dr. Battin holds membership card number two and key number eight in the national organization.

Other CPS students who went as far as the finals were: in speech of occasion, Art Gravatt; in debate, Phil Anselone, Alex Mortillaro, Andy Barnes, Kevin Rolfe, Beverly Van Horn, Yvonne Battin, Sam Heritage and Art Stolz.

33 Schools Represented

Thirty-three colleges from seven western states were represented at the tournament by 122 debate teams and about 375 entrants in all events.

CPS entertains the colleges of Washington, Idaho and Oregon at a Tyro tournament on March 14, 15. About 20 schools are expected to enter.

Chips Join Splinters on CPS Campus

Encouraged by the good results of "Splinter Field" and the recommendations of the city engineers, the college is using "chips" in shaping the land next to the SUB into parking lots. One lot almost completed, will take care of 60 cars, and another to the north, will accommodate 100 more.

Not desiring to use crushed rock or macadamized land that will someday be used for sorority and fraternity houses, the college decided to use the chips, which can be plowed under when the time comes.

By April 15, present plans call for the completion of the majority of the lawn planting and the transplanting of the Japanese cherry trees, now planted across the street from the SUB to the little knoll behind Anderson Hall. Among the trees, the CPS Dedication Stone, now located at the north campus entrance, will be permanently placed.

The cherry trees were presented as gifts to the college when the Japanese students were evacuated in 1941.

Sophomores Spared Tests Until April

This year's national sophomore testing program at CPS has been changed from March 10-14, as scheduled in the Log Book, to some time in April, according to Dean John Regester.

The reason for the change of date is that the tests this year will be given in conjunction with the graduate tests to be taken later in the spring by the seniors. CPS has been asked to help conduct an experiment to discover whether or not seniors, who have been doing specialized study for two years, do as well in tests of general education as sophomores who have just completed two years of general study.

Compiled by the Committee on Guidance of the Cooperative Test Service set up by the American Council on Education, the sophomore tests are designed to determine the abilities of the student after he has had an opportunity to develop his interests for two years and to show him where he stands with the national average in his chosen field.

Sophomore tests have been given at CPS for the past five years.

Painters Renovate Reception Lounge

"Hurry and pass me that bucket of paint — we've got to get this room completed before March 12."

This is what one might overhear from the faculty room, for the decorators are rushing to get the room finished in time for the meeting of the board of trustees on March 12.

Plans for further renovation at CPS are underway. President Thompson's office has already been painted a pale-stem green.

\$1400 was spent on the halls in CPS last year and it is rumored that Doctor Thompson is still a little sensitive about signs.

The Same Old Question . . .

With ASCPS elections scheduled for next week, the age-old question of good citizenship is brought to the fore again.

Have we a right to gripe about our government when we are the only ones who can do anything about it?

Should we find fault with our student body officers when we have not made a conscientious effort to see that capable persons are nominated and elected to office?

Remember to exercise your privilege and duty next week at the voting machines in lower Jones Hall.

Good national citizenship begins in school. Let's be good CPS citizens.

Boards Flap No More!

We note with great relief (both mental and physical) that the board walks have been fixed and that one may venture out upon them without risking a treacherous whack from a loose piece of lumber.

No longer do we play teeter-totter with our comrades on the walk, stepping on one end of the board ahead of them and delivering a nasty little crack on their shins.

No longer do our feet suddenly disappear from sight through a gaping hole in the timber.

Another factor which gladdens our hearts this fine March day is the new parking space now available to those who drive to school.

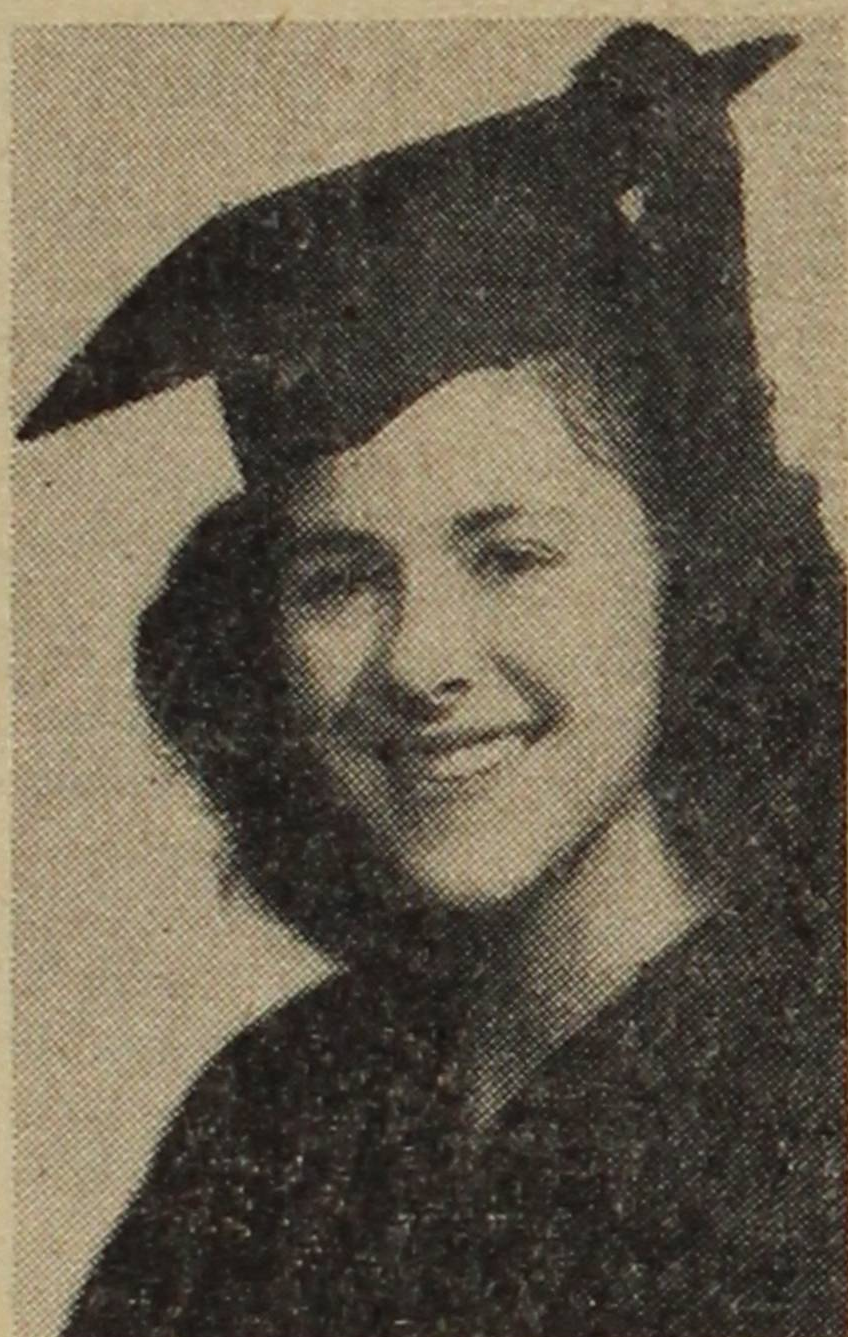

We sincerely hope that car owners will use this space and cease plowing up the campus.

Spring is coming and CPS is doing some much-needed housecleaning.

★ Seasoned Timber . . .

Swimming in Lake Is Hyndman's First Love

She is a tall, brown-eyed brunette, with a special love for swimming all day long at a summer cabin on Lake Quinault. That is Natalie Hyndman, this week's featured senior.

Natalie came to CPS after two years at Whitman College, where she was a member of Alpha Delta Gamma, national sorority.

Now she is president of Anderson Hall, and has held the offices of secretary and social chairman at the dorm. She belonged to SCA and is a prominent member of Delta Alpha Gamma as Inter-Sorority representative, recording secretary, and rush chairman during her senior year.

The fact that she has a chocolate brown cocker spaniel named "Yippee" has an influence on her hobby of collecting miniature animals.

Natalie has no outside work to hamper her main objective this year: to graduate from CPS in May. Her postgraduate plans are indefinite, but Natalie revealed that she hopes to obtain a position in social service work.

Off Beat BY THE EM CEE

The Adelphians triumphantly returned from a three-day tour of Northwest cities Sunday evening. Generously acclaimed wherever they appeared, the choir more than lived up to its good name. Even the ferry strike failed to halt the aggressive group as the bus speeded on its way along the twisting roads to Port Angeles. Except for a few sickly groans and a haystack on wheels which covered most of the road, the trip was completed successfully. A few of the more chivalrous vocalists took to the rear seats and withstood the one-toned whirr of the motor. Along with them went the bridge players, who were in the majority on this trip. From all indications, bigger and better things are in store for the longer tour.

The number of "ambassadors of goodwill" from CPS is growing rapidly. It is learned from a reliable source that the band and the Loggerettes will journey east in the not-too-distant future. The Washington State Apple Blossom Festival at Wenatchee is the big occasion and it will give both groups an opportunity to strut their stuff against state-wide competition.

Vocal Contest Tryouts Held

Elimination auditions began this week to determine the finalists in the Prince and Princess of Melody contest. The contest, being sponsored by the Spurs and the Knights, is seeking a male and female vocalist to sing with the Workshop Band.

Starting with 78 applicants, Leroy Ostransky has been working with the contestants since Monday afternoon to determine those who are capable of going on to the finals. The eliminations so far have been carried on under a system of personal auditions.

Plans are still in the tentative stage as to when the finalist will appear with the Campus Workshop Band and be judged by the students as royalty of melody on the campus.

To date, several business establishments have donated prizes which will be awarded to finalists.

Car Parking Will Be Restricted Here

Suggesting that all cars possible be parked in the new parking lot next to the Student Union Building, Gerard Banks, bursar, stated this week that regulations would be forthcoming restricting the parking of cars to designated areas.

All land suitable for grass and landscaping will be planted eventually and those areas of the campus not suitable will be open to parking.

The new parking lot, Mr. Banks says, will hold a maximum of 72 cars if parked straight in.

Two Girls Pledge Gammias

Two new pledges of Delta Alpha Gamma are Patricia Meehan and Alice Stebbins. Pat, a freshman, is a graduate of Puyallup high school and has attended Seattle College. A first semester freshman, Alice is planning to major in art. She is a graduate of Stadium.

Skeptics Refute Existence Of Syndicate's "Power Pills"

REPORT BY LARRY J. BECK

(Inventor and Author Hold Indignation Meeting!)

As far as I know, never before has this publication been accused with such aspersions of deliberate falsifications.

These tiny pills compressed into capsule form, explode upon contact with any solid object.

Furthermore, many events have been embellished by the reverberating combustion of this Pyrotechnic Stimulant.

Harvey Wegner, representing his Association, informed us today that the Syndicate is now meditating upon proper treatment of these skeptics. So far, none of these disbelievers have personally identified themselves, and we speculate upon the curious reasons for their doing so.

Mr. Wegner and Mr. La Chapelle invite any person, society, or delegation believing these reports to be fraudulent, to call upon them.

The Association will be pleased to stage a most convincing demonstration.

Phalanx Cement Canada-U. S. Relations In Trip

It seems that a few members of Phalanx were witness to a murder in Vancouver, B. C., while participating in a swimming meet with UBC last weekend.

Although no occupants of apartments on either side of the scene of the murder heard a shot, one Phalanx was quoted in a Vancouver paper as saying, "I thought it was a car back-firing."

The feature story carried in a Vancouver paper quoted "Art O'Connell and party of Seattle" in their views on the murder they supposedly almost saw.

How the party was so sure of so many details, while several blocks away, the paper failed to mention.

Rumors from the North also indicate that the Phalanx boys put the department store clerks in something slightly less than fits when they invaded the place, tried on all sorts of clothing and proceeded to act naturally.

Anderson Hall Girls Learn of Engagement

The girls in Anderson Hall basement were presented with a box of chocolates Sunday afternoon, announcing the engagement of Flora Jane Anderson to Kenneth Frank Schilaty.

Flora Jane, daughter of Mr. and Mrs. W. N. Anderson of Monroe, is a freshman at the college.

"Ken," son of Mr. and Mrs. Robert Schilaty, also of Monroe, is a senior at the University of Washington and a member of Lambda Chi Alpha fraternity.

Flora Jane will be a traditional June bride this year, with the wedding in Monroe.

Bell's Invention Adds To Trials of Trail

By BARBARA BREAZEALE

As the members of the "Trail" staff prepare the copy for the weekly paper they are often entertained by members of the student body using the phone which is found resting on a small shelf outside the Trail office. Fortunately for those who wish to hear above the blare of the juke-box, the clanging dishes and yelling of students the extension line reaches into the Trail office. Thus, it is not uncommon to see someone balancing the cradle of the phone in one hand and the receiver in the other hand or a more deft one carrying the receiver in the crook of his neck while opening the door to the Trail office and then closing it with one leg.

Long conversations often find the student squatting in front of the door which hinders anyone who might wish to enter or leave the Trail office. Often anyone in the Trail office is called upon to offer his opinions or any information which he may possess on the topic of conversation being carried on by way of Bell's invention. One student who had retreated to the comparative quietness of the Trail office was heard to comment to the adult listener on the phone, "But you don't seem to realize the position I'm in..." No amount of imagination could have pictured said student balancing the phone, squatting on the floor and holding his paper against the door while writing with his few remaining fingers.

When the phone is not in use it is usually ringing. Anyone who happens to be in hearing distance falls heir to the duty of answering it. Since the Trail office is the nearest habitat of students, a member of the staff often finds himself hunting a Gladys Goatzburger, calling out unpronounceable names, referring inquirers to another department of CPS or running varied errands.

Don't be alarmed if you should dash up the stairs prepared to use the phone and find it missing. Just glance through the window into the Trail office and the phone will undoubtedly be dangling from its frayed cord.

Student Opinions Finally Received

Peter Rex Adkins

It has been said that the six candidates nominated for the PNCC were not representative of student choice. Rather, it has been alleged, they were hand-picked by the faculty. Reportedly, one student's name was rejected because "he didn't have the right attitude toward the whole matter."

If this means the rejected person had no interest in the UN or doesn't believe in student Congresses, I agree. He should not have been given consideration as a possible representative to the Congress. However, if he was dismissed as a delegate because he held political or economic theories not in accord with those of the nominating committee, there are other questions to be answered.

Is our student government really what its name implies?

Have we ever had student government at CPS?

Then someone might ask—are we, the students of CPS, capable of handling the duties that go with the rights of self-government?

Sounding Off

By Helen Strong

Election time is here again. It is our responsibility to elect those who will guide our student government for the next year. This is a choice which demands our utmost thought and wisest judgment. Our officers, especially the president, not only must be well-liked on the campus, and be able to guide the affairs of student life, but will be called upon to represent the College of Puget Sound. In this capacity he or she will represent to the outside world the best at CPS.

Let us not allow this important election to be just another popularity contest. Popularity contests are good in their place, and the election of Tolo King and Queen, May Queen, etc., should be based on popularity. In this election, however, let us consider each candidate's personality, capabilities, and character in a frank and honest manner. Then we may say to ourselves and to the community with pride, "These are our leaders. They are not only able, but they best represent the spirit of CPS."

An honest participation in this election is our privilege and our responsibility. Let us accept it with honor.

Loggers Go for Shutout Tonight at 8 O'Clock

CPS Drops Out of Race

Hot and cold are the best words that can be used to describe our Logger cagers who journeyed to UBC last weekend in an effort to gain a share of the Northwest Conference title.

The Maroon and White were hot on Friday night winning with ease, 57-38, but in the final tilt on Saturday, which would have given the Lumberjacks a title tie, they were definitely cold, coming out on the short end of a 67 to 49 score.

During the first half of that final conference battle it looked as though the Loggers might again come out on top of the Thunderbirds, trailing by a bare 32-29 at half-time.

But the roof caved in on our boys soon after the final stanza opened and with it, all our championship hopes. It must be said, however, that Coach Heinrick's men never quit trying to catch up with the Canadians, fighting them all the way to the final whistle.

Ron Button was the big gun in the CPS victory on Friday night, while big Ed Huntington and Bob Fincham led the scoring in the Saturday night fray.

College Acquires Equipment

Five sets of golf clubs and 10 tennis racquets have been acquired for use by the male students of the college, Manager Harold McLean announced. The clubs will be issued without balls, and may be drawn from McLean any time after 1 o'clock at the gym. The tennis racquets may be gotten at the same time; they are to be used only on the college courts.

Any student wishing to use this equipment must surrender his activity ticket while the items are in his possession. All equipment must be turned in by 5 o'clock of the same day.

Golf Team Aspirants Go Into Third Round

As the golf team aspirants go into their third qualifying round this weekend, Lew Staples is in the lead for that No. 1 position with a 36-hole total of 144.

Les Stephens, Jack Wilson, Tony Shelton, Ernie Althuser and Freddie Campbell are grouped close behind the leader.

All the matches are being played on Fircrest Golf Club. The team is to be picked on the basis of the qualifiers' 72-hole aggregate score.

The "bunker birds" play their first match on March 21 here at home against the Pacific Badgers. Then on the 29th they travel to Vancouver to cross divots with the UBC Thunderbirds.

Above are pictured 14 members of the first swim team in the history of the College of Puget Sound. They won six of their eight meets this season. Front row: left to right are Bill Chalk, Ray Turcotte, Don Adams, Dave Rees, Ray Frederick. Back row: Bill Lewis, Don Thornhill, Jim Reynolds, Capt. Joe Boyle, Doug Baldwin, Bill Brasier, Coach Wally Streeter.

Mermen Down UBC in Meet.

By Don Thornhill

Hoping to break into a stronger league next year, the CPS aquamen went all out to swamp UBC, 41-25, at Vancouver, Saturday evening, in the final swim of the Logger season.

The water-loggers splashed through their season with six wins and two losses in eight tries, losing one meet to the U. of W. second string and another to a combined college and high school squad in Aberdeen. The CPS mermen completely submerged Lincoln and Stadium high swimmers in Tacoma and the Seattle Y.M.C.A., A.A.U. champions of '46.

Strong CPS Net Squad in Prospect

Boasting one of the strongest tennis squads in over a decade, the CPS netmen, under Coach Lyle Morton, train each Wednesday and Friday at the Tacoma Lawn Tennis Club.

Eighteen reasons for this boast are: Ron Hendrickson, Harold Mosich, Harvey Mosich, Wally Cavanaugh, Jack Buscher, Bob Lewis, Vernon Svenson, Bob Mills, Dick Stone, Dave Engerbretsen, all from Stadium; Gordon Rohrs, Don Carstens, Jack Treskes, Don Hesselwood, formerly of Lincoln; Jack Gould, Clover Park; and Art Campbell, Bellingham.

Probable leading men on the varsity will be Gordon Rohrs, former three-year Lincoln racquet wielder and captain of the Abe netmen in '44; Wally Cavanaugh, former cross-state singles champ; and the Mosich brothers, Harold and Harvey, former cross-state doubles champions.

Timberlines ...

By LEO BUTIGAN

Chips Across the Platter . . .

CPS, top Washington team in the Northwest conference, has asked for the right to play the winner of the WINCO circuit, either Central or Eastern Washington for the state entry in the Intercollegiate Invitational Tourney at Kansas City, March 10, 11 and 12th. Maybe the casaba season hasn't ended yet for our cagers . . . Tennis and golf, minor sports on the campus, have been enthusiastically welcomed this spring, however, the two major sports, track and baseball, have received only a scattering of support. What's the reason? Surely there's an abundance of material that could swing into action either on the cinders or the baseball diamond . . . Our very successful swim squad is planning to send representatives to the Northwest A.A.U. swimming championships at Seattle, March 15. . . Clarence (tireless) Nelson former Stadium star miler can be seen any morning burning up the cinders preparing for the school's first track meet five weeks hence.

Last Call for Baseball

The last call for all baseball players will be Friday at 2 o'clock, Coach Patrick announced this afternoon. As yet there has only been a handful of candidates on hand for the turnouts, and unless the situation improves, the sport will have to be abandoned.

Intramural Sports

By Joe Manley

BASKETBALL STANDINGS

"A" League		
Team	W	L
Zetes	4	0
Indies	3	0
Chi Nu	3	1
Outlaws	2	1
Omicron	1	4
Delta Kapp	0	3
Mu Chi	0	4

"B" League		
Team	W	L
Zetes	4	0
Indies	2	0
Chi Nu	2	1
Delta Kapp	2	1
Mu Chi	1	4
Omicron	0	5

New records were set in basketball play when Mel Light led his Indies "A" teammates with 34 points as they smothered the Mu Chis, 87-18. The Indies scored at will and were never threatened. Belsuick led the Mus with 8 tallies.

In their second game of the week the Indies cooled off a bit and were only able to run up a score of 41 as against 12 for the Delta Kapps. Drake took scoring honors in this game with 10 for the winners, and Norm Willard was tops for the DK's with 8.

Chi Nus Defeat Omicrons

After spotting their rivals a 12-4 first quarter lead, the Chi Nu A's fought back to gain a 27-26 half-time advantage, and proceeded to pour it on the Omicrons in the second half to come out on top, 52-40. The two teams battled on even terms for the greater part of the game but in the final quarter the Chi Nu's fast breaking plays began to work and they were able to run up a 20-point lead at one stage of the game.

The Zete "A" team remained undefeated by trouncing the DKs, 41-16. Big Don Danielson potted 15 from the pivot spot to lead both teams for the night. Willard was again tops for the Delta Kapps with 8.

Outlaws Win Again

The improved Outlaws won another over the Omicrons, 28-21, and the Mu Chis, 35-5.

In "B" league play the Zetes also remained on top of the heap by downing the DK's, 22-16. "Dapper Don" Briggs led the Zetes with 8 points; Treske's 4 tallies were high for the Kapps.

The battle of the week was the tilt between the Mu Chis and Omicrons for the cellar position. The Omicrons now hold undisputed possession of that position after bowing to the Mu Chi five in a fast game, 22-19.

Cagers Set For Tussle In Armory

It's three down and one to go for the Loggers from Puget Sound tonight when they encounter the PLC cagers at the Armory at 8 p. m. in their final game of the year.

CPS will enter this contest definite favorites to make it a shut-out against their cross town rivals. Harry McLaughlin and Co., however, will be anything but push-overs for our Lumberjacks as rumors have it the Lutes have been working out all week with but one thought: "beat the Loggers Thursday night."

Heinrick Drills Team

The way Coach Heinrick has been drilling his charges all week is an indication that the North End cagers are not taking this contest lightly.

A definite lineup has not been announced, but the starting five of the past few weeks will probably get the call. That lineup has Bob Fincham and Ron Button at the forward posts; Al Danielson at the pivot position; and speed merchants Bill Stivers and Len Sawyer at guard.

Others to See Action

Others expected to see their share of action will be Don Hoff, Hal Wolf, Bill Richey, Bob Angeline, Ed Huntington and Dick Salatino.

A preliminary game between the CPS and PLC reserves will precede the varsity tilt starting at 7 p. m. Students are again reminded that this is PLC's home game, CPS students must pay 50 cents plus their student body ticket.

Junior Varsity Win Streak Continues

Continuing their winning stride which has netted them 21 victories in 25 starts, Tom Cross' junior varsity added two more victims to their list during the past week. Last Thursday the "Little Loggers" knocked over the highly touted Navy Seahawks, 57-52, and Monday night they trampled the City League Hudson A. C. five, 69-41. Both games were played at the college gym.

Tonight, the reserves hope to end their cage season successfully by taking the measure of the Lute reserve hoopsters. The series now stands two games to one for the Loggers.

Horn to Play Original Work

Playing one of his own compositions, Mr. Herbert Horn of the College of Puget Sound music faculty, will be presented in a piano recital this Sunday at 4 p. m. in the Jones Hall auditorium.

Mr. Horn received his master's degree from the University of Southern California and has appeared as soloist with the Chicago Symphony, the Chicago Civic, the Illinois Symphony and the University of Southern California Symphony orchestras. He will make an appearance later this spring with the Tacoma Symphony.

"Nocturne," Mr. Horn's own composition, was written in 1940 while he was in San Francisco. Other numbers included on the program are "Chromatic Fantasy and Fugue" by Bach, "Fantasie Op. 17," by Schumann, "Ondine," by Ravel, "Scherzo," by Francaix, "Taccata," by Prokofieff, and the two numbers by Liszt — "The Fountains at the Villa O' Este" and "St. Francis Walking on the Waves."

The concert is another of the Associated Students entertainment series and is complementary to the public.

Omicrons Plan 20th Anniversary Dance

The Delta Pi Omicron Twentieth Anniversary Ball is planned for March 14 at Lakewood Center. Music will be furnished by Walt Gundstrom's orchestra. The semi-formal affair will last from 9 to 12.

General chairman is Ken Willoughby. Assisting are Lawrence Gadbois and Warren White. Committee heads are Ralph Packard, decorations; and Andy Moe, publicity. It is expected that all members, pledges and alumni will display the traditional red carnation.

Zetas Initiate 16 Members

Last Wednesday evening at a formal initiation in their fraternity house, the Sigma Zeta Epsilon fraternity admitted 16 new members.

Those who were initiated were Don Hoff, Bill Wilbert, Bob Brush, Ed Bemis, Don Briggs, John Drake, Les Gilsdorf, Stan Langlow, Wayne Mann, Jack McMillan, Bob Morrison, Carl Niemi, Bob Rinker, Bob Robbins, Don Sherfy and Lloyd Silver.

Betas Choose New Pledge

Alpha Beta Upsilon recently pledged Ann Cuthbert, a second semester freshman. Ann graduated from Grant high school in Portland in 1946. Ann, who lives in the basement at the dorm, is already active at school, participating in the Pep Club, the Loggerettes and the Puget Sound Symphony. She is majoring in sociology.

Technicolor Films Will Be Presented

Two technicolor ski films will be shown next Tuesday evening in H215, according to Bob Church, Ski club president. One will explain the Auberg method of skiing and the other will give views of various ski centers—Mt. Rainier, Mt. Baker and Sun Valley.

The movie is being brought to the college by Wade Parrow of the Tacoma Ski club. It was originally scheduled to be shown several weeks ago, but the pep rally before the PLC game interfered. Everyone is welcome and there will be no charge.

"Be on the lookout for announcements concerning a joint ski outing with PLC," urges Church.

Betas Win In Volleyball

Inter-Sorority volleyball competition is now completed, with Alpha Beta Upsilon capturing first place by winning all four of their games. The Independents placed second with three wins and one loss. Runners-up were Thetas, Lambdas and Gammas with two, three and four losses, respectively.

The Beta team was captained by Barbara Noble. Others playing were Virginia Barker, Helen Caputo, Gwen Dean, Peggy Rough and Harriet Warne.

On Friday turnouts for badminton will start and all girls are urged to turn out. Later in the spring there will be Inter-Sorority competition in this sport.

Kappa Phi Initiates In Candle Ceremony

The Little Chapel was the scene of the Kappa Phi Degree of the Light Tuesday evening, February 25. Those formally initiated in the impressive candlelight service were Janice Hitchcock, Carmen Baker, Mary Kincheloe, Marium Erickson, Doris Goody, Shirley Hammond and DeDe Johnson.

Betty Troxel, Rayme Stebbins and Gwen Roberts were formally pledged in the Degree of the Pine ceremony.

A short business meeting was held in which plans for the traditional house party were discussed. No date has been set at present.

Art Professor Becomes Ill

Professor Melvin Kohler, head of the art department, was taken seriously ill Saturday, and is now under care at the Madigan General Hospital. The doctors as yet have not determined the seriousness of his illness and it is not known if he will be able to return to CPS this semester.

Professor Kohler served as a casualty officer in the South Pacific, including Guadalcanal and the Philippines. When he was in the Philippines he received injuries that won for him the Purple Heart and a two year's convalescence in a hospital.

He left in 1940 for a year of advanced study at Columbia University and was called into the army in 1941. He was mustered out of the service in late September and received his final discharge in November.

Miss Francis Chubb, assistant instructor in art, has taken over his classes and will continue to instruct all art classes until it is determined how soon Professor Kohler will be able to return.

Chapel Box

Monday and Tuesday, March 9, 10—ASCPs Election Campaigns.

Wednesday, March 11—Bishop Subhan of Bombay, India.

Thetas Initiate Three

Three new members were initiated last Wednesday night, February 25, into Kappa Sigma Theta sorority. Girls initiated were Margaret Armstrong, Betty Ferguson and Barbara Hufford.

At this same meeting informal pledging was held for Georgimay Fengler and Rada Uphus, who received their pledge pins at the same time.

A bid was also accepted this week by Katherine Walsh.

Underclassmen Muff Chance To Snatch "The Hatchet"

By Bob Winskill

Well, the sophomores and freshmen had their chance to get the hatchet, but they muffed it! Yes, the relic was brazenly shown in the senior chapel Monday, but the event transpired so quickly that few people even knew that it had been shown until they had been told about it.

The majority of opinion seemed to be divided as to whether the hatchet had been shown or not. Andy Anderson seemed to think that the hatchet hadn't been shown at all; the weapon he has in mind has a seven-foot handle.

All day long people could be seen going through copies of the 1946 Tamanawas, comparing the picture of the hatchet with their memory of the one shown.

Todd Dashes for Hatchet

Carol Todd, president of the junior class, who saw the hatchet from a safe distance one time, acted quickly and made a dash for the back of Jones Hall to try to get it. However, McNary was seen driving off in a cloud of dust.

Where Were Classes?

One thing that this writer cannot understand is how, when the announcement was made in last week's Trail of the showing of the weapon, could such poor planning and lack of class spirit allow the event to take place with such little attempt to obtain it? "Our man Eckert," who has been talking about what he was going to do when it was shown, wasn't even in chapel. Anderson slept in the balcony; and the freshmen acted bewildered.

Of such is life . . . now all will have to wait for the actual passing to see which class is on the ball.
